## **PRESIDENTS REPORT - 2012**

**This is actually my fourth report as the President of the Maddies Netball Club. The first three were some time ago, 2004 to 2006 inclusive and I have to say I have thoroughly enjoyed being involved with the club once again. I have had a great deal of catching up to do being away from netball for over three years. I have really enjoyed reacquainting myself with many of the welcoming old faces from the past and getting to know all the new parents and players that have joined Maddies in my absence. This has been a strong year for the club that has seen us field 12 teams; 5 inters and 7 senior teams, all proving to be more than competitive.**

**You have all been wonderful ambassadors for our club in both your conduct and play throughout the year. I would like to congratulate each and every player on their seasons, you were all very committed which showed from the continual good roll ups to training. Thankyou for making myself and our new players feel welcome and I know that we have all made several new friends.**

**I would like to offer my congratulations to the many of you who gained selection in TNA and ACT representative teams, we all shared in your success and we hope that it continues into the future. To those players leaving the club and we hope that there aren't too many, we wish you all the success in your new clubs or circumstances wherever they might be and hope to see you back with us in the future.**

**From our 12 teams 10 made the finals with 4 making grand-finals. Of these we won 2, Madonnas in Inters Div 1 and McDuffs in Seniors B Grade. A real highlight of the season was the performances and sportsmanship of all our teams and players. Congratulations to you all for outstanding efforts throughout the year and in the finals.**

**I would like to pay a special tribute to our committed team of coaches. It was wonderful to see so many of the "little" girls that I watched start as juniors at Maddies grow up and are now coaching our current young teams this year. Your development is testimony to our past coaches and it is very special to see you all carrying on the Maddies tradition of training our future coaches. Its very hard to believe that you have become the senior girls in the club in such a short time. It was also very good to see some of our Maddies Mums in coaching roles as well as all our other committed members continuing in coaching and the development of our girls.**

**I would also like to thank our great many volunteers who willingly gave their time to assist the teams in areas such as managers and scorers. I have always found that one of the most satisfying aspects of being President of the Maddies Netball Club is to work with and get to know the many parents in the club and to experience the friendship within the club. Maddies continues to be very fortunate to have so many wonderful people who give up their time to ensure that their girls; our players; are happy and successful in their netball endeavours.**

**I would like to sincerely thank our very energetic Vice President Karen Brown and our wonderful committee for all their hard work and dedication to the club and the players. This has truly been one of the best committees that I have had the pleasure to be associated with. The enthusiasm, humour and the obvious friendship that you all showed during the season made the year a very enjoyable one for me. You all**

contribute so many hours of dedicated service in organising coaches, umpires and teams, fundraising, property management, taking minutes, updating web pages, creating financial statements as well as several of you coaching. . To you all, thank you very much on behalf of the members and the club for your efforts for the year. Maddies can only continue to prosper with great people such as you in the club.

The next group I would like to thank is our umpires; without you and your commitment we could not enjoy the game as we do each week. Special thanks to Karen for her leadership in organising our umpires, and even though you are paid, without you, we could not function. This has been a very good year for umpiring and it was very encouraging to see so many younger members stepping up to umpire each week. We will be looking at getting you further training and development next season so please maintain your enthusiasm for the role over the summer and we will see you all next season

Lastly I would like to thank Vikings Rugby Union Club for their continued support in hosting our presentation day and donating their facilities to ensure we have a great day.

In my return year as President of Maddies I have really enjoyed your friendship and support throughout the season and I look forward to seeing you all back again for season 2013.

# Maddies

What can we say about our wonderful team, we love playing together, even though sometimes we can't get it together on the court until the 4th quarter (even when we do warm up) Thanks for another great season girls, hope you enjoyed it as much as I did, see you all next year.

Our biggest thank you goes to our wonderful and talented manager Craig. He is there every Saturday with the ball bag making sure we are all ready to go...signed on, patches on, and we have a ball to warm up with and even at quarter time he gives us his words of wisdom (or to get it together). Thank you for your time and effort each week, we love having you there each Saturday. You're the best manager ever!!

## **Alex Kellar**

Here's to Alex – the newest member of our team and a real standout this season! Alex proved herself to be a strong presence in the team's defence and it is to her credit that she managed to integrate herself so seamlessly into what is TNA's most formidable defensive unit! Alex's athleticism and centre court defensive skills are a real asset to the team. She provides solid support that resonates through the line-up and fosters confidence in the team's ability to turn the ball over and convert. It's been a great season watching Alex play the beautiful sport and we look forward to seeing what she brings to the court next season!

## **Rebecca Ephraums**

Bec is a superstar who never stops encouraging the team; she keeps our heads up, and pushes to the very end. She is the one to rely on to play centre when everyone else is on the court panting and she never stops until the final whistle blows. Bec is the epitome of 'Team Player'.

## **Emma Pennifold**

Emma is a huge benefit to our team with her wonderful defending skills; pulling in rebounds from everywhere with her lovely long arms, backing up in attack to bring the ball down court and being another option for the attackers. Her positive attitude on court and clean aggressive defence resulted in many turnovers for the team and frequently frustrated opposition players. You have had a great season Em and we look forward to playing with you for many more!

## **Jessica Crimmins**

Jess is one of the loudest people on the court and always had something to say during the breaks. She always gave positive feedback on and off the court. Jess worked hard to get the turn over's and intimidate the other team with her hands over the ball. Jess has great enthusiasm towards the game which always gives the team a boost or at least a laugh.

### **Kirsten Duffy**

Kirsten is definitely the glue in our team! She somehow organises us to get on court each week and makes sure we actually have 7 players for the game...which is a tough ask from a team of 11 (apparently)! Duffa moves around the shooting circle like a pro, drops goals consistently and is an expert at sneaky little passes back to our centre court! Lucky for us, Kirsten won't be retiring anytime soon....looking forward to another season with you.

### **Leah Malpas**

Leah is such a strong shooter and it was great being in a team with her this season. Her movement was always consistent and concise in and out of the circle and her ability to stand her ground at all times was awesome! Great season Leah.

### **Madeleine Bond**

Maddie is such a fantastic player, what more can you say. This season we went from a team with half a dozen shooters, to a team with only 3. This meant that Mads was shooting for the majority of games, as well as the season. Her accuracy and height in the circle were very beneficial to the team, and meant that we could always rely on her to convert our centre passes. She also stepped up to play various other positions this season, with her long arms proving very useful at gaining us well-needed intercepts. Not only is she a superb player, but a wonderful person, and made this season enjoyable for all. Great season Mads.

### **Nicole Terry**

Nikki is a vital player of our team, her speed and agility being her best assets. She is always fast off the line on centre passes and then is quick to get on the circle edge. Nikki is always in great position on the edge of the circle to be an option for the shooters and always gives a reliable feed in. She is always offering helpful advice and good encouragement between quarters. Great season Nikki.

### **Sophie Trevillian**

Sophie is a superstar and we love playing with her and watching her. She uses her long limbs to pull in incredible intercepts and her ability to read play and pass into the shooting circle proved extremely helpful. Her fun-loving attitude puts everyone she's around in a good mood, and she has been a wonderful asset to this team. I look forward to playing many more seasons together.

### **Rachel O'Leary**

Rachel was our leading lady in defence this season! She was always able to read and anticipate the play – which meant lots of intercepts for us!! Rach is a much loved member of the team and could always be relied upon under pressure, putting in 100% every game. This was demonstrated by her playing the whole semi-final with a fractured foot! Thanks for an awesome season, we'll really miss you next year but wish you all the best with your new job!

### **Tonia Ellidge**

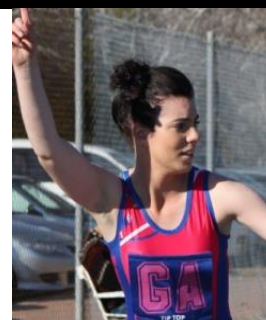

Our (defensive) shining star! There was hardly an intercept that our team made that wasn't thanks to Ton this season. Her supreme athleticism and quick thinking meant that she was on the ball, every ball. Pair this with Tonia's cool on court demeanour and you find that she is one hell of a force to be reckoned with! Always a team player and in the spirit, Ton is loads of fun - a great presence of positive energy. All of these attributes are what makes Tonia such a brilliant player who we are lucky to have on our team. These also make Ton an awesome coach to some of the more junior teams, a fantastic club role model and the woman to watch!!!

# **Maddies Awards**

**Coaches Award Rebecca  
Emphraums**

**Emma Pennifold Players Player**

# Mammoths

Thank you girls for a very entertaining season. Thank you to Donna for being our awesome manager and always being there to score for us, very much appreciated. Mammoths had a mixed season with many players having work and travel commitments. Maybe if we had 14 players instead of 10 in our team, we might have had enough to take the court some weeks. Hehe. We had great support from many of Maddies younger players filling in for us, often at short, very short notice. Thank you so much girls. All in all, although we didn't come away with many wins, there were often bursts of brilliance throughout the season.

## Grace Terry

Every team should have someone like Grace, always willing to have a laugh and good time both during training and games. Grace is a wonderful centre court player that works hard in attack and defence to either get rid of her player or stick like glue to them. Unfortunately Grace missed a lot of games due to overseas travels. Thanks for a wonderful season Grace it was great having you on the team.

## Ellie Crimmins

When Ellie was here, she was able to be put in any position and make a difference on the court. She is a talented player that has a natural ability to read and react to the play. If she is not in the circle working hard she loves to feed the circle (even if it is from half way) with a brilliant pass. Unfortunately Ellie missed most of the season due to having to work Saturday and to jet setting off overseas. Thanks for all your efforts this season; it was great having you on the team.

## Angela Winter

Another player that has a natural ability that can work the circle with such ease. She found space for a quick and easy pass into the circle from the centre courters. Her consistent shooting was a benefit to the team as she could always be relied on to put the ball up anywhere in the circle. Great season Ange, it was lovely having your chipper personality in the team!

**Becky Mulherin**

Becky is a fantastic player. She never fails to impress on court with her amazing intercepts. She always puts in 100% and is willing to play whatever position she is put in - which often included circle defence!

**Bek Aguilar**

Bek is another player that doesn't stop....always there as an option. Quick hands that always got heaps of tips to the ball. She is a committed player that was willing to play where ever needed.

**Amy Brown**

Not much more you can say about this girl....AMAZING!! Her natural ability and aggression for the ball made it hard for any player she was put against as she would dominate and pull off some great intercepts.

**Hayley Crimmins**

The type of player that puts every ounce of effort into her game, not only in attack but also in defence down the court. This always paid off, with an intercept or 2 and if she didn't end up with the ball she was able to rattle her player enough to put them off their game.

**Tennille England**

Tennille was a new comer to Maddies this season and having her with us has been a delight. She was a quiet achiever, getting rebounds and intercepts multiple times throughout every game. She is always able to see where the free space is and brings the ball out of the defensive end without any trouble. Tennille, you have been a pleasure to coach this year. Thank you for your efforts and hopefully we will be seeing you next season.

**Steph Jameson**

Yet another very talented player, this girl makes shooting look so easy. Being the main shooter, Steph was able to combine with whoever was in the circle and was always talking and encouraging them along the way. She can put up a shot anywhere in the circle and 99.9% of the time it will go straight through without touching the sides. Great season Jamo, it was lovely having you on the team and thank you for your hard work throughout the season.

**Sharon Wright**

Sharon was our wise and wonderful defender. Not only was her height and strength a huge benefit to the team, but her loud voice and huge amount of confidence on court allowed her to support and encourage her team mates both on and off court. She always gave her all and didn't stop until the final whistle. Thanks for your time and effort this season Shaz, I know it would have been hard trying to juggle the kids and netball.

# **Mammoths Awards**

**Coaches Award** Rebekah Aguilar

Rebecca Mulherin **Players Player**

# Maestros

## Kate Macaulay

A new player to Maddies this year, and what a debut! She came into the team a few weeks into the season and what a relief! She was the height in our shooting circle and gave our team that bit of extra confidence under the post. Kate's ability to read the play and work well with any line up was a real advantage to us all season. Great season Kate!

## Jess Bauer

Jess, such a player! As a shorter shooter, Jess used her skill and her speed to get around the taller defenders that came her way this year. She made the shooter rotation work no matter who she was working with. Jess reads the play wonderfully and has such accuracy in the circle. Jess always has a smile on her face, which is often contagious amongst her teammates. It's been a pleasure having Jess in the team!

## Leonie Wohl

Welcome back to Maddies! After some time away from Saturday netball, Leonie slotted right back in very well. For her size, she has so much grunt and fire that on court players double her size would tell her she was too rough. She never let any opponent beat her, not in speed or strength or determination. Even from the sideline, Leonie's voice was the only one any of us could hear above everything else! She's been a great part of this team!!

## Kate Etherington

Kate has got to be one of the most consistent players I've ever coached. She turns up every week and plays effortless yet wonderful netball and the whole team knows they can always count on her. Both in and out of position, she is a standout on court, reading the play and getting turnovers multiple times in a game. Such a team player, what a wonderful asset in any team!

## Steph Kinnane

Steph would have to be our most improved this year! Her confidence on court has come in leaps and bounds, which has made her skills skyrocket as well! Steph would always place so much pressure on her player in defence, the other team always had a risky pass if it had to go through her first. Steph worked so hard on court, just the kind of player you want in your team! Well done!!

### **Grace Ephraums**

Grace is a very passionate person, thriving for her best every week. She can see from the sideline and on court what needs to be done to improve our team's game and will implement strategies into her game to make that happen. She has a wonderful way of boosting her team's motivation, even after a loss! Grace is such a team player and always has her sights on being the best she can be.

### **Taylah Fellows**

I've coached Taylah many times before and every time it's such a pleasure. Trying to transition from defence into the centre court, Taylah has really come out of her shell and had a fantastic season. She will play any position that I put her in with ease, not only due to her incredible fitness, but her enthusiasm and netball smarts allow her to get the job done!

### **Amanda Mulherin**

Talk about talented! As a double ender in the team this year, we often needed Amanda to shuffle around the court during the game and she did so with ease. Amanda plays such a smart game, often being underestimated by her bigger, stronger or older opponents. She makes all her hard work look so easy, such a great season!

### **Michelle Hoitink**

Michelle was the height in our team this year! We really relied on her to get our rebounds and turnovers in the defensive circle, which is exactly what she did! She played on some very tough shooters this year, but that didn't bother her at all. Michelle was a quiet achiever in our team this year, she's had a great season!

### **Abby Trevillian**

With an unfortunate injury at the start of the season, and then what we thought was another one just before finals, Abby has had a roller coaster of a season! Always giving everything she has on court, it was hard for her sitting on the sidelines. When she was given the all clear she was ready and raring to go, playing tough hard netball. She definitely was a link in the team that we missed when she was out injured. Great season Abs!

# **Maestros Awards**

**Coaches Award** Kate Etherington

Taylah Fellows **Players Player**

# Menace

This year Lauren and I had the pleasure of coaching this funny, energetic team and Menace certainly does not reflect the way they are. I have had the opportunity to coach many of these girls over the past few years and it is amazing to watch them grow and improve all the time. These girls played intermediates division one last year and at the start of the season I wondered how they would go with the senior competition. Looking back on it now there was no reason to even consider their age, size or maturity. This team have had many incredible games. Two games that stick in my mind are when they played Mustangz Regz and were winning for the majority of the game. It came down to the last few minutes and they lost by one goal. Two weeks later they backed up this performance and lost to Rebel Cougars by 5. This effort for 14-16 year olds is very impressive. I feel in the coming few years this team will give the top Maddies team a very good run for their money, or indeed be the top Maddies team.

Lauren and Tonia

## **Bec Kinnane**

Bec is a lovely player to watch. She has great drives and does not give up. Bec puts hands over all the way down the court and backs up with drives for the rest. Bec is one of the most supportive girls I know and never has a bad word to say. She has the ability to let the team know everything is ok.

## **Claire Terry**

Claire is the one that gets the giggles and then she is done for the rest of the training session. However Claire is a strong centre courter who has great vision and ability to feed the circle. She has the ability to see passes that we, on the side line don't, but they get there and generally end up in a goal. Although Claire would love to be a shooter I much prefer her in the centre area.

## **Courtney Brown**

Courtney has great determination for the ball and to get a win on the board. She is the loudest player on and off the court and always puts in a good word before the girls step on court. Courtney has great enthusiasm towards the game. She has been an asset to Maddies this year often playing two games to help fill in for other teams.

**Lizzie Plowman**

Lizzie is one of the fill-in defenders we had this year. She played a strong centre court however, we knew we could put her back in GK to get the rebounds and put on tight defence to put off the shooters. Lizzie did this with great determination which ended up in getting tips and intercepts.

**Madi Bauer**

Madi was successful for ACT and NACTA this year. Madi is a very graceful shooter who is also able to go into defence when needed. She has the ability to lose her defender and drive nicely into an empty circle. This year she has worked very well with both of the other shooters.

**Meg Klomp**

Meg was a shooter this year but also a very good asset as a WA, which she seems to enjoy as well. She always has a smile on her face and is up for a chat to anyone. Meg has a way of leading into space and being an option. With a louder voice she will get plenty more touches as she is always in the right space at the right time.

**Meg Terry**

Meg is one of our stronger centre courters that is not afraid to go for the ball for an intercept. She is strong through the centre court and can slow the play down when needed. Meg has very strong man on man defence which really puts the pressure on her opponents. She is also very good at reading the play to be in the right place to get the ball.

**Sophie Immonen**

Sophie is the youngest player on our team however has achieved so much. This year she was successful in getting into the ACT school girls team. She has had a very good year shooting and knows what it takes to finish a game and get the win. Sophie is a very accurate shooter with one game putting up 35 shots and getting 32 in.

**Steph Cameron**

This is Steph's first year with Maddies but watching from the side line you could not pick it as she slotted in nicely. Steph has been a very versatile player this year. I think we have put her in every position except GA. This has been very useful due to our lack of defence. Steph has had a great year in defence being able to read the play so well which resulted in getting many intercepts.

**Tayla Ayers**

In the past three years I have watched Tayla grow and mature. She was successful in getting into NACTA this year and put everything she learnt from them and us into her game. Tayla would take the advice we gave her so she could improve her game. Tayla was also one of our captains this year with an almost unanimous decision.

# **Menace Awards**

**Coaches Award** Meg Klomp

Courtney Brown **Players Player**

**Winners B Grade**

## **McDuffs**

Worst coach of the year is the award I should get this season. I missed a few due to a social calendar full of weddings and/or playing at the same time. This was a new team made up of two senior teams, some inters players moving into the senior comp and some new players to Maddies, but they looked like they had been playing together for awhile. I say this every year however, I do mean it when I say this group of girls are such a beautiful bunch and have been a pleasure to coach. Training was always good fun. We didn't always have numbers to training but that also meant that the ones that came didn't want to go home either. There was always a funny story to be told or a new game to be played or even a dance if I tried to get them doing an outside turn!! Thanks for a wonderful season and for putting up with me and my inconsistency, for your efforts on court and for always turning up with smiles on your faces. I've had a blast coaching you all.

A massive thank you goes to my wonderful manager Jo White, who looked after me and the ball bag each week, scored our games and even stepped in and become my assistant coach. I couldn't have done without you this season. It was great having someone there to listen to me, run passed line ups or just to have a whinge. Thanks also to all the family members that came to the games each week and helped support them (and me).

### **Maddi Lewis**

Maddi was one of our centre court players who spent most of the season in the WD position and always did what was asked of her on court. She continually worked hard to stop the opposition's drive down court. As an attacking player Maddi always provided a strong drive down to bring the ball out of defence to the attacking end. You are a lovely player Mads, great season!!

### **Kate Nolan-Young**

My silent defender! This girl listens to all the feedback given to her and then goes back out on the court and puts it into practice. With her height and pressure over the shot, Kate caused many misses which she often rebounded herself and sent back down the court for a goal for her team. You have been a pleasure to coach, thanks for a lovely season Kate!

### **Lauren Stephen**

Lauren has the ability to make the game look so easy and works with any combination – and this changed a lot – to make it look like nothing has changed on the court. She always stayed composed when the game got tough or when the team was down by a couple of points and continued to score much needed goals. Well done on a great season Lauren.

### **Dana Holloway**

The other half of my defending duo and what a work horse this girl is! Even though she had the GD patch on every week, she was always there to help bring the ball down the court for the attackers whilst still working hard to get tips and intercepts in the defence end. Thank you for all your hard work this season, you have played so well. Keep the hard work going for 17's.

### **Lauren Jameson**

I think she played every position on the court this season and did it without a complaint and always with a smile on her face. Loz is a cheerful, positive player and is always determined to do her best on court. Lauren works well with the shooters and has a great eye for feeding the ball to the circle, then positioning herself in the perfect place to back up if needed. Thank you for being a lovely player to coach, great season.

### **Olivia White**

Olivia was one of our louder team mates and always had a smile on her face. She is a talented shooter who has great skills moving within the circle, driving the baseline and rebounding the odd missed shot. She was asked most weeks to play out of position (or even some times taking off her patch and asking to go down there) in the defence end where she had a hunger for the ball which resulted in turnovers and rebounds. Great Season Liv, keep working hard in 17's.

### **Ellen Jackson**

When Ellen and Olivia get together no one can get a word in!! Ellen is one of our hardworking centre court players who has the ability to play all three positions (plus the defence circle). She is able to read the play with such ease, contest balls, not only in attack but also in defence and keeps going until the final whistle has been blown. You are wonderful asset to our team and any other team you play in. Great season!

### **Emily Kelly**

I think this girl has some talent, being one of the younger players in the team she has the ability to read and react to the play, control the game with her positive influence and drive strong through the court and on to the circle edge. Whilst also working hard in defence to keep her player out of the game. She is an asset to any team she is on. Awesome season Em!

### **Chelsea Holloway**

Chels was another one of our great shooters. She is quick and easy to pass into from the circle's edge with her wonderful holds and is consistent with her shots. Chelsea is another player that holds her own in the circle and doesn't let her defenders get to her. She is able to stay calm and keep going on with the game. Great work Chels, Keep it up with 17's.

### **Keely Johnson**

There seems to be one in every team and Keels was ours this season; the quiet achiever. Keely has the talent of being able to lose her player, find the space and drive to the ball all without making a sound! She also positioned herself on the circle edge so that she is any option for both the shooters and other centre courters. It's been lovely having you in the team Keels, great season!

### **Tess Cooper**

Tess was another member of the wonderful shooting end. She moves with ease around the circle, always getting herself into a good position to put up a shoot or for a rebound. When asked to play WA, she was able to find the space and deliver the ball into the circle. Unfortunately Tess missed a few

games due to work commitments and overseas travels. Thanks for all your efforts this season Tess, it was great having you on the team.

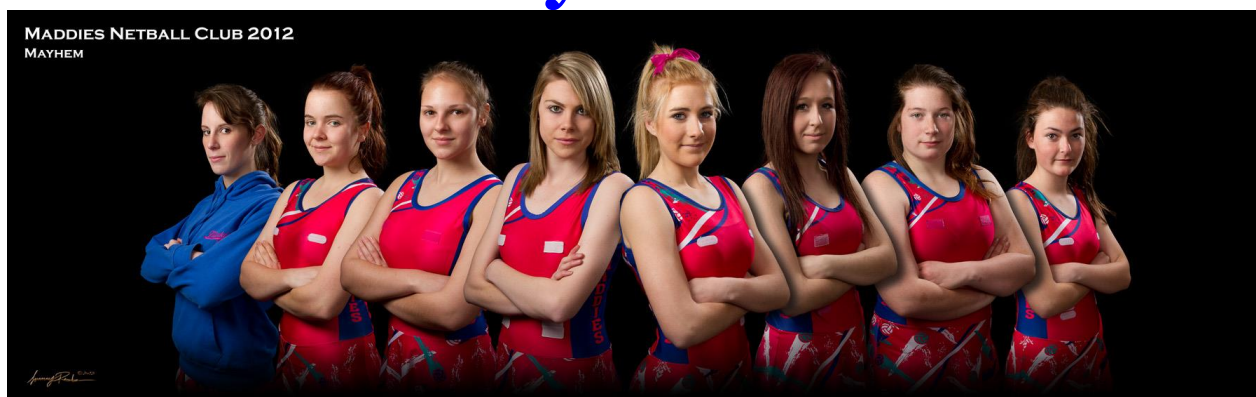

**McDuffs**

**Coaches Award Emily Kelly**

**Dana Holloway Players Player**

# Mayhem

This season was not an easy one for Mayhem. We had a really rocky start with a number of girls withdrawing from netball in the first six weeks of competition. This combined with the number of other commitments that the remainder of the team had, meant that during this time we were struggling to put a team on court every week. Needless to say, it took a while before the girls found their groove. By the middle of the season however, with a couple of new recruits, things took a turn for the best. After losing many of their first games, this new stability gave them a whole new lease on life and they went through to the end of the season undefeated. Moving up from third last on the ladder, they were tied for fourth going into the final round, meaning they had to win to make it through to the semi- final. Win they did and the cards fell their way to get them a game on the 1st. While they lost this semi, in what was a disappointing game for many of the girls, I have never been prouder of a team. It was not an easy season, so congratulations on keeping your heads up and never looking back. You were all a pleasure to coach and I wish you well for the years ahead, netball or not. Thanks for a great season! I would also like to thank the parents who showed up each and every week to support the girls. With an extra special mention to Jo Stephen as my manager and chief scorer.

## Emily Toze

This girl really stepped up to the plate this season. As one of the oldest in the team and one of the few who had played seniors before, I gave her the rather heavy burden of naming her captain. Everyone else agreed and after the first few games we could see why. She was a strong and steady player all throughout the season, giving great feedback and constant encouragement. She needed to step in for me a couple of times when I was playing or away, calling the shots from the sideline and for this I cannot thank her enough. Emily gave 110% this season, really wanting to improve her game. The hard work has payed off and her defence is all the more better for it. Keep it up Em!

## Alannah Radovanov

Our star centre courter, this girl never stopped. With all of her other sporting commitments I am surprised she could fit netball in! Though I think everyone in Mayhem can join me in saying we are glad she did. Always with a smile on her face and a joke to crack, Alannah's presence was always pronounced, even if a little distracting at times. On court, she was always well placed, especially in our attacking end, where her strong feeds often got our shooters into the best position possible to take their shots. She also had a natural talent for slowing the play down and waiting for the best leads to become available, ensuring Mayhem didn't rush and continued to play their game even against the toughest of opposition.

### **Hannah Miles**

Looking at the team now, you would never guess this girl was a bit of a latecomer as she has fitted so well into the team. On court she lead by example, showing the girls what a never-give-up attitude can achieve. Her presence never went unnoticed as she went for every single ball she could, and gave constant encouragement and feedback to the girls. I don't think she realises how much of a difference she has made to the drive and spirit of everyone in Mayhem. As member number twelve her arrival finally settled our numbers to a workable team size and everyone could look beyond just getting enough people on court, to focusing on working as a team and moving forward. Each and every member of Mayhem valued her input, including myself and I cannot thank her enough for the help she has given me throughout the season.

### **Aimee Stephen**

Another who joined our team a little late in the season, I can't thank Aimee enough for what she has brought to the team. She is always willing to have a chat and a laugh, making this easygoing girl a pleasure to coach, even if she did sometimes distract the others. On court her leads were strong with good movement and flow down the court, and what a great shooter! On more than one occasion, she made everyone on the sideline hold their breath as she took a prayer shot from the edge of the circle, smiling as it (mostly) went straight through the hoop. She worked well with everyone on court, slotting into the team better than anyone could have hoped for. Well done Aimee!

### **Melissa Emanuel**

Awesome! That is all..... But seriously, this girl was one of the most dedicated players on the team, hardly missing a game or a training session. A well practiced shooter, she did well each and every week racking up points for us. Her strong movement in the circle meant that she was able to get close to the post every time (especially when she remembered to split!) and she made the centre courters' jobs very easy when feeding. Everyone worked well with her, except when she asked to do fitness at training (which happened nearly every week), at which point most of us chose to ignore her suggestions for new drills.

### **Jaimee-Lee Bain**

What a mover and a shaker! As a shooter, Jamie's ability to move around many a defender and create space where there was none, made her an indispensable part of the team. Her ability to move and her strong drives were often used out in the centre court as a WA whenever we needed her, showing the full versatility of her talents. Some confidence in her shooting ability would go a long way for Jaimee in the future as she really deserves and has the talent to be there. Remember stand up straight, keep your head up and you will be a force to be reckoned with on the netball court in the future!

### **Madelyn Reyn**

A key member of our defensive end, Maddie worked hard week in and week out. She worked well with the other members of our team as we made communication the focus of many training sessions and our key game plan for our defenders. On top of this, Maddie was always willing to put her body on the line as she went for each and every ball, though was lucky enough to bounce straight back up from most hits. As well as her skills in defence, she enjoyed her odd stint in WA with strong drives to get the ball down the court. An absolute pleasure to coach, I look forward to seeing her again in the years to come.

### **Danielle Meddemen**

I'm not going to lie; at the start of the season I thought this girl was quiet. All I can say is how very wrong I was! A much loved member of the team, Danielle quickly showed us she could bring a smile to all our faces with a single comment. Despite only showing up to a game or two throughout the season (:P), her presence on court was extremely valued. She was always determined to do her best and her efforts rarely went to waste. Not only did she get many intercepts, turning the ball over to our team; she also blocked her player, keeping them out of the play nearly all the time. Every move she made on court, reminded us of what we were missing every time she wasn't there.

### **Georgie Fowler**

A new arrival at Maddies this year, Georgie was a welcome addition to the gang. As one of our few centre courters her fitness and general attacking skills have come a long way this season. I would gladly award her the most improved member of this team, as she worked hard at each and every training session to improve her game. Spending most of the season in centre, we learnt to rely on her strong leads and positioning on court to get the ball from one end to the other, even when she was getting beaten up by some of the opposition. I hope this commitment continues into the future as she begins to shine.

# **Mayhem**

**Coaches Award** Emily Toze

Melissa Emanuel **Players Player**

# Miracles

## **Lynley Boland**

She was solid in defence. She was always positive on court and provided leadership to the team. She always had constructive feedback to share during the breaks.

## **Emma Plummer**

She was a reliable shooter throughout the season. When asked to play centre court she used her speed to always create a pass option for her team members.

## **Hannah Graham**

She was a very consistent and enthusiastic midcourt player all year. She was always there to back up the play and provide a pass option to her team.

## **Hannah McCauley**

She showed herself to be a fabulous defender. And when she was asked to play out of her normal GK position and play WD she rose to that challenge with great results.

## **Lisa Charles**

As a defender she showed good aggression on court. Her defence put pressure on the opposition and gave our team lots of turnovers every game.

## **CJ Gallagher**

She has great reach as a defender. She was always positive and encouraging towards her team mates on court. She was a great team player who gave her best always.

## **Jaimi Dickson**

She showed plenty of confidence as a shooter. Her movement around the circle made her a handful for the opposition and provided great attacking options.

## **Grace Andreatta**

She shows amazing reach and has great hands. She has great speed all over the court which gave the team plenty of intercepts. She brought lots of energy to the court.

## **Alex Galli**

She showed herself to be an awesome centre court player. She was able to get away from her players, leaving them for dust! She provided excellent passing into the shooters.

# **Miracles**

**Coaches Award** Lynley Boland

Emma Plummer **Players Player**

# Magic

## Emma Clarke

Emma is a hardworking player who always gives 100%. Emma has mainly played GD & GK this season and is a shooter's nightmare. Emma is quick on her feet and her anticipation is exceptional, creating many turnovers throughout the season. Emma always takes on board any advice given by her coaches and applies it to her game. Emma is keen to move into a midcourt position next season and with her natural athletic ability she will be just as bigger asset mid court and she is in the defensive circle. Thanks for a great season Emma, you have been a pleasure to coach.

## Kasey Dragisic

Kasey is an amazing player. She has fantastic speed, a great netball head and knack of reading the play enabling her to pull off some great intercepts. Unfortunately for us, Kasey has played with a little less enthusiasm this season, needing a break from playing netball, which she has openly admitted. Even with her heart not totally in the game, she is a great asset to the team and our game, once on court. Kasey is a keen touch football player and we wish her all the best with her touch football. When you have had enough though Kasey, come back to us! You are such a talented natural netballer and a great loss to TNA.

## Steph Baker

Steph has played a great season and is the backbone of our shooting end. She is a steady performer with generally high shooting stats. If she misses a shot, more times than not she will pull in the rebound and get the shot away. Steph has a good netball head on her shoulders and has been working on her movement to increase her speed in and around the circle. This season Steph has also been working on bodying up more which is great to see. Looking forward to seeing you take your netball to yet another level next season Steph. Well done.

## Jessica Wagg

Jess has been given the opportunity to play with a great bunch of girls in Division 1 this season and this has been fantastic for her own netball game. Always a consistent player in the past, I really feel Jess is the most improved player of the team this season. Playing mid court at either WA, C or WD, she has increased her speed on court and fine-tuned many skills. She drives well to the circle and feeds to the shooters with accuracy. She works hard giving her all and is obviously enjoying her netball. A great season Jess, well done.

## Tahlia Webber

Tahlia is a defence player with great determination. In the circle, she forces the shooters to work hard constantly looking for the opportunity to create a turnover. Tahlia reads the play well and often

works just off her player which enables her to intercept many passes coming into the shooters. This season we have seen Tahlia step up with some clean, aggressive defensive skills. She has also astounded many with her versatile ability to shoot. Not only has Tahlia proved to us all that she can shoot, her movement in and around the circle is amazing. You would think that she has always been a shooter. There have been many a time that I wished I had a Tahlia at each end of the court. Thanks Tahlia and keep up the good work.

### **Aliesha Lalliard**

Definitely the most entertaining player of the Magic team, especially at training. Aliesha makes us all laugh with the funny things she does and says, but when she gets on court, it's all business. Aliesha is a fast, athletic player who has moved during the season from a shooter to a midcourt player. She is an enthusiastic player who always gives 100% and never seems to tire. She has a good netball head and is a great asset to the team. Her drives and front cuts are a pleasure to watch, as she continually provides options for her team. She was voted by her team mates to be Vice-Captain and has good leadership qualities. A great season Aliesha and thanks for all the laughs. You have been a lot of fun to coach.

### **Caitlyn Radovanov**

Caitlyn is a quiet achiever. She is a skilled all-rounder who has played in every position on court this season. She never complains and plays whatever position we throw at her. She is a consistent reliable player who has great speed and an amazing vertical jump! Good hands over ball and times her jump perfectly to create turnovers. Although she predominately played midcourt, given the chance to shoot, she shot with good accuracy. Her drives in and around the circle are extremely fast losing her defenders with ease. Great season Caitlyn, well done.

### **Hayley Anderson**

Hayley's is a quiet player who gets the job done. She is a determined defender and good rebounder. Throughout the season she has created many turnovers for her team. She is also a dark horse in the shooting end at times and loves to shoot when given the opportunity. I would like to see Hayley body-up just a bit more and gain front position to challenge the passes coming into the shooters. I really enjoy watching Hayley play in at WD also. She breaks well for the centre passes and assists the ball up the court to connect the defence and attack ends. Unfortunately Hayley has not been able to end the season with the team due to an ankle injury but I'm sure she'll be back next year ready once again to hassle the opposing shooters. Nice work Hayley.

### **Hannah Fellows**

Hannah is another quiet achiever of the team, though she can be quite a comedian when she wants to. Hannah's preferred positions are midcourt in at C or WD. She is, however, a versatile player and is very capable in the defence end and can also turn her hand at shooting when given the opportunity. Hannah clears out and finds excellent space on court however she holds back too often rather than making a strong drive for the ball. She has good defensive skills and reads the play well often creating turnovers for the team. Hannah has had a consistent season and has been a pleasure to coach. Well done Hannah.

### **Raven Leatherby-Ford**

She's here, she's there, she's everywhere. Raven has had an outstanding season as a player and was an inspirational leader of the Magic team both on game day and at training. Raven is a natural athlete who always gives her all every time she takes the court. She is a highly skilled player who is equally strong in defence as she is in attack. Whenever a ball is up in the air and Raven is close by, look out everyone because she goes for everything. She is an exceptional shooter and defender, but given the opportunity she loves to play WD. Raven was voted Captain by her team mates and she certainly didn't let them down. She proved to be a very supportive and mature leader and an absolute pleasure to coach. Thanks Raven for your assistance as Captain this season. You are a great role model and you have had an awesome season.

# Madness

## Grace Marron

Grace reads the play well and has excellent vision down court. When put into a position she is not very comfortable with, she plays like she owns that position. Grace pushes herself to her limit and as coaches we see her improving every week. She never ceases to impress us and is a real threat on court. Grace also has been one of the ACT representatives this year, captaining the team. We wish you all the best for the future. 😊

## Ellie Donohue

Ellie is loud when she needs to be on and off the court. Ellie was the Vice Captain for the team this season and she helped us out a lot. Ellie is a brilliant shooter, though sometimes convinces herself otherwise and asks to be moved into a centre court position. Ellie gets extremely good rebounds and works well around her player in the shooting circle. Ellie you have great potential as a centre court and shooter. We wish you all the best for the future. 😊

## Rachel Gubler

Rachel was the Captain for the team this season. Rachel helped the coaches out with warm ups and getting everyone together. Rachel is an amazing defender because she can jump extremely high and get great intercepts. Rachel is always laughing whenever we see her at netball on Tuesdays and Saturdays. Rachel was a great asset to the team. We wish you all the best for the future. 😊

## Sarah Crimmins

Sarah is an amazing shooter. Sarah is a quiet, yet talkative person when she wants to be. Sarah always pushed herself at training and on games day. No matter what position she was put in Sarah went on with her head up and tried her hardest in it, which was brilliant to see. Sarah never complained about anything we as coaches did, or wanted her to do, she just went and did what we asked with no questions. We wish you all the best for the future. 😊

**Laura King**

Laura is an excellent defender. She reads the play very well and adapts to the opposition's plays. Laura enjoys shooting and has a lot of potential in both the shooting and defence ends. Laura is extremely flexible as a player and tries her hardest in all positions she is put in. Laura puts in 100% in every game and training and never ceases to have a smile on her face. We wish you all the best for the future. 😊

**Ashlee Rich**

Ash is an amazing defender especially in WD. Ash is good at reading the play and knowing where to be on court when she is needed there. Ash was an enthusiastic member of the team, and always tried her hardest on court and at training. Ash played a tough game, always providing a lot of competition for her oppositions. We wish you all the best for the future. 😊

**Tahlia Murton**

Tahlia is an amazing GK and would be an amazing WD but she never wanted to play that position. Tahlia can read the shooter's play and knows where to position herself to get the best intercepts and rebounds. Tahlia stretches well for shot defence, and rarely gets called up by the umpire. Tahlia tried her hardest on court and at training. We wish you all the best for the future. 😊

**Maddison Reedy**

Maddi is a bright and bubbly girl. She plays a mean game of centre and has arms that can pull intercepts out of the air. Maddi never complains about the positions that she is put in, and always puts a smile on everybody's faces. Nobody will forget the day on court when she took the shot from outside of the circle. Maddi's voice is never missing during a tough game. We wish you all the best for the future. 😊

**Rose Phimpravichith**

Rose was the quietest on the team, despite this; she still has an amazing amount of personality, and can come out with the funniest things. She is very talented and reads the play so well that she can get intercepts off any player. Despite her height, she is an amazing centre courtier and has great potential. We wish you all the best for the future. 😊

**Georgia Bauer**

Georgia is an amazing defender and shooter. Throughout the season Georgia was moved from defender to shooter and back again and never complained. Georgia took one for the team and played positions she was not very confident in, but found that she enjoyed it and was brilliant at it. Georgia stretches well for shot defence and goes for every rebound and intercept. Georgia will be an amazing all round player. Georgia was also one of the girls selected to represent ACT in netball this season. We wish you all the best for the future. 😊

## Winners Intermediates Division 1

# Madonna's

### **Shannon Blaseotto**

Shannon has been great to work with this season! She is tactically aggressive and stands her ground. She uses her height extremely well and her feedback throughout games is always positive. She always absorbs the feedback we give and never gives up!

### **Amber Carige**

Amber has performed amazingly this season! Her movement in the circle is precise and her shooting is spot on. The influence she has over a game is awesome as she is capable of slowing down or speeding up play with ease! Thanks for a great season!

### **Emily Corey**

Emily has been incredible this season! She has improved dramatically in all areas of defence (and shooting as well) and has used her height as her biggest weapon! She listens and applies every direction given to her and always keeps her cool! It's been a pleasure coaching her!

### **Erin Dickson**

Erin has been wonderful to work with! Her improvements over the season were awesome and it has been a pleasure coaching someone who literally never gives up and gives it her all! Her movement down court was amazing to watch and it has been a privilege for both us coaches to work with her!

### **Kristen Downes**

It has been so great working with Kristen this year. Her shooting and leading has improved so much and her encouraging feedback on court has been awesome! Her confidence now is unbelievable, so she should stick with it! She has been a delight to coach!

### **Grace Kelly**

We have loved coaching Grace! Her ability to feed the ball into the circle with pin point precision is incredible and she has the gift of keeping calm in any situation! Her knowledge of where she should be at what time when playing in centre court is remarkable to watch!

**Olivia Kelly**

Olivia is such a graceful netballer! Her ability to stick on her player at all times is definitely something to be proud of and her drive to never give up has a great influence over our team! Her body on defence is excellent and she is always there as a back up! She has made such a positive mark on Maddies this season!

**Stephanie Notaras**

Steph has been a great asset to our team this year! She listens to every instruction and will then implement it into her game with ease. Her calm but persistent approach to defence has been a wonder to watch and her intercepting skills and defensive holds are extremely impressive!

**Emma Redmond**

Emma has been a fantastic captain and team player this season! Her encouraging words to her team throughout the season and her underlying leadership skills have been amazing to watch. The ability she has to control play is a strong point in her game and so is her constant positivity! She has been a pleasure to work with!

**Brittany Williams**

Brittany is an amazing centre courter! Her constant leads are outstanding and so is her ability to be everywhere at once! She is always willing to take feedback or instructions and will always implement them into whatever position she is playing. Brittany has an underlying influence over the team and the game and knows how to control play extremely well!

## **Maddie Williams**

Maddie is one of the most dedicated players in this team. She always works hard to get the ball and always participates fully during training. She takes on board any feedback she is given and you can see these improvements almost immediately in her game. Maddie has been a welcome inclusion in the team this year and we wish her all the best for next season!

## **Maddie Banks**

Maddie has been a great inclusion to our team this year. She is a very versatile centre court player who can, not only play without complaint, but also with ease. Maddie always listens and focuses at training and at the game and has been a pleasure to coach this year. Well done!!

## **Hayley Thompson**

Hayley was one of our fastest players on court. The amount of turnovers she got from reading the play continually amazed us. Hayley was predominately a defender but we could always rely on her to play centre court when needed. Congratulations on a great season Hayley!

## **Shweta Venkataraman**

Shweta was one of our main defenders. She would constantly get turnovers and would always chase down loose balls. Her rebounding skills and effort on court was a great asset to the team. Keep up the amazing netball Shweta!

## **Sophie Kelly**

Sophie was an enthusiastic member of the team both at training and games. Her versatility on court enabled us to put her in both defence and centre court and know that she would try her hardest & also achieve fantastic results. Awesome season Soph!

**Gabby Hardie**

Gabby has been a fun, loud and confident member of our team this year. She is always excited to be at netball, an achievement in itself! On court she has a powerful presence and has a great ability to read the play. Gabby's accuracy and reliability in shooting this season has been a great asset to the team!

**Lizzie Elliot**

Lizzie was one of our reliable shooters. Working the ball around the circle well, she constantly impressed us with her skills. Lizzie always worked well with the other shooter and always gave 100% both at training and games. Great season Lizzie!

**Sarah Graham**

Sarah was a great asset to have in our shooting circle as well as at WA. Her reading of the play within the circle presented great opportunities for the other shooters. Sarah followed directions well and it was a pleasure to coach her. Keep up the good work Sarah.

**Sophie Corkhill**

Sophie was one of our 5 shooters, however, later in the season we found out that she was a great WD. We could really see Sophie's improvement from week to week with her good shooting and intercepts and backing up her team mates when in WD. She really stepped up and gave it her all. Well done on a good season Sophie.

**Georgia Knoble**

Georgia has had an amazing season. She was a quiet achiever, a shooter and mid court player with speed and determination. She focused on her game, listened to instructions and moved around the court well. We encourage Georgia to continue her netball!

**Mercury**

**Coaches Award Maddie Williams**

**Shweta Venkataraman Players  
Player**

# Moonbeams

## **Georgia Austin**

Georgia has been such a pleasure to coach. She listens to what we have to say and is able to turn around and implement it into her game. She has trained well and worked extremely hard throughout the season and it definitely shows with her improvement. Georgia was able to do exactly as we asked, especially when it came to paying attention, and this definitely showed that it pays off to listen. Great season Georgia!

## **Tamara Alexander-Tulley**

Tamara was our tiny terrier this year, contesting for the ball on court and going for the intercept wherever possible. Tamara was able to harness her basic skills to help improve her game while refining the skills she already possessed. Tamara was a little ball of energy on and off court which makes for a great game of netball to watch, well done Tamara!

## **Sarah Cameron**

Sarah has been a very versatile player this year, taking on any position we threw at her from GK to WA. It was obvious throughout the season that Sarah really took on board what each of us had to say because the basic skills in Sarah's game have improved out of sight. Sarah is a wonderful player who always knows how to make us laugh and she is such a talented young netballer.

## **Hannah Beissner**

Hannah showed great determination, playing all over the court. Once she was put into the circle she switched on and moved around like a champion! She was focused when it came to taking the shot and her percentage improved over the season. Although, if she had practiced more in her spare time at home or school, her accuracy would have been close to perfect. Well done, Hannah!

## **Samantha Thomas**

An amazing player throughout the season. She has improved so much and is what every coach wants in a defender. Sam was a reliable player who pushed herself to the absolute limit. She had great enthusiasm towards each player and towards each game. Sam was such a coachable player who took on board all instructions given. Awesome season Sam, you should be proud!

## **Brooke Earnshaw**

Brooke was a quiet player but she worked hard and got the job done. Brooke always came out on court with a positive attitude to all aspects of the game. Brooke never shied away from tough opponents and she played her absolute hardest. Her skills have improved immensely since the beginning of the season and we hope to see her improving even more over the years. Good work Brooke!

**Charlotte Egan**

Charlotte is a really strong defender and she had great movement around the court. Charlotte may not have been a defender originally and probably will never be again, but due to our lack of defenders within the team, Charlotte was able to push herself and play brilliantly! Her skills and technique have improved greatly over the season and she has a lot of potential.

**Leila Noja**

Leila is an excellent shooter when she sets her mind to it. She always moved around the circle towards the space and managed to place herself in a good spot to take the shot. Leila was able to work well with the other girls on the team and was able to create room for other girls to drive! Leila trained well and definitely got out what she put in! There is always room for improvement, but keep up the good work!

**Nicole Klomp**

Nikki was consistent throughout the season. Although her shooting wasn't always on target, she always lifted her head up and pulled through. Nikki always gave the team something to laugh about but when it came down to work, Nikki always put in her best effort. Nikki has lots of potential and will continue to improve as much as she has this season. Congratulations Nikki on a great season!
