TUGGERANONG NETBALL ASSOCIATION

1993 JUNIOR GALA DAY

"SIMPLY THE BEST"

"Better than all the Rest!", was the Judges decision at the 1993 TNA Junior Gala Day Parade held on Saturday 28th March. Maddies was judged the BEST CLUB in the March Past Parade, as well as winning the SMARTEST UNIFORM award. The Minister for Sport and Health, Mr Wayne Berry presented the trophy for BEST CLUB to Brianne Wynen, a member of the Maddies Midgets Year 4 team. Brianne was the club mascot on the day. Mr Berry, along with the rest of the judging panel was very impressed with the Maddies Junior Teams wearing sunseeker caps. This was a great start to the 1993 Season.

PRESIDENT'S REPORT

The 1993 Season has been a very successful one for the Club. With the introduction of a Year 4 netta team, the club once again fielded twelve teams. The club was extremely competitive in all grades this season, and at the end was victorious in four grandfinals. A great effort from all Coaches, Players, and Managers.

The club is indeed lucky to have so many dedicated, talented netballers and coaches, as well as supportive committee members and parents. I would like to take this opportunity to thank all the 1993 committee members who so willingly gave up their valuable time to assist with the organisation and administration affairs of the club. Well Done Ladies.

On behalf of the club, I would also like to express appreciation to Amanda Campbell for her efforts this season. Amanda was one of the founding members of the club, and thru her positions as President and coaching director over the last three years helped the club develop and grow to enjoy its success today. She has willingly devoted many hours to administration, coaching, and selecting for the club.

I would also like to extend my appreciation to all the umpires who have carried out weekly umpiring duties for the club. Without umpires, we would not be able to take the court each week. A big effort each week was given by Kate Lauchland, Kym Mead, Erin Teasel, Jill Ingram, Peta Fuller, Sandy Ball, Eadie Maier, Kellie McNeil, Emma Mellon, and Emma Maclay.

The club enjoyed success earlier in the season, when our three junior teams competed in the Tuggeranong Netball Association Junior Gala Day Parade. They were awarded the "Best Club" in the parade, and also received a trophy for the "Smartest Uniform". They looked magnificent in their uniforms and new blue caps. A proud day for all. Special thanks to Fiona Kerr and her band of young coaches for their organisation and efforts on the day.

I would also like to make mention of the five Maddies players who were selected in the ACT 14'S Development Squad in 1993. A great future is ahead of Emma Maclay, Kate Connolly, Kerrie-Anne Miller, Kym Mead, and Kellie McNeil. It was also great to see that during the season, we had visiting A Umpires come to TNA to assess umpires, and they stated that Maddies had a real band of talent in this department. Erin Teasel, Emma Maclay, and Kym Mead were recognised as having the ability to obtain their "All Australian State C Badge", and even greater news on the day was Jill Ingram being awarded her "State C". Great achievement Girls.

As well as winning the B and C Grade Grandfinals this season, a highlight to the end of a great season was two of our players being awarded Tuggeranong Netball Association's Best and Fairest Trophies. Jenny Roach was the winner of the C Grade Competition, and Kirsten McDonald being the winner in the Inter District and A Grade competition. The trophies were presented at the Tuggeranong Netball Association Presentation Dinner.

A big thank you to all the coaches and managers for all their efforts this season. Without your services, we could not be a club.

I would also like to thank our major sponsor, Ian and Pauline Keen, the proprietors of A.C.T. Heads Services Pty Ltd for their generous sponsorship this season. It is with their continued financial support over the last three years, that we have been able to provide this year book, as well as a trophy for all players, coaches and umpires.

In closing, I would like to say that this year has been an enjoyable one, even though there were some things that did not go as we had hoped. However, we can now only look forward to next season, and go back to the drawing board, and work on improvements. Our aim will be to continue to enjoy playing netball and be rewarded with the on and off court success that we deserve. Our achievements should not be judged solely on Grandfinal wins, but on our sportsmanship, efforts and club spirit which was evident throughout this season.

Finally, I would like to thank my dear friend and workmate, Karin Pearce who has for the second year assisted me in designing, typing, editing and publishing this year book. She has given up many hours of her valuable time. Her assistance, patience and knowledge in desktop publishing has been greatly appreciated.

Erica Lauchland
President

Two of Maddies 1993 Executive Committee Members, Alexis Teasel and Lyn Maclay on duty one Saturday Morning at Calwell Courts. The ladies were assisting with the 1994 nominations for Tuggeranong Netball Association Representative Teams.

Maddies MIDGETS

As coaches we have both been impressed with the efforts the team has displayed this season. The Maddies Midgets is a team full of energetic and dedicated netballers. The team has steadily improved throughout the season. They have all worked hard at developing their netball skills. Teamwork has been great and their attendance and participation at training has been fantastic. Keep up the good work girls.

PEN-PICS

Mikayla Walton: Mikayla is an enthusiastic, energetic player. She is a willing member of the team, who is always on target with her shooting.

Abbie Clearihan: Abbie is a much needed defensive player, although her abilities are spread throughout all positions. Her team spirit is great, she is forever encouraging the other players. 'Keep up the good work!'

Kelly Phillips: Kelly has shown great potential in every position we played her in. She always has a smile on her face and is a pleasure to coach. She is the only netballer we have ever known that likes to play Wing Defence.

Melissa Kettle: Melissa has fulfilled her position as a team member by ensuring that the team played hopeful throughout each game. She works hard at the training sessions and the games.

Rebecca Galeff: Rebecca is a very versatile player who enjoys playing every position on the court. Her intercepts have played a major part in each game.

Sophie Tscheppera: Sophie's shooting percentage would have to be at least 75% each game (a Vicki Wilson in the making). She also plays skillfully in all other positions on the court. Her work in the circle has improved each time we play.

Joanne Leddy: Joanne is a great credit to the team with her smily face and her enthusiastic attitude. She tries very hard and has really improved with her skills.

Emily Grey: Emily is the quiet achiever of our team. She is a great centre court player. She has the potential to do well, Keep up the good work.

Brianne Wynen: Although she is the smallest player in the team, with her fast breaks and cunning dodges, she leaves her opponents behind. We all agree she looks very cute in a crocodile head.

Brooke Carrie: Brooke is the most energetic player in the team. She participated very well in all activities we did at training. We enjoyed having her in our team. We'll miss you next year Brooke!!!

Thank you to Kellie McNeil for umpiring all our games every Saturday, and to Mrs Walton for being a great team manager.

ACT NETTA CARNIVAL SUNDAY, 1 AUGUST 1993

The Maddies "Midgets" attended their first Carnival on Sunday, the 1st of August at Southwell Park. It was an exciting day for these Year 4 girls and they upheld the Maddies Netball Club name with pride. Every single player looked very smart in their uniform and many pleasing comments were passed by other teams on just how good our girls looked. The behaviour of all of the girls, both on the court and off, was exemplary - after every game they immediately turned to their opposing player and shook their hand and said "Thank you". They played excellent netball, their skills getting better with every game played over the day. All team members gave their best and their coaches, Erin and Kym, were very proud of the way their "littlies" performed. Well done, Midgets!

Kym Mead
Erin Teasel

Maddies MISFITS

After a shaky start to the season Maddies Misfits settled down well and began to play like a true Maddies team. A team full of enthusiastic, high spirited giggly girls. This team was always going to be a pleasure to coach. Being one of the smallest teams in the TNA Division 1 Year 5 competition, the Misfits surprised and scared their opposition with their awesome speed and ability to bring the ball down the court, often leaving them in a cloud of dust. This team is a spectators delight as some of their games were real nail-biters. Each girl put 100% effort into every game and always came off with a smile on their face. Great season girls! and we are looking forward to coaching you again in 1994.

PEN-PICS

Tanya Curtis: being a TNA representative player, Tanya has shown us that she is well worthy of this position, a fast versatile and aggressive player, she loves to show her opponents what she is really made of! Part of the storming centre court and one of the "dead eye" shooters, Tanya's ability and skill has been a real asset to the team.

Leah Fowler: Well what can we say! Leah says it all for us. Her enthusiastic, high spirited personality has kept the team with smiles on their faces right throughout the season. Being another TNA representative player, she has shown everyone that you don't need to be tall to play defence! Her versatility and skill has helped the Misfits immensely this season. This is one player who plays as well as she says she does.

Lauren Franz: Lauren is one of the quiet achievers of the team. She is a dedicated netballer who puts 100% effort in not only her games but at training as well. As quiet as she may seem, her strong attacking style of play in the centre court, has caught many of her opponents unaware. She has improved greatly throughout the season.

Michelle Grayson: As No. 1 chatterbox of the team, Michelle has mastered the art of talking and taking a centre pass at the same time. Being a fast aggressive and stylish player, Michelle fits the Wing Attack position perfectly. Known for her tricky centre passes and lobs into the goal circle, she is a delight to watch from the sideline!

Nina Lorenzato: Nina plays a very important part of our shooting team. Her shooting style, footwork and overall ball skills have improved greatly throughout the season, and she has proven to be a clever, cunning confident and accurate shooter! Her dedication and love of netball has contributed largely to the Misfits performance.

Erin West: After making it clear to us at the beginning of the season that Wing Attack was her favourite position, we sternly told her that because of her height Goal Defence would be her favourite position from now on. But being a natural, this was not a problem to Erin. She showed us that she could make the most of a bad situation! Her amazing intercepts and huge passes were relied on greatly by her teammates right throughout the season.

Rebecca Rake: This player's main goal in life is to be a TNA representative player! As a small speedy player who runs rings around her opponents, Rebecca has shown us that this goal is not out of her reach. Her stylish footwork and fast flowing play shows that she is a player with real class. Rumour has it that Rebecca started playing when she was still in nappies.

Jessica Johnson: is another one of our quiet centre court players, who loves to play in the Wing Attack position. Tiny, timid Jessica has shown us that there is more to this netballer than meets the eye! Her fast centre breaks and clever passes have been a pleasure to watch. Win, lose or draw, she always manages to have a smile on her face, which proves that netball is real fun! Keep the smiles coming, Jessica!

Sarah Wain: Another fast-talking member of the Misfits, Sarah is renowned for forgetting her scungies on the odd occasion, but we have proven that one size fits all in our club. This season, Sarah has been depended upon for her solid defensive skills and great rebounding ability in the defence end. Her entertaining efforts and potential umpiring ability at training are a definite asset to this team.

Lyn Rake: Manager, On behalf of the team and ourselves, we would like to thank Lyn for being a great manager, scorer and carnival umpire throughout the season. She was a coaches dream! As well as fulfilling her duties as the team manager, the girls fully appreciated her enthusiastic encouragement at all the games and for supplying lollypops after every game.

Kym Mead: we would also like to thank Kym for being our team umpire nearly every Saturday.

Finally, thanks to all the parents for coming every Saturday and supporting the Misfits.

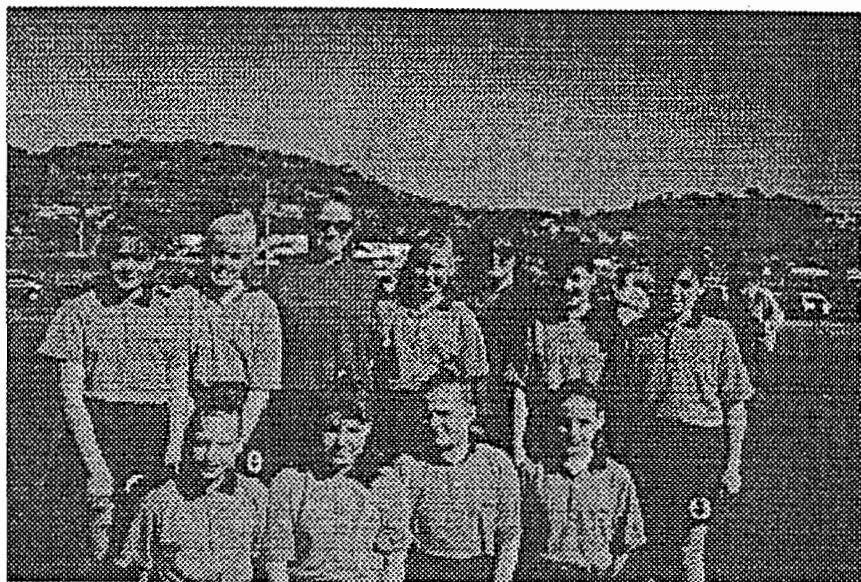

Rebecca (Nellie) Rake shows plenty of determination in her efforts to gain the ball in one of her games with the Maddies Misfits.

SOUTH CANBERRA YEAR 5 & 6 CARNIVAL SUNDAY 8TH AUGUST

This would have had to have been one of the coldest Sundays that netball has ever been played on. Therefore the Misfits decided that the only way to keep warm, was to play fast, skillfull netball and win games, and they did. Out of ten games, they won eight. Unfortunately, this was not enough, (can you believe it) to take home a trophy. They finished third, after the two top teams came equal first. However, the girls can be very proud of themselves, as both Emma and I were very impressed with their overall efforts on the day. As coaches, we have been very pleased with the way the team has combined good overall teamwork to produce great efforts on court. The Misfits have had to line up against some big opposition through the season, and this carnival was no exception, but once again they showed that size is not the most important factor of the game, determination and skill definately is. The Maddies Club can very very proud of their Misfits team. Thank you must go to Lyn Rake who changed from being team manager to team umpire on the day and did a great job.

**Kate Lauchland
Emma Mellon**

This team has continued with its success from 1992, by winning the Year 6, White Division Competition this season. However, I was a little disappointed with the overall team's efforts at the training sessions, and this was reflected in some of their play on Saturdays. The team is full of very determined and talented netballers who can all look forward to successful years ahead of them. Thanks to Robyn Bazevski for being a great team manager, and to Kym Mead, Emma Mellon for umpiring our games. It was great to see the group of parents supporting us each week.

PEN-PICS:

Carla Howman: A very strong attacking player who works very hard to get the ball. She is an aggressive, accurate shooter and along with her all round ability was a real plus in the attacking end this season. She was a 1993 TNA Representative Player.

Lauren Murtha: is one of the shooting duo of the team. She has performed consistently throughout the season. Her efforts and attendance at training has assisted in the overall improvement in her ball and footwork skills.

Nicole Shepherd: As one of the smallest players in the team, she plays mainly in centre court. Nicki, with her speed and fast breaks has been great value to the team. Her attendance at training has been good, however with less verbal action and more involvement with skill work, she could become a great netballer.

Rachel Wykes: She has played in key defence and shooting positions throughout the season. She has learnt to use her height well this season. With more work on her rebounding, she will become a force to be reckoned with!

Lauren Bazevski: A very versatile player who plays mainly in the centre court, however she has had to fulfill other positions when required this season. She is a strong, attacking player who gives off very accurate passes. She is a good team member.

Rebecca Miller: This player is definately the big improver of the team. She played in the defence positions and always gives 110%. Her intercept ability and rebounding for a small player was amazing. Keep up the good work Rebecca.

Stacey Low: The tryer of the team, always puts in an extra big effort during the games, and at training. Has worked very hard on her defence skills this season. Her skills overall have improved. A good team member, and a player who is willing to try her hand at umpiring next season.

Stevie Angel: A versatile and skillful player who can play in most positions on court. Another member of the team that represented TNA in 1993, however, Stevie will have to lift her game at training next season.

Tess Tscheppera: Tess is the quiet achiever of the team this season, playing extremely well in the defence end. She has become one of the team's stronger players and has been a real pleasure to coach this season. A good club member.

SOUTH CANBERRA YEAR 5 & 6 CARNIVAL SUNDAY 8TH AUGUST.

This cold Sunday had a bad effect on the team's performance, as winning games was very hard to come by. The competition was very strong, and on the day, the girls just did not click together. This was definately not a good finish to a great season. Thanks to Robyn Bazevski for helping out as manager and umpire on the day.

Fiona Kerr

A combination team of Year 7 & 8 players who have combined well on court throughout the season. The team has a great deal of talent, and with a little more commitment and dedication in their game and at training, they can look forward to some of the successes already achieved by other Maddies Intermediate teams. I thank all the girls for their co-operation this season, and it was a pleasure to coach them.

PEN-PICS

Natasha Williams: Natasha is a very strong centre court player who gives 100% in every game. She displays good ball skills and never gives up the fight for the ball. She is supportive towards her fellow team members. She was a 1993 TNA Representative player this season.

Michelle Powell: Michelle was a newcomer to the club this season, and has battled thru a hard season this year, but to her credit she lifted the team with her accurate shooting, combined with her ease on court. She has been a real bonus for the team. She was also a 1993 TNA Representative player this season.

Katherine Bell: Being one of the smallest players in the team, this did not stop Katherine from being one of the most skillful. She has great ball & footwork skills. Another newcomer to the club this season, she has been a valuable team player.

Olivia Anstis: Olivia is a competitive athlete and a very versatile player who is always seen busily dashing around the court. Her great attacking and defensive skills have been a great help to the team this season.

Emma O'Ryan: Emma is an enthusiastic team member who encourages all her fellow team members. She is a versatile and very strong player who can play at either end of the court. A vital link in the team's achievements.

Kirsten Duffy: Kirsten is one of the team's shooting duo. Her accurate shooting, together with her stylish play on court have provided the team with a strong attack. She has great aerial ability.

Kate Myszka: Kate is a talented and skillful player who has been outstanding in defence this season. She has proven to be very valuable and has the potential to succeed at a higher level in the game. She was a 1993 TNA Representative player this season. A great team member.

Sarah Ingram: Sarah played in all defence positions throughout the season. She is the most consistent performer during games and at training sessions. She was also selected in the 1993 TNA Representative teams. Never gives anything less than 110%. Great club member.

Natasha McClung: Natasha is one of the smaller members of the team, and plays mainly in the centre court. She moves the ball very well and has all the skills needed to be a good netballer. She was another newcomer to the club, and with a little more effort at attending training will have a good future in the game ahead of her.

2nd SEMI-FINAL REPORT After winning by a forfeit in the 1st semi-final. Maddies Magik came up against Maddies Mobsters in the 2nd semi-final. After being beaten by this team earlier in the season, the Magiks knew this was going to be a hard and close encounter. After a shaky start, Magiks pulled themselves together and by halftime had a six goal lead. This was due to some great shooting by Kirsten & Michelle. Magiks were feeling confident and were trying to increase their lead in the 2nd half. However, this did not happen, as Mobsters had decided to fightback. The Magiks became rattle, and at three quarter time scores were level. In the last quarter, it was goal for goal, with our defences working very hard. Our shooters 100% shooting average suddenly disappeared and at fulltime it was a draw. In the first half of the extra time it was again goal for goal, however in the 2nd half Mobsters got a few great intercepts and Skye Campbell finished the job with a couple of quick goals to win the game by a goal.

I would like to say thank you to the Mobsters for an exciting game. It was not so bad losing to another Maddies Team. We wish them well in the Grandfinal. Thanks also to Jo Williams, the team manager and to the parents who came down to support the team each week. Lastly, I would like to thank the girls for the hardwork they put in during the season.

Fiona Kerr

Maddies MIGRAINES

When I was given the team that I coached last year, to coach again this season I was pleased. We had a few things to accomplish that we didn't get a chance to do last year and what we have done this season has pleased me immensely. Being graded in the highest division for most of us was a new experience, with every game being like a Grand Final. We beat our old rivals (KB Welding) finally, we knew we could do it, it just took a while! Our new players were wonderful. They settled into a team that had been together for a while without a problem. The older girls helping to make this task a lot easier. They are a wonderful group of girls who have made me very proud this season. They respected me as a coach and I hope enjoyed their season as much as I enjoyed mine. Thanks again Migraines! Thanks also to Sandy, to whom we owe a lot! Her assistance with coaching and umpiring has been terrific. Thanks again Sandy!

PEN-PICS

Tania Jenkins: Tania has been a very valuable player to our team this year. She is a very skilled player and a pleasure to watch play. With a little more dedication to training, Tania I believe possesses the talent to go a long way with netball.

Cassie Thomson: Cassie's dedication and determination is a credit to her and her parents, who have both backed our team and supported me throughout the season. Each week she strives to be that bit better. Cassie is a pleasure to coach and a talented netballer who doesn't always get the credit she deserves.

Sarah Roberts: Sarah as always is a pleasure to coach. Her bright personality and ability on the court is a credit to her. Sarah is a team player and is an asset to the team.

Christel Leemhuis: Christel is an extremely talented player. Her ability to play a variety of positions and play them well was an enormous help to me and the team, and I feel that she has a good future in netball.

Johanna Grey: she may be one of our smallest players, but she has one of the biggest hearts. She gives me 100% every week and it's a pleasure to watch her play. A very versatile player.

Aimee Burgess: Aimee keeps our spirits up even on the coldest of days. Her sense of humour and ability to play netball is a credit to her. Aimee is also a flexible player which has helped me throughout the season. As always Aimee, it's great fun coaching you.

Jilly Mallinson: a new member to our team who has proven to be a wonderful asset to the "Migraines". Her defence has improved in every game and I have enjoyed coaching Jilly this season. Keep up the good work.

Kristy Sullivan: Kristy is the "Migraines" quiet achiever as she goes about her job without a problem. Her ability to shoot goals is a credit to her and something she should be proud of. I am extremely proud of Kristy and the huge improvement in her game this season.

Kelly Shoard: Another new comer to our team after losing a defence player at the start of this season she was welcomed with open arms. She is a well liked team member and was a pleasure to coach. I hope Kelly continues on with netball as she is a talented player with a big future ahead of her.

1st SEMI-FINAL REPORT After finishing fourth in Division 1, the Migraines played Coolabahs in the 1st semi. The game was of very high standard, with the lead changing many times. On the night, our defence was excellent, with Cassie Thomson having a great game, however the team just could not keep up the pace and fell away in the last quarter, with Coolabahs being the eventual winners of the evening. However 1993 wasn't to be the year the Migraines finally won a Grand final, going down to Coolabahs in such a close game. We were so close, yet so far, but I was very proud of each and every player for the effort they put in this year. Next Year Girls!

Amanda Dowling

Maddies MARAUDERS

1993 was to be the "Year of the Marauders". This Division 1 team proved that team work was the most important ingredient in the recipe to success. The Marauders won every game throughout the season convincingly through well executed attacking and defending work. My role as coach was a pleasure to say the least. The girls worked well together and were versatile in the positions they played. Good luck for future years.

PEN-PICS

Captain - Kym Mead: The team captain is a versatile and inspiring player to say the least. A great team leader she sets the pace and highlights the team's performance with her class and skills. Kym dominates her opponents with her skillful and agile positional play. No position is out of limits for her. She moved back into the goal ring this year and proved to be one of the teams most accurate shooters with many goals being shot only the way Kym knows how. Kym's season was completed with her selection in the ACT 14 years development squad for which I'm sure is only the first rung in the ladder to her success.

Kellie McNeill: Kellie continued her third year with Maddies with the same enthusiasm and dedication as her first. Always blowing up a storm in the defence and Kellie used these skills to outclass her opponents. Kellie's incredible intercepts provided many an opportunity for the team to regain position of the ball. Kellie continued her efforts at ACT selections where she gained selections in the ACT 14 development squad. A big achievement for a player who always puts in a big effort. Well done Kellie!

Kerrie-Anne Miller: Well what can I say! This girl has to be Maddies Intermediate recruit of the year. Kerrie who played for an opposition team last year trounced her way through the season not only being selected as a TNA Rep player for her first year but dominated her opponents at ACT Selection also making the development squad (her efforts on the day had to be seen to be believed). Not only does Kerrie possess skill and composure on the court, she is the only player I've ever coached that played out of position for half the season without even telling me. (She was so good, I didn't even notice). Kerrie displayed wonderful sportsmanship and was a bonus to this team of versatile players. I'm sure Kerrie would be proud of her own performance this year, as a coach I sure am!

Emma Mellon: What a season of netball Emma has had this year. As one of the member's of the Marauders dynamic shooting team. It is incredible to watch (dare I say it) a short player take in so many rebounds. Emma's great team play and positioning in the goal circle always give her the advantage in the ring. She is a thoughtful player who is well respected on court by both her own team and the opposition. Emma also proved to be another versatile Marauder. Not only did she perform brilliantly in goals she also played in centre court like a true champion.

Emma Maclay: Emma's a great player - just ask her! In Defence "Brilliant", Centre Court "Incredible" and Shooting "What a star". Emma has had her turn in all position this season proving to be a headache for her opposition in all of them. Emma is a well liked team member who lifts her team when the going gets tough. She's courageous, inspiring, reliable, determined and skillful all rolled into one. Emma is yet another of the Marauders who showed superiority at ACT level in being selected in the ACT development squad.

Kate Connolly: Kate is a gracious player who at last has started to relax on court and really enjoys her netball. She is energetic and has transformed from solely playing in shooting to becoming a forceful Centre player. Kate, after missing initial nomination into the ACT Squad, came back hard and strong at selections to breeze her way into the team. She played with a kill or die attitude like I've not seen her display before. Kate was well deservent of selection and I'm sure if Kate applies the "practice makes perfect" she'll reach her full potential. Good Luck Kate and well done!

Erin Teasel: Erin is a delightful player outsmarting, outrunning and dominating her opponents. She is swift off the mark to break for centre passes and a magnificent feeder of the goal ring. Erin is reliable and controlled on the court displaying energy and charisma. She has not only had a successful year in centre court but proved that height is no boundary by taking on Goal Defence and Goal Shooter positions on several occasions throughout the season (despite only coming up to their shoulders).

1st SEMI-FINAL REPORT Maddies had a convincing win in their semi-final against St. Peters. The Marauders were relaxed in their pursuit to win the Division 1 Competition and looking forward to the weeks rest, if they won this game. The Marauders once again proved how accustomed they were at kicking butt by taking out the final.

GRANDFINAL REPORT The Grandfinal proved to be the closest encounter the Marauders had to face all season. Nerves and anxiety overtook Maddies in the first 3/4 of the game, at some stages only being two points in front. Marauders knew they had to take control early in the 4th quarter if they were going to walk away winners. Although St. Peters were determined that this was their season it just wasn't to be. The Marauders on court discipline opened the doorway to storm through to a Grandfinal victory. Congratulations!!! A job well done!!!

Amanda Campbell

Maddies MINDSHAKERS

Maddies Mindshakers not only have a great deal of talent but have the ability to come together and play as a team. Mostly a year 7 team, it didn't take long to become acquainted and really pull together. Although the Mindshakers were not always perfect, they always put in 100% effort in every Saturday game. I have enjoyed coaching these girls immensely and wish them all the best in future seasons. Thanks to Eadie Maier for her dedication in umpiring our games every week and to Mr Withers for being of assistance on the sidelines, and to those parents who came along to support the team each week.

PEN-PICS

Hayley Roach: Played goal defence for the team. A very strong dependable player with a lot of ability. Hayley not only defended well but was great in attack, and I feel that she will develop into an outstanding player.

Sally Roberts: The comedian of the team. Sally played goal shooter or goal attack for the team. Her accurate shooting was a real plus for the team, causing many opponents headaches, as they were never many rebounds to catch when Sally put up a shot.

Tracey Mitchell: A versatile player, Tracey normally played between goal attack or goal defence. Her shooting skills really improved over the season as did her accuracy, she always gave her best each Saturday.

Belinda Ryan: (Mouse) Belinda also played either goal keeper or goal shooter throughout the season. Her defensive skills improved along with her accuracy for goal. Belinda always puts 100% into every game and is a great team member with a big future ahead of her.

Alison Garth: Alison was definitely the chatterbox of the team. Playing goalkeeper or wing defence, she worked well with the team, improving every week, and this helped her confidence grow.

Erin Maier: a centre court player, always puts in a top effort each Saturday and certainly made up for her size with her outstanding skills and strong desire for the ball. A very determined and gutsy player with a big future ahead of her.

Bernadette Carroll: also a centre court player, she started the season off seeming to be shy and quiet, but this definitely was not evident on court. She played well in all centre court positions, and her improvement during the season was great.

Natalie Withers: The quietest member of our team, she always puts in a top effort in her games as a centre court player. Her ball handling skills have improved vastly over the season. She has been a pleasure to coach.

Kelly Johnson: Kelly was the fourth member of our centre court team. With lots of energy, Kelly improved dramatically over the season, especially in defence. She has been a bonus for the team, and is a good team member, and a pleasure to coach.

1st SEMI-FINAL REPORT Maddies Mindshakers played their 1st semi-final against Hot Tuna Dolphins. It was a very tough game. The score was very close for the first three quarters. Then in the last quarter, Mindshakers shot away to win the game by five goals. Everyone in the team played a major part in the win. The best effort from the team all season.

GRANDFINAL REPORT This was definitely not the Mindshakers day. The Hot Tuna Dolphins were all fired up and looking for a win. At the end of the first half, the Dolphins had taken a substantial lead of 10 goals, a big gap for us to close. It wasn't until the second half that the Mindshakers really started to find some form. With only 1 minute to go, we were only 2 goals from the lead. Unfortunately time ran out and the final score was 20-18, Dolphins way.

Laura Carpenter

Maddies MOBSTERS

PEN-PICS

Captain - Renee Shepherd: a strong attacking and defensive player who rarely fulfils the duty of the captain to win the toss for first centre! An outstanding player who plays and trains very hard.

Erin Kelly: a new club member who has worked hard on her centre court and defence play to be a most improved player. Her improved ball-handling and footwork skills have been a result of her hard work.

Lina D'Ambrosio: an outstanding defence player who never gives up trying. Lina puts more than her best into every game and causes a lot of trouble for opposition shooters.

Natalie Dowling: the quiet achiever of the team. A great centre court player who displays excellent skills in all areas of her game. Natalie always trains and plays well, giving 100% effort.

Sophie Masters: a quiet member of the team whose ball-handling and shooting skills have improved vastly over the season. Sophie has also been working on improving her defensive skills to be a valuable double-ender.

Shannon Williams: a hard working shooter, Shannon displayed improved skills in the circle. She used her height to an advantage taking many rebounds and intercepts.

Kristy Murtha: another very accurate shooter who "sinks 'em" from a long way out. She moves well in the circle. A hard worker at training who always plays to her full potential.

Skye Campbell: is a strong attacking player. She has been consistently accurate in her shooting throughout the season. Displays excellent ball-handling and defensive skills necessary for attacking players.

Sarah Goldsworthy: was a member of our defence duo up until mid-season when she moved with her family to Melbourne. Sarah had height and a great stretch. One of the quiet people in the team. She gave her best every game.

Emma Scott: joined the team late in the season. More commonly known as "The Ledge", Emma's skills and personality are an asset to the team. Unfortunately for us and Emma, she fractured her foot in the 2nd semi-final against Magik. She was sidelined for the Grandfinal, but she was there cheering us on.

1st & 2nd SEMI-FINAL REPORT In this semi-final we played St. Peter's Legends. The girls were well beaten on the night, however the finals nerves were to blame. Having lost their first semi, Mobsters had to play Maddies Magik to contend for a position in the Grandfinal. The Mobsters played an excellent game of netball to come from behind at three quarter time, to level the scores at fulltime. In the extra 5 minutes each way, the team determined to win played extremely tight, and won the game by a goal. Magnificent effort by all players.

GRANDFINAL REPORT After being beaten by St. Peter's Legends in all the previous encounters, the Mobsters were thirsty for a win. The game was goal for goal the entire time, and after an excellent start, the Mobsters used their overall strength to take a small lead. Accurate shooting and strong defence gave the team a 34-32 win. Farewell and Goodluck to Emma Scott, a foundation Intermediate player of the club, and her family as they are moving to Brisbane at the end of the year.

Kate Fuller
Katherine Ivansson

Maddies MONGRELS

I must admit that when I was first told that I had to coach this team, I was petrified. No-one could deny that this team was named rather appropriately. But despite being a pack of mongrels, I have found them to be great fun. The character and enthusiasm present among the team (skill may have something to do with it) are explanation enough for the success of this team during the 1993 season. Despite the fact that these girls have been playing up in the Senior division, they have managed to convincingly win every game, except for two hard fought draws, and believe me, we won't be letting the Kambah Slammers or Rebel Riginals get that close to us again. I had no doubt that this team had the potential to win the Senior B Grade Competition, and go on to bigger and better things.

PEN-PICS

Captain - Stacey Freeman: as captain of the team, it has been Stacey's job to try and control the team on the court. And she has done a surprisingly good job considering the girl has enough trouble trying to control herself, though her bright personality has definitely been an asset to the team. Stacey has always worked hard at both training and during the games, and this has been evident in her success this season. A great player with a great future ahead of her - watch out Carissa Dalwood!!!

Jo Myszka: as vice-captain Jo is very much a part of the team. She is always full of encouragement for her fellow team members, and has no reservations about stepping in to protect anyone that she thinks may need the "Big Jo's" help. Her outstanding defence has been the downfall of the opposition on many occasions, but during the season, we have also been shown that Jo's talent also extends to the shooting end of the court. There is no doubt that she has the ability to succeed in the game.

Lisa Bell: Lisa is known to be the quiet one of the team, though looking at the rest of the team she can not be blamed for not being able to get a word in. She has shown immense skill, especially at the defence end of the court, and has shown a special liking for the WD position. She definitely has the skill to go a long way.

Sarah Carpenter: Sarah's shooting accuracy has played a big part in the team's success this season, though this is definitely not her only strength. Her strong character makes her a player not to be reckoned with, and a number of our opposition have learnt that this season. She is not afraid to go in hard for the ball, and this is what makes her attacking game shine. This season has also shown us that Sarah is very supportive of her team members, and she has stepped in to protect them on a number of occasions.

Dina Constantinou: Dina is an outstanding centre court player, with sound attacking and defensive skills. Her courage and determination have often been the factor that has lifted the team to better performances. She seems to love the pressure of the hard games, and it is under these conditions that spectators delight in her intercept ability. She has great strength and body control and if they didn't know at the beginning of the season, the opposition now know that height can be deceptive - you don't take on Dina!

Kellie Gilbert: Kellie had a scratchy start to the season, injuring herself in the first game in a collision with one of her team members (it would have to have been Melissa), but Kellie now knows that if she is going to go down she is to try and take one or more of the opposition with her. Luckily her injury was not too serious, and since then we have seen that Kellie is a defence player well worth having. She has good ball and aerial skills, all the things that the opposition hate in a defence. Definitely a future ahead of this girl.

Kylie Jenkins: Kylie has proven to be a valuable member of the team as she is able to play any position on the court, though she is renowned for her amazing accuracy as a shooter. The strength of her aerial skills makes her a delight to watch and she is definitely an asset to the overall team performance. Her mental strength (in regards to netball) is shown in her obvious enjoyment of a good hard game and her ability to handle pressure. A player with the skill to go along way in the sport.

Kate Lauchland: well she may be short, but she definitely has a heart, Kate just never gives up. Her footwork and ball skills, are outstanding (surprising considering Pete is her father) and are a sure asset to the team. Renowned for her strength in the centre court, she also likes to get in some shooting practice if the opportunity arises. She was definitely born to be a feeder of the circle, and often annoys the defence with her pin-point accuracy. Her determination to win will help in her future, which is looking very bright.

Melissa Williams: last (alphabetically) but definitely not least. Her strong ball and aerial skills have made her a formidable defence, whose performances are consistent. She is definitely an asset to the team, with her endless support and encouragement, and she is always willing to help in any way she can. Her determination to win, and the fact that she never gives up, combine to strengthen her game even further. Watch out world, Melissa is coming.

1ST SEMI-FINAL REPORT This was never going to be an easy game, coming up against our old enemies Kambah Slammers, with the winner going straight to the Grandfinal. To the Mongrels credit, they looked like outright winners on the day. Overall teamwork was great and the full team effort paid off. They won the game 23-19.

GRANDFINAL REPORT Mongrels came up against Rebel Rollers in this game. No-one was really sure how the game was going to be, but it was sure to be an interesting one. To their credit, Mongrels went out hard from the start, and had established themselves an unbeatable lead by halftime. Their teamwork and skills were superior on the day, and the Mongrels never looked anything but winners. Final score for the game was 37-20. A fitting end to a great season for a top team. Congratulations Girls, and to Kate Lauchland who received the umpires votes and trophy for the Best Player in the "B" Grade Grandfinal.

Kirsten McDonald

Peter Lauchland (Kate's dad) and Dina Constantinou volunteered their services at the BBQ to raise funds for their fellow club members, Kirsten McDonald and Stacey Freeman who were selected in the 1993 ACT Indoor Netball Representative Teams. Dina was awarded for her efforts on and off the court by receiving the Player's Player award from her teammates.

Maddies MONOPOLY

The team was basically made up of many newcomers to the club this season. The players did well even though they were faced with the task of forming new on-court combinations and learning each other's style of play. Next year we will see the results of this foundation season.

PEN-PICS

Kate Fuller: Was the Backbone of the team. A very strong dependable defence player with a lot of ability. She earned the respect of her fellow team members with her determination and commanding efforts on the court this season. A great club member.

Katherine Ivansson: Another member of the defence end, who works very hard in the circle, and combined well with Kate. A player who always gave 100% effort in all her games every Saturday. A valued team member.

Emma Maclay: A versatile player who played every position, except shooter this season and proved that she could do it all with ease. A great future is forecast for our Emma.

Louise Kelly: A newcomer to the club this season, Louise started off as a shooter, but came back after an illness to prove her worth to the team as a sound centre court player.

Debbie Bujna: Another new player this season, Debbie was a member of the centre court team, playing mainly in the Wing Defence position. Strong performer on court who had the misfortune in her last game of the season in having to cut her nails. Sorry about that Debbie.

Kristy Simpson: Displays good aerial and defensive skills which are essential for an attacking player. She has been consistent in her shooting this season. A good effort for her first season with the club.

Bethany Nicholls: Another member of the shooting team, Bethany always appeared relaxed on court, worked well with Kristy in the circle. A valuable contribution was made by this new club member this season.

Margaret Fowler: A strong attacking player who mainly plays in the centre court positions, she loves to talk on court, off court, and even at the Tavern after the game. A consistent performer on court and at training (even if it was not on). Rumour has it that she has been signed to Captain Coach the Maddies Mum's next season. Good on ya "Kiwi"

Robyn Jenkins: The "Road Runner" of the team, if she is not tearing up the asphalt with her speed, she is often seen "resting" on it. Robyn showed no fear as she often hurled herself into the game. A good performer.

1st SEMI-FINAL REPORT Monopoly verses Black Adda

The team went into this game optimistically even though they had not beaten Black Adda this season. However, this time they were up against a very determined and strong opposition who definitely have their sights on a Grandfinal berth. Monopoly tried very hard throughout the game, but were outplayed on the day. Good Effort by all players.

Lynn Morriss

Maddies

This was the season, that all members of our club and this team were really looking forward to, however things just did not go as planned. "So much for planning". From the beginning of the season, the team just could not get it all together on or off the court. Training sessions were not being attended for various reasons by the players or the coach, and this was reflected in the team's play each Saturday. Unfortunately the club and the coach parted ways, leaving the team without one, with one of the senior players having to undertake these responsibilities on a Saturday. The team comprised of players from our two 1992 A grade teams that were highly competitive last season. Maddies found the Interdistrict competition to be of a much higher standard of netball than they had experienced at TNA. However, to most of the players credit, they battled on, with someone even suggesting that they perhaps should start playing for fun. At least they all know now what to expect of Interdistrict Competition and must realise that to win games, the team must be fit and train. And as you can see by the photo, the team on many occasions had difficulty fielding a full team.

PEN-PICS

Lynn Morriss: "I hate shooters" Morriss. A very mature and versatile player (1993 Masters Representative player) who's often heard being vocal on court. Renowned for her very tight 3 feet defence which has caused many a shooters downfall and many an umpires headache as Lynn's 3 feet is not everyone's three feet. But we all know where the 3 foot stick is kept. Obviously Lynn is still (now that she is entering her 41st year) enjoying her netball. Continue the good work Lynn!

Fiona Kerr: As the team has been an Interdistrict side, getting goals has been a little tougher this season, but Fiona being a true competitor knows there is always next year. Fiona's season highlight was winning the TNA Open Representative 1993 Coaches Award. Three quarters of the way through the season, Fiona tossed in her Goal

Shooters patch and transformed into a Centre, a position she played with skill and ability. Fiona's delivery of the ball on centre passes lifted the team's performance.

Amanda Campbell: "This should have been my year". Now with the desire of retiring to B grade, where she can at least feel good at the end of the game, Interdistrict was her finale to the big league. However, all did not go as planned, as not only did she loose her centre position, but assisted with the shooting duties for the team. She put up many attempts, and alas got a few goals, but she never stopped trying.

Rebecca Walker: Another player who has moved position this season. Rebecca has proven to fit in well to the glamour position of shooter. She loves to step in as a goaler and outsmart the opposition with quick moves and stylish shots. In centre court, she delivers the ball faster than you can say "Big Mac and French Fries" but unfortunately for the team has had to serve them than attend training or play.

Francine Berron: "I love training, running, jumping, sprinting" Berron. She plays mainly in defence which has been a key area for Maddies this season. Francine is a player who enjoys her netball as much as she enjoys keeping her body looking great. Francine's biggest disappointment has been that her fellow team members didn't share in her enthusiasm to train. Her highlight was being a valuable contributor to TNA's 1993 Open Representative Team's success. Keep up the good work Fran, but please try and stay home on Friday night's.

Jodi Leemhuis: (Where are you Jodi?) although she was unable to attend any of the earlier training sessions, and disappeared before the end of the season, she was always wanting the team to do well and gave her best when she did play. She was required to fullfill the team's problem positions in centre court. Each week she removed her canteen apron to don her Maddies bib. She was as quick on the court as she was with "Next Please".

Kirsten McDonald: As the 1992 Most Valuable Player recipient, she continued her good work this season with Maddies. She is a valuable coach and player and friend to her fellow team members. She is an inspiration to all young, and upcoming club players. She is still a spectators delight as a very talented and versatile player of outstanding skills, (especially when a certain young dark haired gentleman is watching from the side lines). Kirsten's year once again saw her receive the Player's Player award for the 1993 TNA 19's Representative team, yet another indication of her sportsmanship and team spirit. Kirsten also made the ACT 1993 Mixed Indoor Netball Team, an achievement Maddies is very proud of. Keep it up Kirsten! Kirsten was voted the Best and Fairest A Grade Competition Player, and received her trophy at the Tuggeranong Netball Association Presentation Dinner.

Special Thanks to Kate Lauchland for doing the umpiring duty that nobody else would each week. A big effort from a valued club member.

Maddies Roving Report

Maddies MUM'S

I definitely did not know what I had let myself in for, when I volunteered to coach the Mum's this season. However, with the assistance of stress pills, and a bottle of sherry every week, we all settled into the season, managing to win a few games on the way. The team had recruited a few new players this season, and it did not take long for them to settle in. The team and the coach soon realised that they had the potential to be finals material. A few hiccups near the end of the season, saw the Mum's lose a few games, however they soon bounced and battered their way back and went all the way to the Grandfinal. The team was a mixture of personalities, and this was indeed a coach's challenge. To the Mum's credit, they proved to be a team of classy, determined and skilled netballers that their daughters can be proud of. Great Season Girls. Special thanks go to Alexis Teasel and Margaret Paul who were willing to take the court and play for us while a few of the girls took a holiday.

PEN-PICS

Debbie Gilbert: Is a player who eats and sleeps for her netball, even under her coach's orders. She is a strong attacking player who played mainly in the goal attack position this season. A good team player who combined well with Jill Ingram (goal shooter) in the circle. Great at getting the rebounds. A player who always gave her best, so much so that she had to take a holiday during the season. Remember Debbie, Bend those knees! She even earnt herself a new nickname during the finals, "Elbows Gilbert"

Jill Ingram: a player who was recruited to Maddies this year, because she was the reason the Mum's did not win the Grandfinal last year. Deadeye Jill has been a great asset to the team this season, with her consistently accurate shooting. A good team player who genuinely plays the game to enjoy it.

Jill also joined the elite at TNA this season, when she was awarded her "All Australian State C Umpire Badge". She is now looking forward to playing in the Strictly Social competition next season, but the word is that she will have to play goal attack as her current coach intends playing goal shooter.

Lyn Maclay: "Mrs Mac", who joined the Mum's this season to just have a run and some fun. Well, did she surprise us all. Lyn decided at the beginning of the season, that the Wing Defence position suited her nicely, and there she stayed. Her skills over the season improved greatly, and she is now looking forward to playing Strictly Social Netball next season. Well Done Lyn! and I hope you did have some fun.

Karen Walton: A player who made the transition from shooter to centre court this season. Always appeared relaxed in her sunglasses on court, she was a valued team member. Always willing to play various positions, and always put in a good effort during her games. She was another player who also needed a holiday during the season.

Sandy Ball: A fine example of the theory that you don't have to be tall to play goalkeeper. Sandy did a great job in this position as no-one ever wants to play goalkeeper. She displayed very tight defensive skills and determination plus. A pleasure to coach. Played very well in wing defence during the finals games.

Jenny Roach: A player who put every effort into her netball this season. A very strong centre court player who displayed amazing all round ball and aerial skills. She was often the cause of many opposing team's headaches, and sometimes other injuries. She never gave up the fight for the ball, just ask her teammates. She has a high fitness level and enjoys a hard training session, but doesn't like the loud cheering from the opposition teams on the sidelines.

Chris Mellon: (Dare I say it) Definitely the most improved player of the team this season. Playing mainly in the goal defence position this season, Chris saw herself as the Protector of the team. Her outstanding defence was often inflicted upon the opposition teams. A player with a lot of determination and who plays on even when injured, and receives no sympathy from her coach.

Carmel Fuller: Another newcomer to the Mum's this season, Carmel was an extremely enthusiastic player who genuinely looked forward to training and her game on Saturdays. Carmel set her sights on the Wing Attack position, and throughout the season worked very hard on her passing and footwork. Great first season.

Rebecca Newlands: Her late registration was welcomed by all team members, as the team was hit with injury crisis mid season. Rebecca is a versatile player who is very strong at both ends of the court. Her presence on court helped lift the team in many hard games. Rebecca was the odd one out in the team in that she is not one of the "Mum's", but a youngster, however she was very supportive towards her mature team mates.

1st SEMI-FINAL REPORT In this game, the team was up against Rebel Rockers who had beaten us on two occasions previous. But boy were they in for a surprise,

because the Mum's were taking this game seriously, and playing to win. It was a very close game, with goal for goal, and the lead changing often. Both teams looked like they were in need of the oxygen that was offered at halftime. The windy conditions were causing our shooters some havoc, but to their credit they never gave in. The team's defence was excellent, although Rebels might not necessarily agree. At the final siren, Maddies Mum's were ahead by one goal. Great Win Girls. Another training session to come.

2nd SEMI-FINAL REPORT It was one of those nights, when after a bad and I mean bad training session on the Thursday evening before, the Mum's went out and did everything BEAUTIFULLY. They were just fantastic. All players displayed great passing, defending and good court line-ups. They completely outplayed the young Dolphins and proved that a team of determined, mature plus 1 youngster, and breeders of skillful netballers are hard to beat especially when playing for a place in the GRANDFINAL. It was definitely the case of it's US or THEM. Great Effort Mum's. And yes, it mean't another training session.

GRANDFINAL REPORT September 4th will definately be remembered as the Day of the Maddies Mum's. They took to the court, (some players well and truly did) • determined to be the winners on the day. Teamwork was superb, attack accurate and defence outstanding, so good in fact that the supporters and the coach were often brought to their feet watching this classy and entertaining game. Yes, they did it in style beating Rebel Rangers 23-17. To top off a great day, our classy centre Jenny Roach was awarded the Best & Fairest C Grade Trophy at the Tuggeranong Netball Association Presentation Dinner. For her outstanding efforts in all the finals games, Chris Mellon received the umpires votes for Best Player in the "C" Grade Grandfinal Game. P.S. Chris also received her coach's vote for player of the match.

Erica Lauchland

Lyn Maclay (Maddies Mum's) and Cheryl Gustowski (Rebel Rockers) are two of the mature ladies who enjoyed their netball this season. **Judging by the smile on Cheryl's face this photo was not taken after the 1st semi-final game.** Both players will be playing in the new Strictly Social Netball Competition at TNA next year.
