## PRESIDENTS REPORT

This is my ninth report as the President of the Maddies Netball Club and it's been another great year of new friendships and sustained and lasting memories. This year we continued the development of our young players with our juniors increasing in numbers again this season. We had a grade 2 team, a grade 4 team and 2 grade 6 teams who all competed strongly in their competitions. This year was also a development year for our Inters. We have a very young group of girls with the majority of our teams playing in Div 3 and 4 this year. Div 1 and 2 were combined and we had two pretty competitive teams of young players playing many games against stronger and older opposition. Both teams ended the season in Div 2 but gained very valuable experience that will set them in good stead for next season. We were not so strong in numbers in the Senior group with only 4 teams however they all also competed strongly in each division with all making finals.

From our 14 teams, 8 made the finals (remembering that juniors don't play finals) with 5 making grand-finals. Of these we won 3, Maddies Machetes in Inters Div 4, Maddies Minx in Seniors Div 2 and Maddies Maddies won their 3 grand final in the past 4 years in Seniors Div 1. Our other teams were very gallant runners up in games while our Junior teams all finished high on the ladder in each of their grades, congratulations to everyone on a great season.

I would like to welcome all of our new players and their families to our club, I hope that you all had a great first season with the us. In all we had 48 new registrations, most of which were juniors and Inters continuing the trend from recent years. I would also like to farewell those who have left us and wish you all good luck in netball or life endeavours in the future and hope to see you back at Maddies one day. Thankyou to all our existing members for making our new players and families feel welcome and I know that we have all made several new friends.

This year I would like to focus on our volunteers. We need volunteers in many areas of the club and around TNA and it is very pleasing to see so many put their hands up so readily. I can honestly say that the wonderful sense of community around the club has been very pleasing this year. Getting volunteers to do the many jobs in the club has been very easy and the way you have all worked together to strengthen our club has been a real pleasure for me. I would like to pay a special tribute to our committed team of coaches. It was wonderful to see so many of you step up to do this largely thankless job, especially those Junior and Inters coaches who came out every night during our cold winter to impart your knowledge and skills onto our future stars. Its your dedication that keep these young people coming back to the game and to our club each year. I sincerely hope that you all continue in your roles next season. I would also like to thank all of you who took on the role of team managers, to you all, it is impossible for teams to grow and be successful without your support and hope to see many of you in the same roles next season.

I say this each year but I would like to once more sincerely thank our wonderful committee. Again you have made my job very easy with all your hard work and dedication to Maddies and our players. Whether its creating financial statements, making coffee, fundraising, uniform and property management, updating web pages, managing our resources or taking minutes as well as in some cases coaching and managing teams it has been a very special year for me. This continues to be one of the best committees that I have ever been associated with. To you all, thank you so much on behalf of everyone at the club for your efforts for the year. You all give freely to Maddies with so many hours of dedicated service with organising coaches, umpires and teams. We can only continue to be successful with great people such as you in the club. A special thankyou to Dean Macaulay, he works tirelessly in the background makins sure our web page and communication setup are always up to date and available to us throughout the year. To any of you who are leaving or may be thinking of leaving our committee thankyou from everyone at Maddies you have been a wonderful worker and friend to me and our club.

Craig Pennifold, our Treasurer has decided to retire after several years of managing our finances and making sure we were always in a strong financial position. Thanks mate, your efforts have been very much appreciated. For the rest of you enjoy your time over the summer and we will see those of you who are staying, back again next year.

Once again the highlight for me has been the influx of new juniors which enabled us to field 4 junior teams this year. Several came to us from schools to take advantage of playing a second game and getting to know our club. I hope that you and your parents enjoyed the year and will join us again next year. I had the pleasure of watching several of their games throughout the season and was really encouraged by the improvement that they all made over the season. I especially like to thank April Costa for her tireless efforts over the year in her role as junior coordinator she has been instrumental in the recruitment of many of our juniors over the past three years and along with our other wonderful junior coaches (Kathryn, Kim, Sophie and Lily) are building a very strong foundation for our club.

I would like to congratulate the many Maddies players who gained selection in TNA and ACT representative teams this year; we all shared in your wonderful success and we hope that it continues into the future. Also thanks to all those who coached, managed or umpired at a Rep level, your contribution to our players is immeasurable

I would also like to thank all of our umpires. Maddies have always been blessed with a great team of umpires and this year was no different. The junior development scheme being run by TNA has unearthed several new great young umpires with a passion for the game seldom seen. This year two of our umpires have gained their National C badges, congratulations to Abbey Jameson and Isabella Simon you are both an inspiration to our young umpires like Tijana Ranatunga , Lexi Schell, Alyssa Megalli, Angela Woolnough, Soibhan Devlin-Grant and Sam Muller who we hope will continue their development and go on to achieve their badges over the next year or so. I would like to thank Tara Ward for her continued support this year in mentoring several of our young umpires and a special thanks to the rest of you umpires, you continually provide great umpiring to the other clubs because of your skills and efforts, I hope that you will all be back next year.

To those players leaving the club and we hope that there aren't too many, we wish you all the success in your new clubs or circumstances wherever they might be and hope to see you back with us in the future.

Lastly I would like to thank the Kate Marcrow and the St Francis of Assisi Primary School for their continued support in hosting our presentation day and donating their facilities to ensure we have a great day.

After another great season I can honestly say thank you everyone, to players and parents for being such wonderful ambassadors for our club in both your conduct and play throughout the year. I would like to congratulate each and every player on their seasons, juniors and inters especially were very committed with continual good roll ups to training. Congratulations to all our teams for outstanding efforts and sportsmanship throughout the year and in the finals.

As President of Maddies Netball Club I have again enjoyed your friendship and support throughout the season and I look forward to seeing you all back again for season 2018.

## Munchkins - cont:

**Poppy** - Throughout the netball season, Poppy has developed and improved her skills significantly. Always enthusiastic and ready to learn, Poppy is a great player to coach and watch play. Specifically enthusiastic about centre court and shooting positions, we are sure that Poppy will continue to improve her netball skills as she gets older.

**Keira** - An excellent player and very passionate about netball, Keira is always seeking ways to improve. Whether it be on court or off the court, Keira is consistent and persistent in her quest to grow as a player. She plays fantastically - her passing is specifically strong and she knows how to set up a court in order to succeed. Keira is a cooperative team player, and we have no doubt that Keira will take her netball to the next level.

**Maddy** - A player we always enjoy watching, Maddy has consistently applied herself in every match. Her fine motor skills have really improved this season and her passing is strong and directed. She understands how to move around the circle in order to get the goal, and her shooting technique is advanced for someone of her age. She is passionate about netball, and we hope to see that passion transferred into more competitive levels in the future.

**Issy** - This season we have seen some fantastic play from Issy. Whether it be her centre court drives, her consistent alertness or her enthusiasm towards the game, Issy has significantly improved this netball season. She works well in all combinations, is learning how to work a shooting circle in order to benefit the team, and understands how to effectively get the ball down the court. Issy should continue to expand her knowledge of netball and we hope to see her playing in the future.

**Chloe** - is a fantastic team player - she understands team dynamics and uses them to advantage not only herself, but her whole team. She is kind, compassionate, fair and an excellent listener. She takes the knowledge that she acquires through training and puts it into action on court. She understands how all court positions should be played and can effectively set up a centre court throw in. Chloe is a brilliant player as well as person and should continue to develop and refine her skills in order to take her netball to more competitive levels.

## Munchkins - cont:

**Zoe** - Although we didn't get to see Zoe very much this season, what we did see was excellent. Zoe plays consistently, the same level of enthusiasm each game and she was an excellent team player - always kind and caring towards others. She is supportive of her teammates and always applies herself, no matter of her position or energy level. We hope to see Zoe fully recovered and back in the game as soon

**Frances** - This season we have watched Frances develop in amazing ways. Although one of the youngest on the team, Frances is bright, has excellent fine motor skills and understands how to position herself in order to achieve the best results. An excellent listener and always keen to learn, Frances has become a beautiful, young netballer and we hope to see her enjoying herself and netball in the future.

**Mataya** - is a brilliant young netballer. Her intercepts are outstanding, her passing is strong and to the point and she understands how to effectively play every position on court. We have noticed that her defence is particularly advanced for her age, but we could also say the same for her centre court work and her shooting. Overall, Mataya plays a fantastic and exciting game of netball and we hope to see her advancing to more competitive levels in the future. Bianca

**Bianca** - is a very enthusiastic and passionate player - two qualities that we have consistently seen reflected on court. She possesses aptitude in all areas of the court, is a supportive and welcoming team player and understands how to make her play the most effective it can be. She is kind, listens in training and is actively trying to improve her game. We would love to see Bianca continue to progress and we hope to see her both enjoying and playing netball in the future.

## Munchkins - cont:

**Kirsten** - A consistently enthusiastic player, Kirsten has developed significantly this netball season. Kirsten plays a fantastic game that is always fun to watch, and her footwork in particular, has improved remarkably. Kirsten plays defence positions specifically well, her passes are effective and she is an excellent teammate - always kind and supportive. We are very happy to have coached Kirsten this year and we hope to see her playing netball regularly in the future.

**Jacinta** - A very passionate player, watching Jacinta play netball always brings a smile to our faces. Her level of enthusiasm paired with her constantly developing skills, makes Jacinta an excellent team player who is always energised and ready to play on game day. In particular, we have seen Jacinta play excellently in shooting positions as well as centre court positions and her passing and decision making has improved significantly since the start of the season. In the future, Jacinta should continue playing and should continue learning and developing new skills. We hope to see her enjoying herself and the game next year.

# MIRICLES

## Juniors Grade 4

Coach - Kim Ranatunga

Asst Coach - Tijana Ranatunga

Manager - Renelle Pearce

## Miricles - cont:

**Isabella Popple** - Isabella is the youngest and smallest player on our team but has never let that hold her back. She wants to give anything a go and is surprisingly accurate in the goal circle. The team would get the ball to her and she'd just pop it in! Thanks Bella for holding the parents accountable for lolly duty when it was their turn and for the biscuits and "I love you" notes you'd shove in my pocket at training.

**Keira Malzard** - Keira has just come so far from last year. Her dedication to improvement and the time she puts into training is impressive and this reflects in her game. Keira arrives early every Wednesday to train with the grade 6 team then runs over when we start. Keira has been a valuable shooter, defender and centre this season and I am really enjoying watching her game develop. Thanks for explaining games at training when I couldn't and for teaching the team some of the drills you enjoyed at development days.

**Dakota Lambros-Cully** - Dakota is such an easy-going player who is a joy to coach. She keeps our wings covered and our goals defended. This season we have seen some excellent defence work from Dakota and discovered that she is happy to keep our wings covered as long as she doesn't have to shoot! Thanks for being a great team player and for never getting upset at the positions you were given.

**Kyla Pearce** - Kyla is a player that trains and plays really hard. She sets her expectations of herself high and works extremely hard to meet those expectations. Kyla's commitment to the game, her team and her improvement is admirable and shows in every game she plays. Kyla, thank-you for being amazing in every position you played, for your enthusiasm for a challenge and for the contribution you made to our games this year.

**Cienna Ranatunga** - What a great little defender! Cienna was such an asset to our goal defence this season, she is fantastic at intercepting the ball and sticking to her player. Cienna was unsure about returning to netball this year but has shown this is definitely her sport. Cienna, thanks for being such a friendly team member and for trying really hard to work on grabbing and holding that ball when you intercept.

## Miricles - cont:

**Takiesha Bowden** - Takiesha is such an easy player to coach who has blown us away this season with her accuracy in shooting. She spends hours at the courts on a Saturday with a ball in her hand shooting for goals and it has really paid off. Takiesha is also a valuable defender who intercepts well and puts a lot of pressure on the opposition. She can read the play and is a valuable player in any position she plays. Thank-you for being such a great all-round player and for all those goals this season!

**Roshanda Malone** - Roshanda gives 100% every second she is on court. Her energy and determination is endless and her hunger for the ball insatiable. Roshanda will come from nowhere to intercept a pass, often putting her body on the line. She takes risks, makes the lob passes to get the ball in the goal circle and is just an amazing little player. Voted last year for the players player award, she has once again shown why she was deserving of that award. Thanks for the cheeky comments that made me laugh, for giving everything, every game and for including some of the younger Maddies players when they wanted to train with us.

**Lily Smith** - Lily was new to our team this year and we are so glad she decided to become a Miracle. Lily is fast with boundless energy, she can change direction quickly and drive forward to get in front of her player. Lily gives 100% the whole game and seems to never tire. Lily loved playing C and GA this season and was a really fantastic addition to our team. Thanks for your amazing work on court this season and for helping us parents when we had canteen duty. No-one delivers the drinks faster than Lily!

**Jorja Osti** - Another new player to our team this year. Having never played netball before, Jorja only wanted to play in WD and was so worried she'd let the team down if she got something wrong. Jorja quickly learned that mistakes were quickly forgiven and this gave her the confidence to take risks and try new positions. Jorja now LOVES netball and asks every game if she can play C, WA and GS. Thanks for working so hard at training to learn the game, for how well you played this season and for being a wonderful team member.

# MACHINES

## Juniors Grade 6

Coach - Kathryn Hodgers

Manager - Kylie Schiwy

# Machines - cont:

## Maddies Machines

To All of My Machines...Thank you all for another great season. You are a bunch of wonderful girls, and I wouldn't trade in any of you. You make me cranky sometimes, but it's only because I know what you are capable of and want so much for you all to be successful! I have loved, so much, watching you all develop, and grow, both individually and as a team, on and off the court. Please continue to be the wonderful people you are. With attitudes and determination like yours, the future is limitless and I am proud to have been a part of it. Congratulations to you all on a fantastic Winter Comp 2017. Let your next year be bigger and better again!

😊 Kathryn.

**Claire** - Claire has so much spirit and energy when she steps onto the court. She is competitive , fair and drives the rest of the team to follow her example. She has had some amazing intercepts this season, the effect being each and every parent on the side lines calling out "well done Claire!" or "nice one Claire!" Her name is constantly on the great job call outs when she's on court, and although her junior reign is coming to an end, I know she will just continue to improve coming into inters next year and anyone will be lucky to have her on their team. Well done Claire on an amazing season and all the best for your future in netball.

**Faith** - Faith has taken more of a leadership role this season, assisting with warm ups and cool downs at training, and coming up with some great options for training throughout the season. She hasn't been afraid to take risks, trying new positions and really growing in her ability to find space and get in front of the play, guiding others to follow suit. Stepping up and playing in inters as well as for her year 6 team, and taking part in junior rep academy has assisting with improving her confidence on and off court. Great season Faith, keep up the great work.

**Sophie** - Sophie has explored different positions this year, keen to learn and this has helped her improve in the positions she found comfort in. It was great to see her step outside of that comfort zone and really start to grow and bring that competitive edge each game. Never afraid to ask questions, or add a funny story to a training or game play, she is a delight to be around and her enthusiasm is contagious. I know she will be a benefit to whichever team she ends up in next year, as her junior years come to an end, and I wish her all the luck in her netball journey.

## Mahcines - cont:

**Thailah** - The girl with the rolling hand style of shooting, a technique that works only for her. Thailah has come leaps and bounds with her diversity on the court. Keen to assist with training, she has provided some great options and assisted with cool downs and warm ups, even working with one of her team mates whilst I was off sick, training the whole team. Thailah's junior reign is coming to an end, but her inters future is bright, already having filled in for many teams during the year, keen to play and get amongst it. Keep the drive and competitive edge Thai and you'll continue to amaze.

**Jessica** - Jessica bounds out of nowhere on court, making her name one of the most called on the well done list amongst the parents on the side line. Jess has grown so much this season, finding space and really grasping/understanding coming forward, staying forward and looking for opportunities to ensure her team's success. Jess is an asset to our team, with her kindness, compassion and honesty. I would love to see her return for her last year in juniors next year. She has always played up a grade level, and I believe if she continues, she will amaze us and surprise herself.

**Jordan** - Jordan has a raw talent for this game. She is passionate and often too hard on herself, but has learned to channel this in positive way. Determined to chase that ball, be in front and leap at the ball if the situation calls for it. She has expressed an interest in umpiring and is willing to ask questions about the rules, implementing them and working on her own skills on a broad scale. Jordan is funny, kind and this spreads throughout the team. Jordan would benefit from playing in inters as well as juniors next year, especially if she is keen to umpire. Great Season Jordy, Well done.

**Eliza** - Eliza is new to Maddies this year, and has brought some great skills along with her from her previous club. We are very lucky to have her. She is passionate about the game and is our unofficial court coach, willing to call out options to the girls as they play and encouraging them to keep moving, and provides options. She too can be a little hard on herself, but has learnt to channel this in a more positive way throughout the season. Eliza is happy to play at any position, as long as she is a part of the game and her team, she is driven to succeed and will if she is willing to continue growing and learning as she has this season. Well done Eliza, keep it up.

## Machines - cont:

**Eden** - Eden is keen to learn and lead. She has provided some great training ideas and helped out with warm ups and cool downs on occasion throughout the season. Eden has benefited from playing up with us this season as well as being a part of the junior academy team, even playing for the rep team throughout the season. She brings these new skills to the games and is keen to share her knowledge with her team mates. Eden is a generous, hard-working player, all over the court and always willing to back up her fellow team mates. She is an outstanding player and I can't wait to see what she will do going forward in her netball journey.

**Calliegh** - I am so impressed with Calliegh's growth this season. She has always been a great shooter, but has gained confidence with other positions as well this year, which has just strengthened her skills more so. Another one of our juniors that has always played up, her juniors run isn't yet done. I hope to see her return again next year to continue to grow and develop her skills. Learning the wing this season and combining that with her shooting abilities has been an absolute joy to see and I wish her nothing but success in her netball future.

**Jemima** - You don't even see this one coming. Jemima just appears, as though from nowhere, to intercept the ball or provide options in open space consistently. Her shooting skills have vastly improved as well this season, proof that height isn't everything in this game. She is an asset to any team lucky enough to have her aboard, and her positive competitive edge is contagious. I can't wait to see what she will do next year and am sure she will continue to get better and better as the season goes on. Well done Jem, keep up the great work.

# MAGNIFICENT Juniors Grade 6

Coach - April Costa

Asst Coach - TJ Flick-Booth

Manager - Jennifer Watts

2017

## Magnificent - cont:

What a fabulous year we have had. We welcomed six new players into our team at the beginning of the season and we have all grown and thrived so much together. Finishing off the winter season 2nd place in div 1 was such an amazing achievement that you all worked so hard for. TJ & I couldn't be any prouder.

**Ashlee Antonakas** - One of our most reliable and confident little players, our little energiser bunny who always brings so much joy to the team. Your determination and persistence to grow and be stronger each game has been an honour to watch. As the year went on you nearly perfected your ability to slow down the play for us. Your strong little passes into our shooters and your timing and strength of your leads is way above your age. We have loved coaching you this year and hope to see you back next year bigger and stronger them ever!

**Leah Carroll** - Leah your first year at netball and WOW!!! I remember our first training when TJ & I asked you to defend with your body on your player and using your outside arm and it just clicked! Your next game with us your defence was phenomenal and continues to be, at each and every game. You always stove to put pressure on your player and the driving you do down the court to support your team is and are so honoured to have coached you and be a part of your development. BIG things coming your way!!

**Emma Chynoweth** - Emma joined us half way through the season very quiet and shy. As Emma attended more training she opened up more and really embraced her place in our team. Throughout the season Emma has really shown growth in her movement down the court, her vision and her ability to play stronger with certain players that she clicks with.

**Angelina Costa** - Four years coaching you Angelina and you never cease to amaze me. The strength, determination and leadership you bring to our team makes me very proud. This year you were thrown into the deep end and relied on as our shooter when Chelsea was out injured and you have thrived and become one of our strongest shooters. Your movement around the goal circle is fantastic and you thrive with whoever you have to work with. You hold yourself very strong and always play your hardest netball for your team.

# Magnificent - cont:

**Shayla Dyer** - Always an honour coaching you Shayla. You always have a smile on your face and you bring so much happiness to our team. Your movement on court, vision and amazing passes into our goal circle are everything that we needed. The strength you bring to our centre court is second to none and your determination to always turn over a pass for us is outstanding, your team can always rely on you to bring something amazing.

**Cheyenne Flick-Booth** - Our dear wild child shooter Cheyenne. Always an honour coaching you and watching you enjoy yourself on the court. You have been our number one shooter this year and have worked extremely well with your GA Angelina. Your ability to read play, communicate, split from your player and pop in those big shots has improved out of sight. It is never an easy job being a shooter and having the whole team rely on you to pop those goals in but you have taken it in your stride and helped us get to where we are today!

**Chelsea Harris** - Chelsea your final year in junior netball has been a tough year for you. Only a few games into the season and you broke your ankle. When your six weeks off were finally up you came back to one game and got injured again, this time with a broken finger. Chelsea you are always an honour to coach and we love having you apart of our team. I have watched you grow over the last couple of years and your determination, strength and drive has grown immensely. We thank you so much for supporting us through the year when you were injured, we are very lucky to have you.

**Charlotte Popple** - Charlotte it has been my honour coaching you for your last year of junior netball. Every game you played you continued to grow. You always show commitment at trainings to improve yourself and your game. Your defence has improved greatly and your determination to always play your hardest is truly appreciated. We hope you continue to play netball and further your horizons in representative teams.

# Magnificent - cont:

**Isabella Sands** - It has been such a privilege coaching you this year Bella. We have watched you grow into a stronger more confident player and you really thrive to always play your hardest with the BIG girls. Your determination and persistence to pull in those big intercepts for us under the goal post has been amazing to watch. Your ability to bring skills we work on at training to our games is our favourite thing to see. We love watching you use your fast feet bouncing around your player and holding them nice and strong. You are consistent, a team player and an absolute delight to coach. You have truly been an asset to our team.

**Meaghann Scott** - Meaghann, our little pocket rocket with a pass like a bullet on fire. How honoured are we to have coached you this year. You always bring all your energy and enthusiasm to every game and your speed and strength on court is a force to be reckoned with. Your size doesn't deter you and you take on the BIG girls with all the confidence in the world. You jump like Jordan and your court vision is outstanding. Your ability to time your passes has been a huge credit to our team. It has been an honour coaching you Meaghann.

**Lara Smith** - It has been an honour coaching you at your first year at Maddies. You started as one of our shooters but with your height and strength on court have proven to be one of our strongest defenders. Your persistence at training to grow and develop your skills has not gone unnoticed and your ability to bring those skills to our games is perfect! Your team can always rely on you to not only get an intercept but to continue to feed down the court.

# MAGIC

## Inters Div 4

Coaches - Belinda Nunn & Kim Devlin  
Manager - Chris Breen

## Magic - cont:

**Bryannah Holz** - Bryannah may be small in size but can move around the netball court. She is an important part of the centre court to help out her team playing in the wings. Bryannah is a great team player who made all the girls laugh. Good luck next year.

**Lara Smith** - Lara is another one of teams smaller players but moved around the court fast. She was always happy to go wherever we put her and always gave it her all. Lara has learnt so much and took on board all advice given and you could see a huge improvement over the season. Look forward to seeing you on court next year.

**Chloe Pascoe** - Chloe always played with her heart and gave every game 100%. Chloe worked hard at every position that we put her in. She is a great team player who loves to talk, she made the team and us coaches laugh at training and games. Good luck next year.

**Shanaea Hamad** - Shanaea came to us having never played netball but we were in for a surprise. She played fantastic as a defender, but once we put her into shooting wow what a powerhouse. Shanaea may be quiet off court but she plays like someone who has been playing for years. We have loved the opportunity to coach you this year.

**Amy Aksila** - Amy ou were willing to play any position and absolutely killed it every single time. Whether it be C or in the circle as a shooter or defence you would always give 100 % effort each game and the encouragement you gave the team made each game enjoyable!

**Yayea Aboy** - Yayea has always been an asset to our team and brings skill in both defence and as a shooter. Yayea could also be counted on to turn the ball over in defence and to rebound under the goal post whether shooting or defending. Thank you for a great season.

## Magic - cont:

**Annabelle Smith** - Annabelle is the smallest player in our team, but don't let that fool you, her speed, agility in the centre court and her sheer determination really made her a force to be reckoned with. But hold on Annabelle is also a gun shooter running rings around the bigger defensive players and putting up the goals when she was put in. Annabelle it was an absolute pleaser being your coaches this year. Can't wait to see you on the court again next year

**Charlotte Breen** - Charlotte has been a pillar of the defensive part of the team this season. Her greatest strength is defending within the goal circle - getting in-between her opponent and the ball and then transitioning quickly to put herself under the goals and getting the rebound. She has worked hard this season at training on continuing to build her defensive skillset. Charlotte turned over many balls from the opposition's goal end for her team mates to convert to a goal. Charlotte is always keen to learn, improve and ultimately be better than she was the day before - this aspect makes her a pleasure to coach.

**Alyssa Vranjic** - This young lady is a force to be reckoned with! One minute you'd be watching the opposition move the ball down the court - the next, Alyssa would fly out of nowhere, intercept into their play and suddenly the ball would be coming back down our end! She is a powerhouse defensive player, and is best unleashed to rove around the court where she can be a menace to the opposition and a reliable asset to her team.

**Kayla Jones** - Kayla has been a big part of the team who also loves to talk but will always give 100% on the court. Weather we put her into GA or GS she always worked hard to get the ball into the circle and is a big asset to our team. Look forward to seeing you on court next year.

# MOONLIGHT

## Inters Div 4

Coaches - Mevan Ranatunga

Manager - Annie McArthur

## Moonlight - cont:

Lily - Lily played in the Goal Shooter and Goal Attack positions this year which were unfamiliar positions to her. However, with her positive attitude and persistence Lily grew into a great shooter. Lily trains hard and does exactly as her coach asks of her. She defends as hard as she attacks and works hard to turn the ball over. Lily is able to consistently find the right pass which opens up the court and brings other players into the game.

Sammy - Sammy spent time at both ends of the court this year showing her versatility and importance to the team. Sammy is a great leader and directs the play on the court. Sammy reads the play well and is able to anticipate when to run to attack and when to get back and defend which is what makes her such a well-rounded player.

Faith - Faith played almost every position on the Court this year and did it with a huge smile. Faith has a great attitude and will give her all in whatever position she plays. Faith has a thirst for knowledge and does exactly as she is asked making her a very coachable player. Faith's defence was a highlight this year which was recognised by other coaches and parents. Faith's positioning on court is fantastic using the open side of the court whenever possible. This ensured Faith got a lot of possessions and was able to bring others into the game.

Kiara - Kiara had a bad year with injury this year but through it all had a great attitude, making sure she still attended training and games to encourage and support the team. Kiara has the ability to play at both ends of the Court and plays them both as well as each other and is such a team player, always putting the team first and playing where she is needed. Kiara's ability to play at both ends of the together with her height made Kiara very hard to play on. Kiara runs as hard to defend as she does when she is running to attack. In defence, Kiara positions herself well and puts herself between her opponent and the ball making it really difficult for her opponents.

## Moonlight - cont:

Emelia - This was the first year I coached Emilia and I really enjoyed it. Emelia has a positive attitude and motivation to keep improving. On court Emilia is a tenacious player who is hungry for the ball and runs all day. Emilia is a great team player who consistently encourages her team mates. Emelia is one of our best defenders who is dour in her defence always playing in front, not giving her player an inch. Emilia and consistently turned the ball over and rarely got beaten. I was an absolute pleasure to coach her this year.

Larissa - Larissa always has a smile on her face and has a really big heart. On the court she has a lethal pass and can make long passes that others find very difficult. The team felt confident leading out for passes when Larissa had the ball knowing the pass would be flat, hard and accurate. She has high expectations for herself and pushes herself on the court to make sure she does not get beaten. Larissa's attitude, hard work and persistence makes her a very hard player to play on and a very easy player to coach.

Chelsea - There is no position this girl can't play. She has speed, agility, power and netball smarts. She can see the game unfolding in front of her and uses her ability to anticipate the play to intercept the ball and run to position. She's always smiling, positive and encourages the team. Chelsea is a player all coaches love, with her versatility, positive attitude and netball smarts. Chelsea has a determination and attitude that constantly blew me away and this helped her to beat her opponent no matter where she played.

Annabel - Annabel has a positive attitude and great determination to succeed. Annabel works hard around the court making her defender work hard to defend her. Annabel is a leader who all the players look up to and always listened to what she had to say. She has netball smarts and is able to bring others into the game. Annabel is great at attacking and works just as hard to defend making her very difficult to match up on.

## Moonlight - cont:

Bridie - Bridie never complained and was always smiling - She is a hard-working defender who loves to make it difficult for her opponents around the court. Bridie positions herself well and makes her opponents work hard to get the ball. Bridie has a big heart and is a real team player. She will play in positions that she is not used to, if that is what the team needs of her. I have coached Bridie for a couple of years now and she just keeps getting better. She is an easy player to coach with a thirst for knowledge and an eagerness to improve. Bridie is one of our best defenders and mid court players that provided us with great defence and a lot of run.

Amber - Amber is a dour defender who will not give her opponent an inch. She will throw herself at the ball to make sure her opponent does not have an opportunity to get possession and consistently turned the ball over with her ability to ready the play. Amber also provided a lot of run for us by making sure she also ran to attack and made her opponent accountable for defending as well. Her determination to beat her opponent and thirst for knowledge saw her improve and grow into a player that was very important to our team. Amber is another one of our leaders and does whatever she needs to do to help the team.

## Machetes - cont:

What a FABULOUS year girls. Tjanara and I are extremely proud of each and every one of you for all your hard work and dedication to our team. What a great effort from you all for not only securing a place in the Grand Final, but for taking the opportunity and making it ours!

**Lataya Booth** - Our life saver. Thank you for helping us out when we needed you and joining the team to be one of our main shooters, we truly appreciate it. Your movement down court and in and around the circle was a great threat to our opponents. You teamed up perfectly with Aneaka and Cheyenne in the circle and could force turnovers in the centre court when we needed them most. You have truly proven to be an asset to our team. Thank you again for helping us out in your last year of inters.

**Angelina Costa** - Four years coaching you Angelina and you never cease to amaze me. The strength, determination and leadership you bring to our team makes me very proud. This year you tried something different and went in and played WD for us and WOW. The turnovers and pressure you put on the WA at centres and around the circle is phenomenal. Your movement around the goal circle when in attack is fantastic and you thrive with whoever you have to work with. You hold yourself very strong and always play your hardest netball for your team.

**Aneaka Dransic** - It has been a pleasure coaching you this year. You are a great shooter who moves around the circle well and plays great with all your team mates. You continue to use the skills that you have learned at training and bring them to the games. Your movement and strength plays an integral part in all our games. Your recent move into a defensive position has blown us away. The strength and pressure you bring into the oppositions goal circle is amazing.

## Machetes - cont:

**Shayla Dyer** - Always an honour coaching you Shayla. You always have a smile on your face and you bring so much happiness to our team. Your movement on court, vision and amazing passes into our goal circle are everything that we need. The strength you bring to our centre court is second to none and your determination to always turn over a pass for us is outstanding. Your team can always rely on you to bring something amazing to our game.

**Kelsey Flannagan-Barrett** - Kelsey you are great defender who reads your oppositions play well. You have learnt some stronger defensive skills and court tricks this year which you try to implement at every single game. You work well under pressure and always play your hardest when on court. You play well with all your team mates and are always committed to play your best.

**Cheyenne Flick-Booth** - Our dear wild child shooter Cheyenne. Always an honour coaching you and watching you enjoy yourself on the court. Your ability to read play, communicate, split from your player and pop in those big shots has improved out of sight. It is never an easy job being a shooter and having the whole team rely on you to pop those goals in but you have taken it in your stride and helped us get to where we are today!

**Chelsea Harris** - Chelsea your final year in junior netball has been a tough year for you. Only a few games into the season and you broke your ankle. When your six weeks off were finally up you came back to one game and got injured again, this time with a broken finger. Chelsea you are always an honour to coach and we love having you as part our team. I have watched you grow over the last couple of years and your determination, strength and drive has grown immensely. We thank you so much for supporting us through the year when you were injured - we are very lucky to have you.

## Machetes - cont:

**Lana Khaffaf** - This year we welcomed Lana to our team. You are forever a hard working defender who always strives to put pressure on your players. You have learned to position yourself well on court and you push your shooters to work hard to get the ball. At times you can put a lot of pressure on yourself when you don't need to - you are a fabulous player and need to believe a little more in yourself. Lana you consistently put in 110% at games and always push yourself beyond your limits. We have absolutely loved having you in our team.

**Kelsey Leighton** - This year we welcome Kelsey to our team. Kelsey you have consistently shown a positive attitude towards your team and coaches all year. You have demonstrated and developed into one of our strongest defenders showing strong leadership skills on the court. The team can always rely on you to push a turnover and help control the ball back down the court. Your commitment and dedication to consistently perform 110% at training and on the court proves to be a great asset to our team. You always demonstrate excellent team spirit. We absolutely loved having you in our team.

# MISSLIES

## Inters Div 3

Coaches - Rachel Corby & Tash Barrenge  
Manager - Beata Pownell

# Misslies - cont:

## Taylor Armstrong

At training so easily distracted

On her game this never impacted

She was the team clown

Forever joking around

But in defense she dominated

## Lexie Schell

To be a Diamond is her dream

She is well on her way it would seem

Boy, can this girl shoot

But she ended the season in a boot

Becoming a supporter for her team

## Tijana Ranatunga

She started the season on crutches

This wasn't the plan, she was needed for touches

Should have wrapped her in cotton wool

So she could play the season in full

To help us to win in more matches

## Holly Russell

With new found control and speed

The play she was beginning to read

Working in the centre court

Her landings sometimes fraught

Don't hurt yourself Holly we'd plead

# Misslies - cont:

## Gemma Gordon

With Taylor she loves to natter  
At training its constant chatter  
Learning to time her drive  
So in position she would arrive  
To pop it in like it don't matter

## Kasia Powhall

She can play anywhere that we need  
Worked hard at driving forward for the feed  
Injuries were the reason  
In shooter she finished the season  
And did a mighty fine job indeed

## Sophie Edwards

We've seen her confidence grow  
Now the true talent can show  
A girl with amazing reach  
"Stretch Sophie" coach would screech  
She could always do it just didn't know

## Siobhan Devlin-Grant

When Siobhan is nowhere to be found  
Just look down, she is on the ground  
Whilst short in stature  
It was hard to catch her  
She is always zipping around

## Erin Pheeney

From touch we pulled her away  
Cos in Centre she can run all day  
When this girl wins the toss  
She takes the tap like a boss  
In netball we hope she will stay

# MIGHTIES

## Inters Div 2

Coach - Sara Driver

Manager - Belinda Nunn

## Mighty - cont:

**Elise Nunn** - Elise worked very hard on her shooting technique and movement within the shooting circle this year. To her credit, she came early every training to put her shots up and practice. The way Elise also pushed herself beyond her limits was outstanding; it was a pleasure to watch her grow into a leader within the team this season. She formed part of the shooting circle with Rachel and Isabella and could always be found putting a smile on everyone's face and being supportive of the team.

**Rachel Barber** - Rachel is the tiny little workhorse on the court who never says die. Rach could always be found darting and running circles around her much bigger opponents as well as perfecting her holds within the shooting circle to successfully block her opponent out of the space that she wanted. Rach worked hard on not letting her opponents push her around and gradually, she started giving it back to her opposition and she would give the toughest opponents a run for their money.

**Isabella Simon** - Isabella worked in both ends of the court this year which to her credit, she excelled at. It's never easy going from shooting to defence or vice versa, but Isabella took on board all feedback and would implement on court straight away. Her height in both circles helped her have an advantage over her opponents.

**Kellee Aviga-Williams** - What a season Kellee has had! Gone from a timid player on court to, a force to be reckoned with. Kellee's height along with her ability to adapt to all different types of opponents and her tenacity to fight for the ball, made her impossible to get around or to get a rebound from. There were several occasions where Kellee's GS wouldn't even touch the ball for entire quarters as she would shut them down effectively and be all over them. Kellee was very effective in communicating with Isabella and Lily on how to improve the defensive circle and would always execute the plan well.

## Mighty - cont:

**Dakota Farrell-Wood** - Intercept queen! Dakota had an aim every match to get at least 8 intercepts (averaging 2 per quarter) and she excelled above and beyond this quota every game. Dakota also worked hard on her basic skills such as outside turns and one handed passes. Each time she accomplished this, the smile on her face was reward enough. Her feeding skills into our shooting circle were also next level.

**Alli Bruce** - Alli improved out of sight this season. She worked hard on both her attack and defence efforts on the court as well as her confidence - she worked on always going hard for every ball. In attack, this resulted with some beautiful drives onto circle edge where she would feed the shooters with ease. And in defence, she went from chasing her opponents to dictating to them and getting intercepts each game.

**Angela Woolnough** - Poor Ange was plagued by injury this season however, when she was on court and at training, she would push herself to be the best player that she could. She was a tough opponent on court and always fought for the ball. Ange was also extremely supportive of her teammates and vocal both on and off court. Well done on your first season at Maddies, Ange!

**Takisha Brandy** - What can I say about our Takisha? Started off the season as a very shy and timid netballer but turned that around to be the formidable WD in our team. Takisha does not take any pushing around from her opponents and would step up and show them who's boss on that court. She also had some beautiful leads and passes coming out of our defence end this year; a valuable asset to the Mighties team.

**Lily Hogan** - Lily worked hard on her fitness and staying tight in a 1-on-1 defence and she killed it. Her passing has improved so much and showed why she was a leader within the group. She could be found talking tactics with her fellow circle defenders and I commend her on her honest communication skills with her teammates. A valuable asset in our defence end and also a great rebounder!

# MALICIOUS

## Inters Div 2

Coach - Bianca Sands

Manager - Maggie Tattersall

## Malicious - cont:

**Emma Flick-Booth** - Em is a very exciting player to watch. She can read the game and is able to transition between attack and defence with ease. She is extremely accurate in the shooting circle and plays a great holding game. Her long reach meant that our mid court players could put the ball anywhere and Em would get it. Her defence is strong and physical. She is very effective in stopping shots and getting rebounds. Emma is an asset at both ends of the court and can often move between to make an impact.

**Natalia Dyer** - Natalia has strong attacking moves and is able to position herself right on the circle edge to feed the ball. She is able to combine with the other mid court players to create pressure when defending and when attacking to deliver the ball effectively. Natalia is quick around the court and is able to position herself in gaps to take difficult passes. Natalia plays C with ease and is able to link play from the defence third to the goal third.

**Mikayla Tattersall** - Mikki was our main defender this season. She is strong in the goal circle and works well with the other defenders. She is always aware of what was happening out in front and her communication enabled her to take intercepts and create turn overs. Mikki is also extremely strong bringing the ball out of defence. Her communication and making sure set plays were ready enabled her to get the first pass away from the goal circle.

**Lilly Vassalo** - Lil is our speedy mid court player. She is fast and agile and will take on anyone. She fights for everything and gives her all for every ball. She has a positive attitude and is able to pick the team up when things aren't working out. Lil is always aware of what is happening throughout the court and her communication and ability to read the play enables her to take intercepts and create turn overs. She is always there for back up and to transition between defence and attack. She is still our prelim queen and will often pull out a drive and drop!

## Malicious - cont:

**Chani Palmer** - Chani is a strong mid court player who is able to link our defence and attack through the mid court. Her hands over and ability to read the play makes her an asset to the team. Chani can transition from attack to defence and her speed on the court catches the other team off guard. She plays a strong one of one defence throughout and her ability to defend and step up changes to attacking flow of the other team.

**Ashlyn Jones** - Ash is an important part of our defence line up. Her one on one defence is strong throughout the court and her ability to react and deflect the ball made it difficult for the attacking team to feed the ball into the circle. Ash was always available to help in getting the ball out of the defence end our attackers could always rely on her for back up at the transverse line.

**Sophie Hines** - Soph is a very accurate shooter and can shoot a goal from almost anywhere. She is agile and moves well in the circle to create space. She can read the play and knows when to clear out or take the lead. She communicates well with her other shooters and is able to transition fast. In defence, Soph will rush the attack and put pressure on every pass which will often cause the attacking player to throw the ball away.

**Brooklyne Corby** - Brooky was injured early in the year and was out for a number of weeks, returning for the last game of the season and finals. Brooky is a strong mover in the shooting circle and has the ability to create space and open up the post for a drive to post or her other shooter to use the space. Brooky is also a great mid court player and when she is WA can get the ball to the circle edge and into to the circle with ease. It was good to get her back!!

## Malicious - cont:

**Mara Brophy** - Mara brings extra depth in the goal circle. She is a strong shooter who has the ability to take passes under tough defensive pressure. She works well with the mid court as well as with the other shooters. Her fast and calculated movement in the circle is often rewarded with her accurate shooting. Mara is a hard worker and will put in the extra effort outside of training and games to be the best she can be. Mara is a very versatile player and is able to play throughout the mid court and in defence.

**Alyssa Megalli** - Ally "I touched it" Megalli.. Ally can shoot a goal from anywhere in the goal circle and often over the arms of much taller defenders. She is extremely accurate and her agility around the goal circle makes her difficult to defend. Ally reads the play very well and knows when to hand the shot off to another shooter or when to clear out to be an option after a rebound. Ally is also a great mid or rt player and knows how to feed the circle. She is fast and agile, which makes it very difficult for her opponents to defend her. Ally can also defend in the mid court to mates.

# MISFITS

## Seniors Div 4

Manager - Hillary Phillips

Asst Managers - Lisa Charles & Aimee Baker

## **Misfits - cont:**

**Lisa Viney** - Auburn haired Goddess of GS. Late comer, but has been a God send to this team. Passer of wisdom to our younger girls in our goal circle.

**Kasia Pownell** - quiet achiever. Accuracy grew with the season.

**Erica Vogels** - finger Injury took her out early in the season, but her return came just at the right time. Incredible centre courtier.

**Bree Bowden** - able to settle our team. Great mover, ever able to get the ball into the circle.

**Chani Palmer** - another welcomed later comer. Great utility player that is happy and playing well where ever we throw her on the court.

**Jordyn Dwyer** - happy go lucky player. Worth her weight in gold. Really did well defending in the last half of the season when we were short defenders.

**Aimee Baker** - control centre of the team. Great mover, ever ready centre courtier. The original and best manager.

**Kim Pollard** - super Kim, super defender. Jumps like she's 7ft tall. Our own energised bunny. Dearly missed in the 2nd half of the season while she's off cooking her 2nd baby.

**Caitlin Russell** - our most passionate player. Always encouraging others, though generally a bit hard on herself. Has cute memory lapses of the rules that keeps us giggling.

**Lexi Schell** - our very own team Angel. Amazing work in goal circle. Had a season ending Injury, but still turned up every week to cheer. Made Maddies signs for finals and master cupcake maker.

**Hilary Phillips** - goes alright for an old duck. Has christened most of the team nicknames and uses them with reckless abandon.

# MYSTICS

## SENIORS DIV 3

Coach - Kim Devlin

Asst Coach - Kay Devlin

Manager - Janelle Thompson

## Mystics - cont:

**Maggie Alexander** - Maggie you are great netball player. You always made a netball game more enjoyable with your enthusiastic attitude- not to mention your awesome ability to turn the ball over! You were always there to back up with encouragement or purely just to receive the ball! Thank you for being a brilliant person.

**Charlotte Egan** - This young lady is a force to be reckoned with! One minute you'd be watching the opposition move the ball down the court - the next, Charlotte would fly out of nowhere, intercept into their play and suddenly the ball would be coming back down our end! She is a powerhouse defensive player, and is best unleashed to rove around the court where she can be a menace to the opposition and a reliable asset to her own team. She has such strong skills as a netballer who I would've loved to test out in attack but always wound up finding her too vital in defence this season. Charlotte is a great team mate - she is consistent, fit and has an easy-going, calm attitude that serves her very well in defence - leaving her able to focus solely on eliminating the next threat!

**Hannah Edwards** - Hannah has been a pillar of the defensive part of the team this season. Her greatest strength is defending within the goal circle - getting in-between her opponent and the ball and then transitioning quickly to put herself under the goals and getting the rebound. She has worked hard this season at training on continuing to build her defensive skillset which is translating into a formidable zoning ability. Hannah turned over many balls from the opposition's goal end for her team mates to convert to a goal. Hannah is always keen to learn, improve and ultimately be better than she was the day before - this aspect makes her a pleasure to coach.

**Ruby Alexander** - Ruby is my beautiful ballerina due to her beautiful shooting stance that is individual to her. Ruby's baseline drives are fantastic, and her shooting is awesome- a real asset to the team! Ruby was cool and calm on the court which helps the rest of the team settle down when we need it most. Love having you in the team, you're such a great young lady; there's always a smile on your face. It was a true pleasure coaching you.

## Mystics - cont:

**Madison Van Dunk** - Madison has a brilliant energy on court that projects to the people she plays with. Her positive and cheery attitude makes her such a loveable character who never fails to lift the mood on and off court with some light-hearted humour. Madison's skill as a shooter and her unreal rebounds were absolutely amazing. It was a pleasure to a coach of such a beautiful young lady.

**Angela Wollnough** - Angela was a great asset to our team this year, not only as a great centre court player but also turn her hand to defence. Unfortunately due to injury Angela did not get to play a lot of games with the team, but when she was able to take the court she made a great impact.

**Mara Brophy** - Mara always encouraged the team and played her best no matter who our opponent was or how tough they were! Mara constantly worked hard to get intercepts and crucial turnovers when in the goal circle as defence and could also play as a shooter as well, put up goal after goal with ease. It has been a pleasure to coach her this year and cannot wait to watch her carve up the court next year.

**Mikayla Tattersall** - Mikayla is a great girl and player all round. She always knows how to lift everyone's attitude on and off the court, and is a little superstar always getting tips and intercepts where she can. Her constant talk on court helps direct the team and give us the energy to work harder.

**Siobhan Devlin Grant** - Siobhan was definitely the smallest senior for the season, but this she did not let this stop her, stepping up and taking on players twice her size. Her speed in the centre court and her baseline drives in the goal circle would send her oppositions head spinning. The look of absolute confusion on the oppositions face when she intercepted the ball from a player twice her size made everyone on the sideline cheer. Siobhan It was a pleasure coaching you this year.

**Adelaide Quayle** - Adelaide has been an asset to our team and brings so much skill in both shooting and centre court. She is one crazy gal that brought happiness to the team on and off the court. Thank you for such a great season Adelaide!

MINX  
SENIORS DIV 2 - PREMIERS

Coach - Lauren Jameson

Manager - Donna Jameson

## Minx - cont:

### Taylah Megalli

There once was a girl named Tay,  
Who decided it was netty she'd play,  
Barely misses her shots,  
Gets turnovers lots,  
If Netty got a grade she'd get an 'A'.

### Alex Immonen

Lex was an awesome double ender,  
No issue as a shooter or defender,  
She was vocal on court,  
Beat players of all sorts,  
She helped make our team a contender.

### Abbey Jameson

We had a player named Abbey,  
Whose netball skills weren't all that shabby,  
Her speed and her pace,  
Plus her ability to find space,  
Were assets that made look fabby.

### Shweta Venkataraman

There was a player named Shweta,  
Whose defence could barely be better,  
She jumped up so high,  
On the ball she had her eye,

## Minx - cont:

### Georgia Bauer

George, a defender so steady,  
For an intercept she was always ready,  
She moved around non stop,  
To the ball she would pop,  
Our team misses Georgia already.

### Sophie Kelly

Sophie played in our centre court,  
Her skills are good, they can't be taught,  
She fed the circle well,  
She gave the opponents hell,  
She could be a shooter but she's too short.

### Maddie Banks

Maddie is a playing star,  
With her talent she could go far,  
She jumps and leaps,  
Intercepts she gets heaps,  
For her to stuff up is bizarre.

### Laura Kalsbeek

Laura was a new player this season,  
She played well even when it was freeze'n.  
She shoots and plays wing,  
Her A-game she'd bring,  
She plays well with no made up reason.

## Minx - cont:

### Hayley Thompson

We had a great player named Hayls,  
Whose defence never ever fails,  
She always has a smile,  
With skill and with style,  
Her ability is off the scales.

### Jesse Lee Regan

Jesse always plays with a smile,  
She runs and shoots with loads of style,  
She kills it always,  
In so many ways,  
She beats her player by a mile.

### Lauren Jameson

Lauren always knows what to do,  
She's quick; she's smart and our captain too,  
She's a team minded gal,  
Everyone's pal,  
would we do without you?

# MADDIES

## SENIORS DIV 1 - PREMIERS

Coach/Manager - Craig Pennifold

Asst Manager - Kerry Troherud

## Maddies - cont:

We are a team, of courage and heart. Every member holds a critical part.

Kirsten Duffy No matter what, Will never quit.  
With her goggs in place, although a little too thick,  
She finishes each game with plenty of grit.

Now is the time, for Gubey to shine, for her to excel and push the line.  
Forget the past where she shined as our newbie, She is now our bright little  
ruby.

Sophie Immonen knows it's a game of position, her quick moves will  
have her opponent admittin',  
that the bench they had stayed, they'd be wishin', defeating the goalie is Soph's  
ultimate mission.

It's all inside of us, obvious and clear, Lyndsey Dim gives them  
something to fear.  
Our smiling assassin, we hold very dear. "She knocked it out of my hands"  
did I just hear?

Sara Driver is our ultimate contender, she's also our double ender, there  
are no opponents able to defend her.  
Her time in the circle, she is happy spender, Where her VJ is something of  
quite a splendour.

In our team we have an air dancer; Sophie Stines is our all-round  
answer.  
Her limbs are long and her smile is big, she makes netball fun, like throwing  
a gig. Sometimes the umpire doesn't like her, and with a penalty, they  
advancer.

Emma Pen our ultimate defender. She is unstoppable with her arms on the  
extender.  
Her opponent knows her simply as Helga but to us, who know, we can depend  
on 'er.  
She is smart and strong and her rebounds are a game ender.

## Maddies - cont:

Mad dog **Maddie White**, through the mid court she takes flight,  
her opponent can't shake her, her defence is so tight.  
Her game is strong and its ever so bright  
That she's our teams shining light

Although it was a season of pain with her back, **Ash** was always there to make an impact,  
Her trash talk and sideline banter, had Mr P calling her Camphor!  
While the season is over, and champions, we are back, we eagerly await Ashlee's 2018 comeback!

Now we come to the player we all know as B, it's **Bianca's** defence that has her on key.  
She brings the heat like its 100 degrees, but that could just be generated from her knees!  
We sometimes hold our breath, hoping she gives synchronised swimming a rest  
and she shuts down her opponent, the ultimate quest.

Her season was short, she had to leave, but she had some tricks up her sleeve.

**Rhi** was accurate, her opponent she'd deceive.  
She often left them unable to breathe, a dodge and a roll, she would weave.  
Standing, watching.... her opposition in total disbelief.

## Maddies - cont:

Our wonderful Mr P, the talented team all-rounder,

If we are playing like crap, he puts on his cap and yells  
"Watch your passes" as loud as he can sounder

His half time snacks are the very best. They are Valencia, easy to digest

With our inspection, they are cut to perfection. Mr P always removes the middle section.

Sometimes he thinks we've put on the brakes, We havent, we just really want the shakes!

He is our dedicated coach/manger, our leader, Without him, I doubt we would succeeder.

He makes us sign the board and hands out our patches, maybe even makes us throw some catches,

But while he does his job and I am sure it is a pleasure we are all grateful
