## PRESIDENTS REPORT

This is my sixth report as the President of the Maddies Netball Club. I can again say that I have thoroughly enjoyed being involved with the club and its committee and member's.

We have had another strong year that has seen us field 14 teams; 7 inters, 6 seniors and 1 Junior team, all proving to be more than competitive with 8 teams making grand finals.

Once again you have all been wonderful ambassadors for our club in both your conduct and play throughout the year. I would like to congratulate each and every player on their seasons, juniors and inters especially were very committed with continual good roll ups to training. Thankyou for making our new players and families feel welcome and I know that we have all made several new friends.

I would like to congratulate the many who gained selection in TNA and ACT representative teams; we all shared in your success and we hope that it continues into the future. A very special congratulations to Sophie Immonen on her selection in the Darters and Australian Under 19s, she continues a wonderful succession of players from our club to make the grade at the highest level in the ACT.

To those players leaving the club and we hope that there aren't too many, we wish you all the success in your new clubs or circumstances wherever they might be and hope to see you back with us in the future.

From our 14 teams 12 made the finals with 8 making 6 grand-finals. Of these we won 3, Maddies in Seniors A Grade, McFatties in Seniors A1 Grade and Muddles in Inters Div 4. A real highlight of the season was the inclusion of our little junior team the Minions. They had a great year and provided those who watched them play with great joy and pride. Congratulations to all our teams for outstanding efforts and sportsmanship throughout the year and in the finals.

I would like to pay a special tribute to our committed team of coaches. It was wonderful to see so many of you have success this year. We had a good cross section of junior and experienced coaches in development roles especially in the Inters group and it paid off with great success for our club. I would urge anyone (mums and dads included) who are thinking about a role as coach in the future to make it known to us and we will provide development for you and get you started.

I would also like to thank our great many volunteers who willingly gave their time to assist the teams in areas such as managers and scorers. I have always found that one of the most satisfying aspects of being President of the Maddies Netball Club is to work with and get to know the many parents in the club and to experience the friendship within the club. Maddies continues to be very fortunate to have so many wonderful people who so freely give up their time to ensure that our players are happy and successful in their netball endeavours.

I would like to sincerely thank our very energetic and wonderful committee for all their hard work and dedication to the club and the players. This truly continues to be one of the best committees that I have had the pleasure to be associated with. You all contribute so many hours of dedicated service in organising coaches, umpires and teams, fundraising, property management, taking minutes, updating web pages, managing our resources and creating financial statements as well as in some cases coaching. To be part of the enthusiasm, humour and the obvious friendship that you all showed during the season made the year a very enjoyable one for me. To you all, thank you very much on behalf of the members and the club for your efforts for the year. Maddies can only continue to prosper with great people such as you in the club.

I would like extend a big thank is our umpires; without you and your commitment, our players could not enjoy the game as they do each week, without you we could not function. We lost several of our more experienced umpires this year but many others stood up and took their places. We will be looking at getting you further training and development next year so please maintain your enthusiasm for the role over the summer and we will see you all next season. A very special thankyou to Jamie for her leadership in organising our umpires, such a huge task and one done so wonderfully well.

Lastly I would like to thank David Austin and the St Francis of Assisi Primary School for their continued support in hosting our presentation day and donating their facilities to ensure we have a great day.

As President of Maddies Netball Club I have once again enjoyed your friendship and support throughout the season and I look forward to seeing you all back again for season 2015.

# Minions

## Coached by April Costa

*This year was the first year The Maddies Minions played together and what a fabulous year we have had. By our third game we were playing like we had been a team for years. A team full of little superstars! It was a pleasure coaching you all. Thanks for a great first season, I hope you enjoyed it as much as I did and I hope to see you all next year. A big thank you to our assistant coach Dakota, she was always there to warm up the team and make sure we all knew where we are allowed to play on the court.*

### Cooper Garrity

It was such a pleasure coaching Cooper this year. You would never know it was Cooper's first year playing netball. Cooper is a naturally talented player and plays netball like he has been playing for years. He never fails to impress on court, he is an amazing shooter, has aggression in defence and he always puts in 150%, both at games and training.

### Angelina Costa

My second year of coaching my baby girl, and she never fails to impress me. Angelina's natural ability and aggression for the ball makes it very hard for any player she is put against. Angelina never stops, she is always leading and offering, and is a committed player that is willing to play whatever position she is needed in. Angelina is my little intercept Queen.

### Skye Wells

It was a pleasure coaching Miss Skye this year. Skye is a little darling, always happy and friendly and giving it her best. It took a few games for her to get the hang of the game and now that she is there, she is doing an amazing job. Skye is an excellent little attacker; she is great at offering and helping feed the ball into the goal circle. Skye also shows great movement skills while playing in the goal circle.

### **Emma Smeadley**

What a pleasure it has been coaching Emma. When Emma played her first game of netball she was so scared of the ball and she has finished the season being one of our top defenders. When Emma gained confidence on the court and learnt to use her height she was a huge benefit to the team. Emma always gives her all, at training and games. Emma is our one defence that you can be sure will STAY on her player the whole game! Go GIRL!

### **Kelsey Flanagan-Barrett**

Kelsey you have grown this year like I couldn't believe. You truly are a great little netballer. Kelsey can play EVERY position on the court and she does it with ease. Kelsey shows great confidence and strength during games and training. She is an amazing defender and feeder and knows how to use her height to her advantage.

### **Thailah Flanagan-Barrett**

My little mini mouse. It has been a pleasure coaching Thailah in her first year of netball. Thailah is a great little shooter. She also shines while playing wing attack, as she is great at feeding the ball into the shooters and offering them support around the circle.

### **Charlotte Popple**

Charlotte, always a pleasure to have you in our team. Charlotte is another player that can play any position in the court. She is a great little attacker and feeder. Charlotte and Cooper in particular played together like they were born together on the netball court. Charlotte is always encouraging to team mates and always offers support on the court.

### **Anastasia Cakir**

Anastasia joined the Minions a little way through the season. She is a quiet achiever and always a happy face. Always guaranteed to put in 100% at training and try her hardest at our games. Anastasia you have been a pleasure to coach this year. Thank you for your efforts and hopefully we will be seeing you next season.

# Monkeys

**Coached by Jane Farrell and Assisted by Laura King**

### **Ebony Boulding**

Ebony is an amazing centre court player. On court she was one of our fastest players who is incredibly agile. Her ability to read the play well and excellent passing skills are an asset to her. Ebony is a great attack player who always proves tough competition for the opposition. Ebony was always committed to learning at training and at games.

### **Jade Lewis**

Jade joined as one of the quieter members of the Monkeys. Jade is a great shooter who moves around the circle well. She uses her skill to get around the taller players that came her way. Jade would play well with anyone in the circle with her. Jade is a great player who was committed and played her best all season.

### **Alli Bruce**

Alli is a fun and reliable member of the team. She is enthusiastic both at training and games. Her versatility on court enabled us to put in her in both attack and defence in centre court. Alli always tries her hardest and achieved fantastic results throughout the season.

### **Kellee Aviga-Williams**

Kellee is a great GK who can read the shooter's play and positions herself well. Kellee always did well to get rebounds and intercepts and always tried her hardest on court. Kellee always worked well to keep her team in the game and gave her best all season.

### **Shawna Gray**

Shawna has been a fun, loud and confident member of the team. Shawna has a strong pass and is a versatile player that played well in both defence and attack. Shawna is a great all round player who plays a strong centre court game and was always willing to play whatever position she was given.

### **Mikayla Tattersall**

Mikki was one of our versatile players who was a reliable shooter and strong attack player. Working the ball around the circle well, she was always impressive and worked well with the other shooters. Mikki is a great player who always gave 100% at training and the games.

### **Maggie Farrell**

Maggie is a great defender who reads the play really well. Maggie has an amazing reach and a great ability to contest the ball in the circle, always going for the intercept with all plays. She was always there to back up play and give her team options. Maggie was always willing to play wherever she was needed and gave her best all season.

### **Isabella Roberts**

Bella is a little terrier who has incredible levels of energy at both training and at games. Bella is a strong defender who had great movement around the court. As a defender she showed great aggression on court and put the opposition under pressure giving our team many turnovers. Bella always gave 110% at training and at the games.

### **Angela Ovari**

Angela was new to the game of netball this year. Angela picked up the basic skills of netball well during the season and it was great to watch her improve her skills during the course of the season. Congratulations on your first season Ange.

# Muddles

Winners Inters Division 4

Coached by Joanne and Lauren Stephen

### Taylah Abbott

Taylah was one of our great centre court players who always had a smile on her face and an eagerness about her that showed in her enthusiasm on the court! As our star WD/WA she always kept up with her player chasing her all over the court. Keep up the good work Taylah.

### Jessica Andersen

Jess was one of our quiet achievers and one of our reliable players that could pick up a position and play it as if it was her own. She has a beautiful, graceful style and we love to watch her play. You have had a great year Jess.

### Jasmine Borg

Jasmine was our late starter but wow, she was well worth the wait. She has arms and legs that go on forever and she always manages to reach or move for those amazing intercepts. A lovely defender. Good luck with your netball.

### **Hannah Edwards**

Hannah was another of our strong defenders with great ability to read the play and produce amazing intercepts. She was also never short of a word and entertained us with her yoga moves and meditation at training and on game day.

### **Sophie Farrell**

Sophie was another of our centre court/circle defenders who could move to any position and take up where she left off. She was one of our smaller girls but was all over the court. Keep up the great work.

### **Grace Murphy**

Grace was another of our centre court girls who could play a great wing or centre game, chasing her player all over the court. She never gave up and kept on going and going. Keep up the great defence work.

### **Melissa Prior**

Melissa was one of our reliable players where we could ask her to play anywhere, from shooter to wing or down in the defending end and always had a smile on her face even when we threw in, 'want to play centre?'. Great year Melissa.

### **Natasha Randall**

Natasha also started as one of our defenders but we quickly realised she excelled in shooting as well as defence. She was our strong GS and was always there to pick off a rebound or two. Great work Natasha.

### **Maisie Ullrich**

Maisie was one of our all-rounders. She excelled in the centre court but also could be relied upon to take up a position in the circle defending. Nothing fazed Maisie. She just picked up and kept going. Keep up the good work!

### **Bianca Weekes**

Bianca was one of the leaders of our team. She showed strength and maturity in all aspects of the game. She started out as one of our defenders but soon realised that she was one of our star shooters. You have had a fantastic year.

# Madness

## Runners Up Inters Div 4

**Coached by Alex Kellar and Olivia White**

### **Allison Manuel**

Ally has been such a pleasure to coach this year! She is always at training, always on time, always friendly and always ready to play. She has been a real asset to the team. Ally has listened to every instruction given to her and really put it into play. Her one on one defence is incredible and her determination to improve is a fantastic trait that she should be proud of.

### **Sarah Cameron**

Coaching Sarah this year has been a real delight. Her quiet sense of humour is great and her ability to read play is astounding. Sarah has really improved this season and her feeding into the circle has been spot on. Her precision driving has been a massive advantage for our team and we applaud her abilities to be in the right place for the next pass every single time.

### **Caitlin Russell**

Caitlin has really stepped it up in defence this year and it has been great to coach such a willing and enthusiastic player. Caitlin was persistent with her body on defence and her intercepts throughout each game were incredible to watch. Her willingness to improve at each training and game is commendable. It has been so enjoyable coaching Caitlin this season.

### **Nicole Klomp (Vice Captain)**

It has been such an awesome season coaching Nicky. Her ability to make everyone laugh is really appreciated throughout our team but her capacity to move around the circle is even more valued. Her shooting technique is spot on and has really paid off throughout the season. The combination of Nicky and Bree in the circle has made such a positive impact on our team as their ability to work together has been incredible.

### **Rosie Mingay (Captain)**

Rosie has really proven why she was chosen as captain this year. She has really stepped up as a positive leader in our team and it is highly commended. Her positive words on and off court are impressive and her ability to slow down play has been essential in our team this season. Rosie's full court defence is definitely one of her strongest skills.

### **Breanna Pascoe**

Bree's attacking and shooting has improved so much this year. Her movement around the circle is fluent and her base line drives are awesome! Bree has been such a pleasure to coach as she is always responsive to every bit of instruction we give her and always wants to improve. Her positivity, support and feedback during games have been so beneficial and are very much appreciated by us and the team.

### **Caitie Kelly**

It has been a great season coaching Caitie. She always manages to make us laugh at training with her wittiness and she has shown such a big improvement this year. We are so impressed with her driving especially on the circle edge. Caitie's ability to feed into the circle with precision is astounding and she has been such a vital asset to our team.

### **Elise Nunn**

Elise's efforts this year have been astounding and we are so grateful that she chose to be a part of our team. Her centre court skills have been such a vital component in the way we play and her ability to be everywhere on court is fantastic. Elise is always happy and her enthusiasm for netball in general is such a positive and respected talent. She really stepped it up this year in our team and she should be very proud of her improvement and abilities this season.

# Madagascar

## Coached by Katie Whitehead

*I think we have had a great season and I've been blessed with this team.  
They are a great bunch of girls and they all have potential to go further.  
Hope every single girl have their dreams come true.  
Good luck for 2015.*

### Claire Egan

Claire is bursting with way too much energy. She is a great team player and her passion for netball is unreal. She never gives...up all the best Claire!

### Amy Walker

Amy has a super power of always surprising me, just when I think she has no more tricks she does. She is my intercept queen. Keep up the great work Amy.

### Liana Klishin

Liana always has a story and I swear she'd talk all day and night if she could but she always listens with her heart and she is always trying. Good work Liana.

### Adelaide Quayle

Adelaide has come far this year being an amazing shooter. She has come out of her shell and learnt a new position and shown her inner strength.

**Alexandra Glew**

Alex is a bubbly girl who always tries her best. She is talented and I hope she achieves her goals in life.

**Emily Davey**

Emily has come a long way this season. She came back with a "bang" after injury and improved every week. Even with an injury she continued to perform amazingly!

**Emily Carroll**

Emily is my wiz round girl queen. She may be little but she is quick and would zip in and out of players. She performed at 110%. Keep the fantastic work up!

**Hayley Smith**

Hayley came half way through the season, but that didn't stop her. She tries her best, speaks out and keeps going. She is always willing to learn. All the best for the future Hayley.

# Moovers

## Runners Up Inters Div 1

**Coached by Lauren Jameson and Tahlia Webber**

### **Shweta Venkataraman**

Shweta, the ball popping in your hands was literally the funniest moment of the season. You're so funny to watch defend, I can't really explain it but it kind of looks like you're death staring the shooter. We're so lucky to have you on our team because you really are the loveliest person on and off court. Your steady approach to defence is awesome as it shows a very mature approach where you don't just rush but control your actions as well as you do. Also, a huge congratulations on not falling over every game this year!!!

### **Sophie Kelly**

Throughout the season Sophie has shown her enthusiasm and love towards netball. Every training and game she comes to, she always has a big smile on her face and puts a smile on others. By watching Sophie play you are able to see that she has been playing since a young age. She has so much skill, is always open for the ball and has the fitness to run around for a full game.

### **Gabbie Hardie**

Gabbie is a great team player. She is always committed and has improved so much over the season. Her ability to read the play on court is amazing and she always gives 110% into every training and every game. She is a fabulous asset to the team and her attitude on court is to be commended.

### **Lizzie Elliott**

Lizzie you're such an accurate shooter, especially from far out. You get so many rebounds considering your height, and go for every ball. You're one of the funniest girls on the team, you make everyone laugh. We all love watching you play defence, and you're actually okay at it, especially because you can jump so high. Great job this year!

### **Hayley Thomson**

You are definitely the toughest on the court and you scare me sometimes lol. Anyway, your commitment to the team is awesome and I can tell that you love to play netball! You are such a strong defender and I honestly believe you have improved since the start of the year! Keep up the enthusiasm and keep working hard and never give up on your netball career!

### **Taylah Megalli**

You have improved so so much this season and it has been a great season playing with you! You're so funny and nice and you're a great shooter, which has also improved so much this season! You have become an awesome netball player and I have loved having you in the team! Love you Tay and keep up the amazing work you've done!

### **Maddison Banks**

You are such a bright and bubbly person on and off court. You always go on the courts willing to put in 100% for the whole team and it pays off for sure. You play with such confidence and you always seem to have a smile on your face which is definitely a good thing. Having you on the team this season has been awesome, great season Mads, love your work!

### **Georgia Bauer**

George, what can I say! You have been such a steady player all season and can always be counted on to slow down the play. You smash it in GK by always shutting down your player and communicating to your other defender, but you also do such a good job in GD and WD. You have really proved that just because you are tall that doesn't mean that you aren't agile and fast on court. You have had an amazing season this year, well done!

# McDuffs

**Coached by Kirsten “Duffs” Duffy**

*I could not have asked for a better team; they like training and they warm themselves up before the game. All I need to do is put them on the court and tell them what to do.*

*We were put in Div 1 this season and we were able to win a few games! I did have to do much more yelling than I would like but they listened to what I said and went back out there and changed their game. We improved throughout the season and next year will be a force to be reckoned with! I am so very proud of you girls, you worked hard each week and gave it your all!*

*To the wonderful parents, I could not have done this season without you. Thank you for preparing the girls and for yelling and making me laugh on the sideline...never a dull moment in our team.*

*To my lovely manager Emma, thank you for taking the ball bag every week and keeping me and the girls organised.*

## **Abbey Jameson**

Abbey is a beautiful player that I have enjoyed watching this season; she has the ability to read and react to the play, control the game with her positive influence and strong drives throughout the court and onto the circle edge. Her aggression for the ball in defence resulted in either a tip or intercept. Abbey is able to play any position on the court, and was wonderful in the defence circle when asked to play there. Great season Abbey.

### **Alexandra Immonen**

My new double ender, Alex put her hand up and asked to play some defence and what a great job she did!! Whilst working hard to get many tips, intercepts and rebounds in the defence circle, she was able to transition to the shooting circle as though it was the same position. Alex is a great shooter, though sometimes convinces herself otherwise. She can combine with any of the other shooters and always gets herself into a good position to put up a shot or for a rebound. You have had a great season Ally.

### **Alyssa Matthews**

Can this girl defend!! Alyssa is unstoppable in the defence end. She constantly achieves turnovers from her tight one-on-one defence and will always chase down loose balls. Her ability to intercept without contacting is wonderful to watch - and makes me one very happy coach. Great season Lys, you are going to be missed. You are a wonderful defender and you will be leaving big boots to fill. Good luck in Brisbane.

### **Amber Brophy**

Amber is a talented and accurate shooter who turned up every week to play an effortless yet wonderful game and who could be relied on to put the ball up anywhere in the circle. She has the ability to make the game look so easy, as her talent and skills allow her to work well with other shooters and centre court alike. Amber has had a great year representing ACT at the National Schoolgirls championships. Congratulations on a great season Amber.

### **Charlotte Egan**

Charlotte was one of the new additions to our team this season and is a lovely centre court player. She is one of the quiet players who worked hard each game both in defence and attack to help her team. Charlie has a wonderful eye for feeding the ball into the shooter. Unfortunately she hurt her ankle and didn't get to play most of the season. Next year she will be bubble wrapped! Great season Charlie.

### **Georgia Austin**

Georgia was another new addition to the McDuffs team and, although she doesn't always say a lot, her efforts on the court showed with her great defence. As the season went on, George took an aggressive approach with the ball and would chase down loose ones. She is a lovely centre court player that spent most of the season in the WD position. With her tight defence she often got a tip to the ball or even an intercept. Great season George.

### **Grace Hammersley**

Gracie is the life of the team, always laughing and having a great time (even when she is supposed to be working hard). Not only did she grow into her long arms and legs this season but her confidence grew too and she improved throughout the season. Her awareness and positioning on court, together with her long arms, proved very useful in gaining us in some well-needed rebounds and intercepts. Next year isn't going to be the same without you there Gracie; we are going to miss you. Great season and good luck.

### **Hannah Beissner**

Hannah is another strong centre counter in our team with successful leads all the way down court. Whenever playing, Han always put in her best effort and never complained about the positions I put her in, even when it was the shooting circle. As much as she didn't like it she still went out there and played like it was her favourite position and with a smile on her face. She is a determined player that doesn't give up until the final whistle is blown. Great Season Han.

### **Madeline Bennett**

Maddy was a newcomer to Maddies this season and it was a delight to get her as a McDuff. She quietly slotted into the team and proved to be a versatile centre court player who can not only play without complaint, but also with ease. Maddy's strong leads down the court allowed for the ball to flow easily and she was able to position herself on the circle edge to feed the shooters with accuracy. Great season Mads.

### **Paras (Paraskevi) Notaras**

Can this girl shoot or what!! Smallest shooter in the division but that doesn't stop Paras shooting over girls 3 times the size of her!! She zips around and in-between the defenders to do some lovely drives but life in the circle could be much easier for her if she started IN FRONT of her player!!! Her accuracy and ability to play with any of the other girls in the circle makes Paras an asset for any team she plays in. Great season Paras.

# McFrogs

*A huge thank you must go out to my manager, Rachel Macaulay, who became my co-coach. Rach was called upon at short notice on many occasions to coach our team. She is a huge asset to our Maddies Club and an inspiration to the girls in our team.*

### **Clair Gardiner**

Clair was welcomed into Maddies this year; she slotted into her new team and has been welcomed by her team mates. I hope she enjoyed her first season with Maddies and hope she has many more to come. Clair's confidence has really grown from strength to strength and this could be seen each time she took the court. Her defensive skills and versatility in different positions made Clair a welcome addition to our team.

### **Lucy Schroeber**

Wooed by the bright lights of Canberra, Lucy and her family put in a huge effort to be part of the Maddies family this season. Making the trek at least twice a week from the mountain country, Lucy's skills have really come along with the standard of her game. Lucy's determination and ability to listen to instruction and display that in her games made her a real pleasure to coach.

### **Alys Farrell**

It was a delight to have Alys in our team this year. Each and every week she would bring along her happy face and bright personality. Whether she was asked to play in defence or attack she always gave it her best without a complaint to be heard. Alys encouraged her team mates and worked hard to improve her skills this year which was evident in the standard of her games.

### **Mikayla Robinson**

This year Mikayla was one of our 'go to' defenders and her progress in our team was a pleasure to watch. Her strength and confidence grew every time she took the court. Mikayla started the season in circle defence but slotted into playing a very confident wing defence position and she took on this responsibility with real determination.

### **Samantha Thomas**

Samantha started off the season somewhat shy and quietly spoken. She carried a lot of the centre court workload, never once complaining about the hard work she had to get through. Sam's confidence grew throughout the season and she quickly became a pivotal centre court player for the team who was always encouraging to others and committed to doing her best.

### **Kimberly Fehringer**

For the innocent bystander, Kim could be mistaken for a quiet unassuming young lady, it was soon to be discovered she was full of wit, jokes and frivolity on and off the court. Kim was an integral part of our team week in week out and her hard work was welcomed in the shooting circle. Kim's accuracy as a shooter improved as the season went on, along with her skills and footwork in the circle.

### **Rachel Gubler**

Rachel's athleticism and great sportsmanship often took Rachel away from our Saturday netball competition, often being selected in a number of representative teams. Rachel's maturity on the court was always welcomed when we were blessed with her presence and her ability to slow down the play and steady the game was welcomed on a number of occasions. Rachel's skills in a variety of positions made her an asset to the McFrogs team.

### **Grace Marron**

Following with tradition, it is fitting that each of the Maddies teams be blessed with an entertaining character such as young Gracie. There was never a dull moment when she was around the courts whether from jokes or singing. When on court she would always put in the hard work required from our attacking end and was always committed to playing her best game for the team.

### **Amber Carige**

The Barbie of our team, Amber was committed to give her best each and every week. She would make a fair bit of noise if and when pushed at training even when we knew she was secretly enjoying it. Her enthusiasm in and around the shooting circle was warmly welcomed and she had great accuracy at every game.

### **Emily Macaulay**

I believe I made young Emily play each and every position on court. Her enthusiasm and leadership really was contagious for the rest of the team. Emily's ability to confidently play any position on the court is a testament to her love of the game and the commitment to her team.

# Masters

## **Leonie Wohl**

Leonie was the dynamo of this team, a real pocket rocket! Leonie you are a very talented and skilled centre court player, who dominates and outplays your opponents with speed and grace. You have also provided wonderful encouragement and shown great leadership to all in the team. If only we didn't come second to your beloved skiing.

## **Aimee Baker**

Aimee you are such a dynamic player! Aimee is beautiful player in both the centre court and as a shooter in the circle. Aimee is one of our long time Maddies players who certainly brought her playing experience to the team and had the absolute game of her life in the semi-final!! Aimee always listened and contributed to the team off court discussions and took to the court with a great attitude. Thanks for playing this year Aimee. See you next year that final will be ours!

## **Lauren Gum**

Without a doubt Lauren was the player having the most fun on court this season! Not only was she one of our key defence players, Lauren was also one of the favourites for the Maddies players, the opposition and the umpires. Where ever Lauren was on court and whatever the call there were always laughs and smiles by everyone! She has great reflexes and a never give up attitude. Thanks for being such a great teammate this year Lauren and we can't wait to take the court with you again next year!

### **Louise Bilston**

What a busy year you've had!! Unfortunately out with a freak dislocated knee for most of the season you definitely brought your A game when you did get to play! Lou was an asset to our centre court and also a notable cheering voice on the side line! Thanks for your support both on and off the court this year Lou, we all appreciated it!

### **Shannyn Blaseotto**

Shannyn was the youngest member of the Masters team and new to playing with seniors but she settled in and became part of our dynamic shooting quad! Shannyn's overall game improved throughout the season always taking on advice and coaching from all members of the team. Thanks for playing with us this year Shannyn we hope to see you next year and don't forget to JUMP for those rebounds!

### **Rebecca Schenk**

Rebecca, you superstar! What a great first season with Maddies! Bec was one of our centre court players and always gave 110%. Her ability to switch between attack and defence as well as being able to read the play made her a great asset to the Masters team! Bec was always a first option for a pass and her circle feeding skills definitely helped us run rings around the opposition's defence! Welcome to Maddies Bec, can't wait to play with you again next year.

### **Emma Gale**

Emma, another new comer to the club, was also part of our defence superstars troop. Emma although appearing quiet on the surface is a beautiful player with a fierce streak to get those rebounds off the ring! Emma had a strong hold in the circle and along with her height made her a force to be reckoned with! Thanks for a great season Emma and if you don't move away we would love to have you back next year!

### **Kathryn Hughes**

Kathryn, your shooting and general game play this year made you an undeniable asset to the team! It was clear that both you and Bec have played together and you brought your fluid plays into the team and a huge smile! Although one of our shorter shooters you never let any of the defence hold that over you and you got some amazing shots in this year! We can't wait to have you come back again next year.

### **Virginia Warnock**

Virginia, or Gin as she is more commonly known to us, was one of our players that suffered injury through most of the season but even off the court Gin was a pillar of the team always supportive and eager to get back in the game. When she did get to finally have a run she completed our awesome foursome of shooters! Thanks for a great season both on and off the court Gin you shooting superstar!

### **Naomi Orchard**

Naomi was one of our defending legends this year, although we only saw her for a few games due to injury, her smile and positive attitude during the game was surely a cover for her determination and excellent defence! When we had her and Sharon in the circle the opposition didn't have an easy time! Thanks for playing this year and we are looking forward to keeping the defence dream team going next year!

### **Sharon Wright**

Sharon was such a valuable player to the team with her experience, ability to read play, encouragement and coaching both on and off the court and not to mention being an absolute legend in the defence circle! Sharon is an excellent player and team mate and we can't wait to take the court with you again next year, thanks for your support in the finals as well.

### **Lisa Charles**

Lisa was a solid player all season and an asset in the centre court. Mainly taking on the position of WD, Lisa had strong drives and was always a strong option for passes down the court. One of our quieter players vocally on court Lisa was still aggressive for that ball and got many turnovers and was excellent at chasing down loose balls in the centre third. Thanks for playing this season and we are looking forward to another one with you next year!

# Magic

## Runners Up B Grade

**Coached by Rhonda Wagg**

*Another wonderful season for the Maddies Magic Team.*

*Many games this season were won or lost by only a few goals keeping us just at the top of the table. Losing our main shooter early in the season was a big disappointment but the team stepped up and battled through. In our major Semi, we won by 1 goal giving both the coach and spectators a nail biting game to watch. Then on we went straight through to the Grand Final. Coming up against the same team in the Grand Final, we knew it wouldn't be easy. Full time score 29 -29 lead us into extra time. With seconds on the clock our final goal went in making the score even again at the end of extra time but unfortunately the umpire ruled no goal as the ball left the shooters hand after time was called. What a way to lose, but you know as a coach it was the best loss I have ever experienced. It was anyone's game that day and it all came down to beating the clock. Both teams played a fantastic game and both deserved to win. It was an awesome match that kept all spectators well entertained. No matter what the result was, the Magic Girls are winners. They gave their all and that is all any coach could ask for. I am so proud of each and every one of them. Thank you for a great season Maddies Magic.*

### **Hayley Anderson**

Hayley is a quiet player who never gives me an ounce of trouble. She joins in at training and on game day and will always play whatever position she is asked to play. Hayley mainly plays GK & GD. Some days she is a tough defender and others she is way too nice. The one thing that has been great this season is the help she has provided to her team through the mid-court area. Hayley finds space on court to drive into always giving her team an option for a pass.

### **Tahlia Webber**

Tahlia is an energetic player who is a great asset on the court. She has adapted well to being our main shooter this season and when needed is a tyrant as a defender at the opposite end. Tahlia is a pleasure to coach and always takes on board what you ask of her. Tahlia reads the play well and often works just off her player which enables her to intercept many passes creating turnover opportunities for her team. Tahlia has a great netball head in both circles that I am always wishing I had two of her to cover each end. Keep pushing ahead Tahlia through State League because you truly are a natural. While you are in France Tahlia, you better find a netball team to play in so you don't lose your touch.

### **Ellie Donohue**

Ellie joined the Magic team this year and has been a wonderful addition to the team. Ellie is a mid-court player with WA and C being her niche. She may be tiny, but she sure is nifty all around the court. She has fantastic energy and runs around hardly looking puffed. As the season went on Ellie settled in well with the team and by the end of the season, you would think that she had played with these girls for a couple of years. Thanks Ellie for all your hard work.

### **Stephanie Backer**

Steph is our main shooter and unfortunately early in the season she injured her knee whilst playing, with a complete tear of an ACL. Steph's injury required surgery which put her out for the rest of the season. She was sadly missed by the team and myself and it sure made the team work hard to fill the void she left. Steph supported the team for the remainder of the season from the sideline when well enough. Glad to see she is recovering well and the team will welcome her return next season.

### **Hannah Fellows**

Hannah lacks confidence in her own ability at times. She is a very capable player who just needs to put it all out there on game day. She has good defensive skills and reads the play well often creating many turnovers for the team. Hannah's fitness is at a good level and she always joins in with all that is asked of her at training with no complaints. Hannah's game is often inconsistent. Some of her games are a little flat and then others she will have a blinder. Believe in yourself Hannah and you will create far more blinders.

### **Laura King**

Laura is a focused player and a good defender. I have seen Laura' game improve greatly over the past couple of years. She gives 100% more times than not. She is an easy player to coach who listens and puts into play what we have talked about. Laura is no longer afraid to body-up and give as good as she gets and her reflexes are very good. She works at reading the play and is often rewarded with a turnover from her efforts. Great season Laura, thank you.

### **Nicole Wadwell**

Nicole is new to the team this season and started off a bit rusty. As the season went on and she settled in, her game really improved. Nicole does need to focus on her passes at times as her good work obtaining the ball can be wasted with passing errors. Nicole is good at finding space on court to drive into, giving her team a clear passing option. I am sure as time goes on and Nicole spends more time on the team her game will improve even further.

### **Emma Clarke**

Emma has always been a player who gives her all 100% of the time and this season she did not disappoint. As a coach I can call out from the sideline 'we need a turnover now' and miraculously Emma will come up with one. She is hardworking and very determined no matter what position she plays. I noticed this season that Emma was a bit frustrated at times with the more relaxed training atmosphere as she is always keen to train hard. It seems that, as players move up into seniors, they are looking for a good hard game on the weekend but a very social style of training. Unfortunately, another injury for Emma this year to an ankle, kept her out of a few games towards the end of the season but her sheer determination got her back on the court in time for the finals. So glad that Emma is a player who can push through the pain as she is a huge asset to the team.

### **Jessica Wagg**

Jessica is a bit of an all-rounder and has proven this year that she can play any position on court. Following Steph's injury, we really needed someone else to take on a shooting role. Although we tried a few different combinations it kept coming back to Jess with Tahlia. They were a great combination, reading each other well and as the season went on Jess became quite valuable in the circle. Jess has a good netball head and her movement in and around the circle is great. She is a selfless shooter happy to put the shot up or pass off to the other shooter, knowing that the most important thing was getting the goal for the team. Thank you for a great season Jess and saving us by stepping up to a shooting position.

### **Aliesha Lalliard**

Aliesha is a hardworking player and is the glue that keeps the team together. Playing centre really is Aliesha's position and this gives her the opportunity to connect both ends of the court. If I need her to play centre for all four quarters, she can do it. Other players on the team would be begging to have a quarter off or at least play another position, not Aliesha, she would just keep going. Aliesha attacks and defends well and is able to create turnovers from her efforts.

Coming up the court she directs the play well and gives her team an option to pass to her 90% of the time. Having been a shooter in the past she feeds the circle well giving quick passes when needed or holding off waiting for the shooter to re-offer ensuring a clear pass getting into the circle. Aliesha is an asset to any coach as she is proactive and is happy to assist with ideas for set plays and drills. Although the girls shared the role of captain this year, Aliesha displays good leadership skills. When warming up prior to the game she will often be the one directing the warmup and drills. I know I have been a rather cranky coach this year, so thank you for putting up with me and thank you for all your help Aliesha.

# Miffs

## Runners Up B1 Grade

### Coached by Amanda Mulherin

*This season I had the pleasure of coaching the very talented Maddies Miffs. For many of them it was only their first or second season playing in seniors, as such my focus was to get them used to playing against a more experienced opposition. Despite these great intentions, we had an extremely disruptive season due to a combination of weather, rep training and school work. So it is a great credit to the girls that they ended up finishing 5th in B grade, and winning their B1 preliminary final to go straight through to the grand final. I had heaps of fun with them each week as they laughed and played their way to the final. I hope they have all gotten something out of this season. Good luck to you all next year and into the future. I hope to see you all again soon.*

### Gabriella Hardie

A mover and shaker Gabby was one of our younger girls who played two games a week. As a shooter she has a great ability to move around a circle and create space not only for herself but for her teammates, confusing many a defender in the process. On top of this her ability to shoot from just about anywhere made her a player that we could all rely upon. Great work this season Gabby, keep it up!

### Maddison Banks

Madi is one crazy critter, who always has a smile on her face. Another girl who played two games a week, you never could tell as she played many a quarter in centre and always worked hard all game. She learnt a lot this season about playmaking and strategy, an improvement that helped all of the team and saw her grow in every aspect of her game. Keep up the hard work Madi and you can get anywhere you need to.

### **Lauren Jameson**

Lauren is a real leader both on and off court. Every week the team looked to her for direction and motivation as her constant effort and tireless positivism helped keep everyone going, even during the hardest of games. She was able to combine this with her ability to play any position on court, making her an indispensable member of the Miffs team. Well done this season Lauren.

### **Emily Kelly**

Emily is a star centre-court player. She always seemed to know exactly where she needed to be and could feed into the circle better than anyone else. She played some amazing netball this season. Using her basic attacking skills such as driving and passing to outwit all of her opponents, we could rely on Emily every week. Her skills resulted in many goals for us over the season.

### **Grace Kelly**

A quieter girl on the team, Grace always played beautifully. She put in 110% effort and always played to the highest standard. My star wing defence, she could shut down any wing attack, preventing them from being an option for the opposition. Every time she went for the first ball she intercepted, turning it over and surprising both herself and the other team. Keep going Grace and you'll keep playing some great netball. Thanks for a great season.

### **Emily Macaulay**

Firstly, I have to apologise for putting Emily in shooter for most of the season, despite this not being her preferred position. I will say though, I only did it because she never misses! A true double ender, she is a player that we always relied upon in the circle, whether she was shooting or defending. As a shooter she could get the ball in from anywhere. As a defender she worked closely with her teammates to pick up many intercepts for them. Fantastic work this season Emily and thanks for your patience and understanding.

### **Monique Cook**

It was Monique's first season back at netball in a little while, and her first one with Maddies. I hope she enjoyed it as much as we enjoyed having her. She has a natural instinct for netball, pulling in intercepts from all over the court, often coming out of nowhere. She showed so much improvement in her footwork (it turns out netball footwork is the opposite to baseball) and as long as she keeps working on this, and has confidence in her ability, she will be able to go far. We all loved working with you Monique.

### **Kate Nolan-Young**

Kate plays a graceful game of netball. She is one of our defenders, and worked tirelessly with the other girls to shut down many a player. Her technique is excellent and she reads the play well, often knowing where her players are and where the ball will be. Just don't be afraid to keep going for first ball and Kate you can go far in your netball!

### **Dana Warnock**

Dana is a gorgeous girl to coach. She is happy to play wherever I put her and have a go at anything. You could always count on her to play the best game she could. Dana generally plays the unique combination of shooter and wing defence, using her skills from one to guide the other as she swaps between them. Her strong drives in the circle often gave her prime position in the circle and meant she had some amazing stats by the end of the season. Great season Dana.

# Maddogs

## Runners Up A1 Grade

**Coached by Ashlee Tronerud**

*Maddogs have had a great season!! Although I have had to heavily rely on Jo White, a legend in her own right, the games I was actually able to coach, I was very impressed at the level of game play the girls produced each week. For a team that didn't train, the girls meshed on court so well! Being put into A grade this season was not what we expected at the start of the year, and even after a few big losses during the season, the girls did amazing to make it into the Grand Final. These girls have so much fun every week; they reminded me why I have grown up loving netball! Thanks for the season guys!!!*

*I'd like to make a special mention to Jo White. Coaching in the same division that I played in this year, the girls had to adjust to their coach playing at the same time as them for almost half of the season. This unfortunately meant that Jo White was kind enough to get the girls on court and kick them up the butt if they weren't playing to the standard they should have. Jo was a big reason that the girls made it through to the grand final. I really appreciate everything she has done for the team this year, she has been the rock and we would not have been as successful without her!!*

### **Meg Klomp**

The height of our shooting end, Meg was definitely utilised during the season. Although she was envied because of her tan from the sideline, I think the envy really lied in Meg's ability to take leadership on court and dictate how the attacking end was played. Reminding us all how to have fun on court, Meg has been a great team member!!

### **Amber Carige**

Although one of the smaller girls in our team, Amber has got a big fire in her belly! She does not let taller players intimidate her; it's a great asset to have! Being one of our shooters, Amber has had to play against some of the strongest competitors in TNA A Grade and has held her own very well. Great work Amber, great season!

### **April Dunn**

A firecracker on court, April was a shooter and centre counter this season. She moved seamlessly between the two court areas. It was great to see that she adapted her game according to her opponent and had lots of different tricks up her sleeve. She made it look easy on the court, which is a great skill to have!

### **Claire Terry**

A hilarious member of our team, always able to make the rest of the girls laugh regardless of what was happening out on court. Although she is convinced that she cannot defend because of her height, I tend to disagree, considering she got 4 intercepts in one game this season. A great asset to the team, bringing some speed and agility to our mid court.

### **Meg Terry**

A quiet achiever in our team this year! Meg was a great asset in any of the three centre court positions, placing so much pressure on her players in defence, but also being such a strong option in attack. Reading the play so well, she made her game look effortless each and every week. Meg was a consistent hard worker, which the rest of the team really came to rely on! Great work Meg!

### **Ellen Jackson**

Ellen is full of surprises! No matter what centre court position she played, she had the innate ability to settle the game and tie the two ends of the court together. A great deal of strength, which often put off her opponents, Ellen was such a reliable part of our team.

### **Rebecca Kinnane**

Bec is a very modest player. She has the ability to read the play and take intercepts so cleanly, she can be a real game changer! Our specialist WD this season, turning up each week making all of her opponents work hard. Bec's attacking game was also very important to our team; she was a great asset bringing the ball out of our defensive end. Great work Bec!

### **Olivia White**

Liv saved us this year!! She played out of position for the second half of the season. When put into defence, she played as though she has played there for years! Her fiery on court personality made her presence on court very strong, we were lucky to have her in our team!

### **Lucy Schroeber**

A new player to Maddies, Lucy has shown great commitment to the team and the club. Travelling from interstate each week for games and training, Lucy has become a great asset to our club! Lucy is a quiet achiever, a very coachable player and has a great future in netball. Welcome to the club Lucy!

### **Rachel Gubler**

A player beyond her years, Rach has played the whole season out of position. She makes her game look so easy, especially considering she is playing against the best shooters that TNA has to offer. Rach is definitely a force to be reckoned with; both Maddies and TNA have a lot more to see of Rach!

# McFatties

## Winners A1 Grade

**Coached by Louise Bilston & Assisted by Denise Dixon**

### **Rebekah Aguilar**

Bek Aguilar (Scragular) has had an awesome netball season this year and has been a great asset to the team. Bek's fitness was a major advantage to the team this season, particularly when she took to the court as centre. After spending at least half a game running flat out Bek would come off not even looking tired (whoa!). Whichever position Bek would play she would succeed in – Bek's natural ability is amazing! Bek not only did an awesome job in attacking, but defending also. Bek supplied her hilarious humour to the team which made it even more enjoyable to come to the game each week. Bek's natural attitude on a netball court is her toughness – no one would want to stick an elbow out on Bek, or there would be consequences! Thanks for the huge amount of effort you put in this year Bek; we look forward to next season! By Hayley Crimmins

### **Beth Dixon**

Beth Dixon is by far one of the most skilled and outstanding defenders out there! Beth has been a huge asset to the team this year and without her we would have been lost! With Beth's extremely long arms and legs, she would intercept passes that seem unrealistic/undoable and somehow made it seem like it was done with no effort. Beth was always willing to try new positions, and even filled in as a shooter when our shooters were away – let's just say Beth's forte is in defending! Beth would always have a smile on her face and brought laughter to the team – there was never a dull moment with Beth. Awesome season Beth, you are an incredible player – looking forward to many more games/seasons with you. By Danielle Crimmins

### **Hayley Crimmins**

Hayley (Harry) Crimmins is one of those remarkable players that can go under the radar, but when she goes she goes. I marvel at her ability to get from one end of the court to the other quickly and quietly, almost stealth. She shakes off the hard knocks and her eye rolls and hands on hips can be toxic. She constantly shows respect and commitment to her game, her team and her opponents, it's an admiring characteristic that makes it a privilege to play with her. What I've learnt from Hayley's outstanding traits and her experience on and off the court is invaluable. Thanks for a great season Harry looking forward to an even better one next year. By Beth Dixon

### **Stephanie Jameson**

Jamo can shoot from almost anywhere in the circle with crazy good accuracy and pulls off the most ridiculous rebounds. Jamo is always encouraging and lifts the team when we need it. She plays at a high standard regardless of whether we are getting our tails handed to us or we're just enjoying a breezy game. She's also fit as, proving that she is just as capable in C as she is in shooting. Congrats on another killer season! By Grace Terry

### **Dana Holloway**

Dana makes up half of our defensive unit in the McFatties, and never ceases to hold her own and play a strong game from start to finish. She is always consistent and has the ability to hold our team together without even knowing. She is a quiet achiever but her hard work does not go unnoticed. Dana has the ability to play with new team members as though she has been playing with them for years. Dana is such a pleasure to play with; she has a strong netball game and a beautiful attitude towards the game and other players which makes her such a valuable member of our team. By Bek Aguilar

### **Danielle Crimmins**

Ellie always works hard. She is more than happy to play in any position, and tries her hardest in every aspect of the court. She feeds well into the circle and gets the ball down the court fast and easy. Ellie is always loud, on and off the court. Always encouraging everyone and always giving constructive criticism. The team wouldn't be the same without you. Congrats on a great season. By Stephanie Cameron

### **Stephanie Cameron**

Steph is a quiet achiever and a strong player. She plays well both as a centre court and a shooter. She is certainly a great asset to the team. She is encouraging to the team and a great sport. Well done on an awesome season! By Dana Holloway

### **Chelsea Holloway**

Chelsea has had a strong 2014 season making a large impact in the McFatties line up. Her smooth movement and quick agility throughout the circle and high accuracy as a shooter makes her a valued member of the team. Her confidence to address the post and take the shot despite the height of the defence is a quality of a great shooter. Often deceptively quiet on the court, Chelsea has beaten many an unaware opposition in both attack and defence. An adept player, you have been an awesome teammate to take the court with. By Stephanie Jameson

### **Grace Terry**

Grace played extremely well the entire season. She is always good for a laugh meaning she made each game fun. Grace always has the right attitude on and off the court and should be proud of that. When I joined the team, not really being friends with anyone, it really helped that Grace is friendly and made me feel welcome. She has great court awareness and always kept her head and spirits up. Grace was always there to support the other girls in her team and always friendly to her opponents. By Stephanie Cameron

# Maddies

## Winners A Grade

### Mr P

Mr P, what a skilful man. His orange cutting skills are so advanced that his face was made into an emoji!!! We would be lost without you! You're endless support does not go unnoticed (except when Kez makes cakes). We're extremely grateful and we hope you enjoy our company as much as we enjoy yours!

### Kezza

Thank you for being our assistant manager. I know we are a hard bunch of girls to look after but you sure know a good way to our hearts with your wonderful cakes (I do like cakes a little more than oranges). You're wonderful after match posts keep us all guessing and laughing, next year we will get you to write all our pen pics based on these. Thanks again Kerry we loved having you look after us.

### Maddie White

Mads was a newbie to the team this year and we would be lost without her!! Her ability to play every quarter as a centre, and still run around the court like an energizer bunny was a massive asset to our team. As well as this, Mads took control of the court, shouting encouragement and cracking jokes, making the games seamless but also entertaining to play. Great season Mads!

### **Sophie Trevillian**

Mumma Soph!! Our players have never been so keen to come off the court until this year, so we could spend the quarter cuddling baby Maddie! Such a perfect addition into our Netball Family!! We are so happy that we got Soph back for the second half of the season. We definitely missed her, but secretly were happier to see her beautiful little girl each week at the courts! We can't wait to get her into a Maddies uniform as our mascot, and then one of our very own players!! Soph has been a real asset to Maddies for so many years, so we really missed her at the start of the season. Year after year Soph makes netball look so effortless with her extendable arms. She came back better than ever to help us make it into the Grand Final. It was great to have you back Soph, we've missed you and we LOVE baby Maddie!

### **Amanda Mulherin**

Amanda was a new member in the team this year but you wouldn't have known from watching her each week. She fitted into our style of play effortlessly and was a real asset to the team. Amanda was a consistent and mobile shooter who could hold her own against the toughest defenders in the competition. She is a very versatile player and can slot into other positions easily which is a great help when we are lacking numbers. Great season Amanda, looking forward to playing with you next year!

### **Rachel Kelly**

Where is Rachel Kelly?

This season Rachel has had a number of injuries. When she was available to play she brought speed and options through the mid-court and often into the shooting circle. Rachel is a very supportive team member, even if it was from the sideline (or the snow, coast etc. etc.) this season. While the question still remains... Did Rachel actually qualify for finals?? She had a great season and is an important member of the team.

### **Lyndsey Simcoe**

Is it Lyndsey, Dim or Shirley?? It's very hard for us to tell which is which!! No matter which one steps onto the court, they all add extra 'oomph' to our already strong defence end with their corn-arific skills. Her cornball loving attitude off the court makes fun time for us but her a-maize-ing defensive skills on the court give the opponent a head ache. (Just like they have a head full of tight cornrows) But all corny jokes aside, it was great to have you back in the pink and blue this season, we loved having you in the team, you are a corn-tastic player (soz had to do it one last time) and we hope you and your old lady knees come back and play with us again next year!!

### **Bianca Sands**

Bianca has skills.  
They're multiplyin'.  
Her players losin' control.  
Cause the power she's supplyin',  
it's terrifyin'!  
You better step up,  
'cause Bianca rules  
and her heart is set on winning!

Bianca, an awesome 'young' lady, is valued both on and off the court. Her ninja-like defence skills make it tough for any attacker, particularly when working in combination with Shirley. Bianca is a great team mate who loves a yarn, as well as a good joke. Thanks for being you – amazing!

### **Jessica Goggin**

Jessica is an invaluable member of our team. Where would we be without her insightful comments on the world around us prior to, during and after each game! Jess' playing style makes her unforgettable on and off the court. No one will ever be able to replicate her notorious hip-swing-dodge circle move that wins her so much possession every game! From falling asleep and turning up at half time, to having a brilliant game and shooting accurately - Jess covers every box in our team! We love having Jess in our team, thank you for you Jessica!!

### **Kirsten Duffy**

We could all say that Kirsten is a star netballer and that her leadership both on and off the court keeps us all organised. They would say she has a great ability to make sure everyone feels involved on court and an integral part of the team. She is also able to keep us motivated and talking and never lets us get our heads down. But then she also misses 6 shots in a row from right underneath the post and we question all of our previous thoughts! Luckily for us though she is also able to rebound and we all love playing with her. Thanks heaps for a great season!

### **Madeleine Bond**

Effortlessly, black beauty tinkers on the edge of the goal circle finding gaps unseen by others. Her beauty blinds defenders and before you know it she's under the ring. The thread comes through the needle and beauty lines up the shot....And misses.....But gets the rebound! What would do without her flowing blonde hair and ability to play an entire game with her bodysuit on backwards? Mads, you're a vital part of our crew on and off the court! Keep being you!

### **Emma Pennifold**

We could not have taken home the win this year without the team Epi-Pen! Once again Em brought to the court a fabulous attitude and her great sense of humour. Raising team moral at low points in any game with her witty one liners at half time or by (seemingly) effortlessly turning the ball over time and time again, she is a surprisingly quiet achiever. Em's quick thinking enables her to regulate the game pace at critical points in the game. She is a dominating force in the defensive circle and her coveted height combined with her lightning reflexes make her TNA's strongest rebound machine! Em can always be relied upon to get the job done; her consistency is a most valuable asset to the team. It's been a pleasure playing with you again this season Em; I can't wait to see what you'll bring to the team in 2015!!

### **Ashlee Tronerud**

Ashlee is a valued member of the team. As one of the most consistent players of the team you can always count of her to come out of nowhere to get an intercept. She is a dynamic defender who is always willing to put herself on the line when going for the ball. Ash is enthusiastic and always up for a laugh on court. Great season Ash.
