President's Report

Dave Tronerud

In this my eighth report as the President of the Maddies Netball Club, I can again say that I have really enjoyed being involved with the club and its committee and member's.

We have had another strong year that has seen us field 15 teams; 6 Seniors 6 Inters and 3 Junior teams, all proving to be more than competitive with 8 teams making finals and 5 making grand finals.

I would firstly like to welcome all of our new players and their families to our club, I hope that you all had a great first season with the club. In all we had 48 new registrations, most of which were juniors and Inters. I would also like to farewell those that left us and wish you all good luck in netball or life endeavours in the future and hope to see you back at Maddies one day.

Thank you everyone for being such wonderful ambassadors for our club in both your conduct and play throughout the year. I would like to congratulate each and every player on their seasons, juniors and inters especially were very committed with continual good roll ups to training. Thankyou to all our existing members for making our new players and families feel welcome and I know that we have all made several new friends.

From our 15 teams, 8 made the finals (remembering that juniors don't play finals) with 5 making grand-finals. Of these we won 1, Maddies Maniacs in Inters Div 3 who had to play Maddies Maniacs in a hard fought final to win from behind by 2 goals. Our other teams were very gallant runners up in games played in very bad weather.

A real highlight to the season was the influx of our new juniors, which enabled us to field 3 junior teams for the first time in many years. I had the pleasure of watching several of their games throughout the season and was really encouraged by the improvement that they all made over the season.

They had a super year and provided those who watched them play with great joy and pride. Congratulations to all our teams for outstanding efforts and sportsmanship throughout the year and in the finals.

I would like to pay a special tribute to our committed team of coaches. It was wonderful to see so many of you put your hands up to do this largely thankless job, especially those Junior and Inters coaches who came out every night during our cold winter to impart your knowledge and skills onto our future stars, its your dedication that keep these young people coming back to the game and our club each year. I sincerely hope that you all continue in your roles next season. I would also like to thank all of you who took on the role of team managers, to you all, it is impossible for teams to be successful without your support and hope to see many of you in the same roles next season.

I would like to congratulate the many Maddies players who gained selection in TNA and ACT representative teams this year; we all shared in your wonderful success and we hope that it continues into the future. Also thanks to all those who coached, managed or umpired at a Rep level, your contribution to our players is immeasurable

I say this each year but I would like to once again sincerely thank our very energetic and wonderful committee for all their hard work and dedication to Maddies and our players. It is truly one of the best committees that I have ever been associated with. To be part of the humour, enthusiasm, and the obvious friendship that you all show once again made the year a very enjoyable one for me. To you all, thank you so much on behalf of everyone at the club for your efforts for the year. You all give freely to Maddies with so many hours of dedicated service with organising coaches, umpires and teams. Making coffee, fundraising, uniform and property management, taking minutes, updating web pages, managing our resources and creating financial statements as well as in some cases coaching and managing teams. We can only continue to be successful with great people such as you in the club. A special thank you to any of you who

may be thinking of leaving our committee, and there may be a few, your friendship and hard work for our club will not be forgotten. For the rest of you enjoy your time over the summer and we will see those of you who are staying, back again next year.

I would also like to thank all of our umpires. Maddies have always been blessed with a great team of umpires and this year was no different. The junior development scheme being run by TNA has unearthed several new great young umpires with a passion for the game seldom seen. Young people like Tijana Ranatunga who got out of bed every Saturday morning in the frost and fog to umpire our little junior team is an inspiration to many of us. Several of our young umpires gained another year of experience this year and I look forward to those like Taylah Megalli, Meg Klomp and Maddie Banks going onto their C Badges next year. I would like to congratulate Tara Ward on gaining her C badge this year, a wonderful effort Tara, you also are an inspiration to many others in our club. A special thanks to the rest of you umpires, you continually provide great umpiring to the other clubs because of your skills and efforts, I hope that you will all be back next year.

To those players leaving the club and we hope that there aren't too many, we wish you all the success in your new clubs or circumstances wherever they might be and hope to see you back with us in the future.

Lastly I would like to thank the Mr. David Austin and the St Francis of Assisi Primary School for their continued support in hosting our presentation day and donating their facilities to ensure we have a great day.

As President of Maddies Netball Club I have again enjoyed your friendship and support throughout the season and I look forward to seeing you all back again for season 2017.

Emma: Emma was such a lovely player to have on the team, always happy to play anywhere and showed nothing but kindness to all players. She participated at training and on game day with enthusiasm and showed great skill in all positions. I have enjoyed watching her netball develop this season.

Lily O: Lily is really adaptable and loved playing anywhere she could shoot goals. She worked hard all season on improving her shoulder passes and in the last game showed us how far she has come. I won't forget how big that smile was when she shot a goal in our final game.

Lily M: We could count on Lily to keep us laughing during training and on the court. She got along with all players and loved to have a bit of a joke. A great all round player who also loved to shoot goals and keep moving on the court.

Kiera: Kiera was not happy unless she was playing in a shooting position. It was the first thing she said to me each game. As the season progressed we discovered she was also a great little defender. Keep up the great work Kiera.

Kyla: Kyla was always smiling and never complained about anything. We could count on her to keep moving around the court and to play any position to the best of her ability. I look forward to coaching you for another season.

Taquesha: You can put Taquesha in any position and her opponent is in trouble. She just comes from nowhere and intercepts nearly every pass. A great all round player who showed great team work and skill.

Rileigh: When Rileigh first joined our team she was too nervous to even stand on the court. Eventually she became confident enough to step on the court as GK and that is where she stayed. I am so impressed with how far Rileigh has come over the season, she really tried hard to overcome her fears and in one of our last games she tried a different position!

Rashonda: I don't think I have ever seen a player as hungry for the ball as Rashonda. I think she spent more time on the grass diving for the ball than she did standing up! But this just showed how much she wanted the ball, not giving her opponent a chance. Great season!

Dakota: What great defending Dakota showed this season. Dakota was a considerate team player who encouraged her team mates and always gave her best. A really kind person who showed skill anywhere we put her.

Isabella Popple: Isabella was such a kind and loving little member of our team. She gave any position a go and wasn't intimidated in the goals, regardless of her size. Honest and enthusiastic, it's been a really fun season getting to know Isabella.

Maegan: Maegan played really well in the goals this season and gave her best anywhere we put her. She was an enthusiastic player who showed drive and determination to improve her game. I look forward to watching her netball skills develop.

Thailah: Never misses an opportunity to answer a question, fill a position & encourage both her team mates and the opposition. She has motivation & is a wonder to watch play. Looking forward to seeing her develop her skills further & maintain that spirit of hers in the coming years.

Jordan: energetic, determined & fierce, she lets me know when she's worn herself out chasing the centre & is ready to chase the Ball in another position. Aware of herself & what she needs to work on, as well as encouraging her peers along the way will see her continue to develop her skills in the years to come.

Calleigh: asks when she's unsure, is devoted to her peers, and has just improved week or week her skills. Wants and asks for the challenging positions, determined to prove to herself that she can do it. There's a whole lot of potential to unlock there, and as her confidence grows, so do her skills.

Molly: a little shy at first, but it's the quite ones you have to watch for. She appears out of nowhere & snatches the ball when given the chance. She's mapped the court in her head & is able to use her stature to her advantage. Bold & kind, she has come so far & I look forward to watching her continue to grow.

Jessica: an all rounder this one. She can defend and the appear out of nowhere in attack. Has become a stronger player this year, adaptable, kind & strong. On the ball at every training, every game, I can't wait to watch her continue to grow & hone her skills to find the position she's most passionate about & be amazing at it.

Isabella: passionate, excited, energetic, fair. A natural, who is keen to learn, develop her skills & works well with others & is kind to the opposition. As her skills mature with her, she will find herself a position she is most happiest with & nail it.

Jemima: even with hair in her eyes & a girl 5 times her size on her back, Jemima is courageous & determined each & every time she steps on court. She plays with determination & i look forward to watching her improve as the years go on.

Coach: Mevan Ranatunga

Manager: Sandra Rodgers

- Coaches Award – Samantha Muller
- Players Player – Tijana Ranatunga

Tijana

Tijana is a quiet little achiever, who gives the team a 110% no matter what position she is asked to play. She's a close checking defender who makes it really hard for her opponent to use any space. When Tijana plays as a shooter, she plays with a lot of energy and uses the court really well. Tijana trained hard all year and put in a lot of extra time practicing her shooting which was evident by her rapid improvement in this area.

Sammy

Sammy was a pleasure to coach this year with her positive attitude and great humor. Sammy played most of the year in a position she had not played in very often before and did so without complaint. Sammy has a great attitude and her happy and cheery personality is very infectious. Sammy's defensive skills improved dramatically this year which allowed the team to use her at both ends of the court.

Amy

Amy is a great team player who always has a smile on her face and was a great source of encouragement to her team mates. Amy is a versatile player who can play in attack, defence and in the center positions. She is a persistent player who never gives up which made it hard to play on her no matter what position she was in. It was a delight to have Amy in our team this year, each and every week she would bring along her happy face and bright personality.

Jackie

Jackie played most of the year in defence this year and was one of our best defenders. Jackie has a cheeky personality and is quick witted which provided us with some very funny times. She was asked to play in some positions she was not used to at time, when the team were short but never complained once. Jackie was a pleasure to coach this year and I hope she enjoyed her first year with the club.

Angie

It was Angie's first year with the club and she fitted in perfectly. Angie was another player who was asked to play in many positions during the year but never complained. Angie tried really hard this year and really improved her skills in all aspects of her netball. She has a great personality which drew all the other players to her. I hope Angie enjoyed her first year with the club and hope it is the first of many more years to come.

Lily

Lily always has a smile on her face and has beautiful bubbly personality. She worked hard on her skills this year and improved her defensive skills so much that she became one of our best defenders. Lily knows how to find space and uses the court really well providing the team with a lot of run from defence. Lily was a pleasure to coach this year and should be proud of how much she improved and grew as a player.

Keira

Keira is a great little player who has great leadership skills. While the team rotated the captaincy every week, Keira was the constant source of encouragement and leadership. Keira gave her all in every position she played in this year and improved her shooting by putting in extra work at training. Keira is the character of the team who made sure there was never a dull moment when she was around the courts.

Chelsea

Chelsea is a hard working player who never gives up. Chelsea is known for her running which she did no matter what position she played in. Her enthusiasm and positivity was fantastic both during games and at training making sure that our training sessions were enjoyable. Chelsea's enthusiasm and hard running made her very difficult to play on which made her one of our best defenders.

Bridie

It was Bridie's first year at the club this year and she fitted in really well. She worked hard on her skills in all aspects of her netball and improved dramatically from the start of the year. Bridie played in several positions during the year but settled in both wing attack and wing defence. Bridie's run up and down the court provided us with great attacking runs. Bridie has a great ability to read the game and created several turn overs every game. I hope she continues to improve and really enjoys her netball.

ANGELA

Angela has positively contributed to our team and is always smiling. She is able to play both shooting and defence and is a great player. Angela will make a fantastic defender with those long arms.

SARAH

Sarah is a very good centre court player. Sarah is well connected to the team and always happy, confident, positive and caring. Sarah improved so much this year, as Sarah plays more games the better she will improve.

AMELIA

Amelia is a really good shooter. Amelia plays well and is very happy and a great person. Amelia would make a fantastic holder in the shooter circle with some more development on this she would be great.

TARA

Tara is a great netball player. Tara is a great centre court and defender. Always willing to give any position a try. She is super sweet and considerate, gives everyone a fair go and had a good sportsmanship.

CHARLOTTE

Charlotte started out the year with a broken arm and couldn't play the first 2 or so games. Charlotte is one of our main defenders. Charlotte knows how to make the team laugh and have a good time.

JORDAN

Jordan is one of our oldest players in our team. Jordan is a great centre court player. Towards the end of the season Jordan started to play circle defence. Jordan is also someone who is always eager to learn get playing.

ALYSSA

This year was Alyssa's first year at Maddies. When Alyssa first started she was a wing player. as the season went on I needed someone to play centre to relieve Tara, so Alyssa became my other centre player. Alyssa would anywhere i would put her, with no questions asked.

CHLOE

This year was also Chloe's first year at Maddies. Chloe was our other shooter with Amelia. Chloe was a great moving shooter and could shoot from a distance when she is confident enough. Towards the end of the season Chloe didn't play due to a suspected broke wrist. Chloe was always eager to learn at training.

TAKISHA

Takisha is a good defending player; Takisha would always give her best in every game she played. She was always willing to play anywhere and give it a go. Takisha was a keen listening and if I asked her to do something on court she would do it.

Grace Aksila

Gracie is an important part of our defence line up. Her one on one defence is strong throughout the court and her ability to react and deflect the ball made it difficult for the attacking team to feed the ball into the circle. Gracie is always there to help move the ball down the court and is always available for back up when needed. Her ability to read the play meant that she was able to pull in intercepts and turn the ball over easily.

Lily Hogan

Lil is one of the most passionate players on our team. She fights for everything and gives her all for every ball. Lil's ability to read the play and her opponent is what makes her such a good defender. She has a positive attitude which always means she can pick herself up when things aren't working out. Lil is always aware of what is happening out in front and her communication enabled her to take intercepts and create turn overs.

Isabella Simon

Issy has such a good eye for the game. She is vocal on the court and always encourages the team to keep going. Issy is a great team player and always keeps things positive. Issy worked really hard this season on learning a new position and improved week in, and week out at both the shooting and defensive ends of the court.

Sophie Edwards

Soph has such a strong presence on the court! Her defensive pressure down the court made her a very tough opponent. Soph worked really hard on sticking tight to her players this season and to her credit, she never once gave up and continuously worked on improving her already strong defensive presence.

Elise Nunn

Elise has strong attacking moves and is able to position herself right on the circle edge to feed the ball. She is able to combine with the other mid court players to create pressure when defending and when attacking to deliver the ball effectively. Elise is quick around the court and is able to position herself in gaps to take difficult passes. She is able to link play from the defence third right through to the goal third. She is a very important part of our team and is always making us laugh at training by putting things on her head.. whether it be a cone or her hoodie tied up tight with her ears out, she is always gets a laugh.

Lilly Vassallo

V is a very exciting player to watch. Her speed and agility around the court makes her a difficult opponent. She is quick to transition in both defence and attack and always knows where her player is. V is our prelim queen.. You will often see her doing a roll on circle edge and sometimes she pulls out a drive and drop! Her energy and intensity on the court never changes. V is very effective around the circle edge in both attack and defence. She places the ball where the shooters want it and is always an option for a pass. Her defence down court is always strong and the pressure on her opponent has turned over many balls.

Siobhan Grant

Siobhan is our littlest player but has the biggest heart and passion on the court. Siobhan would go for everything and always had her hands over the ball. Her speed and movement throughout the court was always underestimated by her opponent and she was always an option for a pass.

Rachel Barber

Rachel was our most improved player for the season. Rach was our quietest player on court but stood out with her amazing feeding skills to our shooters and amazing drives onto circle edge. She was also great in the shooting circle - utilised any small space her opponent gave her and created drives that came from nowhere as well. Rach's never-say-die attitude was a huge asset to the team.

Mara Brophy

GO MARA BROPHY!!! What a season it has been for Mara.. You wouldn't have known she had broken her arm early in the season. Mara returned in the same form that she went out on and her stats were still very high throughout the season. Mara's movement in the goal circle always kept her defenders

guessing. She shocked us all when she was moved to the defensive end as GD and GK. Mara's hunger for the ball meant that she would go for everything which often ended up with her getting many intercepts. She didn't look out of place once.

Sophie Hines

Shines can shoot a goal from almost anywhere. She is extremely accurate and her agility around the goal circle makes her difficult to defend. Shines reads the play very well and knows when to hand the shot off to a closer shooter or when to clear out and be an option for a rebound. She works very well with other shooters in the circle and is able to adapt to their style of play. Her transition to defence is quick and she applies strong defensive pressure down the court.

It was a moment of pride,

Finally she had found her groove.

We changed tradition,
To a Centre court position,

She puts the ball through the ring,
Chani's a player with ambition.

For GK she was just right,
Our only player with height,
When we see her jump,

Her reach has improved out of sight.

Playing up to gain skill,
Any position she can fill,

•Best in Grand Final – Alex Immonen

I have been lucky enough to coach these gorgeous girls again this season, and what a season it has been. Some games we played the best netball and others not so much, but we have had a lot of fun and laughter along the way. We started the season with 9 but unfortunately as these girls are so skilled, Maddy Bennett had to miss the season for another sport. We really missed you Maddy.

3 new girls joined the MacDuff's this season and they all slotted into the team like they had been there the whole time. Adelaide, with her great holds and strong shooting, Mikki with her strong passes and drives in the centre court (and when needed in the defence end) and Hannah with her long arms and that stretch over the ball in the defence circle.

A massive thank you to Emma and Donna for looking after me and the girls for not just this season but the 4 years we have been together. I couldn't have done it without you ladies so thanks again.

Thank you to the McMaddies team, Chloe and Maddie Arnold for helping our team out when we were down players, you really help our team out.

I am super proud of these girls and am going to miss coaching you all, as most of them will be moving up into seniors; I look forward to either playing with or against them in the years to come.

Hannah Edwards

Hannah has had a great season, slotting straight into the team and defence end, her Amazing rebound skill pulls in all the missed shots from the other team, she has a Natural ability to defend the ball, Never dropped her head and doesn't give up, and Always has great attitude on and off the court. She can Handle any attacker that comes her way.

Amber Brophy

Amber took her netball to another level this season, Making everything look so easy on the court, with her Boundless energy...even though she was very tired each week, her Experience and knowledge of the game as a whole has helped the team to develop, and she was always Ready to play any position I put her in.

Paras Notaras

Paras is a 'Pocket Rocket' and doesn't let her size stop her on the court, her Ability to make space on the court saw her play a few new positions this season. Being so friendly Paras was always Ready to have a chat with the other team.... way too friendly this girl!! Always going for the rebound even though she had no chance of getting it (but I love that you go for them), having her Sausage sizzle before the game always helps her perform on the court!

Alexandra Immonen

Alex has had an amazing season, she Looked more at home in the defence end this year, her confidences and Effort on the court, combined with her aggression for the ball made it hard to get a ball past her. She definitely has the XFACTOR.

Abbey Jameson

Abbey has an eye for
Ball placement into the circle, feeding the shooter with such ease, whilst
Being able to play nearly every quarter in 'C', and still having energy to run around the court like a
Energizer bunny – a massive asset for our team.
You had another great season Abs

Adelaide Quayle

Adelaide was a great addition to our team. She is great in the shooting circle then we
Discovered that she is quite the 'Wing Attacker' as well!! She has an
Excellent hold under the post, always
Listens to instructions, and plays her
Absolute hardest, no matter the opponents. Adelaide has an
Impressive way of catching and landing without turning herself inside out, and consistently
Demonstrated that she is an
Essential member of our team

Mikayla Tattersall

Impeccable passes and
Killer driver down the court; she is always there as a backup options. She

Charlotte - Charli is a consistently strong defender and has improved so much this season with reading the opponents' plays. She always gives her very best regardless of the score line. Despite her quiet nature, she has definitely made her presence felt in the team. Thank you so much for being there for every game and training session this season and for your efforts in giving back to the community!

Hannah - Hannah is a great, speedy centre court player who was essential in our attacking plays this season. Her ball skills are fantastic along with her ability to feed into the circle. Don't let that sweet smile fool you though, her tenacity guarantees that she wins every 50/50 ball!

Georgia - Georgia is a very modest centre court player and has shown towards the end of the season that her forte is in defence. She is very quiet on and off the court but somehow seems to sneak up with an intercept and bring it down the court to our attackers. A great season overall!

Kimberley - Kimmy brings so much energy to the team and is versatile in both attack and defence. She is consistent in her performance and her agility in the attacking circle often stumps her defenders. She is very vocal on and off the court which really helped to boost the confidence of the team. Thank you for an awesome season!

Ruby - Ruby was a great asset to our attacking side this season. She has improved tremendously with creating options in the circle and has partnered well with the other shooter no matter which team mate it was. She takes training and games seriously and always gives her 101%. Thank you for your efforts this season!

Natasha - Tash is an excellent all around player. She is speedy, agile and a very hardworking player that is always looking for that open space. She has performed extremely well on every occasion when she has been asked to play out of position. She was absolutely fantastic in that shooting circle even though she tries to deny it!

Felicity - Felicity's leadership in the team has really benefited the team this season especially with the losses that we have gone through. She has always provided us with positive feedback and encouragement during the breaks and on court. She has definitely led by example as a player-coach with the amount of effort she puts in and her words of encouragement never fails to keep the morale of the team up!

Tara - Tara unfortunately missed most of the season due to injury and her absence was definitely felt. We hope that you have a speedy recovery and we look forward to seeing you on the courts again soon!

Nicky

We could always count on smiling, fun-loving Nicky for a laugh, especially during our training sessions! She had an uncanny ability to always find a tangent to go down! She was always much quieter on a Saturday - I was never entirely sure whether this was due to nerves or deadly focus, but it doesn't matter because she was always such an asset come game time. Nicky is a beautiful shooter who plays with absolute consistency - a quality that I (and the team) came to rely on a lot during the season. An amazing team member, Nicky was always so supportive of her team mates - backing them up on the court and moving around to provide them options to utilise. A completely selfless shooter, every play was worked with her GA to get the best goal on for the team, it was never just about her - and she was never selfish, which is such a lovely quality to have.

Claire

Versatile Claire played every position on the court during training and games for me this season - and I came to rely on her for this superb ability! While she is not necessarily convinced yet that she has the ability to play every position to equal value for the team, I've been actively working on honing her skillset in each area of the court! Claire loves to be in the thick of play and has constantly worked hard to move the ball down and around the court. She utilised her fitness and ability to watch how the ball was playing out to always position herself as an option for her team mates to utilise, which they almost always did. She really can play a multitude of defence and attack positions with ease and should be proud of her efforts this year.

Amy

This girl is a force to be reckoned with! One minute you'd be watching the opposition move the ball down the court - the next, Amy would fly out of nowhere, intercept into their play and suddenly the ball would be coming back down our end! She is a powerhouse defensive player, and is best unleashed to rove around the court where she can be a menace to the opposition and a reliable asset to her own team. She has such strong skills as a netballer which I would've loved to test out in attack but always wound up finding her too vital in defence this season. Amy is a great team mate - she is consistent, fit and has an easy-going, calm attitude that serves her very well in defence - leaving her able to focus solely on eliminating the next threat!

Alex

Determined and focused, Alex has been an integral part of this team. Whether she was spurring her team mates on via verbal encouragement or gelling them up physically as she fought and barrelled her way up and down the court - she was always setting an example of how to never give up. No matter what the odds were, Alex would give 110% til the very end - even in the face of certain loss. During a game, she has an intensely competitive spirit, and when you combine this with her incredibly strong netball skills, she absolutely dominates on the court. Alex's tenacity is one of her best qualities, which she utilised to great effect in moving plays around the court. Alex was always able to put the needs of the team above her own - whether it was being forthcoming about her abilities on a given day or passing off a goal to a better placed team mate - it's been really admirable to see.

Caitlin

Caitlin has been a pillar of the defensive part of the team this season. Her greatest strength is defending within the goal circle - getting in-between her opponent and the ball and then transitioning quickly to put herself under the goals and getting the rebound. She has worked hard this season at training on continuing to build her defensive skillset which is translating into a formidable zoning ability! Caitlin can be very hard on herself and sets the bar very high - however she should be exceptionally proud of her efforts this year: turning over many a balls from the oppositions goal end for her team mates to convert to a goal. Caitlin is always keen to learn, improve and ultimately be better than she was the day before - this aspect makes her a pleasure to coach.

Jordy

Jordy was a double agent this year, spreading her time across two teams! We were her senior team, so unfortunately didn't get to see as often as everyone else but nevertheless she did really well this season to integrate into an older team. Initially she was quiet and a bit unsure, but her questioning personality soon had interjecting to ensure she understood things. Jordy really found her stride throughout the season, concentrating hard on building her defensive skillset which culminated to some impressive intercepts and plays where I think she might've even shocked herself! She has been a supportive defence player on the court and should be really proud of all that she has gained this season, it's been great to be a part of that learning journey.

Sarah

Sarah has been an attacking stronghold this season, who has also been working on building her defensive skills from an attack position. She is almost always in the thick of a play on court and is always working hard to get the ball to the goal circle and feed it in. With WA being her favourite position, she has proven herself an asset in the game by being constantly on the go in the centre court, ready to pick off balls or at least get in the opposition's way and then sprinting into position to push the ball on for a goal. Sarah has taken my game intent to heart this season and could always be seen working the ball around until the moment was right for the goal. She is generally a quiet achiever but definitely has a competitive game face on once she's on court come Saturdays!

Ally

Smiling assassin Ally - friendly, positive and genuinely nice, I'm certain some of the opposition would have been lulled into a false sense of security around this girl! She is a versatile player, no position was ever too much trouble and she was always happy to play where she was needed, making her pleasure to coach. Ally has proved continually throughout the season that while attacking is definitely her game - she has a pretty strong defensive side too! The ultimate for Ally this season was when she started seamlessly transitioning her defensive and attacking skills in centre court positions - especially C, as she moved down the court. Her ability to blend these two skillsets and use them to ultimate effectiveness in the same position has been so exciting to watch and an asset to her team.

Emily

Emily has generally been a quiet achiever this season and unfortunately we didn't get to see as much of her as we would have liked - due to her other sporting commitments. When we did have her - she was a little dynamite on the court, playing every attacking position to great effect! A shining moment for her this season was finding her voice and leadership as C in our last game of the season where the team was in desperate need of a lift. Emily took my pep talk and converted that on court - becoming a driving, positive force both verbally and physically for the team. She whipped up their spirits, binding everyone together on-court and helped relentlessly drive goal after goal. She really was an integral part of the team ending the season on a high.

Long haired beauty sinking shots from anywhere in the circle.
She's not just here to be physio for the team, having her play with us has been a dream
I whip my hair back and forth, I whip my hair back and forth.... I whip myself with my hair. So good having you in the team this year!
10/10 shooter and person, loved playing with you this year

Madeleine Bond

Beauty can do it all in the attack end...
Beauty gets close to the post to get the best goal shooty
Bewitching, Effortlessly Amazing, Ultimate, Tall and Youthful!
Black Beauty had a ripper season again with her calm presence and height missed in finals.
Such a shooting star, we miss her now that she's moved away so far
Your beauty was missed, stop being selfish and come back.
Miss you like crazy on the court

Sara Driver

Driver still has it.....
Dashing, Relaxed, Illustrious, Vivid, Effective and Real!
Driver was the perfect late addition to the team, filling in gaps in both circles when we needed it most.
Driver driver, she's a survivor
Great to see Driver back on the court this season, it's like she never left! Always body on, her footwork and ability to read the play means she is able to have a red hot go at first ball
Best vertical jump going around. Great to have you back in the Maddies colours.
Lifesaver at both ends of the court

Thanks Mr P for another great season; we love your wise words before and during games. You have the best orange peeling/cutting skills of anyone we know.
WE LOVE YOU!
