PRESIDENT'S REPORT

The 1992 season has been a fruitful one. With the introduction of two junior, two cadet and a "mums" social team to the club.

Like all sports clubs we can't exist without our volunteers. I would like to take the opportunity in my opening comments to thank the 1992 committee members. We are lucky as a club to not only receive support from our players but our parents as well. A special thank you to the time, effort and dedication put in by Erica Lauchland which I am sure has been noticed and appreciated by all club members. I would also like to extend my thanks to all the club umpires who have performed extra weekly duties for the club.

Maddies, now three years strong, has become no doubt, the club of the future. My role as President over the past three years has given me the privilege to be involved with all our players. I think it's important to keep the club around the size it is now. This season we have seen "club spirit" at it's finest. Our players have rallied together to support one another. A great attitude has produced a magnitude of fine players.

Once again our team of coaches have proven invaluable to the club. Each coach has put a great deal of time and effort into the development of our players. We must recognise that continued development is the key to our future.

I would also like to make special mention of the three Maddies players who were selected in the ACT 14's Development Squad. A great effort and a huge future for Jo Myszka, Kate Lauchland and Dina Constantinou. It's also exciting to be able to boast that Kirsten McDonald was selected in the ACT 17's Talent Squad. These four girls represent not only our Association but also our club and we can all look to them with inspiration and admiration.

To keep my comments short, I would like to end by saying that my final year as President has been the most enjoyable. The committee has set the foundations for a bright future. Our achievements should not be judged solely on grand final wins but on our sportsmanship, efforts and club spirit. Judging by this year's developments I'm sure these goals will continue to be met.

In closing, I would like to sincerely thank A.C.T. Head Services Pty Ltd for their continued financial support over the past two years. It is their sponsorship that allow us to present club trophies at our presentation night.

Amanda Campbell
President

Ian Keen, proprietor of A.C.T. Heads Services Pty Ltd presents his sponsorship cheque for club trophies to Amanda Campbell, President of Maddies Netball Club.

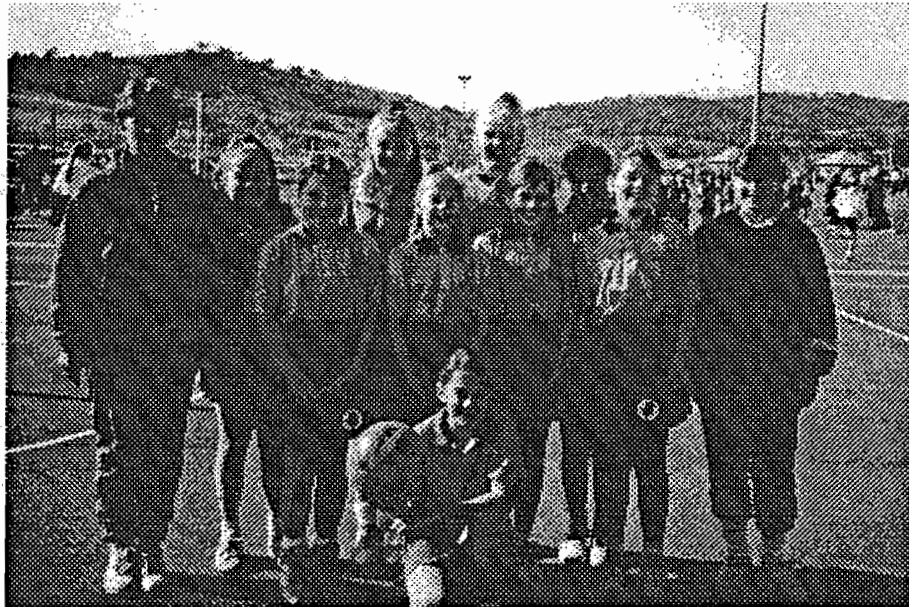

TUGGERANONG NETBALL ASSOCIATION

1992 JUNIOR GALA DAY

The Maddies Midgets year 5 team members proudly pose with the Club Banner at Calwell Courts. The team, accompanied by the Maddies Monkeys year 6 team took part in the TNA 1992 Junior Gala Day Parade held on Saturday 21st March. The Club won the Smartest Uniform and Newest Club Awards.

Maddies MIDGETS

The Maddies Midgets is a team full of energy, team spirit and most of all talented netballers. The team started the season off by participating in the TNA Gala Day in March. They were accompanied by the Maddies Monkeys Year 6 team and together they all proudly marched in full uniform under the great MADDIES banner. They all looked fantastic. They were rewarded for their efforts by winning the Smartest uniform and Newest Club trophies. From the beginning of the season, the team always looked like a winning combination, and their performance of winning their competition this season speaks for itself. They have all worked very hard on developing their basic netball skills. Teamwork has been great and the attendance and attitude at training has been fantastic. The team has been a pleasure to coach and I would like to wish each and everyone of them success for their future netball years, and here's hoping it will be with MADDIES. Thanks to our coaching staff of Amanda Campbell, Kate Lauchland and Fiona Kerr for their support and assistance during the year. Special thanks to Robyn Bazeovski for being the team manager.

PEN-PICS

Captain - Carla Howman: a very talented player who has played mainly in the goal attack position for the team during the year. She has developed a good shooting style and has worked very hard on her accuracy for goal. Her height, speed and natural ability and her great desire to win the ball, have been a great asset to the team.

Vice-Captain - Rachel Wykes: a player that has proven that height really does help. She has played in the key defence and shooting positions and has proven to be a real bonus for the team. Her ability to stretch and take the rebound, or intercept many passes was great to watch. She has worked very hard on developing her defence skills.

Nikki Shepherd: a player that has proven being small has its merits. Nikki dashes around the court, always first to the ball, throwing some great passes to the shooters. She has worked very hard on her overall ball skills and is an exciting speedy player to watch on court.

Steve Angel: is the most versatile player in the team. She always performs well in any key centre court or defence position. Her fast breaks and passing are unbelievable. She has great potential, but remember to count to 2 before passing, Stevie.

Rebecca Miller: is also a player who has not let her small size count. She has performed tirelessly in the defence positions. Can be relied upon to be in the right place at the right time. Her ball skills and passing are incredible and better than many players older than her.

Tess Scheppera: is the quiet achiever of the team. She has played in both attack and defence positions for the team. She is a player who gives 100%. She has worked very hard on her ball skills and footwork. She is developing into a good netballer.

Lauren Murtha: is the other half of the shooting duo for the team. She has proven to be very valuable in the goal circle, shooting some great goals, taking many rebounds and giving off some good passes. Her shooting style, footwork and overall ball skills have improved greatly.

Lauren Bazeviski: is yet again, another versatile player who loves a run in the centre court. She is the one seen dashing around the court wearing the sun visa. Her positional play and goal circle feeding work has been a plus for the team, she has a lot of potential.

Stacey Low: is definitely the voice of the team. She is the one that is always calling for the ball. She has worked very hard on her footwork and her attacking play. Her concentration during the game has improved. When she makes up her mind to get the ball, it's hers. She has improved in all her skills and has also managed to work up an appetite during some games.

Erica Lauchland
Coach

Maddies MONKEYS

A coach could not ask for more than that given by the Monkeys year 6 team members. The team started off the season with lots of energy, and determined to do well. They attended the Belconnen Junior Carnival early in the season, and came away with trophies. The overall improvement in all the players skills has been phenomenal. The team consists of a very skillful group of young netballers, who have developed good teamwork on and off the court and have finished the 1992 season undefeated in their competition. Thanks to Shelley Anstis for being my manager and to Kate Lauchland for assisting with umpiring our games and Amanda Campbell for her support at training sessions.

PEN-PICS

Olivia Anstis: is an outstanding all-round athlete who plays a commanding role in the centre court for the team. Her strong attacking style of play in working the ball up and down the court is often troublesome to the opposition.

Kate Myszka: has been a pleasure to coach, playing mainly in the goal defence position, she has displayed outstanding ability and skill in all her games. Her commitment and attitude to training has been excellent, as well as her on-court behaviour every Saturday.

Natasha Williams: is one of our centre court players who loves to play in the Wing Attack position. She has been an excellent team member who is always giving her best every Saturday. She possesses good ball skills, and is one of the

players who is always encouraging fellow team-members. A committed netballer who enjoys training.

Sally Roberts: a very versatile player whose ability to be able to play in most positions on court has been a real bonus for the team. She has good attacking skills, and is a very unselfish player. Her shooting skills have improved considerably.

Kirsten Duffy: her shooting accuracy has been one of the reasons behind the team's success this season. She has very good ball skills and is a player that reads the play well. She is an impressive stylish player to watch.

Alison Garth: has shown great improvement in her second year of netball. She has quickly learnt the necessary skills for the game. She has worked hard on her footwork and ball skills. Has become more confident in the Wing Attack position and is developing into a good netballer.

Belinda Ryan: is the team's double ender. She has the height, and combined with strong ball skills can play at either end of the court. She is a strong defensive player who gives 100% every game. Often called to assist in the shooting role, she can be relied upon for her accuracy.

Tracey Mitchell: is the quiet achiever of the team. Her accurate passing and her ability to anticipate the play is very good. She has very sound ball skills and enjoys a hard training session. She can play many positions on court. A player with a lot of potential.

Fiona Kerr
Coach

Maddies MISFITS

Maddies Misfits is a team that stands together on and off the court. They are full of energy, team spirit, encouragement and ideas at training sessions and on Saturdays. The individuals that make up the team are as follows:-

PEN-PICS

Captain - Kym Mead: is yet another versatile player in team. She is seen dashing around the court and captaining the team to the best of her ability. Go get 'em, Kym!

Kate Conolly: the quiet but convincing goal attack of the team. Her passes and shots are not to be missed. Show them your stuff Kate!

Karyn Kruger: the versatile player. From attack to defence she is able to switch her game plan to suit the position she is playing. Well done Kaz!

Stefanie Lovett: is perhaps the quiet achiever of the team. This player was once a wing defence until her stretch was discovered. Grab those rebounds, Stef!

Emma Maclay: could be one of the most "encouraging" (shall we say!) player on the team. She is able to stand out in practically all positions. You're a star, Emma!

Kellie McNeil: another of the quiet achievers who also plays a wonderful defence. With her height and skill, she is one to be feared in the circle. Keep it up Kellie!

Emma Mellon: is the other half of our shooting duo. With her outstanding long distance goals, she along with Kate leave the opposition in a cloud of dust. Good on ya, Mellon!

Erin Teasel: last but certainly not least, Erin is a great asset to the team. With her fast breaks and cunning passes, she usually leaves her defence in a matter of minutes. Take them on Erin!

Overall, the 'Misfits' certainly do not live up to their name and they have been a pleasure to coach. Some of them hadn't played together before, but that is not visible anymore. They all make valuable contributions to the games and in their training sessions. With the talent and skill combined in the team, Maddies Misfits will be a team to be beaten for many seasons to come. I would like to take this opportunity to thank Lyn McNeil for being a wonderful manager and also the parents of the girls, for the support and encouragement they share each and every Saturday at the games.!

1st SEMI-FINAL REPORT

Maddies Misfits are one team to be proud of. Making it to the semi-finals in the top Intermediate Division was a great result. The Misfits should be proud of themselves because it was their hard work at trainings and on Saturdays which got them there. But, unfortunately, our hard work was not quite enough for the decider against St. Peters One. We came into the game hard and fast and concentrated on playing our game. This tactic worked as it had for all the season and by quarter time we were up 7-3. Then in the second quarter the game plan fell apart by not concentrating on the basics such as passes, leading and aggression for the ball. This brought our score down and unfortunately theirs up to take the lead 11-9. From then on our concentration fell away and I could then feel the team thought they had lost. In the third quarter the shooters were given only 4 attempts in the whole quarter, where as St. Peters had 12. With the score 11-20 heading into the last quarter, the Misfits found a little fire and out scored St. Peters 4-3. But unfortunately the damage had already been done and we all knew that we had been beaten 15-23 by a team which we had beaten 29-17 earlier in the season. The Misfits deserve to be congratulated for making it so far and next season we promise that we will be the team to beat.

Jodie Leemhuis
Coach

As coaches we have both been impressed with the effort and performance of all the girls this season. Our success so far this season has come from good teamwork and communication.

PEN-PICS

Captain - Emma Scott: Emma has fulfilled her position as captain by ensuring that the team is always well controlled on the court. She works hard at both training and during the game and her high spirit is an asset to the team's performance.

Samantha Brown: As vice captain of the team, Sam has shown her ability as an all-rounder, having had to have played most positions for us this season. Her performances all over the court have been consistently good, though her defence has been a saviour for the team on many occasions.

Elizabeth DeLuca: Along with her much needed ability as a double-ender, Liz's height and defensive skills have shone through for the team this season. She is often seen flying from nowhere for the apparently impossible intercept, gaining the ball for our team on many occasions.

Renee Sheppard: Renee's enthusiasm both on and off the court have been a definite boost for the team's spirit. She always puts in one hundred percent effort and is encouraging towards all others on the court.

Sarah Goldsworthy: Sarah, being a much needed defensive player, has shown great improvement in this area since the beginning of the season. Her skills have been an attribute to the overall performance of the team.

Natalie Dowling: Natalie, being one of our centre court players has shown that she plays a commanding role in working the ball up and down the court, especially with our attacking end. Natalie, also being the youngest player on the team, has displayed that her skills match up to the standard.

Skye Campbell: After having previously been a defence player, we have found that Skye has a more than capable ability as a shooter. Her work in the circle has been improving with each game and has become a vital part of our attacking play.

Kristy Murtha: Kristy's shooting accuracy has played a major role in the success of the team's overall performance. Her expertise in this area, as well as her ability to work the ball around the court, is relied upon by the rest of the team.

Up until this point the Maddies Triple M's have had a successful season having suffered only one very narrow defeat early in the season. Since then we have worked hard at improving the team's game. Our job has been made a lot easier by the consistent support of the parents who attend the game each week and are always willing to lend a hand. Thank you for your support. Throughout the season the girls have been training hard and based on their continually improving performances, we are confident of great success in the upcoming finals.

1st & 2nd SEMI-FINAL REPORT

The 1st Semi-final definitely was the highlight of our season, the less said the better about this game, as we were well beaten by Whiz Tingles. We then worked very hard at training during the week to overcome all the flaws from our last game. This hard work paid off with a well deserved win over Q-T's.

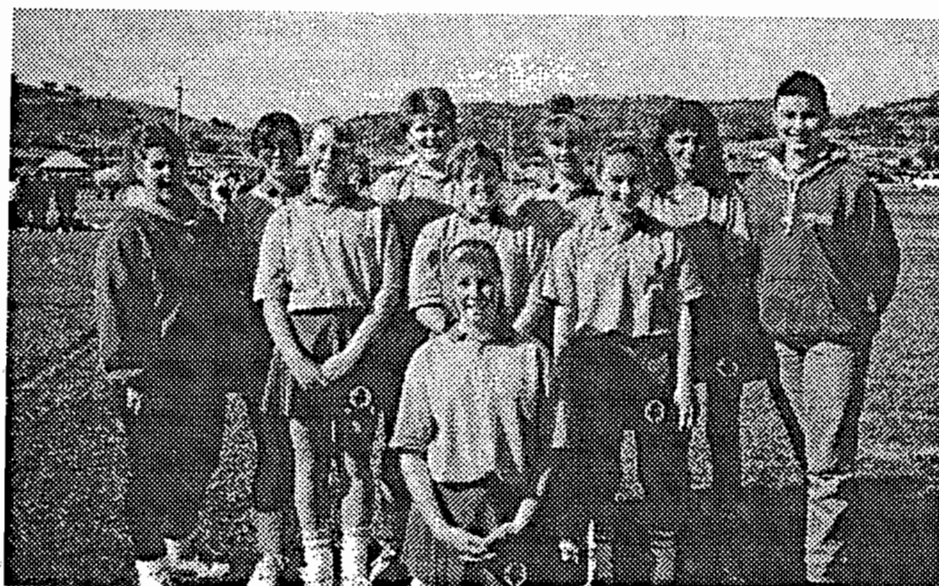

GRANDFINAL REPORT

Once again we faced the Whiz Tingles and even though it was a much closer and hard fought game, we were beaten 22-15. All the players put in a 100% effort. They can be proud of their achievements this season.

Kirsten McDonald
Rebecca Walker

Coaches

Maddies MIGRAINES

This group of girls not only have a great deal of talent but have the ability to play as a team. I didn't know any of the girls when I started coaching but it didn't take long to realise that this was going to be a great season and it was. They were not always perfect but they enjoyed playing and soon realised that they could do well if each of them set their minds to it and played as a team each Saturday. Thanks to Sandy Seaman for all her support during the season.

PEN-PICS

Kristy Sullivan: Kristy's shooting has helped the Migraines a lot this season. We can always count on her attacking skills to help when things look a little bit tough. Kristy is a well respected and liked member of the "Migraines".

Johanna Grey: Johanna's all-round ability was a bonus to our team, she could shoot and defend well. Another talent that she used in our team was to boost the spirits of her team mates which helped me a great deal.

Kirsten Hamlin: Kirsten was one of our quiet achievers, she got a lot of work done with little fuss. We discovered Kirsten's talent in defence this year and we worked on that which proved to be a great asset to our team.

Sarah Roberts: Sarah was a pleasure to coach, she was one of those kids that got the job done with out a hassle. Sarah played her centre court positions well and always contributed to the high spirit of our team.

Christel Leehmuis: Another very talented shooter and an asset to her team. Her attitude towards her club and towards her team are commendable. Christel was a pleasure to coach as well as to watch play.

Cassie Thompson: Cassie is one of the defence players and she played this position extremely well. Her sense of humour and attitude towards the game was a real bonus, not only to the team but to me.

Peta Fuller: Peta is a player that has the potential to go along way in netball, her determination and attitude towards training are a credit to her.

Aimee Burgess: Aimee has an amazing ability, she could not only talk her way out situations, she could also keep a smile on the girls faces no matter how cold or wet it was. She is a very talented player and was a pleasure to coach.

1st SEMI-FINAL REPORT

After a very shaky start to the semi-finals, the girls finally decided to play the way they know best. Unfortunately they left their run a little late against KB Welding and went down by just one goal.

Luckily for the girls we have a second chance and going by the way they played they wanted to be in the Grandfinal no matter what.

2nd SEMI-FINAL REPORT

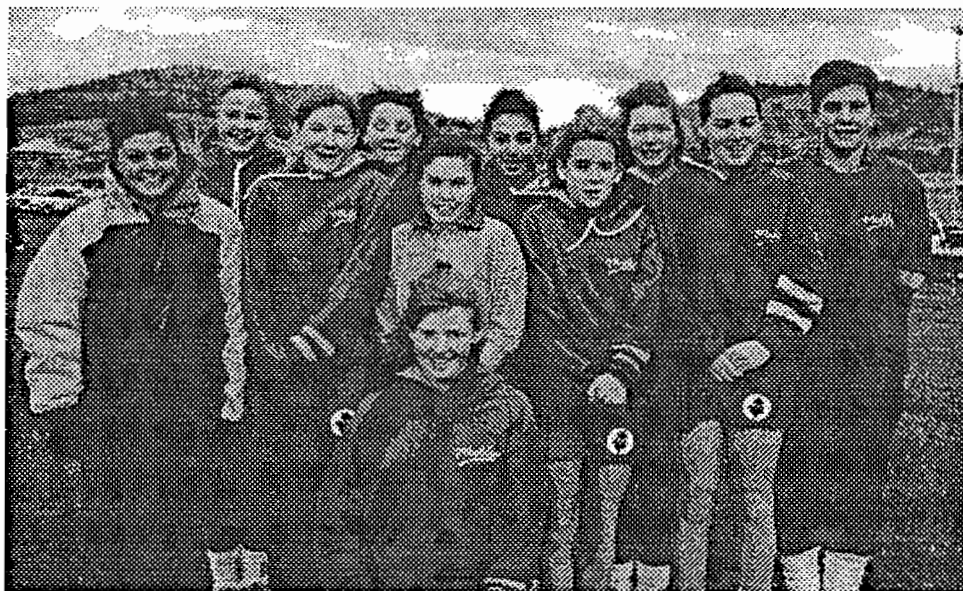

After yet another heart stopping game with Magpies that was played in true "Maddies spirit" the girls won the game by just one point, if these two games are any indication on the outcome of the Grandfinal then we are in for a fantastic Grandfinal.

GRANDFINAL REPORT

On Saturday the 29th August 8 exciting but nervous girls turned up to play one of the most exciting games of netball I have seen in ages. The skills and determination shown by the girls was incredible and although going down by one point they did themselves and myself proud. Congratulations on a wonderful season girls and thank you for making my job as choach an easy one.

Amanda Dowling
Coach

Maddies MANIACS

The Maniacs were a combination of year 7 and 8 players who over the season started to combine well as a team. Their overall netball skills improved vastly. They have the ability to perform well, and did so on many occasions. The team had a combination of height and skill. Their teamwork was good on and off the court. However, their efforts at some training sessions left a lot to be desired. We have really enjoyed coaching the team and wish them success in future years.

Captain - Jilly Mallinson: was the team's centre. An excellent centre court player who covered the court well in attack and defence. Always played a Captain's game giving 100% effort.

Sarah Ingram: played in the goal keeper or goal defence position for the team. She was a TNA representative player this year, and this was evident in her play. She combined well on court with fellow team members. Has a lot of potential.

Sophie Masters: played mainly in the goal shooter's position. Her accuracy and style of shooting improved vastly over the season. She also worked very hard on her defensive skills.

Anne Bulters: played goal shooter or goal attack. Versatile player who can play other court positions. Combined well with the team's other shooters. She had good skills in the circle.

Sonia Brassil: played mainly wing attack or wing defence for the team. A reliable player who had sound defensive skills. Played with determination and always gave her best. A good team member.

Shannon Williams: played goal attack. An accurate shooter who tried very hard each week. She displayed good skills in the circle, used her height well, taking many rebounds. She was an asset to the team's overall performance.

Emma O'Ryan: a versatile player who specialised in defence. Can be depended upon to play in the centre court positions. She used her height well, and combined well with other team member's on court.

Lina D'Ambrosio: played goal defence for the team. A very strong dependable player with a lot of ability. Good team member. Displayed good overall netball skills.

Belinda Gardiner: played in the centre court positions of wing attack or wing defence. A versatile player who displayed strong attacking and defensive skills. Loves to talk, especially at training.

1st SEMI-FINAL REPORT

The Maniacs made the Semi-Finals by the skin of their teeth. Although they played some of their best netball for the season, they were eventually overpowered by a stronger St. Peter's team. The game up until halftime was anybody's but our girls were overcome by finals pressure and lost some of their concentration. They all tried extremely hard and are to be proud of their efforts.

Kate Fuller
Laura Carpenter

Coaches

Maddies

MODS 2

The Mods 2 is a team of very skilful and determined netballers who take great pride in being the Best. All have represented TNA at Rep level, and this is most evident on court. Overall the Mods 2 are a spectator's delight to watch. They combine well on court, always encouraging each other. They take pride in displaying outstanding netball skills, speed and ability. They love handing out defeats to opposing teams. They are netballers determined to be the no. 1 team at Tuggeranong, and to succeed at a higher level in future years. I have enjoyed coaching them this season.

PEN-PICS

Captain - Joanne Myszka: as captain, she often takes on the Protector role for the team. She can be relied upon to give full support to her smaller team members. Her outstanding defence is often inflicted upon opposition teams. She is a versatile player who often enjoys a little bit of shooting practise.

Vice-Captain - Lisa Bell: is a very talented netballer who can be relied upon to fill any defence position. She is an agile player who has all the necessary skills required for a top-class netballer.

Sarah Carpenter: is a very strong attacking player who works very hard to get the ball. She is an accurate shooter, who can also play in several other positions on court. She is very supportive to fellow team members.

Emma Keen: is the big improver of the team. The overall improvement in her passing and footwork, combined with her determination to win the ball is displayed in her games. She can be relied upon to fill most centre court positions. She is very supportive towards her fellow team members.

Justine Fuller: is the quiet member of the team. She is a player with height, combined with natural ability who loves to shoot goals. She can also play in defence positions. However, it is in the goal circle that she is troublesome to the opposing defenders.

Dina Constantinou: is a player with outstanding ability, she has great attacking and defensive skills. She is a player who remains calm under pressure, loves to be in control when playing in centre court. Has great intercept ability. Her great ball handling skills are a bonus to the team.

Kate Lauchland: is the smallest player in the team, however this does not stop her from being one of the most skilful. She has great ball and footwork skills. She is renowned for delivering the shooters some great passes. Her lobbs into the goal circle are notorious. She takes pride in never missing a centre pass. Has really toughened up a lot during the season.

Melissa Williams: is another strong member of the team who forms part of the defence duo. She is a player who is always encouraging her team members. She has great aerial ability, good overall ball skills and most of all begrudges shooter's their goals. Always plays with a lot of determination. Loves a Win.

1st SEMI-FINAL REPORT

Having gone thru the season undefeated, the team had reason to be confident, however, without our Captain Jo myszka we obviously had under estimated REXY Rebels. They came out full of energy, and determined to win. The game was very fast with Mods 2 looking a little rattled. Mistakes were made by both teams. However it took to the third quarter before the Mod2 settled down and their teamwork took over. A great effort by the defence and the shooters saw the Mods2 come from a 3 goal deficit to take the lead by 2. The last quarter was a close tussle with the Mods2 again showing stronger depth all over the court. They won the game by 4 goals. They now look forward to the Grandfinal on August 29th.

GRANDFINAL REPORT

Mods 2 came up against REXY Rebels again in the Granfinal. Rebels had beaten St. Peters 1 in the 2nd Semi-Final. To Mods 2's credit they went out very hard from the start of the game and established a good lead. From this they never looked back, displaying superior team work and skills all over the court. Classy

shooting and excellent defence, they went on to win the game by 17 goals. I would like to thank all the girls for a great season.

Fiona Kerr
Coach

Maddies MARVELS

Maddies Marvels have completed a hard and competitive season. A rocky beginning was stabilised with the introduction of Jo Myszka and Melissa Williams to the team. All the girls improved throughout the season. I'm sure the effort put in this year coupled with a little more commitment next season would produce a fine team. I would like to thank Kath Broomhall for her support throughout the season.

PEN-PICS

Captain - Belinda McGregor: Belinda is the Team Captain. Belinda has continued to try hard all season. As one of the centre court players she has been a settling influence on the team. Belinda always appears to enjoy her games.

Kylie Clarke: A fine example of my theory that size doesn't count. Kylie is zippy around the centre court and puts 100% into every game. Kylie is a great team member who shows respect to her fellow team members. Kylie's ball handling skills are an asset to the team. Great season Kylie!

Kylie Murton: By far this team's most improved player. Her transition from the goal circle to centre court has shown a remarkable improvement in her court play. Kylie's height in centre court has been valuable to the team. She has achieved much this season and should be proud of herself.

Nicole Reid: Nicole tries hard at all times. Often required to play in positions not of preference, she can always be relied upon to give it her best shot. Nicole's

great intercepting skills and good strong passes have proven a vital link in this team's achievements.

Belinda Sullivan: Belinda is one of the team's shooting duo. Always appearing relaxed on court she is a valued team member. Belinda has also been called upon to play various positions which she agrees to without hesitation. Belinda has been a pleasure to coach.

Kellie Hamlin: Kellie has put every effort into her netball season. It's always a pleasure to coach a player who wants to try and improve. Kellie appears more comfortable on the court than she did at the start of the season and has been one of the team's most reliable and consistent players. Well done!

Angela Fuller: Every team has a 'quiet achiever' and Angela surely fits into this category. She plays with grace and style and never forgets what sportsmanship is all about. Angela's accurate shooting together with her ease on the court make a player any team would be proud of.

Natalie Brassil: Natalie has only been able to play a couple of games with the team. During this time she has proven to be a strong centre court player displaying impressive power in her passes around the goal circle.

Jo Myszka: Without a doubt Jo is a player of outstanding ability. Her late registration was welcomed by all team members. Jo is versatile and strong at both ends of the court. Jo is an asset to any team.

Melissa Williams: Melissa is an enthusiastic team member who encourages all her players. Once again her late arrival in the team helped lift the whole side. Melissa has been a pleasure to coach and has a lot of potential in netball.

1st SEMI-FINAL REPORT

The strong Cadet competition did not prove to be as difficult for the Maddies Marvels as first imagined. The team pulled together after a rocky start to do the club proud by ending up in fourth position.

The 27-12 result was no reflection on the effort put in by the Maddies girls. As through the whole season every girl put in her best effort until the final whistle was blown. On behalf of the team, I would like to thank Emma Maclay for reserving on the day and taking the court to play magnificently in the centre court for one quarter.

Amanda Campbell
Coach

Maddies MOOVERS

Moovers are a team not short of talent. Their very high level of skills combined with overall determination to succeed has resulted in Moovers finishing minor premiers in the Cadet Competition this season. They have been an enjoyable and talented team to coach.

Kirsten McDonald: is a very talented and versatile player who has been the backbone of the team this season. She has proved to be very valuable and has the potential to succeed at a higher level in the game. Spectator's delight in watching her agility, aerial ability combined with outstanding defensive skills, even though she is renowned for saying that she can't play defence.

Kylie McClung: as part of the shooting duo for the team has performed consistently throughout the season. She is a strong player who has demonstrated good attacking and defensive skills. She also has the potential to succeed at a higher level with perhaps a little more attendance at training.

Laura Carpenter: is a very strong centre court player who gives 100% in every game. She displays good aerial and ball skills. She never gives up the fight for the ball. She has a high fitness level and enjoys a hard training session. Leads by example.

Jodi Leemhuis: displays strong determination and aggression in her court play. A skilful player who puts a lot of effort into her games. She has good all round ball and aerial skills. She is the cause of many opposing team's headaches, when deciding who should play against her. She seems to enjoy incurring the odd obstruction or contact penalty against her.

Katherine Ivansson: is the definite improver of the team. She has displayed good sound skills in her games. She is a strong and versatile competitor who seems to real enjoy playing the game. She has really grown as a player. She has the potential to increase her overall skills in future seasons.

Briohny McQuillen: the second half of the shooting duo, is a strong attacking player. She has been consistent in her shooting and has the ability to lift the team when the going gets tough. Displays good aerial and defensive skills which are essential for an attacking player. She has proven to be versatile by playing in various other positions on court.

Kate Fuller: is a very strong defensive player who has been the quiet achiever of the team this season. She is a very reliable consistent player who gives more than her best each week. She is a keen trainer and is consistently working harder to improve upon her skills. She is also quite versatile proving that defenders when given the chance can shoot goals.

Rebecca Walker: is a strong skilful centre court player who is always in control of the game. She possesses the ability to lift the team with her encouragement, and on-court talking. She has proved to be a very valuable player this season, playing in several key positions and performing at a high level in each.

1st SEMI-FINAL REPORT

This encounter was always going to be a very hard and close with Rebel Cougars. The Moovers managed to take an early lead and sustain it throughout the game. They handled the pressure and aggression applied by the Cougars well. The defenders were really working overtime, although some lapses in concentration resulted in easy goals to the Cougars. With some vocal on court team talk Movers lifted themselves and went on to win the game 25-19. The score did not reflect the overall closeness of the game. Moovers now advance into the Grandfinal on Saturday 5th September. They will play the winner of Kambah Slammers and Rebel Cougars.

GRANDFINAL REPORT

This was not to be the Moovers day. Coming up against a very determined Rebel Cougars, the girls just could not get their usual good on court teamwork into top gear. The game was very close, with the lead changing many times. Cougars appeared to handle the finals pressure better and were determined to be the winners on the day. Our girls became agitated with each other at times, with all players making silly mistakes, however they fought out the game to the end going down 23-19. Disappointing finish to a great season for a top team.

Dana Assenheim
Coach

Maddies MUM'S

It was pleasing to see Maddies Mum's wanting to train and their enthusiasm growing as each week we came close to realising that we could win a Premiership for Maddies. While maintaining our first priority of enjoying the game our second one was to remain in one piece. I was very apprehensive about what I had volunteered for at the start of the season but we all got to know each other very easily and it was really enjoyable. The girls initially thought I was crazy about our warm up routine but as games progressed our opposition saw how professional we looked and actually asked if they could join our team next season.

Thanks to everyone who umpired during the season and to those who scored for us. Many thanks to Erica Lauchland and Amanda Campbell for without them we wouldn't have a club and to the daughters of the Maddies Mums for their support each week. It has been an excellent season.

PEN-PICS

Pauline Keen: a keen netballer. Shows good wing defence skills, determination and can always be relied on to attend training. Pauline always has a smile and has been a pleasure to coach. Pauline remember to wait for the umpire to call 'play' and work out just which one was your 1st grounded foot.

Chris Mellon: Flash Mellon! Consistent ball getter around the court. Good utility player who was constantly called upon to fill many key positions. A real asset both on the court and at training. A super enthusiastic netballer, umpire

and Maddies Club member and this enthusiasm rubbed off on the rest of the team. Great Season Chris and keep those jokes coming.

Bev Murtha: often called upon in our last line of defence. A pleasure to coach. Gives her best at both training and games. She has great height and reach and has gained in confidence during her 1st season. We thought we had lost you at our 2nd training session for the year Bev, when you found out after a collision with Sandy just how far it was to fall! She has fitted in well with the team and has a very pleasant nature.

Karen Walton: Dead Eye!, scored numerous goals with ease from difficult angles. Very reliable in our forward line all season. An unselfish player who puts in a good solid performance each Saturday.

Sandy Seaman: hampered by a very bad injury this season but whether playing or not she has always supported the team and the club 100%. She gives her all during a game. Sandy never failed to be at the game every Saturday even when injured and the team appreciated her encouragement and support for the Club.

Michelle Mortlock: played very fine netball this season especially in a defence role. She always wins the hard ball and gives 100% every game.

Brenda Hughes: a tall and good positional player as either goal keeper or goal shooter. Always attended training and more than willingly did umpiring duty and assisted others with their umpiring duty also. A good talker and encourager with a great laugh. She learnt to temper her on court language really well as the season progressed. Dare Brenda to do something and she does.

Karen Williams: immensely talented player. Runs the whole game and never gives up. The play maker for the team. Distributed the ball to team mates with precision. The type of centre player that no team can do without. An asset to any team.

Debbie Gilbert; Mrs Determination. A talented and creative goal attack. Runs the whole game and displays abundant courage. An unselfish player teaming up with others and responsible for most of our success in attack. Gives 100% every game and at training. Cheerful player with great natural ability. A pleasure to have in the team.

Alexis Teasel: This was not her first attempt at playing netball, she had previously played some mixed netball. Quietly improving all year she developed into a consistent wing attack or wing defence player who always attended training. Congratulations on a top season Alexis. You will be able to start next season off playing four quarters. A maddies Club committee member and team member we could not be without.

1st SEMI-FINAL REPORT

Before the game we all agreed our team spirit was more important than winning or losing. The girls combined well, encouraged each other, and displayed excellent positional play and did their best for the whole team. At the end of the game it was great, not just to have won by 3 goals but to have really enjoyed the game and the satisfaction that each of our 10 players did their absolute best. Thanks to Rebel Rangers for being good sports in a hard well fought game, and to our umpires, Fiona and Kate for doing a skilful job and to Ernie for scoring.

GRANDFINAL REPORT

This was just one of those days when nothing went right. From the start of the game, the team appeared nervous and just did not follow their game plan. They did not play their usual Mum's style of netball, but in true Maddies Spirit, they fought out the game to the end. Our opposition, the Margarita's were worthy winners on the day. Thanks to all the team for a great season in 1992.

Lyn McNeil
Coach

Maddies MINSTRELS

The Minstrels started the season full of promise but incurred a series of catastrophes early into the season. The team had to overcome the loss of a Coach as well as losing a key shooter and a defence player at the beginning of the competition. Minstrels pulled together and rose above these problems to finish minor premiers in the A grade Division.

PEN-PICS

Lynn Morriss: The team's mature on court leader played mainly in the goal keeper position. Having to overcome a back injury earlier in the season, she has been one of the team's strongest defence players. She plays a very tight game displaying great aerial defensive skills. She is often heard giving vocal encouragement and leadership to other team members on court, and this has helped bring the team together.

Fiona Kerr: A talented young goal shooter who has consistently shown her worth on and off the court. Fiona is a popular player and coach for the Maddies Club. She gives 100% each week. Her high shooting average has been an asset to the team and one of the reasons Minstrels finished minor premiers this season. Fiona always remembers her mother's advice and keeps a smile on her dial.

Kath Broomhall: A player who always puts in a strong performance each week. She is feared by the opposition no matter where she plays although she loves playing goal defence. Although not known for being great on the training track she always goes the distance on Saturdays. Maybe in your next life "Kath" you could come back 6 inches taller.

Wendy Cooper: A versatile player who can turn her hand to either defence or shooting with equal ability. On many occasions the team has had to rely on Wendy's versatility to fill various positions which she has done with ease. By the way, if anyone needs on ankle guard, wrist guard, back guard etc, see Wendy.

Tessa Giumelli: A late starter to complete the shooting duo for the Minstrels team. She has fitted in well with the other team members and has combined her basketball skills into her netball. On more than one occasion Tess was seen to go in for a layup. Remember there's no backboard Tess.

Laura Carpenter: As the "baby" of the team Laura has shown us how it's done. She is number one on the training track and never lets up on Saturdays. Laura is a dynamic centre court player who loves a win. She will still be playing the game at 60 as well as going to aerobic classes.

Vanessa Williard: A valuable centre court player who has outstanding pace, ball skills and aerial ability. Vanessa has played a major contribution in the team's success this season. She has managed all of this without attending training and even after some heavy Friday night sessions.

Alison Fowler: Is the quiet achiever of the team who has been called upon to fill many defensive positions. Her skills have developed remarkably over the season and this has played a part in the team's strong defence area. Along with Vanessa she has avoided training quite successfully.

Amanda Campbell: Is a most respected player and coach for the Maddies Club. She is a great competitor with a strong desire for the ball. Amanda combines determination and skill with great success when playing in her centre court positions. Her famous claim of "I have never been coached" is not evident in her play.

1st SEMI-FINAL REPORT

This was definitely not the Minstrel's day. We were beaten 30 - 23 by the Maddies Magics. There was too much against us to be overcome. Firstly and above all the team did not play well. I have seen all of us play much better games than we did on Saturday. This won't be the case on Grandfinal Day. We will all be firing. Without fresh reserves the place of the game took its toll. Minstrels now meet Coolabah's in the preliminary final on Saturday 29th August.

2nd SEMI-FINAL REPORT

A long season came to quick end as a result of Minstrels loss to Coolabahs. The score 25-22 reflected a hard close battle, with the game being drawn many times throughout. At the start of the last quarter scores were level, but the Minstrels could not pull back the first quick goals scored by Coolabahs. It was a hard close game with the better team winning on the day. It is now mothballs till next season for Minstrels.

Maddies MAGICS

The Magics team is a combination of talent, youth, mature and experienced netballers. The team overcame the loss of some players at the beginning of the season by acquiring the services of several of the Moovers cadet team in its line-up. They have played great netball over the season, and have been a pleasure to coach.

PEN-PICS;

Captain - Francine Berron: has displayed good on court leadership. Can be relied upon to settle the team, and offers words of encouragement when the pressure is on. Played mainly in the defence positions of goal keeper or wing defence. Good overall ball and aerial skills.

Margaret Fowler: definitely the personality of the team. Margaret showed how it is done. She had to overcome a shaky start to the season, after road-testing the bitumen courts a few times. She proved that size doesn't count, and likes a run in the wing attack position. She was also very entertaining on the training track. She made good position on court, often settling the team down.

Kirsten McDonald: a very talented and versatile player who was great value especially in the defence end. Displayed outstanding ball and aerial skills. A player with a great future in netball.

Kylie McClung: a strong player who was part of the team's shooting duo. Displayed good overall netball skills and is another player who has a bright future ahead of her.

Jodi Leemhuis: a very determined player who puts a lot of effort into her games. She has good overall netball skills, and is a versatile player who can play attack of defence positions equally.

Briohny McQuillen: is a strong attacking player who is the other half of the team's shooting duo. Displays great aerial ability, and has good ball skills. Has the ability to lift the rest of the team with some stylish shooting.

Kate Fuller: a strong defence player who has been consistent throughout the season. Can be relied upon to play a very tight game. Loves to demonstrate her strong passing. Good team member.

Rebecca Walker: plays mainly in the centre court positions, loves to talk the team up. A versatile player who can play in many key positions. Displays good netball skills and has the potential to succeed at a higher level in the game.

Katherine Ivansson: has been the supportive member of the team. Often filling in for injured players. Plays mainly in the defence position, and is proving to be one of the Club's most improved players this season. Great trainer.

1st SEMI-FINAL REPORT

This was the battle of the Maddies Club's A grade teams, Minstrels versus Magics. The winner going thru to the grandfinal. For some reason, whenever these two teams meet, the Magics always seem to pull that something extra out of the hat. The game was played at a fast pace, with the scores being level on a few occasions. Mistakes were made by both teams, but to the Magics credit, they seemed more determined to be the winners on the day. The shooters made sure that every shot counted, and the rebounds were theirs. The overall teamwork was great, with the centre court players doing a lot of damage. The defenders were working overtime at their end and their efforts paid off. The Magics won 30-23. They will play the winners out of Minstrels and Coolabahs.

GRANFINAL REPORT

September 5th will not be remembered as a Maddies Day. The majority of the team were having to overcome their loss earlier in the day to Rebel Cougars in the Cadet competition, and had to pull together with the other members of the Magics to face Coolabahs in the A Grade grandfinal. The conditions on court were very slippery, and therefore the pace of the game was a lot slower. The Magics settled down to establish a four goal lead at quarter time. However, Coolabahs were not going to give up and came right back at us with scores being

level on many occasions throughout the rest of the game. The Magics at times let their concentration lapse, and silly mistakes were made proving to be very costly. Some great shooting by our shooters helped lift the team's spirits. However at the final siren, scores were level 26-26. The extra five minutes each way proved to be too much for our tiring team, and they finally succumbed to being beaten by 1 goal by a much more finals experienced team. The team should be very proud of themselves for their efforts on the day. Success will come.
