## **PRESIDENT'S REPORT**

This season the club fielded yet again 11 teams ranging from Year 3 through to Seniors. We were again very competitive in all grades, and were well rewarded at the end of this season with our Year 6 team finishing Runners-up in their competition, 3 Intermediate Grand Final wins, and 1 B Grade Grand Final Win. Our two cadet teams were very competitive, with the Magik Masters just missing a Grand Final berth by 1 goal. Our A Grade team, Maddies finished third in a very strong A Grade competition. All players are to be congratulated on their efforts throughout the season. As well, we gained the services of some great coaches this season, those being, Leanne Dewar, Ben Leitch, Carolynne Leddy, and Johanna Grey. They all settled well into our club, and some enjoyed the rewards of coaching Maddies teams by winning Grand finals. I would especially like to thank all the club coaches, umpires and managers for their outstanding efforts this season, without their valuable assistance we would not have been able to field teams and be the No. 1 club that we are.

I would also like to welcome the Blue Jays and Valley Tornadoes who have affiliated with our club this season. The Blue Jays is an Intermediates team who all played together at Holy Family Netball Club, and have now formed their own club. Our club has been able to assist the Blue Jays with training and coaching this season, and look forward to continuing our supporting role with them. The Valley Tornadoes are an affiliated club team, as 8 of the 9 players are Maddies players and coaches.

1995 was a year that saw many changes at Tuggeranong Netball Association and at Maddies. After Maddies won the A Grade competition very convincingly last year, it was felt that the competition was in definite need of a change. TNA decided it was time that it got serious about its netball, and were determined to enter a team in the ACT Netball State League Competition. Therefore, nominations were called for from all TNA Associated club players to stand for selection in this team. TNA named this team the Valley Tornadoes, and acquired Cathy Eaton from the Therapeutic Massage Centre, Weston as its sponsor. TNA also toyed with the idea of playing this team in the A Grade Inter-District Competition with South Canberra and Arawang, however decided against this when it gained a new A Grade team Phillip Honda from Arawang. Unfortunately for Maddies, 10 of the 12 players selected in this squad were Maddies players. However, it was decided that two of the players could stand for selection in their club A grade teams to play on Saturdays, and remain in the squad for the State League Games. This provided a fair amount of rivalry and competitiveness within the Association and the club. Maddies were left with only two teams to compete in the A Grade competition this season, and we found the going a little tougher.

However, the development of these selected players throughout the season was impressive, and under the coaching of Natalie Hayward, an ACT Elite player and former ACT Academy Captain, they were the winners of the TNA A Grade competition this season.

The club enjoyed another great day earlier in the season, with the two junior teams competing in the TNA Junior Gala Day Carnival. This was the first time, the club had a year 3 team playing at Calwell. The girls looked magnificent yet again in the club uniform, and the club was very proud of their marching efforts in the March Past.

Congratulations must go to all the club players who were selected in the 1995 TNA Representative Squads this year. As well, I must pass on congratulations to all club coaches who also coached TNA Representative teams this season. This year was TNA's most successful as it won 7 out of a possible 10 ACT Junior Netball Championship Trophies. Three of our Maddies players, Carla Howman, Tiana Benjamin and Emily Ingram won ACT Shooters Awards with some incredible shooting percentages at these championships. The club also had 7 players selected in the ACT 15's & 14's Development squads this year, those being Nicole Kidman, Rebecca Ingram, Debra Hart, Tiana Benjamin, Sandra Sweeney, Belinda Ryan and Michelle Sweeney. Also selected in ACT 17's & 19's Squads were Kate Lauchland, Melissa Williams, Kristy-Leigh Simpson and Valley Tornadoes member, Jo Fitzpatrick. This year, ACT Netball invited three of our Intermediate players, Suzie Morris, Rebecca Ingram and Lisa Haines to participate in a Wing Attack Specialist Course.

At the Tuggeranong Netball Association's Senior Presentation Evening, congratulations were in order for Lil Kol from our A Grade Migraines team for taking out the TNA Senior Best & Fairest Trophy for the 1995 season. Along with Lil, Kirsten Duffy from the Magik Masters also won the TNA Cadet Best & Fairest Trophy. These two recipients were well deserving of their awards. Other presentations made were Kirsten McDonald "Best in A Grade Grand Final", and Debbie Gilbert "Best in B Grade Final". In her four years with Maddies Netball Club, Debbie has played in four Grand Finals, and helped win two. A great effort. Kate Lauchland was awarded with the TNA "Best State League Player" for her efforts in the ACT State League Division 2 Competition.

I would also like to congratulate four club umpires Dave Cook, Sandy Ball, Kate Fuller and Rebecca Rake for receiving their 'All Australian State C Badges' this year. Rebecca who is only 12 years old is the youngest ACT umpire to receive a C Badge, however she has been umpiring since she was in nappies.

I would also like to thank our major sponsor, Ian and Pauline Keen from ACT Head Services Pty. Ltd for their valued continued and generous sponsorship. They have been our major sponsor for the last four years, and it is through their generosity that the club is able to provide all players, coaches, umpires with end of year gifts and year book.

Thanks also to the other club sponsors, Monier PGH, Canberra Sand and Gravel Centres, Capital Bricks - Queanbeyan, Greg Stoll, May Kerr, Josie Conlan

Maddies is indeed a club full of very talented, determined and fun-loving netballers who enjoy playing the game. The club has worked very hard to ensure that this will continue, and every year is well rewarded with its on-court successes. A special mention to the wonderful supporting parents who come along every Saturday to cheer on our club teams. Good sportsmanship and behaviour is very important to this club, and Maddies can be very proud of its players, coaches and parents this season.

Special thanks to the committee, Helen Cain, Jill Ingram, Sean Roche, and Lyn Maclay for their valuable contributions throughout the season. However, yet again the backbone of the administration side has been Lyn Maclay who has given 110% assistance as usual, and has been very supportive to myself and the club throughout some difficult times this season.

Congratulations to Lil Kol for taking out the 1995 TNA Senior Best & Fairest Award, and to Kirsten Duffy for taking out the 1995 TNA Cadet Best & Fairest Award, both awards were well deserved. As well, congratulations to Kate Lauchland for being voted the Tornadoes Best State League Player in 1995.

Finally, in closing I would like to thank TNA Officials for their valued efforts in running the competition held at TNA this season. Special mention to Rosa Geremia who as Senior Umpire Convenor was very supportive to all our club umpires this season.

Enjoy the break, and I hope to see you all next season.

Erica Lauchland

## UMPIRE SCENE

The 1995 Winter season has seen the continued development of umpires in the Maddies Netball Club with an additional four State 'C' Badges being added to our ranks.

Maddies congratulates Kate Fuller, Dave Cook, Rebecca Rake and Sandy Ball who were successful in obtaining State 'C' Badges.

It takes a great deal of commitment and hard work for any umpire to train for a State Badge. Along the way they will meet with criticism from their coaches, as well as from the players and spectators for whom they umpire. They will need to face the fact that aspects of their performance and technique need improvement and work. As you would agree it is not easy to admit you have a fault, it takes a great deal of courage to face the fact and to commit to the work required to achieve better results.

Umpiring is no different to playing, an umpire must perform to their highest standard if they are to have a successful game. They must train to develop and maintain their skills. The achievement of our newest Badged Umpires is to be congratulated.

The good news is that Maddies has several more aspiring Badged Umpires and we can reasonably expect the 1996 season will see another three members achieve this status.

All Maddies members can be proud of the fact that Maddies now boasts one 'B' and nine 'C' Badges. TNA has a total of 17 active State Badged umpires of which more than half belong with Maddies.

We should all take a moment to appreciate the work and commitment these umpires have contributed to Maddies and TNA and to congratulate those who have achieved this milestone.

Helen Cain

# Maddies

## Midgets

This was the first "Year Three team" Maddies has entered in the Tuggeranong Junior Netball Competition. It was a year of trial and error, and definitely a learning one. If this year's team is anything to go by, then Maddies have some extremely talented players for the future. The Midgets have been a lot of fun this season, and their improvement is obvious to anyone who watches them. Of course, like any team there are a lot of people that help to make a team what it is. Special thanks to Sean Roche, our team manager and Lisa Haines and Kelly Lawler (our umpires) and all who supported enthusiastically throughout the season. Congratulations on a fine season girls!

### PEN-PICS

**Rachel Haines:** Rachel is a talented player who often delights spectators (and her coaches!) with beautiful intercepts and goals. She has a big future in netball ahead of her. Remember Rachele, when you are in the Australian team, that you started with Maddies.

**Emma Tscheppera:** Emma is a talented team player and actress. (If she doesn't go on further with netball, acting is a definite career possibility). She runs every ball down, never giving anything less than 110%. With her "lucky guesses" and her huge smile, she has a big future in netball ahead of her!

**Rhiannon Kociolek:** Rhiannon was the 'baby' of the team! Easily recognised as the smallest on court with her bright blue gloves, and probably an orange in her mouth. Rhiannon made a great start to netball proving to be a very decisive player. She must get that from her Aunty Amanda!

Emma Roche: Emma is a great all round player who always tries her best. She is a great team member and sportsperson who is good at training and chases every ball that goes her way. She has been a delight to coach and has a big future in netball ahead.

Shara Leddy: Shara is an enthusiastic player who always tries her best during the game and at training. With her tight defence and super strong passes she often has the opposition and spectators wondering in amazement. She has been a delight to coach this season. As well, she also taught us a new meaning for the term "lead", when asked this at training one night, she told the team and the coaches, that it is what you use for taking a dog for a walk. You are a real wag Shara.

Katie Johnson: Katie has been the quiet achiever of the team. She is a keen trainer and a good all round player who always tries her best. She is a cheerful member of the team, a great sportsperson and is an example to others - in that if you listen at training, you will succeed in the game.

Carly Lawler: Carly is a good team player who always tries her best. She seems to enjoy all aspects of netball and is a good all-round player. She has developed her skills throughout this season and has been a delight to coach. She is also a great little rap dancer.

Brooke West: Brooke is an extremely lively player who has developed steadily throughout the season. She plays well in all positions often scaring the smaller opposition with her tall height. She is a good team member.

Bridie Murtha: Bridie made a great start to the season, developing as a consistent netballer. Unfortunately she broke her arm and missed a lot of the second half of the season. She always gave her best at training, trying to improve her skills, and this was most evident in her game on Saturdays. Give the snow a miss until the end of netball season next year Bridie!

Amanda Campbell  
Sarah Ingram

Madness

The Madness turned out to be a very strong team this season, coming runners-up in their Year 6 Division. They were determined to improve on their efforts from last season. With a few new members to the team, good on-court team work developed and when the girls realised that if you play as a team, you win games, they did. It has been a great year for the Madness team, and thanks must go to Mr Mark Leddy for being a fantastic team manager who gave support, encouragement, praise and discipline when needed. As well, thanks to our team umpire, Rebecca Rake for umpiring our games, and topping off her season by receiving her "State C" Umpire badge this season. Thanks also to all the Mum's, Dad's and family members who supported the team every Saturday. See you all next year girls.

#### PEN-PICS

Emily Grey: Emily's improvement and dedication this year gave her a solid place as goal shooter in the team. Practising her goals made her shooting game improve 100%, and just goes to show what you can do if you put your mind to it. She worked very well with the other "Emily" in the circle. Well done! you have had a great season, you little "Gladiator".

Emily Ingram: "Star" should be Emily's middle name. Her skilful playing and accurate shooting makes her a valuable asset to the team. Emily always gives 110% plus in training and in her games. She is also a good supporter of her fellow teammates on and off the court. We are all expecting her to be the next "Vicki Wilson". Good luck for the future!

Stefanie Tibballs: Stefanie only started playing netball this year, but her improvement has to be seen to be believed. She has put in a lot of effort and dedication at training sessions, and this is evident in her games. She is a quiet achiever, and has worked very hard on her footwork. She has settled into the skilled line-up very well. Keep up the good work!

Lauren Roche: Lauren is a very attentive player who is always trying to pick up new skills and apply them to the game. She is a strong defensive player and is always willing to play any position that she is placed in. She has strong aerial skills and good ball skills and is a player with a big future ahead.

Mikayla Walton: Mikayla is an important part of the team and has proven to be a utility player, who can play most positions on court. From Wing Defence to Goal Shooter, her play is both enjoyable and a delight to watch. She is a vocal player on court, and has finally learnt to relax during her games. She always gives 110% in her games. Good season!

Brianne Wymen: Brianne is a delightful player to coach. She is an excellent centre court player, who uses her great ball handling skills and speed very well, considering she lacks a little in height. She always has a smile on her face, and enjoys her netball. She has also had a great season. Keep up the good work.

Rebecca Galeff: Rebecca is a very well respected and well-liked member of our team. She has had an outstanding season with our team. Her amazing aerial skills and defensive play has been an asset to the team. She is a great team member who always shows great sportsmanship on and off the court, and always has a smile on her face. She is definitely one netballer who will go far in the game!!!

Joanne Leddy: Joanne has improved greatly this season, she has worked very well with Rebecca and Lauren in defence. Her tight defence and blocks in the circle have assisted the team greatly. She has learnt to use her height, and has become a reliable solid player who follows the coaches instructions. Her confidence on court has grown. She should be extremely proud of her season!

Abby Clearihan: Abby is a player who always has something to say, even during the game. She has worked hard on her skills and on-court play this season, and this was evident on court. She has played mainly in the wing defence area this season, and has been a strong player for the team. She just needs to concentrate on her stepping!

Elisa Daley: "Louie" as she is known to us all, is a new member to the team this season, and what a bonus she turned out to be. She slotted into the team, and within the first few weeks, showed her dominant skills throughout her games. She is a very competitive player who loves to blitz her opponents. She gives her all in a game of netball. She is also quite a little joker at times!

One of the greater moments for the Madness team this season, was their efforts in their last game of the season. They had to play Wanniasa Warriors who had previously defeated them very convincingly in the first round. They had to beat this team to come runners-up in their own rights, otherwise they would share the trophy with Gowrie. They were determined to win, and played like 'Gladiators', providing the many spectators on the sidelines with some great netball. The game was close all throughout, causing many on the sidelines with some nervous moments, but to their credit, Madness put in a great last quarter to narrowly win the game by two goals. This was indeed a proud moment for our club. The rivalry between these two teams over the last couple of seasons, has always been friendly but competitive. The good news for Maddies is that most of the team members in Warriors and their coach, Helen Bateman are coming to join our club in 1996.

Members of the Maddies Madness and Wanniasa Warriors posing for their photo after their last game of the 1995 TNA Junior Netball Season.

P.S. It was a great season Madness, you will all do extremely well in the Intermediate Competition next season.

Peta Fuller  
Kate Connolly

# *Maddies*

## Mustangs

As coaches, we were a little frightened to coach this team at the beginning of the season, mainly because of their name, the 'Mustangs'. However, every Saturday, we braved it out of our warm beds and out to the near snow covered Calwell Courts each Saturday to be with the girls. The worst part of coaching was trying to convince the girls that being in Division One would be good for their development, and that they could be just as good or even better than most of the other Division One teams. Overall, Mustangs were a great team to coach and full of talent. Not one of them failed to make an improvement on their skills and knowledge at some time throughout the season. Remember, girls, have confidence in yourselves, and you will show the rest of them that you are a force to be reckoned with. Thanks to our team managers, Mrs Myer and team umpire, Sarah Ingram who supported the team throughout the season.

### PEN-PICS

Suzi Morris: Captain - No matter where Suzi was, either at training or on the court she was always giving a 100 % effort. Suzi started the season playing centre court and was very strong and committed to this position. As a centre court player, Suzi provided a reliable source for feeding through the centre court and into the circle. Not only was Suzi a great centre court player, but was our secret shooting weapon and was not put off by tall defensive players as she managed to shoot successfully and work the ball well in the circle. 'Suzi just remember that when playing shooter, you are allowed in the circle!'

Lauren Barr: A new comer to Maddies, and part of our defensive trio, and probably the quietest in our team, was a great defensive player with an unbelievable stretch and arms that came from nowhere. Always trying for rebounds and tight defence work in the circle, Lauren never made it easy for her opponent. But keep your head up in the circle or one day you might headbutt the goalpost.

Amy Elliott: The second part of our defensive trio who was easily the most improved player for the season. Along with great intercepts and rebounds, she always tried her hardest to perform the new coaching tips. But Amy does it really put off the opposition, if you get on the ground and start barking like a dog?

Tess Tscheppera: The third part of our defensive trio. Tess showed throughout the whole season that she has had experience in Division One previously. Tess showed versatility around the defensive end and was always wiling to play any other position if needed. She showed her full potential in every game that she had played and never gave any less effort. Keep up the good work, but remember always keep strong on circle edge.

Laura Withers: Laura, a versatile player at both ends of the court always gave her best. Laura started the season off in the goal circle shooting to her best potential making every shot and rebound needed, (even though we did not need that many rebounds). Towards the end of the season, Laura put all her hard work and effort down in the defence end and was a great asset to the team. Make sure you keep up the good work in both ends of the court.

Christina Myers: Giggling Gurtie No. 1. Christina never gave up either on court or at training, she always gave 100% to the team and her individual skills. Throughout the season, Christina made major improvements to her knowledge and skills of the game, and she is always willing to learn more. Keep up the good work Christina.

Aimee Daley: Giggling Gurtie No. 2. Aimee was a strong centre court player who always seemed to give a 100% and making sure she was the first one out to receive the centre passes and always prepared to re-offer her leads down the whole court. Aimee always kept the team going not only on court but also off court with her funny humour.

Carla Howman: Our 100% shooter. Carla always managed to put her whole effort into her game, she never seemed to give up until the game was over. Carla has improved a lot over the season, and always managed to put what she learnt at training into her games. She was a great asset to her team members. Carla just has to work a little harder on her aggression. Remember to put up your 50 shots a day.

Rebecca Stone: Last, but not least, Rebecca was one of our strongest centre court players, and was one of the team's most valuable players on court, as she would never give up till the final whistle. Her improvement over the season was most evident, as she displayed good ball skills and quick speed during all her games. She had some outstanding games, and with hard work could have a good future in netball.

Kym Mead  
Kristy-Leigh Simpson

# Maddies

## Mongrels

Johanna and I want to thank the families of the players for their support. Especially the Mums! The girls are so lucky to have mum's that love them and are so proud of them that they will brave the Calwell courts in the middle of Canberra's dreaded winter to cheer them on. Thank you one and all for a great season.

P.S. I also think I ought to thank my wonderful supporting family, Mark, Joanne, and Shara for their full-on support this season. Thanks guys!

It would be a terrible injustice if I didn't thank Kate Connolly for her umpiring. We are very grateful for your time and efforts Kate.

### PEN-PICS

Lauren Bazevski: A quiet achiever. Lauren is often free for the quick pass, but because she doesn't scream out 'Here', she is overlooked. Don't worry Lauren, - we saw you there - free. Good effort. A great centre court player - and a good defender.

Sally Clearihan: Sally has a great sense of humour and sometimes the joke is on us. Hey Sally, did you know when you are Captain and you win the toss, you normally choose the centre pass! I guess it was a strategy. A good defending player who doesn't give the coaches too hard a time if she is asked to play out of position.

Monique Dempsey: A consistent goal attack who has a great attitude and able to bluff her opposition. Too bad, she tries to put it over the coaches at training as well! You have a great ability to shoot and your aggressive style is an asset to the team.

Rebecca Miller: Rebecca is a star. She will play in any position and always gives 100%. Rebecca, you have a great attitude and have been an absolute pleasure to coach and watch play. A great season's performance.

Angela Moore: Angie, versatility personified. A great player with attitude and sometimes known to give the coaches a hard time, at training but is forgiven when she puts in a consistently good game each Saturday.

Lauren Murtha: A gentle giant who has been encouraged to jump for rebounds. Lauren is another grinner and we know if there is a bad decision called near Lauren - She is really good at facial expression that says "Who me?" or "the GD hit it out". Lauren is great at taking lobs and thankfully has a pretty good goaling average. A good season, Lauren.

Nicole Shepherd: Nikki has great ability, but often she is pre-occupied with Monique about things more important than Netball. Nikki could be a great player if she wanted to be, and I'm sure she could go far in WA or Centre. Always cheerful, puts in a great effort on Saturdays, Nikki no longer hits the ball at toss-ups, we are proud of you.

Rachel Wykes: Another gentle giant who we have tried to encourage to jump for rebounds. Rachel is a great defence and is also a closet shooter. A few times when Rachel has been asked to play out of position, she has really put in a super human performance. A great asset to the team, and a pleasure to coach.

Lanor Moore: Team Manager. Thank you so much Lanor for managing the team this season. You have been a fabulous assistance to the team and I thank you on the team's behalf. Thanks also for being the minder of the earrings, puffer and the jumpers. We also appreciate your ability to maintain a cool head when the pressure has been full on!

#### **1st Semi-Final:** Mongrels versus Dolphins

This was a shock for the team, having played the season without losing a game, the monkey was on our back! The girls may have been trying too hard, they forgot the setplays and panicked. The game was very close and we lost by one goal. Maybe it was just what we needed to get the competitive edge back for the following weeks.

#### **2nd Semi-Final:** Mongrels versus St. Peters

Another close game, St. Peters played a great game, but Mongrels really wanted to win and all of the girls played with absolute commitment. Rachel Wykes would have been selected for the ACT Team if they'd seen her playing, winning the ball when it was just her on both the shooters. Monique got some really hot goals and it was clear to all on the sidelines that if the girls kept their form, they would be the Premiers. We won by 1 goal!!!! **WINNERS ARE GRINNERS**

**Grand Final:** Mongrels versus Dolphins

At last, the Big One! Mongrels started strong and had a few quick goals on the scoreboard early in the game. Dolphins played well, and by 3/4 time, the score was 11 - 11. The final quarter went goal for goal, and when the final Whistle blew, it was Mongrels by 1 goal AGAIN!!!! What a Game!!! **Congratulations to Rachel Wykes who was voted BEST PLAYER IN THE GRAND FINAL.**

Now the old coach can sleep on Friday nights, still have a voice on Saturday night, stay home Tuesday night, and stop chewing on Mylanta tablets all day Saturday.

**P.S.** The TNA Intermediate Presentation Disco was a rage, it is definitely a night not to be missed. Thanks for the Funny balloons Girls!

Carolynne Leddy  
Johanna Grey

Pictured above are two volunteers, Brian Dunley and Greg Stoll (Maddies Sponsor) who gave up their time every Saturday to help organise and cook the sausages. TNA were extremely appreciative of their efforts and presented them with TNA jackets to help keep them warm next season. And yes!, they are cooking the sausages in the shed, (they were having a little problem with the wind on this particular Saturday, and came up with this plan. Great thinking guys and thanks for your efforts throughout the season.

*Maddies*

Marvellous

1995 was definitely a "Marvellous " year. Going through the season without a loss was a great achievement for these girls, as they took pride in being the best at TNA. Overall, the Marvellous are a delight to watch and coach. They combine well on court, always encouraging each other, showing their enthusiastic team spirit. They are determined netballers who always display outstanding netball skills, speed and ability. They love handing out defeats to opposing teams. The Marvellous is a team full of talented netballers who can and we are sure will succeed at the highest level of netball in future years to come. To the relief of the club, the TNA Division 1 Intermediate Trophy returns to the President's Trophy Case once again. Well done Girls.

#### PEN-PICS

Nicole Kidman: As our "Captain Courageous" this season, Nicole has been the backbone of the Marvellous defence. Being an experienced Division 1 and A Grade player, she has out-played all her opponents with her cool, calm and collected style. Relied on for her solid intercepts and hand quickness, Nicole is a pleasure to watch from the sidelines. Rumour has it that next season, Nicole could be making a positional change to the shooting end! after some of her efforts this season.

Debra Hart: "Vice-Captain", Debra is a new comer to our club this year, and has fitted into the Marvellous line up with no trouble. A talented centre court player, who always gives her best, Debra has proven to be a real asset with her strong passes and hands of glue. She has shattered oppositions on many occasions with her classy ability to feed the goal circle. Debra's only downfall is exactly that, she seems to have a problem standing up on Court 5!

Stevie Angel: Stevie is the "quiet achiever" of the team. She is a strong player, who was born to wear the "C" patch. Stevie has performed outstandingly throughout this season with her accurate passes and skilful defence. She has proven to us that any good centre can play wing defence with ease. Another great season, Stevie!

Tiana Benjamin: Tiana is one of the team's "spectacular shooters". Her splendid display of passes and consistent accuracy has been a real bonus to our team. As coaches, we love watching Tiana take beautiful and strong rebounds. Her team spirit and supportive encouragement has helped the Marvellous on many occasions. Tiana has proven to be a great team member.

Amanda Warburton: Well, this is a player of great skill and ability! As another solid defence player we have relied on Amanda to take many intercepts and rebounds which she has done with ease. Amanda is a player who puts in 100% effort in at training, and this is evident for each Saturday, as she always has a blinder of a game. Amanda has managed to keep a smile on everyone's face with her humorous personality. She just needs to watch out for stationary cars in the future.

Jacqueline Keast: Jackie is TNA's next Liz Ellis. A player with a stretch anyone would kill for. We missed our "J" in the last part of the season, as she was cheeky enough to take a long holiday. Jackie was always relied on to take amazingly difficult intercepts and rebounds, and she did it with ease. She is a great trainer and has beautiful ball and footwork skills.

Lisa Haines: Lisa the team's specialist Wing Attack. A player who always works hard at training to improve her skills, she believes nothing is impossible. With her classy, fast centre breaks, she makes attacking look easy. A player with a bright and bubbly attitude, and renowned for picking her scabs just to be able to go to the blood bin. Lisa is definitely the personality of the Marvellous team.

Megan Helmers: Megan has acquired the nickname "the Ghost" this season. Being a very talented basketballer, we have missed her in some games during the season. Another member of our talented centre court, Megan has dazzled us with her strong passes and quick attacking skills. Megan is a small player with a big heart. She has great determination and will run all day if it means a win. This determination will take her far in the future.

Rebecca Ingram: Becky, the "swish" shooter has had a very successful season. Renowned at TNA for shooting goals outside the circle, Becky's accuracy has been relied upon greatly this season. A clever player who reads play well, Becky delivers passes of great speed and accuracy into the goal circle. Not only is she a legend shooter, but also a brilliant centre, she has improved since the last time she played there which was when she was in Grade 5.

Belinda Mair: Belinda is a member of our shooting threesome. Her strong presence and confidence on court has helped the Marvellous this season. Belinda is a player with great strengths, her front cuts into the goal circle are superb. She is a player of great speed and likes to play a fast and flowing style of play. She is another talented basketballer who has a big future ahead of her in any sport. Unfortunately for the team and Belinda, she injured her ankle and had to sit on the sidelines and watch the finals. Very frustrating indeed!, and very stressful on the coaches.

**1st Semi-Final:** Marvellous versus Red Hot Rebels

Having gone through the season undefeated, the team had a reason to be very confident going into this game. However, without Belinda and Amanda, the team suddenly had to rely on Debra to fill the GD position (and she should be congratulated because she did a fantastic job). The team came out full of energy, ready to win, but lots of nerves. We underestimated our opposition. The game was very fast, with the Marvellous looking somewhat rattled. After some stern words from a very rattled nervous coaching team at half-time, (the words being that Division 1 players don't cry, only the coaches), the Marvellous settled down and took full control of the game. The coaches breathed sighs of relief. Final Score 23 - 19.

**Grand Final:** Marvellous versus Red Hot Rebels

This game was to be a repeat of the 1st semi. Determined to win this game by more than 4 goals, the girls went out hard and fast from the start. However, so did their opponents sticking right behind them all the way. With somewhat kind, encouraging words for the Club President at half-time, the Marvellous decided to turn on the Class, and play like the team they really were, "Better than all the rest". They totally took control outclassing Rebels in the last quarter with their speed through the centre court, accurate shooting, and sound and solid defence (even if the umpires didn't think so at times). At the end of the game they ran out convincing winners by 8 goals. Final score 27-19. We all breathed sighs of Success. A great end to a great season. Thanks Girls

Special thanks must go to Francis Hart for being team manager, and warming up the team each Saturday. Debbie Haines for scoring and Jill Ingram for being team umpire and No. 1 Support on Grand Final Day. Don't worry Jill, we think you should win the President's Award this year too!

Kate Lauchland  
Emma Maclay

# Maddies

## Moovers

I knew, from when the Moovers originally wanted to be called the Maddies Motor Mouths, that this was going to be an interesting season of netball. Although they often voiced their displeasure about training, they worked hard nevertheless. And this paid off at Saturday's games. Congratulations to the girls, they had a great team spirit and worked hard to finish as winners of their division. It's a pity that they are not all continuing to play netball next season. Again, congratulations and thank you to the girls.

### PEN-PICS

Rebecca Trevillian: Captain of the Maddies Moovers. A defence player with the hidden talent of a shooter. Her height combined with Rebecca Rake's speed makes them a good team in the goal circle. Rebecca's leadership and encouragement on court helped to lift the team through many tough games.

Jessica Johnston: The definite improver on the team. Jessica plays centre court positions, and has specialised in Wing Attack. Her ability to receive centre passes and improved feeding of the goal circle has made her an asset to the team.

Erin West: A fantastic defence player whose ability to get a hand to nearly every pass made her a shooters nightmare. Erin's lovely stretch always reduces the accuracy of the shooters. One of the Tuggeranong Rep players, Erin has the potential to succeed in her sport.

Sarah Wain: Likes to play WD or GK, although she thinks that GD - standing for Good Distracter - is more her sort of position. Sarah's form of defence (talking to the opposition) works better than I imagined it would.

Lauren Franze: Our quiet Wing Defence and centre court player. Lauren's ability to read the game and excellent defence makes taking intercepts a weekly event. Lauren's court work and good ball skills make her a strong player on the Moovers.

Leah Fowler: After starting the season with the Moovers, Leah went overseas for 6 weeks, and she missed some competition games. Leah's skills in defence were sorely missed and her return to the team was welcomed. Leah is a reliable netballer with a lot of talent.

Tanya Curtis: Has been the team's surprise package. As she is able to play most positions on court, Tanya has been a great asset to the team. Tanya's ball skills and defensive and attacking skills have improved greatly this season, and with continuing hard work, she will be a great player in the future.

Michelle Grayson: A dynamic centre court player who had the job of playing centre for most of our games. Michelle played this position very well, exceeding in working the ball down the court and feeding the circle. Michelle's ability to pick up and control loose passes was a game-saver.

Rebecca Rake: A very talented and versatile netball player who likes to play Goal Attack or centre court positions. Rebecca's strong netball skills and team spirit made her a pleasure to coach and a valuable asset to the team.

### **Finals Report:**

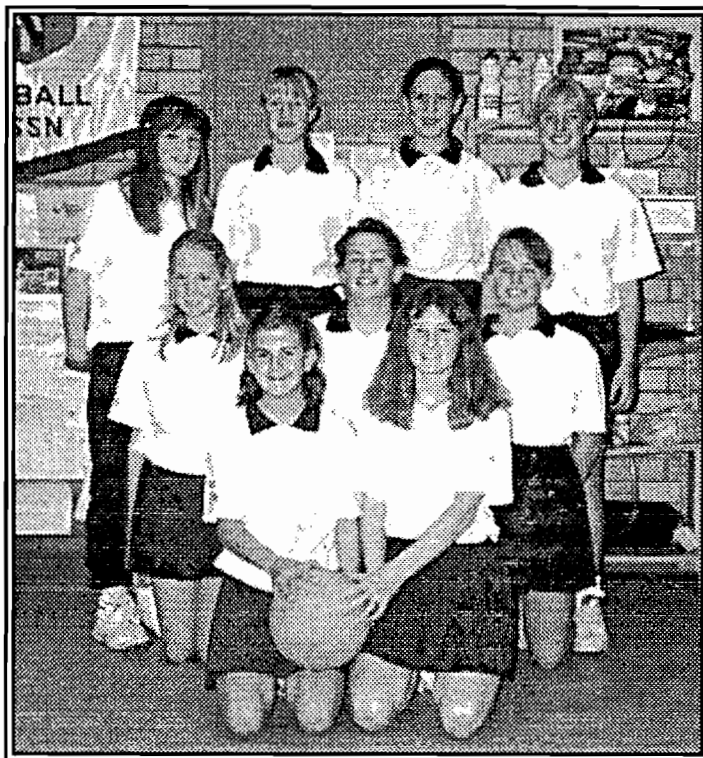

After finishing minor premiers, the Maddies Moovers had to play the St. Peter's Allstars in the major semi-final. Although they played well, nerves and finals stress got the better of them and the Moovers went down 20-11.

The following week, the Moovers took on the Rebel Riots. This time the Moovers with all their players available were unbeatable, and although the Riots played well, Maddies played better, winning by 6 goals.

In the Grandfinal we met the St. Peter's Allstars again, but this time, after playing an excellent game the week before, we were hungry to beat them. We went out strong, and both teams played well, with the Moovers just a little stronger. Certain that the game was going to be a draw, we prepared for another ten minutes of play, when the winning goal was shot - just a tenth of a second before the siren sounded. Congratulations to the Moovers, they played a great game and definitely deserved to win. What a team!

Kate Fuller

## *BLUE JAYS*

Blue Jays is a team which should be immensely proud of their netball efforts throughout the 1995 season. I am certainly proud of the Blue Jays. It is fairly uncommon for nine young people to come along together each Tuesday night for training and each Saturday for the game with smiles on their faces and no grumbling at all. They were always prepared to do their best. The team spirit and friendship which was ever present was very commendable and made my job much easier and very enjoyable. Being placed in first division was a shock!!!! - but just being placed in that division was a compliment to the girl's efforts and skills. Each member of the team has done her best and is to be congratulated. Thanks to Amanda Campbell for her coaching assistance on Saturdays, and to the Maddies Club for their assistance throughout the season. Finally, a big thank you to our umpire through out the season - Jackie Webeck. A stressful job at the best of times and handled with honesty and fairness at all times. Her constant support and dedication to the team was very much appreciated. Thanks Jackie!

### PEN-PICS:

Lisa Broomhall: Enthusiastic was certainly a word to describe Lisa's approach to her game. Sometimes even if the ball was in her opponent's hands, Lisa was keen to get her own hands around it. Her charges up and down the court were just what was needed - Lisa could always be found when it was necessary - and it was often necessary! Well done Lisa, your efforts were invaluable to us!

Brooke Burton: Brooke loved her netball - and unfortunately she loved her horses as well. It's just a pity the horse didn't realise how easily legs get broken and how difficult it is to charge up and down the court with crutches. We missed you Brooke, you started out wonderfully as usual. We look forward to your return next year.

Jemma Dawes: Jemma started out with plaster on her arm and has had a number of follow-up injuries. However her little disasters did not dampen her enthusiasm and her keen spirit for the game. Jemma's support and comments from the sidelines spurred the girls on.

Tarryn Gowen - Tarryn's confidence was dented a bit at the beginning of the year, being confronted with some very strong defensive work in the goal circle. As the season progressed, her shooting and confidence improved greatly, with strong attacking moves helping a lot. It is obvious her netball is very important to her.

Lisa Herron: Attack, defence, Lisa was everywhere. She helped out greatly as shooter, and was also invaluable at the other end of the court, causing concern to the opposition shooters. Her knee caused us some concern, but her love for the game and her brilliant skills kept us fighting many, many times. A star!

Jasmine Johnson: Jasmine came to us at the beginning of the year, the only player not to have started out at Holy Family. What a find! Just about every position on the court had Jasmine's name on it at some stage and her speed and accurate footwork helped us out at every game. A very valuable team member indeed.

Leah O'Hare: Leah's shooting skills are legendary, which is why she spent most of her time in the goal keeping position. Her defensive game improved greatly this year, with a lot more positive moves being made. It is obvious she enjoys her netball and her team spirit was always high!

Michelle Weatherstone: Michelle had to be one of the tiniest netballers in the Intermediate Division - but what she lacks in height, she makes up for in speed. Michelle could usually be found making a wild dash out from the wing for the centre pass - and was mostly successful! She managed to make herself available against some very strong defence, often surprising her opposition.

Kelly Webeck: Kelly started out the season as an attack player and ended the season as a very able wing defence. Her footwork and attacking play improved out of sight - surprising even herself. She is a dedicated netballer, and could always be depended on to have lots of humorous comments at the end of the games. Well done Kell, keep it up!

Kerry Gowen

## JUNIOR GALA DAY

*Winners are Grinners!*

*Members of the Midgets and Madness teams taking a rest in front of the Maddies Banner at this year's Junior Gala Day Carnival. This was the first competition games for the Year 3 Midgets team, and judging by the smile on their faces, they were having a great time. Once again, the junior teams looked great in their club uniforms and hats  
Great effort girls!*

# Maddies

## Magik Masters

The Magik Masters were a great team to coach, they offer so much talent and incredible skills. They were able to develop different techniques and adjust to different plays. This team always has a lot to say, I have never heard so much chit chat in a training session before. However, I must say they always made me laugh and they all gave me 100% effort on the court. This team are a delight to coach, and I am very proud of them all. Special thanks to club umpire, Rebecca Rake for umpiring most of our games this season. Girls, you made my first year as a Maddies Coach a great one!

### PEN PICS:

Michelle Powell: Captain. One of our shooter's, Michelle has proved to be a leader on the court. Michelle works beautifully with Kirsten in the circle, she reads the play well down the court and has some nice passes. She leads very well into the circle and has some remarkable rebounds. Michelle has been a consistent shooter for the season. Well Done.

Kirsten Duffy: The other half of the shooting duo. Kirsten has a great attitude both on and off the court, always encouraging the team on Saturdays. Kirsten played really well all season, especially with Michelle in the circle. She always gives a second option on court helping to bring the ball down. Kirsten had a good shooting average for the season and she was great to coach.

Natasha Williams: Such a versatile player, Natasha gave 110% in any area she played. She is an excellent centre court player reading the play so well. Natasha runs the centre to a tee. She will defend all the way down court fighting to get the ball back. A very determined player and a pleasure to coach.

Sally Roberts: Sally was our WA and sometimes WD. As the season has passed on, Sally has improved on her skills remarkably. Sally always has something to say at training's and on court, she is a great team member always creating laughter. Sally will do well with a bit of concentration, as she has the determination.

Erin Maier: Erin is a beautiful centre, she is always there to pass the ball to and in defence she comes out of nowhere to take an intercept. Erin is always watching what's going on. She seems to be quite off the court, but on the court, she is quite an aggressive player. Erin is a very talented player. Well Done for a great season.

Bernie Carroll: Bernie has improved so much this season. She has managed to become a good defensive player, controlling the positions of either WD or GK, a big change from WA. Bernie has always given me 100% in any position that I have played her. She is a great team member.

Tracey Mitchell: What a defence! Tracey played GD, GK, and WD, and in all these positions played them with great skills. Tracey has the ability to pick off intercepts and then change the roll to give great leads down the court. Tracey has a lot of talent to offer to any team. Well done.

Belinda Ryan: Defence, Shooter, what can I say? Belinda mainly played GK which she did so well and on the odd occasion, I could put her in shooting and she had a great shooting accuracy in there too. Belinda is a great asset to the team both on and off the court and a pleasure to coach.

Kate Myszka: GD or GK, Kate has great dynamic skills in these positions. We missed Kate for half the season due to an ankle injury, but in the time she did play, she was an asset. Kate has a lot of talent to offer, as well as being a good team member offering support both on and off the court. Keep up the good work, Kate.

**1st Semi-Final:** Magik Masters versus St. Peter's Legends

Saturday 26th August 95, Magik Masters met their rivals St. Peter's Legends who through the season we had beaten once, and they in return had beaten us once. Therefore it was going to be a very interesting game. Maddies came out strong as they always do, and the game progressed. We were always only 2 to 3 goals down each quarter. We missed Belinda Ryan very much in this game, but the girls fought hard, not giving up at any stage. There were some specky plays by each team, but Maddies just couldn't take the lead. Everyone played well in the team. Final score in the end was 31 -21 St. Peter's way.

**2nd Semi-Final:** Magik Masters versus Kuta Dolphins. Report by Helen Cain  
The Semi Final between Maddies Magik Masters and Kuta Dolphin was a physical game played under difficult circumstances for the Maddies players. Their coach Leanne Dewar was unavailable on the day and I was asked to stand in for her. If this affected the girls is difficult to say, although on reflection of the season I believe Maddies should have won the game and they performed well enough to do so. The difference between the two teams may have been the number of very vocal spectators on the sideline, or it may have been Leanne's absence. Either way the end result was a win for Kuta. Maddies defence was solid and followed instruction to the letter. Belinda was highly successful in reducing the Goal Shooter's effectiveness and restricting her movement in the circle. Our attack suffered from nerves at the outset of the game and this contributed to Kuta's solid start. The end of the first and the second quarter were good ones for Maddies and saw a resurgence in our scoreline. Replacements were made at half time in an attempt to put more strike power into our attack end. This unfortunately resulted in a drop in intensity in our defence end. More rearranging at three quarter time produced more effective results, however, it was too little too late and the result was recorded as a 1 goal win to Kuta. As stand in coach I have to say that the girls played exceptionally well and did Leanne's coaching abilities proud. Next Year girls.

A special thanks to our supporters throughout the season, we had quite a few parents who were there most games.

Leanne Dewar

# Maddies

Max's

This team have definitely been interesting to coach. Their performances at games has remained consistent throughout the season, however their dedication and concentration at training has left a lot to be desired. With a little more discipline they could go a long way. They were a pleasant (if not unusual bunch of girls) that haven't been too difficult to coach. Thank you to Mr Sweeney for umpiring and thank you girls. Special thanks to Mrs Shepherd and Mr Williams for their great support throughout the year and their vocal encouragement from the sidelines. Maddies need more parents like you.

## PEN-PICS:

**Shannon Williams:** As Captain of the team, Shannon has led by example (except at training). She has displayed excellent ball skills throughout the season, which have been a key to her strong defence. Not to be limited however, Shannon also showed that she hasn't forgotten how to shoot. With a bit more discipline at training, Shannon can go a long way.

**Amanda Warburton:** Amanda joined our team to help us out of some early injury worries, and she slotted into the team well. She caused many shooters a lot of trouble with her relentless determination and ability to read the play. She displayed strong skills in all aspects of the game and has a bright future ahead of her.

**Sandra Sweeney:** A bad start to the season for Sandy, breaking her collar bone very early on. But to her credit, she was back in a netball skirt as soon as possible. Since returning, Sandy has gotten back into the swing of things producing some formidable defence. Her height and skills have completed a strong defensive line-up.

Laura Withers: Laura is another player who came into our team to help us with injury. She fitted in perfectly, playing a variety of positions and producing consistent performances in all of them. She has well developed skills, and has a lot of great netball to play yet. Thank you from everyone.

Louise Kidman: One of our shooters, who uses her height to her advantage. She often appears the quite one of the team, however we all now know that a feisty defence can bring out the best in her. Her skills have developed well and she has definitely improved over the season. When confident, her accuracy combined with her height is a strong boost for her team. Well done Louise.

Skye Campbell: Skye's consistency has pulled the team through a lot of close games this season, however her coaches wish she would stop to aim first. Her skills in both the attacking and defensive aspects of the game are very strong making her a valued member of the team. Congratulations Skye, but please practise those push-ups in the off season.

Natasha McClung: As one of our centre court players, it was obvious from the start that Natasha liked to talk, both on and off the court. She has played well, and her skills have improved vastly over the season. If she didn't talk so much at training, there would be no stopping her.

Natalee Withers: Natalee is one of the quite ones (probably because she can't get a word in edgewise), but she always puts in a top effort in the centre court positions. A gradual improvement in her skills has been evident over the season, and has contributed to a number of solid performances. Good Luck in the future Natalee.

Renee Shepherd: Renee is definitely not one of the quite ones in the team. Her bubbly personality is always taken on the court in the form of enthusiasm. Unfortunately sometimes she is too keen, for future reference Renee, a WD cannot run around the attacking third and feed the shooters! Great season Renee.

Kim Mitchell: Another "talker", Kim's height has definitely been an advantage to the team this season. She has ventured out from the circle to WD a number of times this season, playing it like a natural. Kim has a bright future, if she will 'KEEP HER ARMS DOWN'.

### **1st Semi-Final:** - Max's versus Kuta Dolphins

After an up and down season, we found ourselves in the semi's against Kuta Dolphins. Unfortunately for the girls, they started off very slowly and found themselves down by six goals at quartertime. But then..... they warmed up. Especially in the second half, they went onto produce some of the best netball we have seen them play. However, they were unable to peg back the first quarter difference, and went down 16 - 10. Bad Luck Girls, start to believe in yourselves, you are a good team, keep working hard. Good Luck for next season.

Kirsten McDonald  
Melissa Williams

# Maddies

## Models

One thing is for sure, these ladies enjoy their netball, and are consistently wanting to improve. After a disrupted start to the season, I came in a few weeks late to coach them, but I am glad I had the opportunity and hope I taught them something. Commitment over the season was fantastic, and they produced an effort to be proud of. Good Luck in the future, and I hope you stick together for another season. Thanks to all the club umpires for umpiring our games throughout the season, what would we do without you?. (I really mean that Erica!)

### PEN-PICS:

Louise Kelly: Captain - A very talented player who has mainly played in the goal shooter position for the team during this year. Her skills and movement of the ball and herself around the circle are excellent. Her accuracy and natural ability, along with the ability to keep the team in order, have been a great asset to the team. A fine job, well done Louise.

Debbie Gilbert: Vice Captain - Well, what can I say, Mrs Versatility. She played from goal attack to wing attack and even centre, producing an excellent performance all around. Her skills are fantastic and she has the knack of getting into the open spaces on the court (wow). A steady and calming player, who is always capable of lifting her team-mates to a win. She has great dedication, and is always ready to listen at training, but next time Deb, if it's going to hurt, I won't keep making you jump. Great season.

Debra-Lee Bujna: The other half of our shooting duo, until injury struck!!! Deb has proven to be very valuable in the goal circle, using her height to great advantage. Her skills in the circle have produced some great shots, great passes and great rebounds. She is a very important team member, and we all hope you will be 100% for next year. And yes, you will have to cut your nails.

Rachelle Heath: A keen netballer, showing determination throughout the season. Her improvement has been outstanding, especially in her defensive skills. This improvement has made her an invaluable WD or Centre for our team. Her ability to defend in front and close off her oppositions space is fantastic, along with her use of space when on the attack. Just the kind of player a coach likes. Well done Rachelle.

Karen Tarling: A very strong player, and immensely talented. There isn't much I needed to do for Karen. Her footwork, anticipation and speed onto the ball is amazing, and has produced many an intercept. Combine these skills with fantastic vision and coverage of the court, and you have the perfect defence. Keep up that talk in the circle Karen, and remember, even though you would like to, you can't defend everyone on the court. A great asset to the team. Thanks Karen.

Kylie Axelby: Another strong, skilful and versatile player who has graced both ends of the court for the Models this year. She possesses great ability and uses this to her advantage against her opposition. She was a key player in our team line-up, and satisfies that old netball cliché "a good attack, is a good defence". Well done Kylie.

Tracey Christian: Another centre court player who gives 100% in every game. She has displayed great improvement over the season and never gives up in her fight for the ball. She produced a very consistent performance and proved handy to have around. But remember, Come Forward!!!!

Sandy Ball: A fairly good season overall for Sandy, and like others in the team has improved markedly over the year. Her defensive skills, vision and control have come along way in such a short time. Always keen to give it her all, and has proved to be a key defensive player, both in the circle and in the centre court for the team. Well done Sandy.

Jan Bush: A visitor from Port Macquarie. A very strong centre court player who exhibits great ability in all aspects of the game. Her strength onto the ball and strong defence down the court is indispensable. She has a great knowledge of the game, and is always ready to share it with her team mates, much to the delight of any coach. It's just a shame she is only visiting, but the team thanks you for playing with us. I hope you enjoyed the Canberra Winter Jan?

Belinda Ryan: Another player who helped out the team, replacing Nicky Myszka who was called up to A Grade. Using her height to great advantage, she proved to be a strong asset at both ends of the court. With her pleasant manner and strong determination, she slotted easily into the team. She is a player with a bright future ahead of her, good luck Belinda, and thanks a million.

**1st Semi-Final:** Models versus Panther

Today was definitely not a good day to play. After finishing second on the ladder, the ladies came up against Panthers Phasers. Our team was missing a few key players, causing a few problems which lead to an unfortunate loss 22 - 13. While everybody has a bad game once in a while, everybody game 100% and I am sure they will bounce back.

**2nd Semi Final:** Models versus Quick Silver Dolphins

Well, after last week, the nerves were all riding high. However, they knew they wanted to win it and they went out on the court and did it. Everybody on the court played very well, outclassing the opposition in all aspects of the game, trouncing Quick Silver Dolphins. A well deserved win, I am now hoping that the determination to win will carry on into the Grand final.

**Grand Final:** Models versus Panthers Phasers

Whew! We finally made it. Today was a good day to play. The team took to the court not knowing what to expect after the first semi-final, but I could tell they all wanted to win, and with every player present, they had the resources to do it. The first quarter began cautiously until the players became comfortable and slowly stretched out a small lead. Everybody had a good game, giving it their all for four full quarters, which reflected in their win. Congratulations, and well done Ladies. Congratulations to Debbie Gilbert for receiving umpires votes for the TNA "Best in Final" trophy.

Ben Leitch

## *Maddies*

I would like to take this chance to thank all the players and the club officials for making my first full year as a club coach a great one. The season went well considering, we had a few injuries during the season. This was a challenge and a half, as it was basically a new team this year except for two players. The team played very well throughout the season, however they have to learn to slow it down through the centre court and shorten their passes into the shooters. A special thanks to all the girls in the Maddies team for their support on court and at training throughout the year. I look forward to coaching some of you next season. Special thanks to Ernie and Lyn Maclay for assistance on the sidelines during the season, and to all the TNA Badged Umpires for their efforts throughout the season.

### PEN PICS:

**Kate Connolly:** Kate has made the transition this year from playing GA to WA with great success. She has shown determination this season, playing any position she is asked to play in. Kate has a good future in front of her. PS. Kate, remember when your shooting is a little off, keep your elbow in.

**Kate Fuller:** Kate was appointed Captain of the team this year, and has lead by example. Kate was part of the back-bone of my defence end and played extremely well all year. Kate is a very talented, skilled netball/coach who is totally dedicated to this sport. She even enjoys training. Kate can be in my team anytime. Great Season Captain Kate.

Emma Maclay: Em, what would I do without you, coming to netball would be boring if you were not there. Well, What can I say about Emma that she wouldn't. Emma is a very strong and talented centre court player with a bright future ahead of her. She loves to play Centre, although she is a great WA, but definitely not a shooter. Good Luck Em!

Rhiana Depoali: Rhiana was my utility player this season, playing shooter, WA or WD. A good attacking player, as well as being very defensive. She shows good court movement and shooting skills, although she was trying to convince herself that she no longer was a shooter. Her only fault is, she steps on!

Kerri-anne Miller: Kez (as she is affectionately known) was also a key link in my defence end, and showed determination in any of the positions I asked her to play. We missed her very much, when she took an overseas holiday mid season. A player with a big future in netball.

Nicole Kidman: All I have to say about Nicole is talent, talent and talent. Nicole is a player with a big future in netball ahead of her. She is a very strong, talented, highly skilled player who gives 100% in every game. She just needs to lighten up a little regarding umpiring decisions. Remember us when you make big time, Nicole.

Kelly Lawler: Kelly made a come-back to Maddies after a few years rest due to building a family. However her reputation had her being one hell of a goal shooter. I found this to be spot on. A very strong circle player who made every shot count. Kelly has worked hard with the young ones this season, and is looking forward to an even better one next season, perhaps even State League. Good on you, Kelly

Amanda Campbell: Amanda was my centre court player, come wing attack this season. She showed strong court movement and ball skills. She was of the experienced players in a mostly young team.

Nicolé Myszka: A new player to Maddies this season, who started of in the B grade, and soon joined our ranks. Unfortunately for Nicole, she injured herself in her other sport (Athletics) and was unable to finish the season, or get to wear her new t-shirt. She was a strong defence player with good balls skills. I look forward to her return next season. Bad Luck Nicole.

Rebecca Ingram: Our centre court reserve, who was willing to sit on the sidelines for the team each week. Becky is a very skilled goal attack, come wing attack player who enjoyed playing in the big 'A' Grade. When given time on court, she performed brilliantly. She will soon be a regular 'A' player. Thanks Becky.

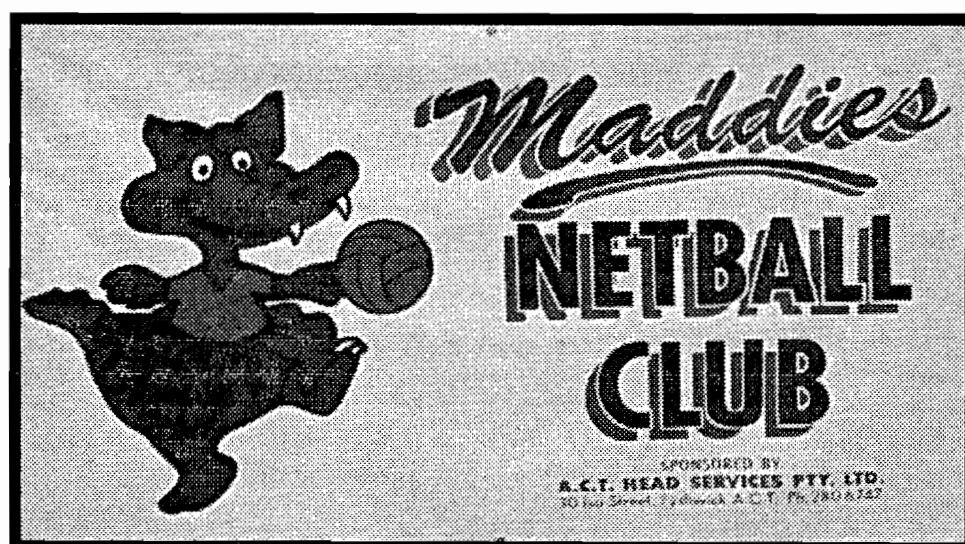

### **1st Semi-Final:** Maddies versus Peak Dolphins

This was a do or die game for Maddies, and after a fairly ordinary run into the finals, the team found something extra for this game. They played their hearts out. They displayed great attacking skills, tight and supportive defence work to outclass their opposition. The shooters had a great day and were well on target. A great team effort, and now for Phillip Honda.

**2nd Semi-Final:** Maddies versus Phillip Honda

This was not to be a Maddies day, coming into this final without the services of Kate Fuller, and also coming up against a very determined Phillip Honda, the girls just could not get their usual good on court team-work into top gear. The game was very close with Phillip Honda maintaining their 3 goal lead from the first quarter. The team became a little agitated with each other at times, with all players making silly mistakes, however they fought out the game to the end going down by just two goals. Disappointing finish to a great season for this top team. Special thanks to the wonder child, Amanda Warburton who was brought up from Intermediates Division 1 to fill in at the GK position for the injured Kate Fuller. Her efforts on the day were outstanding, but she alone could not swing the game for Maddies. You have a great future ahead of you, Amanda.

Dave Cook

The club purchased a new banner this season to proudly display on the fences at Calwell every Saturday. It certainly caught the eye of many young netballers who were very attracted to our alligator logo and colours. Maddies received 72 applications from netballers in Tuggeranong wanting to join our club next season.

# *Maddies*

## Migraines

1995 has been my second year as coach of the Migraines. As was the case last year they have been a great team to be involved with. We saw some changes as a team. The most obvious, and significant, being a move to Senior A Grade. We also had some change to personnel. We had five of the original team being, Bridget, Jo, Kate, Kelly and Cassie. Lil, Michelle, Sarah and Tianna combined to form the 1995 Migraines. The team was totally overwhelmed by 'A Grade' and the results have shown this. I have said all season that, individually, and as a team, the players were capable of better results. Unfortunately I have not been able to convince the players that they possess the necessary skills and talent to compete at this level. I would like to think that 1995 has been a transition phase and that the players will regain confidence in their own ability for next season and go on to prove to themselves that they have the necessary talent and skills to achieve success in 'A Grade'.

### **PEN-PICS**

**Cassie Thomson:** Cassie's defence abilities were underestimated (by herself) this year and, as a consequence, she seemed to feel she was not performing as well as she might. This may have been partially true, however, Cassie continued to be the strength of the team and she again proved to me that she is the ultimate in team players with a unique ability to read the play. Cassie absorbs direction and follows coaching instructions to the letter. Cassie is her own worst critic and, as with most of the team, she faltered through lack of confidence in her own ability. Cassie has made a sound contribution to the 1995 team.

Kelly Shoard: Kelly also suffered a bit from the "I can't do it". Despite this she was again an asset to the team with her strong defensive style. Kelly also follows direction and I appreciated her willingness to commit the odd offence in the name of the game. Kelly continues to exude great energy and I believe she has the potential to achieve in netball. Kelly joins Cassie as a reliable defence who could mix it with the best.

Michelle Sweeney: Michelle was a welcomed addition in defence, who had the odd go at shooting. Michelle has great aerial skills and she uses these skills to intercept, defend and rebound. Michelle was also a little overwhelmed by the company in 'A Grade', however, as she develops her maturity as a player, I am confident she will do very well at this level and achieve her deserved recognition. Michelle has also had a good season and can look forward to many more.

Kate Picton: Kate has always played the centre role in this team, however, this year she showed she can contribute significantly as a wing defence and had a couple of good games in this position. Kate's enthusiasm got the better of her on a couple of occasions and a steady head needs to be developed. Games are always taken seriously with Kate and she provides direction and support through the mid court area.

Johanna Grey: Johanna has had a quiet, but great, season. She is a versatile player who has provided solid centre court support all year. Johanna has slotted in wherever asked and followed coaching direction exceptionally well. She created space and lead all over the court and has made a valuable contribution to the team.

Bridge Harris: Bridget has had an 'interrupted' year in the netball, although she has finished the competition rounds on a confident note. As with Cassie and Kelly, Bridget suffered from a lack of confidence. Bridget has height and manoeuvrability and this provides her with a great basis to develop her goal shooting skills further. She has the ability to use her height for strong rebounding and interception. I believe Bridget can do very well in netball if she so chooses.

Sarah Ingram: In addition to the transition from Cadet to Senior, Sarah was asked to cope with a further change from defence to attack. She undertook this challenge extremely well and I believe is developing into a reliable goal shooter. Sarah also needs to believe in herself a bit more. She is more fortunate than most and has a goal shooting legend as a Mother. (Maybe this worked against her!!) Sarah is a strong team player and I have enjoyed my involvement with her and hope I have contribute to her development.

Lil Kol: Lil was another new addition to the team. It was her role to provide experience and maturity to the team. As captain, and under difficult circumstances, she performed her role exceptionally well. Lil is a valuable member of any team because she is willing, and able, to contribute in any area of the court. She provided solid assistance in defence as well as in attack. Her pleasant and happy personality also contributed to the team and I was pleased to have the opportunity to be involved with her. Lil topped of the season with the TNA A Grade Best & Fairest Award. Well done and congratulations Lil.

Tiana Benjamin: Tiana joined the team from the Intermediate competition as a reserve goal shooter. She was intimidated by the company in 'A' Grade and was uncomfortable in a shooting role. She preferred to provide centre court support as a wing attack and she was very effective in this role. Tiana has a good future in netball and she was a welcome addition to the Migraines lineup.

### **1st Semi-Final:**

The Migraines met the Panther's Pacers in the first semi final and they approached the game as they have all games, all season, with an infallible belief in their own weakness. I was a little disappointed with the result of the game as I felt that the team had the ability to overcome their ordinary season and put a good result together in the finals. The players in Migraines were, and are, far and away more skilled and talented than those players in the Panther's lineup. However, as with the rest of the season they would not, or could not, accept the fact that each and every one of the team possesses the necessary skills to participate successfully at the 'A' Grade level. The final score did not reflect the entertainment value of the game as the Migraines were competitive for the most part. As with other games the most significant contributing factor to their defeat was their inability to apply defensive pressure to their opposition. We needed to attack the ball more and restrict the court space available to the opposition team. We also lacked sufficient centre court control to allow a positive feed into our goal circle, and when we did manage to successfully feed the ball to the shooters, they were unable to capitalise with a goal. I would like to see the team members apply more thought to their game and to recognise the need to anticipate play in order to control the direction and possession of the ball. Despite the lack of results this season, I firmly believe that the members of Migraines are potentially talented netballers capable of competing at the 'A' Grade level. I look forward to their 1996 season as I am confident that we will see a major change in their level of confidence and their mental approach to the game.

As in 1994 I have enjoyed my time with this team. They continue to remind me what sport is all about. Even with a string of losses they continued to give it their best and attempted to have fun doing it. As I said last year, these girls are a reflection of their parents who always provide support and are a credit to the concept of good sportsmanship. I was fortunate that the new players added to our wealth of great parents and I thank the Ingrams, the Sweeneys, the Thomsons and Mrs Shoard for their unfailing support and encouragement.

I truly believe that this team has the potential to achieve at a high level in netball and I would love to see them regain their confidence and gain success in the 1996 season. I would advise the girls to consider this season as a learning process and to capitalise on this experience for success in future seasons. Focus on the next game, not the most recent loss.

Helen Cain

# VALLEY TORNADOES

This year was the first season that a Tuggeranong team participated in the ACT State League competition, and it was my pleasure to be recruited by Tuggeranong Netball Association to coach this team. State League was a bit of shock to most of the players, but they handled themselves with dignity, composure and confidence throughout most of the season. It was extremely satisfying to see the players develop individually and as a team. The team started with a win, finished with a win along with a very interesting middle. A big thanks to Cathy Eaton from the Therapeutic Massage Centre, Weston Creek for sponsoring the team, and paying for the great new t-shirts. I would also like to thank TNA officials and all of the players involved with the Valley Tornadoes. The year has been most pleasurable and extremely beneficial for me as a coach. I hope to be involved with TNA in 1996 if they will have me, and look forward to seeing the girls for an even more successful and enjoyable netball year.

## PEN PICS:

Kirsten McDonald: Kirsten was a very versatile player, playing as both shooter and in the centre court. Her strength and drive in the centre was excellent and her quick feet and hands in the circle left the feeders bamboozled. Kirsten's movements amazed me at times throughout the year, and yes, Kirsten your shooting did improve.

Jo Fitzpatrick: It always amazes me how Jo never stops smiling (except for the time Fran was given the Shooter's patch), however to her credit, and feeling a little threatened she made sure her accuracy was spot on. Jo shot for the team and worked well with both shooters. She was consistent throughout the year and her movement in the circle has improved immensely.

Jo Myszka: Big Jo had an interesting year in which we didn't see a lot of her out at State League. Juggling both volleyball and netball meant she was not always available for the team. Nevertheless her improvement was most evident by the end of the season. She used her height and aerial skills to stun opposing defenders and her variety of movements to stun me.

Kym Mead: One of the wild and woolly young members of the team, Kym had an up/down season, but came good at the right time of the year. Her strength and intercepting abilities have helped the team at crucial times. She only needs now to control her contacts and try and see through that 'blindspot' of hers.

Kristi-Leigh Simpson: "I am good" attitude helped her to improve throughout the season. That is once she had the confidence to believe in herself after being thrown around the centre court for the first year. She thrived in the WD position at times. I believe Kristy could sometimes fly. However, I'm sure her huge improvement was due to the fact that she could see the ball when her hair was not in her eyes. Remember Kristy invest in some hairpins or get your fringe cut.

Kate Lauchland: The 'queen of the take-a-fall club', Kate was an asset to the team in both the State League Competition and the Tuggeranong A Grade. This was apparent by her being a strong contender for 'Player of the Series'. Kate always managed to keep us amused with her sour facials and poor jokes. She used her asset of speed, agility and height to her advantage this year.

Peta Fuller: The worrier of the team, Peta is always concerned. Peta performed very well in both the defence circle and in the WD position this season. Her talk in the defence end has been helpful for her teammates and her back up in bringing the ball down the court has been a major strength to her game and the team's.

Francine Berron: The Mum/Granny of the team, Fran acted as a role model for the younger girls (God help them!) with her fantastic legs and enthusiastic attitude to training. On court, Fran's speed, fitness, great rebound ability and her 'deceitfulness' resulted in extremely effective defence. Fran was wonderful to coach as she always listens, tries and does what she is told.

Melissa Williams: The 'new woman' of the team, Melissa was full of promises which we are all still waiting for her to fulfil. Always keen to impress, Melissa was prepared to work herself hard in games, but had an uncanny ability of not being at the hardest of training sessions. She never gives up even if the ball is continually in her end and has a hold that would put anyone off - if only she'd stand tall. She always has at least 100 different excuses as to why she did not make training.

Emma Maclay: Emma's injury caused her to sit the sideline throughout part of the State League competition. However, she managed to wrap herself up in coats and continually ask 'should I stop the timer?' if we aren't winning. Her adaptability in State League this year was highly creditable and even though, I was always on her back, she handled herself extremely well, needing only to work on her composure.

Kate Connolly: Another member of the Development Squad, who managed to play a few State League games and always attended training sessions with the team throughout the season. Her movement and hand strength improved dramatically. My only question of Kate is 'how good, would you be if you had tread on your shoes'. Enjoy your trip to Europe Kate. See you next season.

I would also like to take the opportunity to thank Peter Lauchland for scoring, assisting at training sessions, umpiring, playing, making coffee, and for his great support overall to the Valleys, however I could have done without his constant stirring. As well, thanks to Mr Maclay for his assistance with scoring and timing even when Emma wasn't playing.

**1st Semi-Final:** Valley Tornadoes versus Phillip Honda

After a controversial loss earlier in the season (Some-one forgot to score for the first quarter), Tornadoes were keen for a win. The girls started very well taking the lead immediately. At quarter time, the team led by 3 and by half-time had increased this lead to 6 goals. It took a little while to adjust to the positional changes made at half-time, but the team finished strong to hold on to the lead, winning 21 - 18. The strong attacking start by the team was the major key to the win. A major factor of the great win, was the superb and well controlled performance by Kym Mead playing in the centre. A great team win, one to be repeated in two weeks.

**The Tuggeranong Valley Tornadoes were proudly supported by  
Cathy Eaton, from THE THERAPEUTIC MASSAGE CENTRE,  
Weston Creek, Phone: 288 4870.**

**Grand Final:** Valley Tornadoes versus Phillip Honda

The big game was finally here, however the Valley's went into this game with the loss of their coach who was off playing in Melbourne with the ACT Open team. May Kerr was recruited to be the 'coach' for the day. Phillip Honda started the game with a blitzing attack, and set up an early lead. The Valley's appeared nervous and took quite a while to settle down on court, and had pulled back Honda's lead to be only 2 goals ahead at the end of the first break. The second quarter was again fairly well dominated by Honda, and again at the half-time break, the score had Honda up by 2 goals. Some team positional changes were made by the Valleys, and this combination slowly started to take control, winning throughout the centre court. Kirsten dominated in her role as centre, and fed the shooters who were making some impressive moves and leads especially under the post. However, at the 3rd break, Honda still had a 1 goal lead. The Valleys appeared confident and determined that they could win the game, and win they did. The first five minutes of the last quarter belonged to Valleys. They had five goals on the score-board before Honda even managed to score. The defence end lifted themselves 150% and simply outplayed their opposition. The last quarter was a great display of netball with the Valley Tornadoes providing some great on-court play and skills to overcome a very classy opposition in Phillip Honda. The Valley's outscored their opponents 10 -3 in this nail biting quarter. A great Captain's game from Kirsten McDonald played a major part in this great win, and she was rewarded by winning the umpires votes for the Best in the Final Trophy. Thanks to May Kerr for her coaching support on the day, backing up in Natalie's absence. Congratulations to Kate Lauchland for taking out the Best State League Player Trophy.

After match comments from all the supporters, players and officials at TNA, was that this game was the most exciting and classiest A Grade Final to ever be played at the District. Well done Valley Tornadoes, Phillip Honda and TNA.

Natalie Hayward

## VALLEY TORNADOES 2

*(The baby State League Team)*

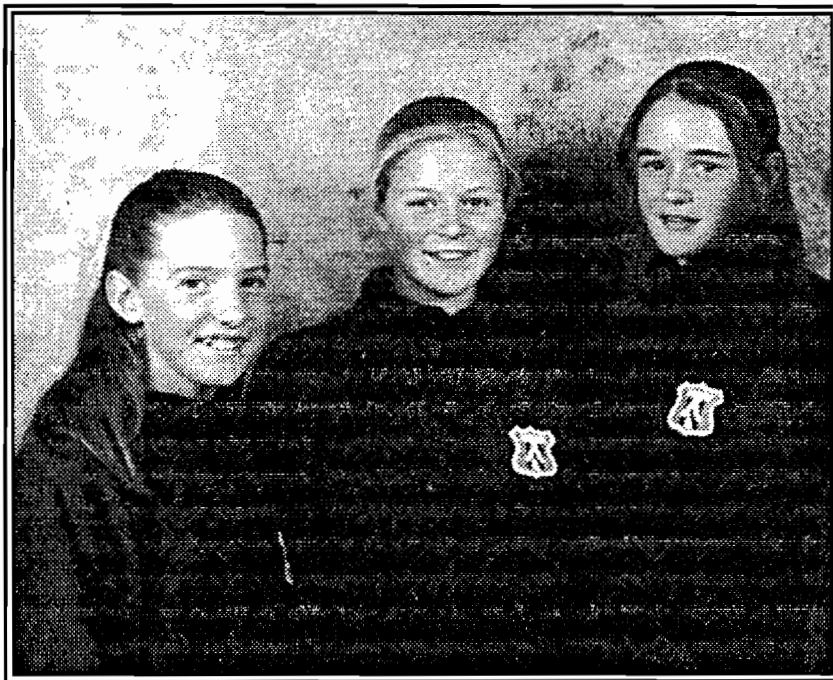

Pictured above are the members of the 1995 TNA Junior Premier League Team who were selected to compete in the ACTNA Junior Premier League Competition played at the Coca Cola Centre, Lyneham. The Maddies Players selected were: Rhianna Depoali, Sarah Ingram, Rebecca Ingram and Nicole Kidman. The team is coached by May Kerr and our very own Kate Fuller will be assisting. This team is also sponsored by Cathy Eaton. TNA and Maddies are very much appreciative of Cathy's support. Cathy also supplied a fabulous looking banner which was proudly displayed on the fence every Saturday.

# *Maddies*

## "3 SHOOTING STARS"

### OUTSTANDING NETBALL ACHIEVEMENTS

1995 was definitely an exciting year for achievements by netballers from Tuggeranong Netball Association, and our very own Maddies Club. In May, this year TNA won 7 out of a possible 10 trophies at the ACT Junior Championships, at which three Maddies shooters, Carla Howman, Tiana Benjamin, and Emily Ingram (pictured above) won ACT Shooters awards. Not only are these three girls gorgeous, but they are also very talented, and highly skilled players who have great futures in netball ahead of them. They were well deserving of their ACT awards, and the 1995 Maddies Netball Club Most Valuable Player Awards. Look out Vicky Wilson, here come the Maddies Girls.

## COACHES CORNER

Once again the club was very fortunate to have had the services of some very talented netball coaches who gave up many valuable hours to train and coach club teams this season. Our coaching talent has been the key to our success as a great club.

Ben Leitch: The Lady Killer, Ben was indeed an attraction and sometimes distraction with 'most' of the ladies in his B Grade team. The club now has to re-write its policies, stating that all players must not touch the coach.

Dave Cook: Mr 3 in 1 - coach, umpire and player was a valuable asset to the club this season. He was often relied upon to take the senior training sessions, and did so extremely well. He looked great in his new Maddies t-shirt and jumper. Pink really suits him.

Carolynne Leddy: The 'eccentric one' was a new recruit to the coaching ranks, and soon found out just how stressful coaching a pack of mongrels can be at times. Could not understand why all her players did not like Fran's fitness training, because she did, and often lead the way by example.

Johanna Grey: Also a newcomer to the coaching ranks, assisted Carolynne with her pack of Mongrels (sorry girls, but you chose the name) and had a lot to offer in the skills department. Looking forward to coaching some young puppies next year.

Helen Cain: Did not enjoy her coaching role this year, often heard from the sidelines saying 'come on guys', you can do it! found the Migraines really did cause her somewhat of a big headache at times with the way they managed to lose some of their games. Has order the coach from Hell for the Migraines next year!

Kate Fuller: Miss Perfect is one of our popular and respected coaches, and was having a great season, until she had a little accident playing netball (dare I say it - indoor netball) and hurt her ankle badly, and could not play in her 2nd Semi-Final. Her team mates are still trying to forgive her. Bad Luck Kate!!!

Sarah Ingram: Another newcomer to the coaching ranks this season, who was brave enough to assist Amanda with the little ones (Year 3). However, Sarah has asked if she could have a little older team next year. Surely they weren't that bad Sarah?

Amanda Campbell: Welcomed the challenge to train Year 2 & 3 players to play netball, and a challenge it was. However, I'm sure all her players will go onto play Representative Netball after having Amanda coach them.

Kate Lauchland: Another young coach who has to look up to her young players when coaching them, as they are all taller than her. Wants everyone to know that Division 1 Intermediate Players don't cry, just their coaches.

Emma Maclay: The quiet one, Emma was an assistant coach to Kate this season, and was always 100% behind Kate, (come out wherever you are Em).

Kate Connolly: Another quiet one, who is becoming an old hand at the coaching role. She smothers her players with kindness and cuddles.

Leanne Dewar: This is one sweet lady and a heck of a good coach. Leanne was a great find for the club this season, and I never thought it possible for someone to be so nice as well as being a top class A Grade shooter.

Kirsten McDonald: Miss Confidence herself, re-joined the coaching ranks this season. Loves to enforce push-ups and laps at training.

Melissa Williams: The 'new woman' took on her first coaching role with Kirsten this season. She soon stopped giggling, especially at Training sessions, she was even heard yelling. Now you know how Natalie felt at times Melissa.

Kym Mead: Miss smiley herself coached an Intermediates team this season, and enjoyed the experience. Although she objected to coaching in the snow at times. A great raffle ticket seller. Kym could sell ice to the eskimos.

Kristy-Leigh Simpson: Co-coached with Kym this season, and had a lot to offer in the support role. Kristy loved to warm up the team, and then warmed herself up by pacing up and down the sidelines.

Peta Fuller: Although she became a working girl this year, she still assisted with the Year 6 team at training sessions. We all knew when Peta was around, all of Calwell could hear her. Loves to do the roll - call.

Francine Berron: What can I say, she put in a 150% effort in trying to get our teams fit this season, and succeeded. Fran loves to train, and wants everyone else to love training. Come on Mongrels, give Fran a go.
