PRESIDENT'S REPORT

What a year! 1994 is one that the club can be very proud of both on and off the court. Fielding 14 teams this year, the club was extremely competitive in all grades. Maddies welcomed six new coaches into the club this season, (3 males) and the dividends from this was that again the club won four Grandfinals from a possible six. A combined effort from the coaching staff at training and at the Saturday games helped the club lift its overall player development and skill levels. The enormous improvement in all teams from the start of the season to the end was evident, as we had all five Intermediate teams competing in the finals, as well as the two Cadet teams and the four senior teams. Our junior teams continued with their fine efforts from last year and continued to have success on court. This year was also the first time the club had a Strictly Social team who were fine ambassadors for the club. Maddies is definitely showing the way, by proving that hard work, planning combined with lots of dedicated and talented netballers makes for one Great Club.

This season the development of the club's umpires throughout the season has been fantastic. This year, the club appeared to have an abundance of umpires or players willing to learn to umpire. As well, it had two of its players, Kym Mead and Sarah Ingram awarded their All Australian State "C" badges by the ACTNA "C" Badging Panel. Another proud moment for the club was having Rebecca Rake at the age of 12 years awarded her TNA District "C" Badge. Emma Mellon was also received her TNA District "C" Badge this season. The club also has the first All Australian State "B" Badge Umpire at Tuggeranong, with Kate Lauchland being awarded hers last December. Without the assistance of the umpires, the club would not be able to field teams, and therefore it is important that we continue to develop, coach and support our umpires. I would therefore like to extend my appreciation to all the club umpires who have carried out weekly umpiring duties in 1994.

The club enjoyed a successful day earlier on in the season, with the Junior teams being awarded the Best Banner Trophy at the Tuggeranong Netball Association's Junior Gala Day. Rebecca Galeff received a trophy for Best Girl Marcher in the Parade. The teams looked magnificent in the club uniforms. Once again, Fiona Kerr did a magnificent job in organising the teams on the day.

I would also like to congratulate all the club players who were selected in the 1994 Tuggeranong Representative teams this season. As well, congratulations must go to the club coaches who also coached Representatives teams, as it was a very successful year for TNA who won six out of eight ACT age championships.

I would also like to mention that this year, TNA and Maddies had its first player selected in the ACT 17 & Unders Squad. Kate Lauchland was selected in the squad, and is determined to make the team next year. As well, she was selected in the ACT Talent Squad along with Jo Fitzpatrick from the Rebels Club.

At the Tuggeranong Netball Association's Senior Presentation Evening, congratulations were in order for Rhiana Depaoli who took out the TNA Best & Fairest Award for the 1994 season. Other club players to receive awards at the Presentation Evening, were Jo Myszka who was judged the Best in the A Grade Final, and Kellie Shoard who received the Best in the Cadet A Grade final. Well done Girls! Also at the awards, the club had three members acknowledged by TNA for their outstanding contributions to netball. Sarah Ingram, Kate Lauchland and myself.

This year, the club was lucky to have gained the services of Helen Cain, who as TNA Senior Umpire Convenor supported and encouraged all the club umpires. She continued on with the good work that Amanda Campbell has carried out for the last five years. As well, Helen coached two Maddies teams, and with all this workload she still managed to come up with two Grandfinal winners, and see the club gain two more State "C" Badge Umpires. She has also identified quite a few more Maddies umpires who are working towards their "C" badges next season.

I would also like to thank our major sponsor, Ian and Pauline Keen from ACT Heads Services Pty. Ltd. for their continued and generous sponsorship. They have now sponsored us for four years, and their financial support has helped the club significantly as we are able to provide all players, coaches, umpires with club trophies, a gift and a year book.

Thanks also to the other club sponsors, Amber Tiles, Monier Roofing Limited, Greg Stoll (Painting and Decorating Contractor) and our beloved TNA President May Kerr (and a Maddies mother) who has made and donated the Crazy Critter Award.

Finally, I would like to say thank you to all the committee members for their assistance this year. A special big thank you to my dear mate Lyn Maclay (Mrs Mac) who has been the backbone of the club this season. Her smiley face and willingness to assist in all the club's administration matters has been fantastic.

On behalf of all the members in this Club, I would also like to acknowledge the efforts of Amanda Campbell who originally started this club, for without her dedication, loyalty, expertise in coaching and umpiring, and her overall outstanding netball knowledge, Maddies would not be the successful and Great club it is today.

The club has an amazing depth of talented, determined and fun-loving netballers that it is proud of. Maddies has worked very hard to achieve this, and hopes its success will continue. The most important thing to the club is that all players, coaches, umpires enjoy the game of Netball. I would also like to thank all the Maddies parents for their encouraging support and good sportsmanship behaviour from the sidelines throughout the season.

Thank you to the Tuggeranong Netball Association Umpires ,Sue Smith, Cheryl Gustowski, Lyn Rake, Jill Ingram, Helen Cain, Amanda Campbell, Kate Lauchland, Kym Mead, who willingly offered their services and as a "pool" undertook the duties of umpiring A Grade games this season. This was much appreciated by the club, as it had three A Grade teams playing in this competition.

Finally, in closing I would like to express my appreciation to all the coaching staff this season. They were indeed a talented and knowledgeable group of people who put in 100% effort throughout the season, and came up with some great results. I look forward to another great season of netball in 1995.

Erica Lauchland

Two of Tuggeranong Netball Association's Umpires, Sue Smith and Amanda Campbell having a social chit chat during one of the A Grade games they umpired this season. Judging by the smile on Sue's face, who is a one-eyed black and white supporter, she must have heard that Collingwood were winning!!!!

TUGGERANONG NETBALL ASSOCIATION

1994 JUNIOR GALA DAY

"BEST BANNER"

The Maddies Junior teams competed in the Tuggeranong Netball Association's 1994 Junior Gala Day Parade on Saturday 5th March. The club was awarded the BEST BANNER trophy by the judging panel. The girls looked magnificent in their uniforms and once again wore the sunseeker caps. Rebecca Galeff received the Judges Award for the BEST GIRL MARCHER in the Parade.

Maddies UMPIRE SCENE

Of all the achievements coming out of Maddies Netball Club this season, none overshadow those of our umpires. Maddies entourage of umpires have made the season for its players smooth sailing to say the least. Since establishing a strong base of umpires last season, and a stream of Maddies Umpires participating in the TNA Umpires Scheme, we saw 1994 as our most successful.

Kate Lauchland was the first "graduate" from the TNA Umpires Scheme in 1992, and 1993 saw her leap that one step further when she was awarded her All Australian State "B" Umpire Badge. Her "little shadow", Rebecca Rake has been watching her closely and determined to follow in her tracks, was awarded a TNA District "C" Badge along with Emma Mellon this season.

With Helen Cain (Maddies Coach and TNA Senior Umpire Convenor) striving for recognition of all TNA Umpires, her support and encouragement saw two club umpires Kym Mead and Sarah Ingram, being awarded their All Australian State "C" Badges. Well done girls, keep up the good work.

Emma Mellon, Kate Fuller, Peta Fuller, Emma Maclay, Kate Connolly and Kristy-Lee Simpson have all dedicated time and energy to umpiring this season. They have all been seen by the members of the ACTNA State Badging Panel who believe all these girls are future State Badged Umpires.

Sandy Ball has once again shown her commitment to the Maddies umpiring for our Intermediate teams, and has assisted the Association by umpiring at the ACT Championships and TNA Finals. Thanks for your continued work Sandy.

Chris Mellon donned the whistle for the first time this season and has proven to be natural. (Who said you can't teach an old dog new tricks?).

Finally, thanks goes to the pool of TNA Umpires who helped out with umpiring the A Grade Competition this season, Sue Smith, Cheryl Gustowski, Lyn Rake, and Helen Cain.

Amanda Campbell

Maddies A PROUD DAY FOR

Two of our Maddies players, Kym Mead and Sarah Ingram along with Lyn Rake (Rebecca's mum) and our little Rebel friend Cheryl Gustowski are pictured with TNA President, May Kerr who presented them with their All Australian State "C" Umpire Badges.

A proud day for Emma Mellon and Rebecca Rake who were awarded TNA District "C" Umpire badges this season. A proud moment for Maddies, as Amanda Campbell, Jill Ingram and Helen Cain watch Kate Lauchland make the presentations. Well done Girls.

Midgets

The Maddies Midgets have completed a hard and competitive season. All the girls improved throughout the year. Each player put 100% effort into every game. They always came off with smiles on their faces. We would like to thank Mr Leddy for all his help and support as team manager every Saturday. As well, we would also like to thank Kate Myszka for umpiring most of our games. Thanks to all the parents who came down on the cold mornings to support the littlest members of the Maddies Netball Club. This team has a lot of potential and was a pleasure to coach.

PEN-PICS

Rebecca Galeff: What can we say? This girl is a legend! She is a well liked and respected member of the team, as well as being an excellent player. She has the potential to develop into a top class netballer. Her outstanding skills was the reason she was called into the TNA Rep U11's Challenge team as a replacement player this season. Congratulations and good luck for the future Rebecca.

Mikayla Walton: Mikayla is an enthusiastic member of the team who can play almost any position on the court. She was selected in the TNA Rep U11's Challenge team this season. She is a netballer who knows what she wants and as shown in her training sessions and on-court play has the potential to get it.

Kelly Phillips: Kelly improved dramatically throughout this season. Before she left us mid season, she played beautiful netball displaying good skills. She is going to be a very good netballer, and was a pleasure to coach. We will miss you Kelly!

Abby Clearihan: Abby is a bright and fun-loving person. Playing mainly as a shooter, she performed admirably. Then we discovered later on in the season, what a great defence she was. Her overall skills improved throughout the season. She is an energetic player who tried very hard every game.

Joanne Leddy: Jo is an avid netballer who loves playing in the defence positions. She is a bright, cheerful player who gives 100% effort on the court in all her games. Jo's skills have developed tremendously, and this year she was a vital member to the team.

Emily Grey: A great little player who can be called on to fill any position on court. She is always enthusiastic and enjoys her game of netball. Emily participated well in all activities at training and she was always smiling.

Brianne Wynen: This is one cute crocodile! Being the smallest player in the club, Brianne used her great dodging skills to outclass her opponents. She is a skilled player who is always anxious after the game to know how she played. Well done! you had a good season Brianne, and have been an asset to the team.

Emily Ingram: This is one great shooter in the making! Emily is a brilliant goal attack with high goal shooting percentages every game. She works hard and is already showing that she has a big future in netball ahead of her. With her outstanding skills, she was also called into the TNA Rep U11's Challenge team as a replacement player this season. Good Luck Emily, remember us when you are a star!

Lauren Roche: Another of the team's defence players. Lauren's season was interrupted by injury, however she always came along and supported from the sidelines. She was sorely missed when not playing. Her skills improved throughout the season, and she was a good team member. Next Year Lauren.

Peta Fuller
Kate Connolly

Maddies

Misfits

Another great season for the Maddies Misfits, finishing third overall in the Year Six Division One competition. This was a great achievement for this small, but talented team. As coaches, we have been left spellbound with the overall improvement of the Misfits. The standard of the netball that this team is capable of playing is brilliant and a pleasure to watch. This is a team full of players with the potential to go far in the future.

PEN-PICS

Tanya Curtis: From centre court to shooter, Tanya has proved once again that she can endure and succeed in any position thrust upon her. Tanya has dazzled us with her quick style of play, accurate shooting and amazing skills. 1994 has been a very successful year for Tanya. She was a member of the TNA U12's Challenge team that won the ACT Championships in May. This capped off a great season for Tanya.

Leah Fowler: Leah was another member of the winning Tuggeranong U12's Challenge team. As this team's double ender, Leah's perseverance, determination and skills have paid off and helped the Misfits to many a win. Her versatility has been a real asset all season. Leah has proven that she can stay cool, calm and collected when the pressure is on. We are very proud of Leah, for she managed a whole season without wearing odd shoes.

Lauren Franz: We have seen and heard a lot more from Lauren this season, she has been a pleasure to coach and has developed and improved in all areas of the court. Lauren has become more confident in the wing defence position. Her ability to anticipate play has often frustrated her opponents. We have seen some outstanding intercepts from her this season.

Michelle Grayson: After not being able to manage a full game at centre last year, Michelle's fitness has improved immensely. She has now proven to be a super-fast, super-fit, centre court superwoman. This year, Michelle has been ready for any challenge. Her confidence, amazing attacking skill and ever lasting energy has troubled many opponents. She is a very keen and enthusiastic player.

Jessica Johnson: Jessica is a player that has proven that being small has its merits. She is a speedy centre-court player that always puts 100% effort into every game. Jessica has really toughened up this season. Her overall improvement combined with her determination to win the ball is displayed every Saturday. She is a dedicated netballer who really enjoys training.

Nina Lorenzato: Nina is the other half of our shooting duo. Her amazing goals and strong rebounds have often left defence wondering what to do. With her tricky dodges, Nina has shown us that she is now a force to be reckoned with. Her ability to take lobs under the goalpost is spectacular. The Misfits can always rely on Nina to finish off their hard work with a beautiful goal.

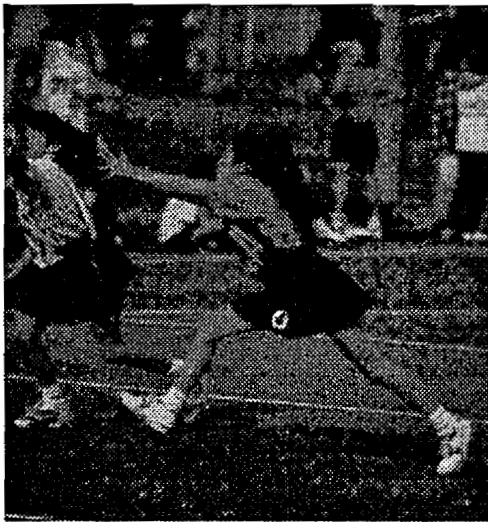

Rebecca Rake: Rebecca Rake is a very talented and competitive centre court player. She has improved greatly throughout this season. With her fast breaks and cunning passes, Rebecca usually leaves her defence in a matter of seconds. Rebecca has become a more controlled player both on and off the court. She has developed into a true on-court leader and is also a talented umpire, and was awarded her TNA District "C" Umpire Badge this season. Well done Rebecca!

Sarah Wain: Will this girl ever stop improving? Sarah gets better with every game. Another famous Misfits defender, Sarah has shown us that not only is she a great goal keeper, but a legendary wing defence. This dependable high-spirited player is always there to support her teammates, and keeps us entertained with her jokes. This season Sarah has been a bonus to the team and a pleasure to coach.

Erin West: Last in alphabetical order, this season Erin has been a much needed defence player for the team. With her height, skill and aggression, she is one to be feared in the goal circle. Her solid rebounds have been a real asset and have attributed to the overall performance of the team. We would like to congratulate Erin in being selected in the Tuggeranong Rep U11's Championship team this season. Erin has the potential to go along away in this sport.

Thank you to all the parents for supporting us each Saturday, and for letting us do the "coaching". A really big thank you must go to netball's best team manager, Lyn Rake. We would not have coped, if we did not have Lyn's enthusiastic, supportive assistance each week.

Kate Lauchland
Emma Mellon

Some action photos of Misfits team members, Tanya Curtis, Michelle Grayson and Sarah Wain displaying some of their skills and styles on the courts at Calwell this season.

Maddies

Magik

Maddies Magik is a team full of endless energy and loads of team spirit. With strong defence, good centre court and accurate shooting in their favour, they weren't going to go down that easily and would always put in 100% effort right up until the final whistle was blown. The team has been a pleasure to coach this season and we wish them all the best in the future.

PEN-PICS

Captain - Sarah Ingram: A very talented player who plays in the defence end. As Captain, Sarah shows reliance and guidance to her fellow team members. No matter what she did on Friday night, Sarah would lift the team with her encouragement and on-court talking every Saturday. She is a keen trainer and is constantly working to improve her skills and tactics.

Vice-Captain - Michelle Powell: Is part of our shooting team. A pleasant member of the team. Michelle turns up to every training eager to improve on her own skills. During games, Michelle has proved to be a valuable player with the accurate accuracy of her shooting. Well done Michelle.

Kirsten Duffy: The other half of our shooting duo. Kirsten, along with her fellow team member Michelle, work excellently together in the circle. Kirsten is a tall player and combined with her natural ability, loves to shoot goals. She also reads play well, continuously moving in the circle and has been a pleasure to coach.

Natasha Williams: Is a very fast, centre court player. Natasha can be relied upon to be in the right place at the right time, reading the centre court area very well. At training she is always putting maximum effort in and is an enthusiastic netballer giving 100% to all her games.

Olivia Anstis: Is an all round athlete who plays centre court. She has very sound ball skills and enjoys training sessions. A talkative member on the team, Olivia is a hard worker who believes nothing is impossible. Olivia represented ACT in Judo and is now ranked third in Australia for Under 15's. Congratulations Olivia.

Katherine Bell: Although shooter was Katherine's first preference, we found that she had hidden skills which enabled her to play in the wing defence position. A keen netballer and the definite improver of the team, Katherine constantly tries harder and harder with each game.

Kate Myszka: The second half of our defensive duo. Kate is a strong defensive player who never gives up in a game, no matter whether the competition is big or small. With her long out-stretched arms, Kate is always ready to intercept the oppositions passes.

Hayley Roach: Plays in the Wing area and over the season has show improvement with her fitness and ball skills. Although she hasn't had much courttime, with greater commitment and longer attendance at training sessions, she definitely has the potential to increase her overall netball skills.

1st Semi-Final Report

Maddies Magik vs Maddies Marvellous

On Saturday the 13th August, Maddies Magik played Maddies Marvellous in the elimination semi-final. With reasonable weather and no evident injuries, Magik were looking forward to playing one of their all time rivals. The game was very close, with the lead changing many times, so that by half-time the score was even. Finals pressure was starting to hit the girls and with one of our defence players, Kate Myszka absent, the team knew they would have to play even harder. As the game progressed the girls started getting slightly aggravated with each other and the opposition were picking up on some of their silly passes. However, they fought out the game to the very end going down by 4 goals. It was a disappointing end to a great season, but the girls should be congratulated for their efforts and great sportsmanship. Thank you to Jill Ingram who umpired some of our games rain, hail or shine, and to our sideline cheer squad and Mrs Powell for their constant support throughout the season.

Kate Fuller
Katherine Ivansson

Marvellous

When we were given the Marvellous team to coach this season, we could not have asked for a more dedicated, talented, enthusiastic bunch of players. The team was graded into Intermediates Division 1 competition, and every week the Marvellous had hard, competitive and sometimes aggressive games. The team's overall improvement throughout the season was evident by the fact that they went from fourth position on the Division 1 ladder to earning a place in the Grandfinal. This team definately has a very promising future in netball. Thanks to Jill Ingram for umpiring our games.

PEN-PICS

Tiana Benjamin: As the teams Captain, it was Tiana's duty this season to keep her team controlled on the court. With close games nearly every week, Tiana has proved to be a great on-court leader, keeping many heads high with her encouragement. This season, Tiana has been relied on to fill the goal shooter position. Her accuracy combined with spectacular rebounding are a delight to watch. Tiana has the potential to go far in this sport, and this season she was asked to fill in for the Maddies Monopoly A grade team.

Rebecca Ingram: Becky is the other half of the Marvellous's dynamic shooting team. Her incredible accuracy has played a big part of the team's success this season. Becky seems to love the pressure of the hard games, and under these conditions she always manages to boost her team with an amazing intercept ending with a beautiful goal. Becky always works hard at training, and this is evident in her success on court. Her bright personality has been a great asset to the team. She is a proud Maddies player.

Stevie Angel: Stevie is the road runner of the team. She is an outstanding centre court player, with sound attacking and defensive skills. Her determination and courage have been a great asset for the team. Stevie is never afraid to go hard for the ball, and has had to wear quite a few nasty elbows this season, but to her credit, she kept playing. She often annoys her defence with her accurate passes into the goal circle. Stevie's skill and determination will help her go far into the future.

Aimee Daley: Well, what can we say about Aimee except that she has been a real pleasure to coach. Aimee has improved immensely throughout the season and has taken a liking to the wing attack position. Her footwork and ball skills have been outstanding. With her fast brakes and cunning passes, Aimee often leaves her opponent in a cloud of dust. Aimee's overall confidence on court has grown and she has coped with the hard competition in Division 1 with ease.

Lisa Haines: Lisa is one of the most encouraging members of the team. Her highspirited, bubbly personality has shone throughout the season. Lisa is another of our talented players and is renowned for her strength in the centre court. She was definately born a true feeder of the goal circle. On the odd occassion we have relied on Lisa to fulfill the duties as a goal shooter, and she did a great job. Lisa is a player who puts 100% effort into training. She is a dedicated netballer who reflects her enjoyment of this sport every time she plays.

Christina Myers: Christina is one of the Marvellous big improvers. She has worked very hard at training and has fitted into the wing defence position well. Her stylish footwork and flowing play has shown us that Christina has developed into a player with real class. She is very supportive towards her fellow team members, and this has been a real bonus to our team. Christina's confidence has grown enormously this season, and we have seen some outstanding games from her. She has also been a pleasure to coach.

Jacqueline Keast: Jackie is an outstanding defence player who just never gives up. Her defence has been the downfall of the opposition on many occasions. Jackie overall ball skills is a coach's delight. Her 3 feet in the goal circle is a bonus to the team as she hardly gives away a penalty. We have relied on Jackie when the pressure has been on and she always does her job by taking an amazing intercept or rebound. She is a definite spectators delight with one of the best stretches in the game. A big future is ahead of you Jackie.

Nicole Kidman: Nicole is the other famous Marvellous defender. This season, Nicole has been the Backbone of the team with her incredible passes and amazing quick hands, and unbelievable intercepts. Nicole has shown us that she has all the skills, determination, aggression and physical attributes to succeed in this sport at the top level. Her desire to win the ball, and her display of courageous play was often one of the factors that the team did so well. Nicole is a player who thrives on the pressure to play good hard games of netball. Her talents were soon noticed, and this year at the age of 12, she was recruited to be part of the Maddies Marauders A grade team line-up. An amazing season Nicole.

Tess Tscheppera: Tess has had a fantastic season. With the pressure of playing Division 1 netball, she has handled it all with ease. Tess is a classy defence player who puts in 100% effort into each game. She has been relied on to play in the wing deence position on many occasions. Tess has frustrated her opponents with her tight defence. Her passing has improved immensely. Tess has learnt to deal with close games, and she has helped Marvellous to many a win. Keep up the great work and you will go far Tess. We loved having you in the team.

1st Semi-Final Report

Maddies Marvellous vs Maddies Magik

This was a do or die game, Magik or us. Having come through the season of having to play mini-grandfinals every week, this game was not going to be a problem for the Marvellous. They were out to prove that they were better than their 4th placed ranking in Division 1. The Marvellous set out early displaying good team work, tight defence, and accurate shooting. The lead changed quite a few times, the score often close. However, on the day, the centre court line-up outclassed their opponents, showing their overall improvement throughout the season, and helped the Marvellous to victory. As well, the shooters were having a good day, and this helped encourage the defenders to play very tight and win in the end. Final score 23-17.

2nd Semi-Final Report

Maddies Marvellous vs St. Peter's Legends

This was the game that the Marvellous were determined to win against their enemy the Legends. The Marvellous were very confident, and definitely had their sights on a place in the Grandfinal. They were never going to lose this game. The netball played by both teams was superb. Both teams displaying enormous talent and skill. But it was the Marvellous who came thru. The shooters accuracy on the day, and the brilliance of the defence end, combined with an unbelievable effort by the centre court helped Marvellous win this close hard fought game by a goal. The excitement of winning this game, was definitely like it was the grandfinal. As coaches, we were extremely proud of our team.

GrandFinal Report

Maddies Marvellous vs Kuta Dolphins

In this game, the Marvellous were up against a much older, stronger, taller line-up. They had not managed to beat this team before, but that did not matter on the day. The Marvellous went about the game in their usual confident style. Dolphins took an early lead. An injury to Becky Ingram, saw a change in the shooting line-up, and to the credit of the Marvellous team, they kept at the Dolphins, and managed to bring back the lead of 8 goals to 3 at full time. The game was a hard, competitive and sometimes aggressive one, with the more experienced Dolphins being the winners on the day. From this game, the Marvellous realised that they are as good as Dolphins, and that next year they will be carrying home the Intermediate's Division 1 trophy. Their effort was a proud one for the Maddies Netball Club.

Kate Lauchland

Kym Mead

Mindshakers

It has been a pleasure to coach this team. They are a great bunch of girls who have a lot of talent. They all gave 100% this season. They all contributed and their teamwork was excellent. Their overall skills have continued to improve, and they all actually enjoyed coming to training. The team was a little unlucky to have a few injured players right on finals time. However, they put up a great fight and I am sure that they will all bounce back next season determined to gain a place in a Grandfinal. Thanks to all the parents who supported us every week. A big thank you to Edie Maier who umpired for us each week and for being the team manager.

PEN-PICS

Nadine Condon: Nadine is a new edition to the club this season and has fitted well into the team. Her shooting accuracy and good ball skills have been a great help on many occasions.

Kate Warwick: Is a strong goal keeper with excellent stretch and rebounding skills. Kate works hard at training and has been a pleasure to coach this season. We are definitely going to miss her next year as she is leaving to go interstate. Good luck Kate.

Belinda Ryan: Belinda began the season as an excellent goal defence and ended the season as an outstanding shooter. Belinda has a great future in any position she plays.

Sally Roberts: Sally's wandering concentration at training sessions has not deterred her from performing well on Saturdays. Her versatility was shown through her ability to play out of position on many occasions.

Tracey Mitchell: After changing Tracey's position half-way through the season, she proved to be an extremely talented goal defence. Her intercepting and leads down the court have been of enormous help to the team.

Kelly Johnson: Kelly has improved greatly during the season. She has become more confident in her passing and general attacking play. Kelly works hard at training and plays her best every Saturday.

Bernie Carroll: Bernie is a very skillful and determined player. She possesses the ability to lift the team with her encouragement. Bernie gets along with all her teammates and is a great asset to the team. She even made her Dad turn off the roast, just so she could come to training. What a legend!

Erin Maier: Erin is an excellent centre court player who likes to control the game. She has proven to be a very valuable player this season and has performed well in a number of key positions.

Natalie Withers: Natalie has played in the various centre court positions during the season. She always works hard at training and on Saturdays. Her skills have improved dramatically throughout the season. She has been a pleasure to coach.

1st Semi-Final Report

Maddies Mindshakers vs Rebel Raiders 13th August

After a strong season, Mindshakers finished equal top with Rebel Raiders. We had only beaten Raiders once all year and we knew it would be a hard game. Rebels started the game very strongly and by half-time, they had a handy lead over us. Mindshakers never really recovered from this and had to play catch-up netball for the rest of the game. There were bursts of brilliance from the team, but the Rebels were the better team on the day.

2nd Semi-Final Report

Maddies Mindshakers vs Hotshots 20th August

Hotshots, after beating Valley Dragons the week before were pumped up for a big game. Hotshots got a few quick goals at the start of the first quarter, before Mindshakers woke up and started to get into the game. With a few good passages of play, the Mindshakers were only down by a couple of goals at half-time. The third quarter was where Maddies let themselves down, by allowing Hotshots to take an 8 goal lead. A change in the court line-up was made, and the Mindshakers made a charging comeback. Every player started to play magnificently. However, the comeback was a little too late, and Mindshakers lost by 1 goal.

Thank you to all the Girls for a great season and to all the parents who came and watched every week, especially Mr and Mrs Ryan and Mr Warwick.

Fiona Kerr

Maddies

Monkeys

What can you say about the team from hell? Except that they proved to be the greatest sleepers of all time. Our season started with great promise and gradually degenerated into something slightly less. The players, coach and supporting parents were all beginning to believe the big time (Intermediates) was too much for the little chickens. Then we hit the finals! "Who are this team!" was the cry. They had turned into a competent bunch of netballers who had obviously listened to their coach at some time during the season. Monkey's were the great improvers of the season and made their coach one very proud chook. My personal thanks to our managers, Mrs Evans and Mrs Bazevski, parents and Kate Connolly our umpire, who provided their constant support and expert assistance.

PEN-PICS

Lauren Murtha: Is a key attacking player who uses her height to her advantage. As goal shooter she has developed well and improved on her shooting technique. When confident Lauren's accuracy, combined with her height, is a force to be reckoned with. A good season for Lauren.

Rachel Wykes: Our key defensive player for the season, 1994 has seen Rachel develop her ability to use her height to the team's advantage. Her rebounding and defensive game has improved significantly. Rachel has successfully improved on her jumping and mobility skills. Rachel has also proved useful as an attacking player.

Angela Moore: As one of the most energetic players on the court, Angie has contributed significantly to the team's success in 1994. She is key organiser on the court and enjoys the freedom to run throughout the court. Angie has been one of the great improvers of the season. Well done Angie.

Monique Dempsey: Our front line goal attack. Monique has established herself as a key player in the team. She possesses natural talent and has steadily improved on her shooting technique. Her accuracy is consistent and she has become a player to be relied upon. Keep up the good work.

Stacey Low: A versatile player who has been required to provide centre court play as well as back-up in attack on occasion. Stacey is quietly consistent and her contribution to the team has been a significant part of the team's success. Stacey is a good team member and a pleasure to coach.

Sally Clearhian: Sally has become a reliable defensive player. Her drive and energy provide impetus in our defensive end. Through the application of her mobility and swiftness, Sally has successfully overcome any disadvantage her height may have imposed. An enthusiastic learner, Sally takes instructions well. A good season Sally.

Lauren Bazevski: Another of our key centre court players, Lauren has proved herself to be a good team member who contributes well in each and every game. Lauren displays a lot of enthusiasm for the game and as a result of this is able to move the ball through the centre court and into our attacking circle. Lauren has developed her skills as a centre court player and has been an asset to the team.

Carly Evans: Through her consistency, Carly has claimed her position as wing defence. Carly is quick and as such is able to provide effective defence. Her disarming smile has also proven to be a great defensive tool. The opposition keep looking at her, the source of her amusement. From a coach's perspective Carly is a joy to have in the team.

Rebecca Miller: Another of our versatile players, Rebecca has been predominantly used in the centre court, however, has ably assisted in defence when required to. Rebecca uses court space to the team's advantage and as a result creates opportunities for her teammates.

1st Semi-final Report

Maddies Monkeys vs Padua Petrels

As third place finishers we met Padua Petrels in the first semi. After a few losses on the trot our expectations were not high. Confidence was the key to the final series and it started in this game. Attacking the ball became the flavour of the day with all players leading to the ball and putting the opposition under pressure. This paid off with a final score line that suggested that the Monkeys were not through yet.

2nd Semi-final Report

Maddies Monkeys vs Hot Tuna Dolphins

This was the game we had to win. The season had seen constant success to Dolphins Hot Tuna with the records showing that each encounter had favoured them. Meeting a team you are yet to beat in a final is a daunting prospect. However, the renewed Monkeys did not let this phase them and went on to record a win to be proud of.

GrandFinal Report

Maddies Monkeys vs St Peters Untouchables

The two previous finals had set the scene for a confident and aggressive Monkeys to take the court against St Peters Untouchables. This final was an open affair with Monkeys making a slow start but picking up the pace in the second quarter. From that point on it was not if they would win, but by how much. The game progressed and turned into a resounding success for our defences who ensured that the oppositions score remained low with strong zoning and rebounding. The attacks were able to capitalise on each turnover with a score in our favour. The centre court players were very supportive and provided depth in our reserves.

Helen Cain

Some of the Monkeys at work making sure that they were going to be taking home the Winners trophies on the Intermediates GrandFinal Day.

Maddies

Moovers

The Maddies Moovers have been a rewarding and enjoyable team to coach. Every team member has improved their skills and ability and have contributed to this winning line-ups Grand Final Victory. Thanks goes to the parents of the Moovers who left the coaching up to me and carried out their job of cheering and supporting their team admirably. To my manager, Margaret Paul, thank you for your time and organisation, and to the girls, thanks for your efforts and enjoying yourselves. On behalf of the team, I would also like to thank Peta Fuller for being such a wonderful team umpire.

PEN-PICS

Amanda Warburton: Amanda is an inspiration and highly talented netballer. As the teams goal defence she has proven to be a real asset. With her height and incredible intercepting ability she has really outdone her opposition and proven lethal under the post by rebounding every ball that comes her way. Amanda's bullet passes really set a standard and often scare her opposition. Keep up the good work Amanda. Watch out Netball, this is one player who really plans on making her mark in this sport.

Belinda Mair: Belinda has to be the most vivacious player I've ever coached. Although her first love is Basketball there is no doubt that she puts 100% into every game of Netball and is sure to be a successful athlete in whatever sport she chooses to dominate. Belinda has proven to be a problem in the goal circle to her opposition with a high shooting average consistent throughout the season. Belinda is a physical and dedicated player with a winning attitude. She approaches every game as a new challenge with high self expectations and always strives for results.

Megan Helmers: Megan is one of those players that every coach loves to have in their team. She always works on improving her game by asking what to do and what moves to make to outclass her opposition. As a perfectionist on the court, Megan's size is no indication of her strength and agility. Her huge smile disappears when the opposition proves challenging and an internal power of strength and determination takes over. When the going gets tough, Megan gets tougher. Megan has mainly filled the role of centre this season where her brilliant attacking skills and her defensive approach have been an essential link in this Maddies line-up.

Rebecca Stone: Rebecca's game of netball has come a long way this season. As a speedy and energetic wing attack she is always relied upon to receive the centre pass. Rebecca has outsmarted her opposition wing defences with her quick breaks and strong leads. Don't be fooled by Rebecca's delicate appearance, as she is a fierce and fiery player who enjoys a physical game and always gives as good as she gets. Rebecca was called upon to play goal attack when the team was short in a couple of tough matches this season, it was here that she surprised everybody, including herself, she was quick into the circle and rebounded any shots that she happened to miss. Well done Rebecca! your fun and enthusiasm ensured great team spirit and morale.

Katrina Paul: Katrina, in her debut year with Maddies has worked hard at being a part of this strong Maddies line-up. She has been an extremely enthusiastic player always eager to pick up new skills, listening carefully and working hard in her main role as wing defence. Katrina is proud to be a Maddies player and displays this in every game. Katrina, although not a Rep player herself always enjoys going along to support her friends at carnivals, she has also been seen out watching games at the ACT Netball Centre, where she picks up new skills and always reports back on what she's seen.

Amy Elliott: Another newcomer to Maddies, Amy has definitely been the team's most improved player. As the key goal keeper she has made her mark under the goal post where she has worked hard at sticking close to her opposition. Her role as goal keeper has been a challenging one. She has learnt a lot this season and always puts to practise the new skills she picks up at training. One training session near the end of the season, Amy announced that her style of defending the shots for goal had no effect. Not so Amy! Keep training hard and listening and don't under estimate the work you have done in defence this year.

Carla Howman: Throughout the season, Carla has been a delight to coach, her big smile and sportsmanship approach are a winning combination. Carla's main role has been in the goal shooter position where she is consistent and reliable always doing the job asked of her. On one occasion when we were short a shooter or two, Carla was told she was to be the only player attempting shots at goal and her goal attack was to pass her the ball every time we got it in the circle. And in true Carla form she did just what was asked of her and managed to shoot the team to a win, what more can a coach ask for? Carla is a team member in the true sense of the word. She is well liked and respected amongst her fellow team members.

Nicole Shepherd: Nicki, another of the team's big improvers, has been part of this team's brilliant centre court attack, playing in all three centre court positions. Once we managed to get her hair tied back and off her face she was transformed from "Shaggi Shepherd" to "Netball Nicki". What an amazing transformation this was, not only could she see that ball, but she could pass better, catch better and most importantly see where she was throwing to. Although Nicki's favourite request is "can I come off now" she is one of the team's most reliable players, always turning up to training.

Laura Withers: Laura (who, what, when and how) Withers has filled the very difficult position in the team as double ender with ease and determination. Each week she has swapped back and forth between defending and shooting and has played both roles with equal strength and ability. Laura likes to ask every week who the opposition is?, what court are we playing on?, is the other team any good?, did we beat them last time?, what was the score? and the list goes on and on and on..... Laura stick to your game and be proud of your achievements and most of all keep up the versatility.

1st Semi-Final Report

Maddies Moovers vs Valley Dragons

The Maddies Moovers really proved that team work is the vital ingredient in a winning line-up. Having not beaten the Valley Dragons team all season, the Moovers made sure that the game that counted was the game they won. From a half-time lead of only two goals, Moovers stormed away to a 36-21 rampage over the unexpected Dragons who fought hard right till that final whistle went. Well done girls, now we just have to do it on the day.

GrandFinal Report

Maddies Moovers vs Padua Panthers

Winners, Winners, Winners!!!! What more can I say. The Maddies Moovers took control of this Grandfinal from the very start. Having practiced front cuts and flat passes all season, "practice makes perfect" paid off. This 25-13 victory over the competitive Padua Team finished off the season in real champagne style.

Amanda Campbell

Maddies

Mobsters

Our team consists of the most delightful girls a coach could ask for. All the girls are willing to try, compete at a high standard, but foremost are friends who have a good time and are willing to learn. It has been a pleasure and a year of fun. Thank you girls, you are what netball is all about. You will all do well with what ever you wish to take on and I hope you all continue with your netball. Each member of this team compliments each other. Thanks to the supporters each week, and to Kristy-Lee Simpson who umpired our games every Saturday.

PEN-PICS

Kym Mitchell: My wonderful converted defence player with a great sense of humour. Kym came into the team as an attack player but this season she has played defence. Kim has trained very hard to improve her skill in this position and in such a short time, has achieved a high standard.

Kristy Murtha: Our beautiful tall attacking player. Kristy is a very accurate goal shooter who has a settling attitude for the other players. Kristy is working on her rebounding skill this season and I keep threatening her with a fire cracker if her jumping doesn't get stronger. To her credit she is trying very hard.

Kylie Hardy: Kylie is a surprise, a very quiet achiever, her potential was only limited by a knee injury she suffered during the season. Keep up with the good work and remember....."3ft before the hands".

Lina D'Ambrosio: Lina is one of our defence players and on first sight you would not expect her to be in this position as her size does not relay her ability. Lina has very good positional play and a great eye for intercepts. A very hard worker and a strength to the team.

Michelle Powell: An Intermediate player who has been brought up to cadets for experience. Michelle is a very strong player in attack and centre court and adds strength to the team with her excellent ball skills and shooting accuracy. This year will put her in good stead for cadets next year.

Sarah Roberts: Beautiful ball skills and a very good centre court player, who gives her best in every game. A pleasure to have in our team. Sarah just needs to work on her fitness and she will definitely be a real force to contend with.

Shannon Williams: Shannon has been a wonderful team player. She plays in any position on the court that I ask. Shannon has playing strengths in both defence and attack and only has to believe in her own ability a bit more.

Skye Campbell: Skye is one of our goal shooters and is very accurate. Skye is a coaches delight as she is so consistent and very composed on the court. I have only seen her ruffled once, and she handled the pressure well.

Renee Shepherd: Renee is our athletic player and at times, I have had to slow her down to concentrate on her footwork. Renee gives all in a game and would run forever, if I asked her. Her ball Skills have greatly improved and she is always willing to learn.

1st Semi-Final Report

Maddies Mobsters vs Maddies Migraines

Of all the teams for us to meet in the semi's was Maddies Migraines. Not only had they defeated us each game in the season, we also had a wonderful social occasion. The team was determined and trained hard for this game but alas, Migraines were too good on the day. Nerves and lack of confidence showed in the 1st quarter which gave the Migraines a strong lead which the Mobsters could not pull back.

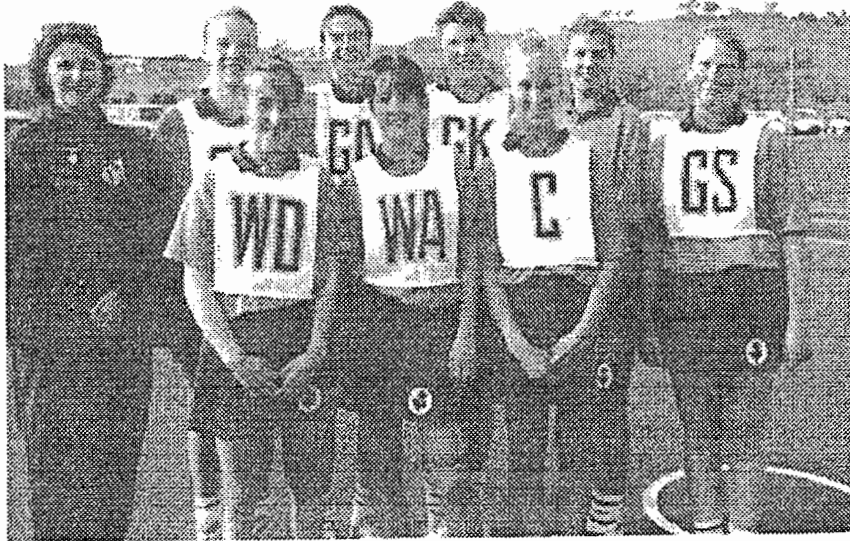

2nd Semi-Final Report

Maddies Mobsters vs Mambo Dolphins

With another shot at getting into the Grandfinal, we came up against the Mambo Dolphins. We went into this game quite confident as we had beaten this team on every occasion that we played them. We trained well and even warmed up well without too much cajoling from the coach. We took the court against a much stronger opponent than what we had encountered through the season. Therefore with a few handling errors and turnovers and settling down with the umpiring we found the game slipping away from us. With a bit more experience and learning to play to the umpires call and adjusting the game to such, the Mobsters can go a long way. Hold your head high as you all played very good netball. Your attitude to the game will hold you all in good stead for life. My condolences but my congratulations on being a fine team.

Chris Powell

Maddies Migraines

The Migraines have been a delight to coach. Their season started with Leonie Dunn who is a great coach. Unfortunately Leonie had to leave mid-season which left the way open for a new coach to enjoy a talented and funloving bunch of girls. I have enjoyed my time with this team as they remind me what sport is all about. Doing your best with what you've got and having fun doing it. The girls are a reflection of their parents who always provide support and are a credit to the concept of good sportsmanship. My thanks to our umpire, Kate Fuller, a talented and underrated umpire who deserves more recognition. This team has the potential to achieve at a high level in netball and I would love to see them consolidate with another successful season in 1995.

PEN-PICS

Cassie Thomson: The reason for the team's success. Cassie is the ultimate in team players who has a unique ability to read the play. Cassie absorbs direction and follows coaching instructions to the letter. Fortunately her games reflect little of her training activity as she spends a good deal of her time resting flatout on the court. A good season for Cassie who has made a sound contribution to the team.

Kelly Shoard: Kelly is energy personified. She runs the court like a chook with her head cut off and has a great ability to go into her 'hands-up' defence. Kelly, like Bridget, has learned a lot from volley-ball. Kelly joins Cassie as a great and reliable defence who could mix it with the best.

Kate Myszka: Our baby fill-in roughs and toughs it with the best. Kate compliments a strong defensive end and contributes to a formidable line-up that overwhelms our opposition. Kate is a smart player who provides a personal strength and sense of humour that lifts the team.

Kate Picton: The 'organiser' who provides instruction and organisation which is valuable in centre court. Kate is the grandmother of the team and attempts (in vain) to keep training sessions on the straight and narrow. Competition games are always taken seriously with Kate providing direction all the way.

Jilly Mallinson: The quiet one in the team who contributes as a valuable centre court player. Jilly has speed and manoeuvrability which allows the ball to move from defence into attack. Jilly contributes well to the team and has had a good season.

Johanna Grey: Johanna is versatility personified. A competent goal shooter who has spent most of the season in centre court. What Johanna lacks in height she makes up for in speed which she has used to the teams benefit. Johanna is a valuable contributor on the court and has contributed significantly to the team's success.

Christel Leemhuis: The goal attack with the mostest! Christel has moves which need to be seen to be believed. Her accuracy at goal is legendary. A sound player who gives her all in every game and provides a strong support in the goal circle.

Bridget Harris: The goal shooter with height and manoeuvrability. Bridget's volley ball training has provided a sound base for her to apply to netball. She has height which she uses to her fullest with strong rebounding and good ball skills. Bridget was a welcomed addition to the team and has developed as an accurate goal shooter who provides a strong focal point in the circle for the centre court players.

1st Semi-Final Report

Maddies Migraines vs Maddies Mobsters

This game was played against the Mobsters who have provided Migraines with good competition all season. The score did not reflect the effort required from Migraines to win. It was an entertaining game which was well won in our defensive end.

Mobsters maintained a fair degree of possession throughout the game, however, were restricted in their scoring opportunities by a committed defensive combination. The centre court players were able to skillfully assist the goal shooters by ensuring that all defensive turnovers were transferred into a score in our favour. It was a great effort by all our players and ensured that the GrandFinal was something to look forward to.

GrandFinal Report

Maddies Migraines vs Mambo Dolphins

This game was played against the Mambo Dolphins and proved to be tighter than expected. The appalling weather conditions and a bad case of nerves combined to produce a full-time score of 7 goals to 3. With possibly the lowest score line on record you would think that the game was a bit of a none event, however, the scoreline did not reflect the degree of skills and pace that the game contained. Each team achieved only one centre break, however, strong defensive play from the Migraines ensured that the Dolphins were unable to capitalise on their final centre in each quarter, thus providing Migraines with the advantage of the next centre. This was a major contributing factor to the end result. The entire team played well, and although the goals were not popping in for us we had 38 shots at goal as opposed to the Dolphin's 18 shots. This statistic demonstrates that if our shooters had been on target the scoreline may have been an embarrassment to the opposition. Migraines had a great deal of ball possession and were making great leads and creating good options for each other. This win was a real team effort which brought a tear to the eye of the coach. Congratulations to the team, spectators and officials it was an event to enjoy.

Helen Cain

Who said netball is a boring, non-spectators game. Definitely not Mr Thomson and family who were often on the sidelines at Calwell to give encouragement to daughter Cassie's team, the Migraines. This "good sportsmanship" support and encouragement was displayed by all the Maddies Parents this season. Good on your Mum's and Dad's.

Maddies

M & M'S

What's that saying, there's nothing like an old fool!, well that certainly sums it up in one. A gluten for punishment, I took on the job as coach of the M&M's this season, much to Lyn Maclay's disbelief. The team was the old '93 Mum's team minus two players. Some fine recruiting by the coach, saw the team gain two younger players to make this team into a winning line-up. The team was determined to show B Grade that they were still in the running for a trophy at the end of the season. Most Saturdays, the team played great netball showing the club that they had definitely come along way from C grade. It was not an easy task at times trying to coach a team full of "coaches" and keep on-court harmony, but we all made it to the end. Special thank you to Peta Fuller for umpiring our games every Saturday. Great season M&M'S.

PEN-PICS

Louise Kelly: The "shooting star" of the team. A class above the rest, Louise's shooting accuracy, together with her stylish play in the circle played a big part in this team's success. A strong attacking player who is not afraid to go hard for the ball. Good team member and a pleasure to coach.

Debbie Bujna: Proved to be another valuable addition to the team this season, as she was able to play defence and attack positions. Playing in the defence end at the start of the season and ending up as goal attack at the end of the season was a real turn-around for Debbie. She did it all with ease. She has good ball and aerials skills. A delight to have in the team.

Sandy Ball: A change from goalkeeper to wingdefence/wing attack for Sandy this year was a breeze. She displayed tight defensive skills and was an important part of

the defence end. She was always determined and at times her own worst critic. I would have a Sandy in my team anytime.

Chris Mellon: What can I say! Has to be the most consistent player in the team. Her work in the defence end this season has been nothing short of fantastic. Her great aerial ability taking many rebounds and intercepts combined with her determination was a real plus for the team. She has also turned into an apprentice umpire this season, and now "knows all the rules". This season, she again got no sympathy from the coach, when injured, "Play On" was the call from the sidelines.

Margaret Fowler: The smallest but one of the strongest attacking centre court players in the team. As the team's centre, she performed consistently throughout the season, although she sometimes had trouble adjusting to some of her coach's instructions, by the time finals came around, she had learnt to play the roving centre and drive down the middle of the court.

Debbie Gilbert: This lady was definitely born wearing the wing attack patch. Debbie appeared to lose a bit of confidence in her shooting earlier in the season, and a change to wing attack set her on fire. She made use of all her training sessions, and actually put practise to work. Displaying great attacking support in the wing attack position, she was determined to win those centre passes. She finished the season on a good note.

Carmel Fuller: This mother of two very talented netballers has shown us how its done. Carmel has given this year her best. Every week, she applied everything she had learnt at training and from watching her daughters play. She enjoys her netball, and although her favourite is Wing attack, she performed well in wing defence. Keep going Carmel.

Karen Walton: A member of the team's strong centre court line-up, Karen mainly played in the wing defence position this season. She found the going a little tough in B Grade earlier on in the season, but has worked hard on her passing and footwork often having to fill the various centre court positions.

Jenny Roach: Talent, talent, talent! Jenny has proven this season that a good player can play in any position. Making the change from centre to defence this season, Jenny provided the team with height, aggression and good aerial support. She has the ability to play at a higher level, only needing to have more self-control on court, and not to worry about the umpire calls. Great season Jenny.

1st Semi-Final Report

Maddies M&M's vs Rebel Riginals

This was a do or die game for the M&M's. After a fairly ordinary, and I mean ordinary effort the week before, the team found something extra for this game. They played their hearts out. They displayed great attacking, tight and supportive defence work to outclass their younger opposition. Our shooters were on fire. A great team effort, and now for Dolphins.

2nd Semi-Final Report

Maddies M&M's vs Quick Silver Dolphins

What had this team been eating and drinking over the last couple of weeks, because whatever it had been, it has had an amazing effect. The M&M's proved that they are finals material. This game was always going to be a tough and competitive game, but the M&M's were determined it was going to be them in the Grandfinal. They played superb netball, the centre court ran riot, the shooters were awesome, and the defence outstanding. What more could a coach want? The game was close up until the last quarter, when Maddies just let loose and had a "Blinder" in the last quarter. They won this game by nine goals. Great work Girls!

GrandFinal Report

Maddies M&M's vs Rebel Rollers

The day had arrived, nerves, nerves, nerves, dry-wretching, you name it, the team had it. M&M's went into this game feeling optimistic as they had not been able to beat the Rollers during the season, but to their credit they started the game with determination and took an early lead. Rollers came back in the second quarter and both teams played great netball. The score was even at half-time, however in the third quarter, Rollers shooter's started to pop them in from everywhere. Still the defence end held tight, trying not to give away penaltys and picking up on any mistakes Rollers made. In the last quarter, the Rollers kept on popping in some unbelievable goals, and eventually ran out winners by six goals. Full credit to the M&M's on the day as they played top class netball. Next year Ladies!

Erica Lauchland

Louise Kelly, Debbie Bujna, and Debbie Gilbert, three members of the M&M's took their loss well, and were quite content to sip champagne, share a smoke and settle in for afternoon, and watch the Maddies play in their A Grade GrandFinal. Good on you Girls. That's what club spirit is all about.

Maddies

What an interesting year this has been. I have found myself filling a number of roles with this team other than coach. These have included Counsellor, Chauffeur, Babysitter, and last resort Saturday night date to name just a few. The girls have been quite good all year with their training and when they haven't been able to make it they have come up with some entertaining excuses. Overall this is a very talented team who are able to chime together when match day comes around. Thanks to Peter Lauchland for being willing to take on the role as team manager/emergency coach.

PEN-PICS

Kirsten McDonald: "Captain Courageous", has battled a back injury for most of the season but has pushed all pain aside for the benefit of the team. Kirsten has had a lot of success in the shooting stakes this year but has also shown that she can play any position on the court. Rumours have it that she has been taking extra fitness classes from another club coach.

Francine Berron: "The Grand Old Lady" of the group. Fran brings a whole new dimension of fitness to the team being able to run rings around her younger teammates. Fran's intercepts in the goal circle are both strong and timely. Team members have found that MUM is an easier name to pronounce than Francine and have used this to Fran's amusement.

Sarah Carpenter: "The Wild One" of the team. No one is ever sure what Sarah is going to do and most of the time I don't think she does either. A sharpshooter who has stayed in consistent form all year, Sarah has on occasions dominated games in the attacking end. Most of the year was spent hoping that Sarah had a quiet night at home on Friday night but at last reports she still hadn't made it home before curfew.

Dina Constantinou: "Silent but Deadly", Dina has all year displayed her ability to run the centre court. Dina has a great ability in reading play and always seems to take a bagful of intercepts in every game. Another of the many who seemed to forget to grow, Dina very rarely says anything on the court, instead letting her play do the talking for her.

Stacey Freeman: "Stussy", after a short stint at education in the country, returned to Maddies and showed us what a wealth of talent she possess. Although not built like a footballer you always know that Stacey will put in 100% and go in as hard for a ball as any other player. Although Stacey's mouth has be known to get her into trouble over the years, she has been the voice of the team this year directing play and encouraging teammates.

Fiona Kerr: "Reg Grundy", gained a name for herself when she turned up for a game with her "lucky undies" on her head. Her excuse for this was it made her play better. The year has been a learning experience for Fiona as she has ventured from the shooting circle out to the rigours of centre court. She has brought experience to a young attack and played like she was born wearing a WA patch.

Kate Lauchland: "Short Stuff", may lack height (although she tells us she grew 2cm this year) but has a heart as big as an Ox. Kate's footspeed and accurate passing has bamboozled oppositions this year. Kate has spent most of the year watching all other club members just waiting for them to slip up and when they do she promptly tells them they have been eliminated from the Maddies President's Award. At last count, Kate only had two more people to go until she was the only remaining candidate.

Jo Myszka: "Big Jo", has found herself juggling two sports this year. Jo excels on the volleyball court and this has become evident during the year when she has become confused and spiked the netball out of court to the delight of some of her teammates. Jo is a coaches nightmare because of her skill at both ends of the court, and I am still asking myself one question, "Which end do I put her at?"

Melissa Williams: "Wilma", as graceful as a brick in the air but twice as effective, Melissa has been the backbone of the team's defence. Her height and hand quickness has on a number of occassions helped the team out of sticky situations. Melissa always seems to pull the big games out when a certain young gentleman in a panel van is watching from the sidelines.

1st Semi-Final Report

Maddies vs Peak Dolphins

Dolphins were always going to be the team that we met in the major semi. I think we went into the game with too much confidence as at half-time we were down by nine goals. A few player and positional changes were made during the break and also a harsh speech from the frustrated coach. The girls then decided to go out and play the netball they are capable of and had evened the game back up by three quarter time. We then held on till the end of the game and won by four goals earning the break on the following weekend.

GrandFinal Report

Maddies vs Peak Dolphins

Nerves during warmup were evident with the thought of what Peak Dolphins had done to the team in the first semi. From the first centre it was evident that we weren't going to let dolphins into the game at all. Every player on the court played one of their best games of the year and spectators were treated to a brilliant performance of team netball. Congratulations must go out to all the girls for not only winning the GrandFinal but for going through the season undefeated. Congratulations Maddies on such a great season and a brilliant GrandFinal victory.

Brett Quester

Maddies player, Jo Myszka who was awarded the TNA and Maddies Best Player in the A Grade Grandfinal. Picture with her is sister Nicole who played for the A Grade team Strikers.

Maddies

Marauders

1994 was to be the year that this team could have aptly been named Maddies "Medicare". Even though they were plagued by injuries at some of the more important times in the TNA season, the girls all coped brilliantly. They worked well together, and improved with every game. The Marauders have played very well throughout the season, and proved that they deserved a spot in the A Grade Competition. We very much enjoyed coaching this team, and over the season, we have also learnt a lot (even some words that I hadn't heard before) This combination has great potential, Good Luck in the future. Thank you also to Mrs Connolly, for her great service as manager. things ran smoothly all season (except when we had to call the ambulance).

PEN-PICS

Captain - Emma Mellon: Earnt her position as Captain with hard work and determination. She coped extremely well with her positional change from a shooter to a wing attack (and sometimes back to shooter), and is definitely one of the most improved this season. Never shy to try something new, and unlike the rest of her team she can talk and listen at the same time. Emma also taught us a valuable lesson, that it is dangerous (especially for the coaches) if the players have not warmed up properly. Well done Emma, keep it up.

Kym Mead: Another one bites the dust! Kym was having a great season, her skills in centre are exceptional and her passing is usually(except for lobs!) quite good. Her attitude on court and communication with the team improved throughout the season. Just a few things to remember though Kym, if your wearing a big C, you aren't allowed in the circle, and your head wasn't designed for bouncing balls off it. Great effort, we hope it continues now that you're back on your feet (and please try to stay that way).

Emma Maclay: At least she can now sign the word "toilet". She always has a story to tell but obviously all the talking has paid off, because she can now run more than a quarter in centre. She has proven to be a valuable centre court player (when she is not injured), but has also managed to keep the first string shooters on their toes. She has definitely achieved a lot this season and has a bright future ahead of her.

Rhiana Depaoli: Just call her "swish". It has not been too often that Rhiana has had an off shooting game. Her consistency has pulled the team through a lot of close games, and her defensive effort has been outstanding up the court. She may step on like Sue Kenny, but is better known to us as good old "Fanny". Rhiana definitely has great potential. Congratulations in taking out the Tuggeranong Senior Best & Fairest Award this season.

Kate Connolly: Kate was the other half of the successful shooting duo for the season. Even on those bad days, her determination always managed to pull her through for an impressive ending. Her positioning in the circle has greatly improved, and has been a factor in the strength of the attack end. She also feeds the circle well, but remember Kate, No Lobs (That applies to everyone.) Great Season Kate.

Peta Fuller: What can we say? Great work Peta. Her defensive effort got better in every single one of our matches. We finally got her to talk in the circle (but still at training, Unfortunately!) and now she knows that she is onto a good thing, we can't stop her. Lovely defence and many a great intercept, but just watch those feet. Her attitude towards the team efforts varied a little in the first few games, but has disappeared altogether ever since. Good work Peta, and if only we could remember that embarrassing comment you made to Ben at training one night, but we bet you can.

Kellie McNeill: Definitely the quiet achiever of the team (thank god there is one that stops talking occasionally). Her efforts in defence have improved tremendously. We have seen noticeable improvement in her vision and talking in the circle. Has pulled in many an intercept to set her team back on the right track. It is also nice to see that she uses her height more often to pull in those rebounds. Well done Kellie, and keep those feet moving.

Kerrie-Anne Miller: Yet another on the Marauders injury list. During the part of the season that she could walk, Kerrie proved to be a valuable defence end player, and a player to be reckoned with. Her skills on the wing were indispensable. Although wing defence was her best position she was always keen to try something else, until we put her into centre. Kerri's improvement was mainly in her three feet and ball coverage, which proved to be a considerable asset. Great work and Good Luck in the future.

Nicole Kidman: Many thanks to Nicole, affectionately known to a few on the team as the "magnet" for her assistance in a time when the only thing on the girls minds was to injure themselves. Her skills and coverage of the ball were outstanding, and being very versatile, she slotted perfectly into the line-up.

1st Semi-Final Report

Maddies Marauders vs Maddies Monopoly

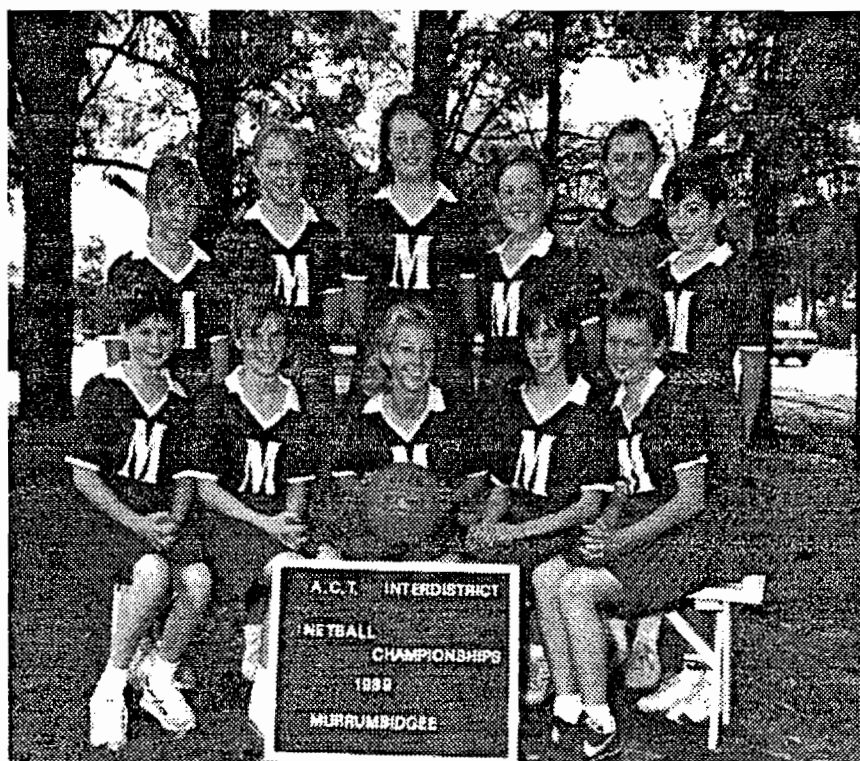

This encounter was to decide the course of our finals series. The Marauder's managed to take an early lead, which was enough to carry them through to the finish. The defenders were really working well, although some lapses in concentration by the whole team resulted in a come-back attempt from Monopoly. With an extra big finals effort, the Marauder's held them off and went on to win the game. Marauders now advanced into the 2nd semi-final against Peak Dolphins.

2nd Semi-Final Report

Maddies Marauders vs Peak Dolphins

This was not to be the Marauder's day, coming up against a very determined Peak Dolphins, the girls just could not get their usual good on court teamwork into top gear. They faced the weather, each other and many other things and held up pretty well for most of the game. The game was very close, with Peak Dolphins leading until the 3rd quarter. The girls became a little agitated with each other at times, with all players making silly mistakes, however they fought out the game to the end going down by two goals. Disappointing finish to a great season for a top team.

Ben Leitch
Jodi McGurgan

Memories and so cute! Three of our Maddies Players, Melissa Williams (centre back row) Emma Maclay (left backrow) and Katie Lauchland (left front row) were all members of the 1989 Murrumbidgee Team. Who would have thought that by 1994 they would all grow up to be big A Grade players. Well at least Melissa grew!

Maddies

Monopoly

I would like take this chance to thank all the players in the team for making me welcome to the Maddies Club this year. I think the season went fairly well considering the start we had, with myself coming in and taking over halfway through the season from Leonie Dunne. Not knowing any of the players or having seen them play before, was indeed a challenge. But we got there in the end making it to the semi-finals. The team was unlucky losing one of its players thru injury, however with more confidence and listening to the coach's instructions the Monopoly's will be a strong team next season. I look forward to seeing and maybe coaching some of them again next season. Once again, Thanks girls.

PEN-PICS

Amanda Campbell: A special thanks to Amanda who made my first year at Maddies easy. By showing the ropes, Amanda who was my centre court player was always keen to go, and go she did! A talented netballer with very good ball handling skills. But remember Amanda, Slow down!

Lynn Morriss: "I ride shooters backs", was a great asset to the team. A strong defensive player who appeared to enjoy every game she played often outclassing her younger opponents. I look forward to seeing you back next season Lynn.

Kate Fuller: Would have to be the most improved player in the team this season. Kate never gave up even when the going got rough. A strong, very skilled defence player. I would a Kate in my team anytime.

Katherine Ivansson: "But I can't play that". Katherine remember you can play in any position, and play it well. Another strong skilled member of the defence line-up. If you keep your head up and keep going, you will be a winner, and remember this for next season.

Kristen Foley: Kristen be confident with your shots, because you can do it. Kristen played well throughout the season, and showed a lot of style moving in the circle. I look forward to seeing you play next season.

Kristy-Lee Simpson: "Dave can I have a lift?" was a very consistent player through the whole season, playing mainly as goal shooter, goal attack or wing attack. Talented netballer with good skills, but remember Kristy, "don't step on", and stay home Friday nights.

Lil Koll: Well Lill's season came to an early end with her knee injury. But when she did play, she played well. A very strong attacking player who has class. I hope she will be back next season, because the team needs her.

Tianna Benjamin: Tianna helped the team out when Lill injured her knee, she gave it her best. She is a young Intermediates player who has a great netball future ahead of her. Well Done Tianna.

1st Semi-Final Report

Maddies Monopoly vs Maddies Marauders

The team went into this game optimistically because they had beaten Marauders previously. However, this time we came up against a stronger and more determined team who definitely had their sights on a Grandfinal berth. Monopoly played well throughout the game, but unfortunately not well enough. Some untimely turnovers proved too costly, with the Marauders shooters having an "on" day. The Monopoly's gave it their best but were out played on the day. Good effort by all players.

David Cook

Maddies

Mum's

When Erica asked me to be Captain/Coach of the Strictly Social Maddies Mum's team this year, I was a bit wary not knowing exactly what was expected of me. I needn't have worried. We had a terrific team and we achieved exactly what we set out to do. Play netball (except when it was cold) and have FUN! Some Saturdays, we had to have some fill-in players, and we even managed to have some A-grade players play for us (who just quietly really enjoyed themselves.)

PEN-PICS

Karen Franze: Karen played mainly goal defence this year and what a player. Intercepts, rebounds, you name it, Karen did it. Great first year.

Jenny Howman: Jenny, playing goal keeper, displayed the amazing ability to get every rebound while holding down a conversation with her opponent. A ploy perhaps? Who knows, but it worked. As well, she was also a great goal shooter. Rumour has it that she used to practise shooting goals with a young and upcoming champion shooter!

Pauline Keen: Pauline played in attack this year. Attack being the operative word. Whether centre or wing attack, Pauline had terrific hands (our President has the scars to prove it) and she was always first to the ball. Go get 'em Pauline.

Lyn Maclay: Lyn graduated from C Grade last year to the strictly social this year. After showing us an amazing quarter in centre (What a legend) Lyn retired to the more restful positions of goal keeper or wing defence which she played with style (now we know where Emma gets her talent from).

Margaret Paul: The wing attack who thinks she can't play goal attack, but really can. Margaret would tell all and sundry that she couldn't shoot and would just feed the ball to the shooter, but when she did shoot, she would pop in 3 or 4 in a row and she would still say that she couldn't shoot. (The girl is a legend in the making).

Linda West: Our goal attack extraordinaire! Linda showed her exceptional ball skills by catching passes she didn't even know were coming. Her rebounding skills were awesome on the few occasions that we missed. She must be at least seven foot tall.

Wendy Withers: Last but definitely not least. Where would we be without Wendy? Wendy was the only one who actually enjoyed playing centre and play it she did! Up and down the court, Wendy was always there to take a pass - yip, yip, yip and woe betide the team who tried for an extra centre pass!

Cheryl Low: Cheryl started the season with the team, but due to illness and her husband's work commitments had to withdraw. From the games, that she did play, Cheryl displayed good skills and was another one of the Mum's who wanted to play in her trackpants.

Jill Ingram: What can I say, but this is one talented goalshooter. Her reputation for the dislike of any other position but goalshooter remains intact. This skilled netballer who has managed to breed a TNA rep team of netballers was even called upon to play in the Big League (A Grade) this year. In one quarter, she even managed to play wing attack and survive it. But in the last quarter, she convinced the coach to place her in the goal circle, and did she perform, goals!, goals!, goals!. But her desire to return to the Strictly Social was too strong.

I would like to thank all our umpires, impromptu subs and especially the other teams in the Strictly Social Competition, because without them we wouldn't have had such a good competition. It didn't matter if we missed a goal or rebound because we were laughing, or were a bit ambitious with our passing. All the teams played with the same spirit - to enjoy ourselves.

Jill Ingram

Judging by this photo, the Mum's were definitely a close team, or was it one of those freezing cold afternoons that only Calwell seems to have, and they were just cuddling to keep warm. And who is that peeping thru up the back?

COACHES CORNER

This season, the club was indeed lucky to be so well supported by a group of talented, skilled and dedicated coaches who gave up many hours of their valuable time to help the club achieve its great on and off court success this season.

PEN-PICS

Amanda Campbell: "Karoke Kid" and I love rap dancing. Amanda is always a competitor in whatever she does. She enjoys playing her game of netball, loves to step-on, so let me Dave?. Always busts her but in every game. A top coach who has coached many successful Maddies teams.

Brett Quester: "Don't do as I do, do as I say", Brett was heard giving a classic instruction to his team in the A Grade GrandFinal, I don't want anyone sent off in this GrandFinal." This must bring back bad memories Brett, remember the Indoor GrandFinal? With his "Lets Bury them Maddies", oops! sorry Rebels, has been a great asset to the club this season, and was very popular with all the Cadet and Senior Players with his vigorous warm-up sessions.

Helen Cain: "Everyone and everything is lovely" is also a new coach to the club this season, and Helen sees everyone with rose coloured glasses on or is it purple and yellow. A big "Softie" who the Monkeys and Migraines managed to wrap around their thumbs. Definitely a big plus to Maddies this season.

David Cook: "That was a Vanessa of a pass, and remember to Hold" was also a new coach to the club this season, who by all accounts seems to have enjoyed himself. Has a lot of knowledge of the skills of the game, and a top umpire as well.

Chris Powell: "I want to play A grade, and ended up in Strictly Social Grade" this season, is also a newcomer to the club this year. Has previous experience as a TNA Representative coach. Also has a lot of knowledge about the game to pass on and is always willing to learn more. Remember your playing shooter in Alice Springs, Chris.

Ben Leitch: "Kirsten's true love" and a true gentleman was a newcomer to our ranks this season. We recruited him from Indoor Netball and allowed him to share his passion for the sport with the Marauders.

Jodi McGurgan: "Ben's right hand girl" was the other half of the coaching team for the Marauders. Had to put up with the cold night air down at Calwell (but don't tell her father, he thinks she coached from the car). Great help to Ben and the Girls.

Fiona Kerr: "I am wearing my lucky undies, and when am I going to get a full game Brett?" Is one of the longest serving coaches at Maddies, and one of the most popular. Everyone loves Fiona. She has even managed to snare herself a tall dark and handsome young man. Good on you Fi!

Kate Fuller: "Oh really, cool" Kate is also a very popular coach and club member. We all love Kate. A great coach who is developing a good knowledge about the game. She is also a great player, and we hope a future club President.

Katherine Ivansson: "I want to coach with Kate" is the other half of the coaching team for the Magik. Katherine is great with the girls, and is always smiling. A strong player and great club member, its a pleasure having her in the club.

Kate Connolly: "They are a great team", Kate is a newcomer to coaching this season. Has really enjoyed coaching the Misfits, and has acquired quite a large following of little Misfits following her around on Saturdays. Great Stuff Kate.

Peta Fuller: "Someone has to be the boss" Peta is the other coach of the Misfits. Peta is the "disciplinarian" coach and has managed to keep the Misfits on the right track. Great effort for her first year as a club coach. Top umpire as well.

Kym Mead: "Come on Maddies, we can win this", is also a newcomer to the coaching ranks this season. Teamed up as co-coach of the Marvellous and helped them gain a place in the Division 1 Grandfinal. Has a lot of skill and knowledge of the game to pass on.

Kate Lauchland: "Short stuff, and her Dad's favourite netballer is becoming an oldtimer to the coaching ranks. She coached the Misfits and the Marvellous this season. Even managed to strain the tendons in her arm whilst coaching the Marvellous. Is renowned for coaching from the sidelines, just as well she didn't get her mother's voice, they would hear her in Belconnen. Has gained a lot of netball knowledge this year, and is passing it on to the players.

Emma Mellon: "I was born to be an umpire" is co-coach, and umpire for the Misfits. Has achieved a lot over the last two years, and is well on her way for a State "C" Umpire badge next year. Good on you Emma.

Jill Ingram: "I'm the shooter and a legend, and your the centre" was the playing coach of the Mum's this season. She thoroughly enjoyed herself, playing in a great team. Even managed a game in A Grade this year, and even a quarter as wing attack, but she was lucky because the other team did not have a wing defence.

Francine Berron: "Anyone for push-ups, sprints, and anything else that will give you pain" Francine was the fitness coach for the Intermediates age group this season. This lady loves to exercise, and couldn't understand why the Intermediates didn't. A great club member, good on you "Mum".

Erica Lauchland: "My favourite Restaurant is the 838 at Erindale" has found the season or was it the team she coached, or the one she played for stressful this year. Will be seeking a clearance from Rebels to rejoin the Maddies Mum's next season, if they will have her.
